**Almost Christian** Kenda Creasy Dean 2010-07-16 Based on the National Study of Youth and Religion--the same invaluable data as its predecessor, *Soul Searching: The Religious and Spiritual Lives of American Teenagers*--Kenda Creasy Dean's compelling new book, *Almost Christian*, investigates why American teenagers are at once so positive about Christianity and at the same time so apathetic about genuine religious practice. In *Soul Searching*, Christian Smith and Melinda Lundquist Denton found that American teenagers have embraced a "Moralistic Therapeutic Deism"--a hodgepodge of banal, self-serving, feel-good beliefs that bears little resemblance to traditional Christianity. But far from faulting teens, Dean places the blame for this theological watering down squarely on the churches themselves. Instead of proclaiming a God who calls believers to lives of love, service and sacrifice, churches offer instead a bargain religion, easy to use, easy to forget, offering little and demanding less. But what is to be done? In order to produce ardent young Christians, Dean argues, churches must rediscover their sense of mission and model an understanding of being Christian as not something you do for yourself, but something that calls you to share God's love, in word and deed, with others. Dean found that the most committed young Christians shared four important traits: they could tell a personal and powerful story about God; they belonged to a significant faith community; they exhibited a sense of vocation; and they possessed a

profound sense of hope. Based on these findings, Dean proposes an approach to Christian education that places the idea of mission at its core and offers a wealth of concrete suggestions for inspiring teens to live more authentically engaged Christian lives. Persuasively and accessibly written, *Almost Christian* is a wake up call no one concerned about the future of Christianity in America can afford to ignore.

*Faulkner, Aviation, and Modern War* Michael Zeitlin 2021-12-02 Faulkner, Aviation, and Modern War frames William Faulkner's airplane narratives against major scenes of the early 20th century: the Great War, the rise of European fascism in the 1920s and 30s, the Second World War, and the aviation arms race extending from the Wright Flyer in 1903 into the Cold War era. Placing biographical accounts of Faulkner's time in the Royal Air Force Canada against analysis of such works as *Soldiers' Pay* (1926), "All the Dead Pilots" (1931), *Pylon* (1935), and *A Fable* (1954), this book situates Faulkner's aviation writing within transatlantic historical contexts that have not been sufficiently appreciated in Faulkner's work. Michael Zeitlin unpacks a broad selection of Faulkner's novels, stories, film treatments, essays, book reviews, and letters to outline Faulkner's complex and ambivalent relationship to the ideologies of masculine performance and martial heroism in an age dominated by industrialism and military technology.

Waking the Tiger: Healing Trauma Peter A. Levine, Ph.D. 1997-07-07 Now in 24 languages. Nature's Lessons in Healing Trauma... Waking the Tiger offers a new and hopeful vision of trauma. It views the human animal as a unique being, endowed with an instinctual capacity. It asks and answers an intriguing question: why are animals in the wild, though threatened routinely, rarely traumatized? By understanding the dynamics that make wild animals virtually immune to traumatic symptoms, the mystery of human trauma is revealed. Waking the Tiger normalizes the symptoms of trauma and the steps needed to heal them. People are often traumatized by seemingly ordinary experiences. The reader is taken on a guided tour of the subtle, yet powerful impulses that govern our responses to overwhelming life events. To do this, it employs a series of exercises that help us focus on bodily sensations. Through heightened awareness of these sensations trauma can be healed.

*The Future of Creation Order* Gerrit Glas 2018-01-12 This work provides an overview of attempts to assess the current condition of the concept of creation order within reformational philosophy compared to other perspectives. Focusing on the natural and life sciences, and theology, this first volume of two examines the arguments for and against the beauty, coherence and order shown in the natural world being related to the will or nature of a Creator. It examines the decay of a Deist universe, and the idea of the pre-givenness of norms, laws and structures as challenged by evolutionary theory and social philosophy. It describes the different responses to the collapse of order: that given by Christian philosophy scholars who still argue for the idea of a pre-given world order, and that of other scholars who see this idea of stable creation order and/or natural law as redundant and in need of a thorough rethinking. It studies the particular role that reformational philosophy has played in the discussion. It shows how, ever since its inception, almost a century ago, the concepts of order and law (principle, structure) have been at the heart of this philosophy, and that one way to characterise this tradition is as a philosophy of creation order. Reformational philosophers have maintained the notion of law as 'holding' for reality. This book

discusses the questions that have arisen about the nature of such law: is it a religious or philosophical concept; does law just mean 'orderliness'? How does it relate to laws of nature? Have they always existed or do they 'emerge' during the process of evolution?

**GI Ingenuity** James Jay Carafano 2007-12-13 One-of-a-kind retelling of the Normandy campaign Places the 1944 battle for France in its social, economic, scientific, and technological context GI Ingenuity is in large part an old-fashioned combat narrative, with mayhem and mass slaughter at center stage. But the book goes farther, combining military history with the history of science, technology, and culture to show how the American soldier improvised, innovated, and adapted on the battlefield. Among the improvisations and technologies covered are tanks equipped with hedgerow cutters, the coordination of air and ground attacks, and the use of radios and aircraft to direct artillery fire--all of which contributed to American success on D-Day and afterwards.

Wisdom in Israel Gerhard von Rad 1993-07-01 This classic text, the last major work by the great Hebrew Bible scholar Gerhard von Rad, has long been unavailable in North America. It is now being reissued in paperback form to satisfy the continuing demand for copies of the book. In brief, the subject of von Rad's study of Hebrew wisdom is Israel's willingness to ground faith in encounter with the world as the creation of God. Those familiar with the author's Old Testament Theology will recall how he identified two great watersheds in the history of Israel's thought. The first was the rise of the prophetic movement, which occasioned a radical reinterpretation of Israel's religious traditions as expressed in the earliest creedal formulations found in the Pentateuch. The second watershed, which preceded the prophetic movement and was a basically different assessment of Israel's relation to Yahweh, was achieved by wisdom teachers at the start of the monarchy. This book studies this first and somewhat novel break with Israel's older sacral traditions. Von Rad bases the study on a wide range of literary materials principally concerned with the books of Proverbs, Job, Ecclesiastes, and the Wisdom of Ben Sirach. "No finer introduction to the fundamental theological questions raised by the wisdom literature of Israel is available." Theology Today  
Gerhard von Rad was for many years Professor of Old Testament at the University of Heidelberg.

**Serpent Upon a Rock** Warren Stevenson 1999 Witty and sly, the poems in Serpent upon a Rock have a

*Grace* Thilo Wydra 2020-08-04 Movie Star. Princess. Philanthropist. Icon. The compassionate, revealing, and surprising biography of Grace Kelly, one of the most admired women in Hollywood history. On September 14, 1982, Grace Kelly was tragically killed when her vehicle tumbled forty meters from the serpentine roads of Monaco. She has since become a myth, a style icon existing between the glamour of Hollywood and the royalty of Monaco. As Hitchcock's favorite actress to work with, Kelly acted in classic films including *Rear Window* and *To Catch a Thief*, opposite actors such as Frank Sinatra and Cary Grant. Yet her private life remained in the shadows. Her marriage to Prince Rainier III was not anchored by love, and her life on the Riviera was more akin to a golden cage. She was an individual torn between illusion and reality, simultaneously idolized by millions. This comprehensive biography draws from previously unreleased photographs and documents from the Grimaldi family archive and, for the first time, access to the letters between Kelly and Hitchcock. It is also based on interviews with Kelly's companions and relatives, including an exclusive interview with Prince Albert II of Monaco. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

**The Eloquent Blood** Manon Hedenborg White 2019-10-14 In the conventional dichotomy of chaste, pure Madonna and libidinous whore, the former has usually been viewed as the ideal form of femininity. However, there is a modern religious movement in which the negative stereotype of the harlot is inverted and exalted. The Eloquent Blood focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon. A central deity in Thelema, the religion founded by the notorious British occultist Aleister Crowley (1875-1947), Babalon is based on Crowley's favorable reinterpretation of the biblical Whore of Babylon, and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence. Analyzing historical and contemporary written sources, qualitative interviews, and ethnographic fieldwork in the Anglo-American esoteric milieu, the study traces interpretations of Babalon from the works of Crowley and some of his key disciples—including the rocket

scientist John "Jack" Whiteside Parsons, and the enigmatic British occultist Kenneth Grant--until the present. From the 1990s onwards, this study shows, female and LGBTQ esotericists have challenged historical interpretations of Babalon, drawing on feminist and queer thought and conceptualizing femininity in new ways. Tracing the trajectory of a particular gendered symbol from the fin-de-siècle until today, Manon Hedenborg White explores the changing role of women in Western esotericism, and shows how evolving constructions of gender have shaped the development of esotericism. Combining research on historical and contemporary Western esotericism with feminist and queer theory, the book sheds new light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements.

**The Eagle River Valley** Shirley Welch 2008 Starting as a trickle in the Rocky Mountains, the Eagle River emerges in a glacial valley, cuts through a spectacular gorge near Red Cliff, and then creates the broad flood plain of the Eagle River Valley. At Dotsero, the river joins the mighty Colorado River. As long as humans have settled along the river, they have depended on it for their livelihood, trapping beaver for hats, mining gold and silver, collecting water for locomotive engines and channeling it for crops and ranching, harvesting ice for food preservation, and, most recently, converting water into snow with modern machines. Today the Eagle River Valley is the backbone of two of the greatest ski areas in the world, Vail and Beaver Creek. Sparkling through the ancient riverbed, the Eagle River continues its course to this day, flowing through the same valley that drew pioneers here in the 19th century.

**World War I and America: Told By the Americans Who Lived It (LOA #289)** A. Scott Berg 2017-02-28 For the centenary of America's entry into World War I, A. Scott Berg presents a landmark anthology of American writing from the cataclysmic conflict that set the course of the 20th century. Few Americans appreciate the significance and intensity of America's experience of World War I, the global cataclysm that transformed the modern world. Published to mark the centenary of the U.S. entry into the conflict, *World War I: Told by the Americans Who Lived It* brings together a wide range of writings by American

participants and observers to tell a vivid and dramatic firsthand story from the outbreak of war in 1914 through the Armistice, the Paris Peace Conference, and the League of Nations debate. The eighty-eight men and women collected in the volume--soldiers, airmen, nurses, diplomats, statesmen, political activists, journalists--provide unique insights into how Americans of every stripe perceived the war, why they supported or opposed intervention, how they experienced the nightmarish reality of industrial warfare, and how the conflict changed American life. Richard Harding Davis witnesses the burning of Louvain; Edith Wharton tours the front in the Argonne and Flanders; John Reed reports from Serbia and Bukovina; Charles Lauriat describes the sinking of the Lusitania; Leslie Davis records the Armenian genocide; Jane Addams and Emma Goldman protest against militarism; Victor Chapman and Edmond Genet fly with the Lafayette Escadrille; Floyd Gibbons, Hervey Allen, and Edward Lukens experience the ferocity of combat in Belleau Wood, Fismette, and the Meuse-Argonne; and Ellen La Motte and Mary Borden unflinchingly examine the "human wreckage" brought into military hospitals. W.E.B. Du Bois, James Weldon Johnson, Jessie Fauset, and Claude McKay protest the racist treatment of black soldiers and the violence directed at African Americans on the home front; Carrie Chapman Catt connects the war with the fight for women suffrage; Willa Cather explores the impact of the war on rural Nebraska; Henry May recounts a deadly influenza outbreak onboard a troop transport; Oliver Wendell Holmes weighs the limits of free speech in wartime; Woodrow Wilson envisions a world without war. A coda presents three iconic literary works by Ernest Hemingway, E. E. Cummings, and John Dos Passos. With an introduction and headnotes by A. Scott Berg, brief biographies of the writers, and endpaper maps. *High Society* Donald Spoto 2010-10-05 Drawing on his unprecedented access to Grace Kelly, bestselling biographer Donald Spoto at last offers an intimate, honest, and authoritative portrait of one of Hollywood's legendary actresses. In just seven years—from 1950 through 1956—Grace Kelly embarked on a whirlwind career that included roles in eleven movies. From the principled Amy Fowler Kane in *High Noon* to the thrill-seeking Frances Stevens of *To Catch a Thief*, Grace established herself as one of Hollywood's most talented actresses and iconic beauties. Her astonishing career lasted until her retirement at age twenty-six, when she withdrew from stage and screen to marry a European monarch and became a modern, working princess and mother. Based on never-before-published or quoted interviews with Grace and those conducted over many years with her friends and colleagues—from costars James Stewart and Cary Grant to director Alfred Hitchcock—as well as many documents disclosed by her children for the first time, acclaimed biographer Donald Spoto explores the transformation of a convent schoolgirl to New York model, successful television actress, Oscar-winning movie star, and beloved royal. As the princess requested, Spoto waited twenty-five years after her death to write this biography. Now, with honesty and insight, *High Society* reveals the truth of Grace Kelly's personal life, the men she loved, the men she didn't, and what lay behind the façade of her fairy-tale life.

**The Oneness of God** David K. Bernard 1998

Device-task Fidelity and Transfer of Training Wallace W. Prophet 1970 The objective of the research was to evaluate the training effectiveness of two cockpit procedures training devices, differing greatly in their physical fidelity (and, consequently, cost), in the teaching of ground cockpit procedures for a twin-engine, turboprop, fixed wing aircraft. One group of students received training in cockpit procedures in a relatively expensive, sophisticated, high-fidelity, computerized cockpit procedures trainer, while another group were trained in an inexpensive, low-fidelity mockup of the aircraft cockpit. Their subsequent performance in the actual aircraft was compared with that of a control group who received all of their procedures training in the aircraft. Results indicated that both training devices produced significant transfer of training, in terms of error and time reduction, in performance in the actual aircraft. There were no significant differences in

training effectiveness of the two devices, in spite of their great differences in physical fidelity and cost. Implications for the design of procedures training devices and associated training programs are discussed. (Author).

**Jesus the Pattern Son** Bill Britton 2016-03 In *Jesus The Pattern Son*, Bill Britton presents the stunning premise that the life of Jesus in His humanity on earth sets a divine pattern for the endtime body of Christ, the Church. In this day when Christians are focused so much on signs and wonders, the author reminds us that Jesus Himself is God's greatest sign of all. This sign was given when Jesus was born in Bethlehem, but will be fulfilled in its completeness with the endtimes manifestation of the mature sons of God, when the "many-membered" body of Christ, the Church, receives the anointing of the Spirit "without measure," and walks in the power and authority of the Lord Himself. In that day will be fulfilled in the saints what Paul called "the riches of the glory of this mystery...which is Christ in you, the hope of glory" (Col. 1:27). While many Christians futilely await a "Rapture" that will take them far away from the travails of the earth, God actually has a far better plan. While the "children of darkness" are swept away in judgment, the "children of light" will be "entering into the day of God's glory, the unveiling of His power and majesty in the human flesh of His body, the Church." A glorious destiny awaits those who will press forward to enter into the fullness of mature sons of God.
