**Homeward Bound** Peter Ames Carlin 2016-10-11 A revelatory account of the life of beloved American music icon, Paul Simon, by the bestselling rock biographer Peter Ames Carlin To have been alive during the last sixty years is to have lived with the music of Paul Simon. The boy from Queens scored his first hit record in 1957, just months after Elvis Presley ignited the rock era. As the songwriting half of Simon & Garfunkel, his work helped define the youth movement of the '60s. On his own in the '70s, Simon made radio-dominating hits. He kicked off the '80s by reuniting with Garfunkel to perform for half a million New Yorkers in Central Park. Five years later, Simon's album "Graceland" sold millions and spurred an international political controversy. And it doesn't stop there. The grandchild of Jewish emigrants from Galicia in the Austro-Hungarian empire, the 75-year-old singer-songwriter has not only sold more than 100 million records, won 15 Grammy awards and been installed into the Rock 'n' Roll Hall of Fame twice, but has also animated the meaning—and flexibility—of personal and cultural identity in a rapidly shrinking world. Simon has also lived one of the most vibrant lives of modern times; a story replete with tales of Carrie Fisher, Leonard Bernstein, Bob Dylan, Woody Allen, Shelley Duvall, Nelson Mandela, drugs, depression, marriage, divorce, and more. A life story with the scope and power of an epic novel, Carlin's Homeward Bound is the first major biography of one of the most influential popular artists in American history.

*Confusion Is Nothing New* Paul Acampora 2018-05-29 What's a girl to do when she finds out her late mother was the lead singer of an '80s cover band, Cyndi Lauper is Not Dead? A hilarious MG by an author who's been compared to Peck, Gantos, and Bauer. Ellie Magari just learned that her mother is

dead. Perhaps that would be sad if Ellie had ever met the woman. Exactly who was Ellie's mom? Does it even matter that she's gone? Perhaps a dead mom can still help Ellie figure out what it means to be a girl in the world today. Either way, Ellie wouldn't mind a role model beyond her master chef Dad. Fueled by the bighearted sounds of '80s rock and roll, plus large doses of Cyndi Lauper's girl-power joy, *Confusion Is Nothing New* is about friendship, family mysteries, and the perfect pizza. It's also about fathers and daughters and girls who understand that it's good to make things, but breaking things is okay too. In fact, sometimes breaking things is required.

**100 Days of Sunlight** Abbie Emmons 2019-08-07 When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. *100 Days of Sunlight* is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

*The Decameron Project* The New York Times 2020-11-10 A stunning collection of short stories originally commissioned by The New York Times Magazine as the COVID-19 pandemic swept the world, from twenty-nine authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, this year's National Book Award winner Charles Yu, and more. When reality is surreal, only fiction can make sense of it. In 1353, Giovanni Boccaccio wrote *The Decameron*: one hundred nested tales told by a group of young men and women passing the time at a villa outside Florence while waiting out the gruesome Black Death, a plague that killed more than 25 million people. Some of the stories are silly, some are bawdy, some are like fables. In March 2020, the editors of The New York Times Magazine created *The Decameron Project*, an anthology with a simple, time-spanning goal: to gather a collection of stories written as our current pandemic first swept the globe. How might new fiction from some of the finest writers working today help us memorialize and understand the unimaginable? And what could be learned about how this crisis will affect the art of fiction? These twenty-nine new stories, from authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, Charles Yu, Rachel Kushner, Colm Toibin, and David Mitchell vary widely in texture and tone. Their work will be remembered as a historical tribute to a time and place unlike any other in our lifetimes, and will offer perspective and solace to the reader now and in a future where COVID-19 is, hopefully, just a memory. The Congo from Leopold to Kabila Georges Nzongola-Ntalaja 2013-10-10 The people of the Congo have suffered from a particularly brutal colonial rule, American interference after independence, decades of robbery at the hands of the dictator Mobutu and periodic warfare which continues even now in the East of the country. But, as this insightful political history makes clear, the Congolese people have not taken these multiple oppressions lying down and have fought over many years to establish democratic institutions at home and free themselves from foreign exploitation; indeed these are two aspects of a single project. Professor Nzongola-Ntalaja is one of his country's leading intellectuals and his panoramic understanding of the personalities and events, as well as class, ethnic and other factors, make his book a lucid, radical and utterly unromanticized account of his countrymen's struggle. His people's defeat

and the state's post-colonial crisis are seen as resulting from a post-independence collapse of the anti-colonial alliance between the masses and the national leadership . This book is essential reading for understanding what is happening in the Congo and the Great Lakes region under the rule of the late President Kabila, and now his son. It will also stand as a milestone in how to write the modern political history of Africa.

The Audacity of Inez Burns Stephen G. Bloom 2018-02-06 THE VIVID, SCANDAL-FILLED STORY OF A SHREW, RAGS-TO-RICHES MILLIONAIRESS AND THE RUTHLESS POLITICIAN WHO PURSUED HER, TOLD AGAINST THE EFFERVESCENT BACKDROP OF AMERICA'S GOLDEN CITY—SAN FRANCISCO. San Francisco, until the mid-1940s, was a city that lived by its own rules, fast and loose. Formed by the gold rush and destroyed by the 1906 earthquake, it served as a pleasure palace for the legions of men who sought their fortunes in the California foothills. For the women who followed, their only choice was to support, serve, or submit. Inez Burns was different. She put everyone to shame with her dazzling, calculated, stone-cold ambition. Born in the slums of San Francisco to a cigar-rolling alcoholic, Inez transformed herself into one of California's richest women, becoming a notorious powerbroker, grand dame, and iconoclast. A stunning beauty with perfumed charm, she rose from manicurist to murderess to millionaire, seducing one man after another, bearing children out of wedlock, and bribing politicians and cops along the way to secure her place in the San Francisco firmament. Inez ruled with incandescent flair. She owned five hundred hats and a closet full of furs, had two small toes surgically removed to fit into stylish high heels, and had two ribs excised to accentuate her hourglass figure. Her presence was defined by couture dresses from Paris, red-carpet strutting at the San Francisco Opera, and a black Pierce-Arrow that delivered her everywhere. She threw outrageous parties on her sprawling, eight-hundred-acre horse ranch, a compound with servants, cooks, horse groomers, and trainers, where politicians, judges, attorneys, Hollywood moguls, and entertainers gamboled over silver fizzes. Inez was adored by the desperate women who sought her out—and loathed by the power-hungry men who plotted to destroy her. During a time when women risked their lives with predatory practitioners lurking in back alleys, Inez and her team of women, clad in crisp, white nurse's uniforms, worked night and day in her elegantly appointed clinic, performing fifty thousand of the safest, most hygienic abortions available during a time when even the richest wives, Hollywood stars, and mistresses had few options when they found themselves with an unwanted pregnancy. Inez's illegal business bestowed upon her power and influence—until a determined politician by the name of Edmund G. (Pat) Brown—the father of current California Governor Jerry Brown—used Inez to catapult his nascent career to national prominence. In *The Audacity of Inez Burns*, Stephen G. Bloom, the author of the bestselling *Postville*, reveals a jagged slice of lost American history. From Inez's riveting tale of glamour and tragedy, he has created a brilliant, compulsively readable portrait of an unforgettable woman during a moment when America's pendulum swung from compassion to criminality by punishing those who permitted women to control their own destinies.
