

Seven Pillars Of Wisdom A Triumph Penguin Modern

Right here, we have countless ebook **seven pillars of wisdom a triumph penguin modern** and collections to check out. We additionally allow variant types and in addition to type of the books to browse. The enjoyable book, fiction, history, novel, scientific research, as capably as various supplementary sorts of books are readily straightforward here.

As this seven pillars of wisdom a triumph penguin modern, it ends stirring visceral one of the favored books seven pillars of wisdom a triumph penguin modern collections that we have. This is why you remain in the best website to see the unbelievable book to have.

[Bringing War to Book](#) Rachel Woodward 2018-05-04 This book explores how military memoirs come to be written and published. Looking at the journeys through which soldiers and other military personnel become writers, the authors draw on over 250 military memoirs published since 1980 about service with the British armed forces, and on interviews with published military memoirists who talk in detail about the writing and production of their books. A range of themes are explored including: the nature of the military memoir; motivations for writing; authors' reflections on their readerships; inclusions and exclusions within the text; the memories and materials that authors draw on; the collaborations that make the production and publication of military memoirs possible; and the issues around the design of military memoirs' distinctive covers. Written by two leading commentators on the sociology of the military, *Bringing War to Book* offers a new and original argument about the representations of war and the military experience as a process of social production. The book will be of interest to students and scholars across a range of disciplines including sociology, history, and cultural studies.

The Teaching and Study of Islam in Western Universities Paul Morris 2013-11-26 Public interest in the religion of Islam and in Muslim communities in recent years has generated an impetus for Western Universities to establish an array of Institutes and programs dedicated to the study of Islam. Despite the

growth in number of programs dedicated to this study, very little attention has been paid to the appropriate shape of such programs and the assumptions that ought to underlie such a study. The Teaching and Study of Islam in Western Universities attempts to address two central questions that arise through the teaching of Islam. Firstly, what relation is there between the study of the religion of Islam and the study of those cultures that have been shaped by that religion? Secondly, what is the appropriate public role of a scholar of Islam? After extensive discussion of these questions, the authors then continue to address the wider issues raised for the academic community having to negotiate between competing cultural and philosophical demands. This edited collection provides new perspectives on the study of Islam in Western Institutions and will be an invaluable resource for students of Education and Religion, in particular Islamic Studies.

The Gurkhas Chris Bellamy 2011-04-14 The Gurkhas have fought on behalf of Britain and India for nearly two hundred years. As brave as they are resilient, resourceful and cunning, they have earned a reputation as devastating fighters, and their unswerving loyalty to the Crown has always inspired affection in the British people. There are also now up to 40,000 Gurkhas in the million-strong army of modern India. But who are the Gurkhas? How much of the myth that surrounds them is true? Award-winning historian Chris Bellamy uncovers the Gurkhas' origins in the Hills of Nepal, the extraordinary circumstances in which the British decided to recruit them and their rapid emergence as elite troops of the East India Company, the British Raj and the British Empire. Their special aptitude meant they were used as the first British 'Special Forces'. Bellamy looks at the wars the Gurkhas have fought this century, from the two world wars through the Falklands to Iraq and Afghanistan and examines their remarkable status now, when each year 11,000 hopefuls apply for just over 170 places in the British Army Gurkhas. Extraordinarily compelling, this book brings the history of the Gurkhas, and the battles they have fought, right up to date, and explores their future.

A Disappearance in Damascus Deborah Campbell 2017-09-05 Winner of the Hilary Weston Writers' Trust Prize for Nonfiction Winner of the Freedom to Read Award Winner of the Hubert Evans Prize In the midst of an unfolding international crisis, renowned journalist Deborah Campbell finds herself swept up in the mysterious disappearance of Ahlam, her guide and friend. Campbell's frank, personal account of a journey through fear and the triumph of friendship and courage is as riveting as it is illuminating. The story begins in 2007, when Deborah Campbell travels undercover to Damascus to report on the exodus of Iraqis into Syria, following the overthrow of Saddam Hussein. There she meets and hires Ahlam, a refugee working as a "fixer"—providing Western media with trustworthy information and contacts to help get the news out. Ahlam has fled her home in Iraq after being kidnapped while running a humanitarian center. She supports her husband and two children while working to set up a makeshift school for displaced girls. Strong and charismatic, she has become an unofficial leader of the refugee community. Campbell is inspired by Ahlam's determination to create something good amid so much suffering, and the two women become close friends. But one morning, Ahlam is seized from her home in front of Campbell's eyes. Haunted by the prospect that their work together has led to her friend's arrest, Campbell spends the months that follow desperately trying to find Ahlam—all the while fearing she could be next. The compelling story of two women caught up in the shadowy politics behind today's most searing conflict, *A Disappearance in Damascus* reminds us of the courage of those who risk their lives to bring us the world's news.

The Mint T. E. Lawrence 2016-08-30 In 1922, his dreams of an independent Arabia shattered, T.E.

Lawrence enlisted in the RAF under the assumed name John Hume Ross. Though methodical and restrictive, life there seemed to suit Lawrence: "The Air Force is not a man-crushing humiliating slavery, all its days. There is sun & decent treatment, and a very real measure of happiness, to those who do not look forward or back." With poetic clarity, Lawrence brings to life the harsh realities of barracks life and illuminates the strange twilight world he had slipped into after his war experiences. For anyone interested in the life of one of the 20th century's most enduring heroes and his life beyond the well-documented Arab revolt, *The Mint* is essential and compelling reading.

The Circassian Benjamin C. Fortna 2016 Esref Kuşçubasi remains controversial in Turkey over fifty years after his death. Elsewhere the man sometimes called the Turkish Lawrence of Arabia is far less known but his life offers fascinating insights into the traumatic, increasingly violent struggles that ended the Ottoman Empire and ushered in the modern Middle East. Drawing on Esref's private papers for the first time, these pages tell the story of the making of a headstrong self-sacrificing officer committed to defending the empire's shrinking borders. Esref took on a string of special assignments for Enver Pasha, the rapidly rising star of the Ottoman military, first in Libya against the Italians, then in the Balkan Wars and World War I, before being captured by the forces of the Arab Revolt and turned over to the British and imprisoned on Malta. Released in 1920, he joined the national resistance movement in Anatolia but fell out with Mustafa Kemal's leadership and switched sides, earning him banishment from the Turkish Republic at its founding and exile until the 1950s. Never far from the action or controversy, Esref's dynamic story provides an important counterpoint to the standard narrative of the transition from empire to nation state.

Novel Practices Eugene Goodheart 2019-01-22 An important debate in modern literary criticism concerns the exact relationship between the ancient epic and the novel. Both the epic and the most ambitious modern novels are large-scale attempts to present a comprehensive view of the world through the experience of a representative hero. However, in the older tradition the hero stood for the aspirations and highest ideals of his society. The protagonist of the modern novel is usually at odds with that society, whether as exile, active rebel, or antagonistic critic. In *Novel Practices*, the distinguished literary scholar Eugene Goodheart surveys a representative selection of modern novelists tracing how the epic impulse

has been reshaped under the conditions of modernity.

The Ottoman Army and the First World War Mesut Uyar 2020-12-29 This is a comprehensive new operational military history of the Ottoman army during the First World War. Drawing from archives, official military histories, personal war narratives and sizable Turkish secondary literature, it tells the incredible story of the Ottoman army's struggle from the mountains of the Caucasus to the deserts of Arabia and the bloody shores of Gallipoli. The Ottoman army, by opening new fronts, diverted and kept sizeable units of British, Russian and French forces away from the main theatres and even sent reinforcements to Austro-Hungary and Bulgaria. Against all odds the Ottoman army ultimately achieved some striking successes, not only on the battlefield, but in their total mobilization of the empire's meagre human and economic resources. However, even by the terrible standards of the First World War, these achievements came at a terrible price in casualties and, ultimately, loss of territory. Thus, instead of improving the integrity and security of the empire, the war effectively dismantled it and created situations and problems hitherto undreamed of by a besieged Ottoman leadership. In a unique account, Uyar revises our understanding of the war in the Middle East.

The Oxford Handbook of War Julian Lindley-French 2012-01-19 The Oxford Handbook of War is the definitive analysis of war in the twenty-first century. With over forty senior authors from academia, government and the armed forces world-wide the Handbook explores the history, theory, ethics and practice of war. The Handbook first considers the fundamental causes of war, before reflecting on the moral and legal aspects of war. Theories on the practice of war lead into an analysis of the strategic conduct of war and non Western ways of war. The heart of the Handbook is a compelling analysis of the military conduct of war which is juxtaposed with consideration of technology, economy, industry, and war. In conclusion the volume looks to the future of this apparently perennial feature of human interaction.

South Pole Gareth Wood 1996 Canadian Gareth Wood along with two Englishmen successfully walked across Antarctica to the South Pole. Each man hauled a sledge loaded with 350 pounds of survival gear 900 miles through the unimaginable cold of the empty, hostile continent. Unlike Robert F Scott's 1911-12 Antarctica expedition, this trek to the bottom of the world ended with success and survival. Roger Mear,

Robert Swan, and Gareth Wood overcame 9,000 feet of altitude and 900 miles of frozen barriers en route to the South Pole without dogs, radios, mechanical support, or caches of food. In tribute to their American predecessor, they used Scott's log. Their epic struggle tested these self-assured individuals and taught them the value of co-operation and teamwork in the face of disaster. For Gareth Wood, the day they finally reached the Pole was more the beginning of a new journey than the end of his quest. The ship that was to have collected the team was crushed in the ice. Not only did Wood survive another year in the Antarctic, but he also lived to describe the horrific attack by a savage leopard seal.

Professional Journal of the United States Army 1990

Beyond Jihad Lamin Sanneh 2016-08-19 Over the course of the last 1400 years, Islam has grown from a small band of followers on the Arabian peninsula into a global religion of over a billion believers. How did this happen? The usual answer is that Islam spread by the sword-believers waged jihad against rival tribes and kingdoms and forced them to convert. Lamin Sanneh argues that this is far from the whole story. *Beyond Jihad* examines the origin and evolution of the African pacifist tradition in Islam, beginning with an inquiry into the faith's origins and expansion in North Africa and its transmission across trans-Saharan trade routes to West Africa. The book focuses on the ways in which, without jihad, the religion spread and took hold, and what that tells us about the nature of religious and social change. At the heart of this process were clerics who used religious and legal scholarship to promote Islam. Once this clerical class emerged, it offered continuity and stability in the midst of political changes and cultural shifts, helping to inhibit the spread of radicalism, and subduing the urge to wage jihad. With its policy of religious and inter-ethnic accommodation, this pacifist tradition took Islam beyond traditional trade routes and kingdoms into remote districts of the Mali Empire, instilling a patient, Sufi-inspired, and jihad-negating impulse into religious life and practice. Islam was successful in Africa, Sanneh argues, not because of military might but because it was made African by Africans who adapted it to a variety of contexts.

Blush: Faces of Shame Elspeth Probyn

Allenby C. Brad Faught 2020-05-28 Edmund Allenby, Viscount Allenby of Megiddo and Felixstowe, as he

became later, was the principal British military figure in the Middle East from 1917 to 1919. He fulfilled a similar proconsular role in Egypt from the latter year until 1925. In these two roles Allenby's eight years in the Middle East were of great impact, and in probing his life an especially revealing window can be found through which to observe closely and understand more fully the history that has resulted in the terminal roil afflicting the Middle East and international affairs today. In this biography Brad Faught explores the events and actions of Allenby's life, examining his thinking on both the British Empire and the post-World War I international order. Faught brings clarity to Allenby's decisive impact on British imperial policy in the making of the modern Middle East, and thereby on the long arc of the region's continuing and controversial place in world affairs.

Seven Pillars of Wisdom T.E. Lawrence 1935 T.E. Lawrence (1888 - 1935), known as "Lawrence of Arabia" was a British archaeologist, army officer, and writer. *Seven Pillars of Wisdom* is an autobiographical account of his participation in the Arab Revolt. The illustrations and maps are included in this version.

T.E. Lawrence Malcolm Brown 2003-10 A historical portrait of the soldier and leader most widely known as Lawrence of Arabia discusses his illegitimacy, relationships with contemporaries, adventurous nature, wartime experiences, deeply held faith, sexual ambiguity, and efforts for peace. (Biography)

Soldier Heroes Graham Dawson 2013-05-13 *Soldier Heroes* explores the imagining of masculinities within adventure stories. Drawing on literary theory, cultural materialism and Kleinian psychoanalysis, it analyses modern British adventure heroes as historical forms of masculinity originating in the era of nineteenth-century popular imperialism, traces their subsequent transformations and examines the way these identities are internalized and lived by men and boys.

Nation and Novel Patrick Parrinder 2008-09-18 What is 'English' about the English novel, and how has the idea of the English nation been shaped by the writers of fiction? How do the novel's profound differences from poetry and drama affect its representation of national consciousness? *Nation and Novel* sets out to answer these questions by tracing English prose fiction from its late medieval origins through its stories of

rogues and criminals, family rebellions and suffering heroines, to the present-day novels of immigration. Major novelists from Daniel Defoe to the late twentieth century have drawn on national history and mythology in novels which have pitted Cavalier against Puritan, Tory against Whig, region against nation, and domesticity against empire. The novel is deeply concerned with the fate of the nation, but almost always at variance with official and ruling-class perspectives on English society. Patrick Parrinder's groundbreaking new literary history outlines the English novel's distinctive, sometimes paradoxical, and often subversive view of national character and identity. This sophisticated yet accessible assessment of the relationship between fiction and nation will set the agenda for future research and debate.

The Modernist Self in Twentieth-Century English Literature Dennis Brown 1989-05-15 An exploration of how key modern writers challenged conventional ways of characterizing selfhood, thus developing a discourse expressive of the subtleties of experience in a post-Freudian world long before the self-representation theories of the post-structuralists and post-modernists.

Flipside of the COIN Daniel Isaac Helmer 2010-01 This study addresses the Israeli view of the threat posed by various armed factions in southern Lebanon over an 18-year period. This was a period during which Israeli used air strikes, ground invasions, and border operations to contain or defeat the military threat to its national security. Contents: Introduction; (1) Understanding Asymmetric Warfare; (2) Strategic Planning, Strategic Choices; (3) Disaster Strikes; (4) Strategic Failure; Conclusion; Appendix on Statistical Methods; Bibliography.

Jordan Alan George 2005-10-04 Drawing on extensive original interviews with a wide range of Jordanians including King Abdullah, this is an up-to-date and insightful account of life and politics in a pivotal Middle Eastern state.

The Arabian Desert in English Travel Writing Since 1950 Jenny Walker 2022-12-30 Broadly this book is about the Arabian desert as the locus of exploration by a long tradition of British travellers that includes T.E. Lawrence and Wilfred Thesiger; more specifically, it is about those who, since 1950, have followed in their literary footsteps. In analysing modern works covering a land greater than the sum of its

geographical parts, the discussion identifies outmoded tropes that continue to impinge upon the perception of the Middle East today while recognising that the laboured binaries of "East and West", "desert and sown", "noble and savage" have outrun their course. Where, however, only a barren legacy of latent Orientalism may have been expected, the author finds instead a rich seam of writing that exhibits diversity of purpose and insight contributing to contemporary discussions on travel and tourism, intercultural representation and environmental awareness. By addressing a lack of scholarly attention towards recent additions to the genre, this study illustrates for the benefit of students of travel literature, or indeed anyone interested in "Arabia", how desert writing, under the emerging configurations of globalisation, postcolonialism and ecocriticism, acts as a microcosm of the kinds of ethical and emotional dilemmas confronting today's travel writers in the world's most extreme regions.

Fighting Fit Kevin Brown 2008-09-01 The twentieth century saw two world wars and many other conflicts characterised by technological change and severity of casualties. Medicine has adapted quickly to deal with such challenges and new medical innovations in the military field have had advantages in civil medicine. There has thus been interplay between war and medicine that has not only been confined to the armed forces and military medicine, but which has impacted on health and medicine for us all. These themes will be examined from the Boer War to the dawn of a new century, and a 'war against terror;' the experiences of individuals as doctors, nurses and patients, are highlighted, with personal, sometimes graphic, first-hand accounts bringing home the realities of medical treatment in wartime.

The Cohesion of Saudi Arabia (RLE Saudi Arabia) Christine Helms 2020-07-26 Saudi Arabia is no longer regarded as quite the invincible pillar of Islam it so recently seemed. Its authority within the Islamic world has been challenged by the Ayatollahs in Iran and its dominant position within Opec has been seriously eroded. Most importantly, the dramatic assault on the Mosque at Mecca has raised serious doubts about the internal security of the Saudi regime. This study provides essential background to the contemporary problems of Saudi Arabia in its focus on the early years of the Saudi state and the way in which King Abd al-Aziz first created a nation state and asserted his family's authority. It argues that the geography of Central Arabia was a crucial factor in determining how he fused together the Bedouin tribes and the settled communities into a political entity. First published in 1981 and based on extensive new research

data, this is the first study to examine more than simply a political or diplomatic history of Saudi Arabia, and concerns itself with the attitudes and perceptions of the Arabs themselves towards political initiatives of that period.

Military Review 1990

Anonymous Soldiers Bruce Hoffman 2016-03-22 Winner of the National Jewish Book Award Winner of the Washington Institute Book Prize One of the Best Books of the Year St. Louis Post-Dispatch * Kirkus Reviews In this groundbreaking work, Bruce Hoffman—America’s leading expert on terrorism—brilliantly re-creates the crucial thirty-year period that led to the birth of Israel. Drawing on previously untapped archival resources in London, Washington, D.C., and Jerusalem, *Anonymous Soldiers* shows how the efforts of two militant Zionist groups brought about the end of British rule in the Middle East. Hoffman shines new light on the bombing of the King David Hotel, the assassination of Lord Moyne in Cairo, the leadership of Menachem Begin, the life and death of Abraham Stern, and much else. Above all, he shows exactly how the underdog “anonymous soldiers” of Irgun and Lehi defeated the British and set in motion the chain of events that resulted in the creation of the formidable nation-state of Israel. One of the most detailed and sustained accounts of a terrorist and counterterrorist campaign ever written, Hoffman has crafted the definitive account of the struggle for Israel—and an impressive investigation of the efficacy of guerilla tactics. *Anonymous Soldiers* is essential to anyone wishing to understand the current situation in the Middle East.

Seven Pillars of Wisdom T.E. Lawrence 1991-06-01 In his classic book, T.E. Lawrence—forever known as Lawrence of Arabia—recounts his role in the origin of the modern Arab world. At first a shy Oxford scholar and archaeologist with a facility for languages, he joined and went on to lead the Arab revolt against the Ottoman Turks while the rest of the world was enmeshed in World War I. With its richly detailed evocation of the land and the people Lawrence passionately believed in, its incisive portraits of key players, from Faisal ibn Hussein, the future Hashemite king of Syria and Iraq, to General Sir Edmund Allenby and other members of the British imperial forces, *The Seven Pillars of Wisdom* is an indispensable primary historical source. It helps us to understand today’s Middle East, while giving us thrilling accounts of military exploits

(including the liberation of Aqaba and Damascus), clandestine activities, and human foibles.

Revolt in the Desert T. E. Lawrence 2011-09-27 T.E. Lawrence, also known as "Lawrence of Arabia," wrote *Seven Pillars of Wisdom: A Triumph* from his memories of serving as a liaison officer with rebel forces during the Arab Revolt against the Ottoman Turks (1916-1918). Possessed of a brilliant military mind and an unmatched knowledge of the region and the Arab people, Lawrence led the revolt alongside the charismatic Faisal I, sounding the death knell for the Ottoman Empire and paving the way for a new colonial power in the region: the British. Writing from memory after his original manuscript and detailed notes were lost, Lawrence was able to privately publish a polished version of his autobiographical account in 1922. It is from this edition that he created the abridged version in 1927 which would become a best-seller, titling it *Revolt in the Desert*. This important historic work vividly portrays one of the most turbulent periods in the history of the Middle East while offering rich insight into one of Britain's esteemed national heroes.

Force and Fanaticism Simon Ross Valentine 2015-01-09 Wahhabism is an Islamic reform movement found mainly in Saudi Arabia. Closely linked to the Saudi monarchy, it enforces a strict code of morality and conduct monitored by mutawa (religious police), and governs every facet of Saudi life according to its own strict interpretation of Shariah, including gender segregation. Wahhabism also prohibits the practice of any other faith (even other forms of Islam) in Saudi Arabia, which is also the only country that forbids women from driving. But what exactly is Wahhabism? This question had long occupied Valentine, so he lived in the Kingdom for three years, familiarizing himself with its distinct interpretation of Islam. His book defines Wahhabism and Wahhabi beliefs and considers the life and teaching of Muham-mad ibn Abd'al Wahhab and the later expansion of his sect. Also discussed are the rejection of later developments in Islam such as bid'ah; harmful innovations, among them celebrating the prophet's birthday and visiting the tombs of saints; the destruction of holy sites due to the fear of idolatry; Wahhabi law, which imposes the death sentence for crimes as archaic as witch- craft and sorcery, and the connection of Wahhabism with militant Islam globally. Drawing on interviews with Saudis from all walks of life, including members of the feared mutawa, this book appraises of one of the most significant movements in contemporary Islam.

The Ambassadors Paul Richter 2020-10-27 Veteran diplomatic correspondent Paul Richter goes behind the battles and the headlines to show how American ambassadors are the unconventional warriors in the Muslim world—running local government, directing drone strikes, building nations, and risking their lives on the front lines. The tale’s heroes are a small circle of top career diplomats who have been an unheralded but crucial line of national defense in the past two decades of wars in the greater Middle East. In *The Ambassadors*, Paul Richter shares the astonishing, true-life stories of four expeditionary diplomats who “do the hardest things in the hardest places.” The book describes how Ryan Crocker helped rebuild a shattered Afghan government after the fall of the Taliban and secretly negotiated with the shadowy Iranian mastermind General Qassim Suleimani to wage war in Afghanistan and choose new leaders for post-invasion Iraq. Robert Ford, assigned to be a one-man occupation government for an Iraqi province, struggled to restart a collapsed economy and to deal with spiraling sectarian violence—and was taken hostage by a militia. In Syria at the eruption of the civil war, he is chased by government thugs for defying the country’s ruler. J. Christopher Stevens is smuggled into Libya as US Envoy to the rebels during its bloody civil war, then returns as ambassador only to be killed during a terror attack in Benghazi. War-zone veteran Anne Patterson is sent to Pakistan, considered the world’s most dangerous country, to broker deals that prevent a government collapse and to help guide the secret war on jihadists. “An important and illuminating read” (The Washington Post) and the winner of the prestigious Douglas Dillon Book Award from the American Academy of Diplomacy, *The Ambassadors* is a candid examination of the career diplomatic corps, America’s first point of contact with the outside world, and a critical piece of modern-day history.

The Affect Theory Reader Melissa Gregg 2010-11-12 A collection of essays on affect theory, by groundbreaking scholars in the field.

Modern Classics Seven Pillars of Wisdom T E Lawrence 2000-03-28 *Seven Pillars of Wisdom* is the autobiographical account of T.E. Lawrence - also known as 'Lawrence of Arabia' - of his service in the Arab Revolt during the First World War, published in Penguin Modern Classics. Although 'continually and bitterly ashamed' that the Arabs had risen in revolt against the Turks as a result of fraudulent British promises of self-rule, Lawrence led them in a triumphant campaign which revolutionized the art of war.

Seven Pillars of Wisdom recreates epic events with extraordinary vividness. In the words of E. M. Forster, 'Round this tent-pole of a military chronicle, Lawrence has hung an unexampled fabric of portraits, descriptions, philosophies, emotions, adventures, dreams'. However flawed, T.E. Lawrence is one of the twentieth century's most fascinating figures. This is the greatest monument to his character and achievements, and formed the basis for the Oscar-winning film Lawrence of Arabia, starring Peter O'Toole and Alec Guinness. This edition includes maps, drawings by Eric Kennington, and index of place names and a preface by A.W. Lawrence. Thomas Edward Lawrence (1888-1935) was born in Wales and educated at Jesus and Magdalen Colleges, Oxford. He was commissioned on the outbreak of the First World War and in 1917 was officially attached to the staff of the Hejaz expeditionary force, under General Wingate. After the war, Lawrence was Advisor on Arab Affairs in the Middle Eastern Division of the Colonial Office. In 1927, embarrassed with the 'Lawrence of Arabia' legend, he changed his name by deed poll to Shaw'. In addition to this book, of which Lawrence lost almost the whole manuscript at Reading station in 1919, he wrote Revolt in the Desert (1927) and The Odyssey of Homer (1935), a translation in prose. If you enjoyed Lawrence of Arabia, you might also like Wilfred Thesiger's Desert Sands, available in Penguin Classics. 'I am not much of a hero-worshipper, but I could have followed T.E. Lawrence over the edge of the world' John Buchan, author of The Thirty-Nine Steps

The Experimental Arabic Novel Stefan G. Meyer 2001-01-01 Traces the development of the modern Arabic novel from the 1960s to the present.

Culture in Camouflage Patrick Deer 2009-03-26 Examines how literary writers including Ford Madox Ford, Siegfried Sassoon, Wilfred Owen, James Hanley, Evelyn Waugh, Graham Greene, and others countered the war culture promoted by mass media, war planners, and military historians.

Degrees of Freedom Earle, Rod 2019-12-18 The first authoritative volume to look back on the last 40 years of The Open University providing higher education to those in prison, this unique book gives voice to ex-prisoners whose lives have been transformed by the education they received. Offering vivid personal testimonies, reflective vignettes and academic analysis of prison life and education in prison, the book will mark the 50th anniversary of Open University.

Modernist Goods Glenn Willmott 2008-01-01 *Modernist Goods* examines such writers as Yeats, Conrad, Eliot, Woolf, Beckett, H.D., and Joyce to uncover what the author views as their displaced aboriginality and to investigate the relationship between literary modernism and aboriginal modernity.

The Sea in the Literary Imagination Ekaterina V. Kobeleva 2019-01-03 This collection explores nautical themes in a variety of literary contexts from multiple cultures. Including contributors from five continents, it emphasizes the universality of human experience with the sea, while focusing on literature that spans a millennium, stretching from medieval romance to the twenty-first-century reimagining of classic literary texts in film. These fresh essays engage in discussions of literature from the UK, the USA, India, Chile, Turkey, Spain, Japan, Colombia, and the Caribbean. Scholars of maritime literature will find the collection interesting for the unique insights it offers on individual literary texts, while general readers will be intrigued by the interconnectedness that it reveals in human experience with the sea.

Anatomy of Masochism June Rathbone 2012-12-06 Are dominance and submission inevitable in human relationships? Believing that sadomasochism is becoming an ever more obtrusive phenomenon in developed countries, the author surveyed 48 self-declared sadomasochists (43 male, 5 female) and 35 controls (26 male, 9 female) in an effort to elicit information on early family relationships, morale, and sexual behavior and fantasy; she also looks at the philosophy of masochism and its damaging effects.

Ernie O'Malley Richard English 1998-03-26 Ernie O'Malley (1897-1957) was one of the most talented and colourful of modern Irish republicans. An important IRA leader in the 1916-1923 Irish Revolution, this bookish gunman subsequently became a distinguished intellectual, and the author of two classic autobiographical accounts of the revolutionary period: *On Another Man's Wound* and *The Singing Flame*. His post-revolutionary life took on a bohemian flavour. Travelling extensively in Europe and America, he mixed with a wide range of artistic and literary figures, and devoted himself to a variety of writing projects. In his IRA career he mixed with revolutionaries such as Michael Collins and Eamon de Valera; in his post-IRA years his friends included Samuel Beckett, Louis MacNeice, John Wayne, and John Ford. This important new thematic biography draws on previously unseen archival sources, and introduces O'Malley to both scholarly and general readers. O'Malley's post-revolutionary life was as turbulent as his IRA years,

and illuminates many persistent themes of Irish history, ranging from the origins and culture of militant republicanism and the complexities of Anglo-Irish relations to the development of intellectual and artistic life in twentieth-century Ireland. This exciting new biography will be essential reading for anyone seeking to understand the background to modern Irish politics and the past and present role of the IRA.
