Smartphone Video Storytelling Robb Montgomery 2018-06-18 Smartphone Video Storytelling helps readers master the techniques for making compelling short-form video content with a smartphone. With mobile journalism on the rise, it's becoming increasingly important to understand the entire process and potential for conveying stories across multiple platforms. This richly illustrated text provides students with the essential smartphone video reporting skills: From choosing the right editing app to working with interview subjects on camera. The ethics of non-fiction video storytelling are highlighted to reinforce core journalistic principles. The chapters feature mini-tutorials and exercises that introduce the key principles of filmmaking. The student exercises and library of online video lessons introduce the building blocks of visual storytelling using real-world reporting examples. A story-based approach allows instructors to use the experiences of making each project in order to teach the fundamentals of video storytelling in a natural way. Each story lesson introduces the necessary stages, including planning, filming, and editing . . . and all with a smartphone. Online example videos can be found at <http://smartfilmbook.com/>

Glasba in manjšine Maša Komavec 2001-01-01 V zborniku je predstavljenih 27 referatov s prvega mednarodnega posvetovanja študijske skupine Mednarodnega sveta za tradicijsko glasbo (ICTM), ki je potekalo v Ljubljani od 25. do 30. junija 2000. Prispevki so razdeljeni po tematskih sklopih: najprej sta predstavljena raziskovanje manjšin in študijska skupina Glasba in manjšine, sledijo teme, ki obravnavajo različne slovenske manjšine zunaj Slovenije in manjšine v slovenskem prostoru, zgodovinske teme, ki obravnavajo manjšine v preteklosti, ter raziskave o Romih in drugi prispevki, ki obravnavajo različne etnične in narodnostne manjšine. Konferenca je potekala v angleškem jeziku, zato so tudi referati v angleščini, povzetki pa prevedeni v slovenščino. Zbornik vsebuje tudi imensko in krajevno kazalo ter CD-ploščo z 32 zvočnimi primeri.

The Rat Günter Grass 1987 A female rat demonstrates that her species will inherit a devastated earth

but will inevitably imitate the grotesque example set by human destructiveness throughout history

Storytime: Batmouse Steve Smallman 2014-07-07 When Pip the mouse sees a bat flying over his home, he has a big idea - when he grows up, he's going to be a BAT! Pip makes himself some cardboard wings, and prepares for take-off. But flying is harder than it looks. Sleeping upside down isn't easy either, and what on earth do bats eat? It's not long before Pip makes friends with a real bat... and decides he'd rather be a mouse after all! But he still really, really wants to fly. Pip's new friend comes to the rescue and flies him all the way home. All is well until Pip has another big idea. When he grows up, he's going to be a mole! This Storytime title is perfect for children who are enthusiastic about what they'll become when they grow up.

Stimme und Schrift Alfred Messerli 2008 Im Gegensatz zur Schriftkultur, die in den letzten zwei Jahrzehnten zum Thema zahlreicher Arbeiten geworden ist, hat die Erforschung der sekundären Mündlichkeit bislang noch kaum begonnen, geschweige denn von einem interdisziplinären Ansatz, wie ihn der vorliegende Band präsentiert, profitieren können. In einer Zeit, in der sich die 'Schrift' als Leitmedium der Gesellschaft etabliert, bekunden Dichter und Denker eine Erfahrung des Verlustes an Nähe und Unmittelbarkeit (Präsenz). Gegen Orientierungs- und Bindungsverlust sowie Einsamkeitserfahrungen werden kompensatorisch die Stimme (Reden, Vorlesen und Hören) und die gesellige Kommunikation unter Anwesenden beschworen. Mit der Durchsetzung der elektronischen Funkmedien im späten 19. Jahrhundert (Telefon, Radio) und im späten 20. Jahrhundert dem Internet verändert sich die Situation jeweils ein weiteres Mal.

The Psychology of Demonization Nahi Alon 2006-08-15 Throughout human history, the relationships of individuals and groups have been disrupted by what the authors sum up as "demonization," the attribution of basic destructive qualities to the other or to forces within the self. Demonization results in constant suspicion and blame, a systematic disregard of positive events, pressure to eradicate the putative negative persons or forces, and a growing readiness to engage in escalating conflict. Richly illustrated with 24 case stories, this book explores the psychological processes involved in demonization and their implications for the effort to effect change in relationships, psychotherapy, and beyond the office or clinic in the daily lives of families, organizations, and societies. Recent popular psychology--the authors argue--has tended to encourage demonization. An appropriate alternative to this view is known as the "tragic view": Suffering is inevitable in life; negative outcomes are a result of a confluence of factors over which one has only a very limited control; there is no possibility of reading into the hidden "demonic" layers of the other's mind; the other's actions, like our own, are multiply motivated; escalation is a tragic development rather than the result of an evil "master plan"; and finally, skills for promoting acceptance and reducing escalation are necessary for diminishing interpersonal suffering. The authors describe and illustrate a series of these skills both for psychotherapy and for personal use. Finally, they lay out an approach to consolation and acceptance, the neglect of which they attribute to the dominance of demonic views. *The Psychology of Demonization: Promoting Acceptance and Reducing Conflict* will be appreciated by all those professionally and personally concerned with the state of relationships.

Uyghur Nation David Brophy 2016-04-04 Along the Russian-Qing frontier in the nineteenth century, a new political space emerged, shaped by competing imperial and spiritual loyalties, cross-border economic and social ties, and revolution. David Brophy explores how a community of Central Asian Muslims responded to these historic changes by reinventing themselves as the Uyghur nation.

Genome Integrity Dirk-Henner Lankenau 2006-10-14 This is the first book to give a full overview on

Downloaded from avenza-dev.avenza.com
on September 24, 2022 by guest

genome integrity in different species. From microorganisms to humans, this volume provides an interdisciplinary overview of how genome integrity is maintained. Written by an international panel of experts, the book addresses the connection between genome integrity and human disease.

The Human Body Richard Walker 2018-11-29 It's 1839 and you are a medical student working on your first human body dissection! Under the watchful eye of Dr Walker, peel the flaps back to reveal the inner workings of the human body, from bone and muscle, to the brain, eyes, heart, lungs and everything in-between. Victorian-inspired illustrations meet with medical notes and sketches to give a complete in-depth exploration of how the human body works.

The Night Lion Sanne Dufft 2017-11-03 From rising star Sanne Dufft comes a richly illustrated picture book about nighttime fears, a grandmother's love, and the power of a child's imagination. Morgan, an endearing tousle-haired little boy, feels big and strong during the day with his tall hat and his toy sword. But at night, when he dreams that a robber is coming through the woods to take these precious possessions, all of Mom's assurances that "there is no robber" are not enough to ease his fears. Then Nana brings Morgan a stuffed toy lion, because everybody needs a lion sometimes - and because sometimes, fears in a child's mind can only be conquered with the imagination. That night, Morgan rides a life-sized Night Lion into the woods and together they drive the robber far away. Comforting watercolour illustrations soothe any scary scenes, and the magical Night Lion will find an instant welcome in young readers' hearts.

Tiny Little Fly Michael Rosen 2010 With a tramp and a roll and a swat, Great Big Elephant, Great Big Hippo, and Great Big Tiger try to capture Tiny Little Fly as he teases each one in turn.

The Dark Lands Markus Heitz 2019-10-22 An adventuress, dark forces, gunpowder, steel, and magic: AENLIN KANE is looking for the heritage of her father, SOLOMON KANE in THE DARK LANDS! 1629. The Thirty Years' War with its conflicts shakes Europe and rages particularly mercilessly in Germany. The young adventuress Aenlin Kane travels to the neutral city of Hamburg to explore the legacy of her famous father, Solomon Kane. Together with her friend Tahmina, a Persian mystic, she is drawn into the turmoil of the war. They accept a momentous mission from the West Indian Company: A motley crew is supposed to fight its way behind enemy lines to the Southern German town of Bamberg, where the stakes are already burning for most cruel witch trials - however, things take an unexpected turn. That cannot be a coincidence! Aenlin and Tahmina know about the evil and the demons that walk the earth and use the turmoil of war to their advantage. Soon, it will be more than just another mission from the Company. For Nicolas, the leader of the troupe, has a dark secret - more about that in LEGACY OF THE DARK LANDS!

Effiziente Kommunikation Marc Ant 2013-10-14 „Ein Wort gibt das andere“ - zwischenmenschliche Kommunikation folgt bestimmten Regeln. Wer diese Mechanismen durchschaut, kann nicht nur eigene Gesprächsziele besser erreichen, sondern auch andere Menschen leichter verstehen und erfolgreicher mit ihnen interagieren. Nicht von ungefähr zählt Kommunikationskompetenz zu den gefragtesten Soft Skills in Beruf und Alltag. Diese Einführung in die Theorie und Praxis der Kommunikation erläutert die Prinzipien effizienter Kommunikation anhand des Films „Die 12 Geschworenen“ - nach wie vor ein Klassiker zur Veranschaulichung von gruppendynamischen Prozessen und Rollenverhalten. Das Lehrbuch erklärt das Phänomen der Kommunikation anhand verschiedener sozialpsychologischer Untersuchungen, Theorien, Beispiele und Sichtweisen, regt zu einer erweiterten Reflexion darüber an und liefert konkrete Hinweise und Übungen, welche die eigene Kommunikationspraxis effektiv

verbessern. Unterrichtende können das in fünf Lehreinheiten gegliederte Werk auch als Grundlage eigener Lehrveranstaltungen nutzen. Unter www.springer-gabler.de stehen Zusatzmaterialien zum Download bereit.

A Manufactured Plague Abigail Woods 2013-06-17 Foot and mouth disease (FMD) is currently regarded as one of the world's worst animal plagues. But how did this label become attached to a curable disease that poses little threat to human health? And why, in the epidemic of 2001, did the government's control strategy still rely upon Victorian trade restrictions and mass slaughter? This groundbreaking and well-researched book shows that, for over a century, FMD has brought fear, tragedy and sorrow- damaging businesses and affecting international relations. Yet these effects were neither inevitable nor caused by FMD itself but were, rather, the product of the legislation used to control it, and in this sense FMD is a 'manufactured' plague rather than a natural one. A Manufactured Plague turns the spotlight on this process of manufacture, revealing a rich history beset by controversy, in which party politics, class relations, veterinary ambitions, agricultural practices, the priorities of farming and the meat trade, fears for national security and scientific progress all made FMD what it is today.

How do trees live? Do they feel pain or have awareness of their surroundings?

Elements of Chemistry William Allen Miller 1856

America the Vulnerable Joel Brenner 2011-09-29 Now available in a new edition entitled GLASS HOUSES: Privacy, Secrecy, and Cyber Insecurity in a Transparent World. A former top-level National Security Agency insider goes behind the headlines to explore America's next great battleground: digital security. An urgent wake-up call that identifies our foes; unveils their methods; and charts the dire consequences for government, business, and individuals. Shortly after 9/11, Joel Brenner entered the inner sanctum of American espionage, first as the inspector general of the National Security Agency, then as the head of counterintelligence for the director of national intelligence. He saw at close range the battleground on which our adversaries are now attacking us-cyberspace. We are at the mercy of a new generation of spies who operate remotely from China, the Middle East, Russia, even France, among many other places. These operatives have already shown their ability to penetrate our power plants, steal our latest submarine technology, rob our banks, and invade the Pentagon's secret communications systems. Incidents like the WikiLeaks posting of secret U.S. State Department cables hint at the urgency of this problem, but they hardly reveal its extent or its danger. Our government and corporations are a "glass house," all but transparent to our adversaries. Counterfeit computer chips have found their way into our fighter aircraft; the Chinese stole a new radar system that the navy spent billions to develop; our own soldiers used intentionally corrupted thumb drives to download classified intel from laptops in Iraq. And much more. Dispatches from the corporate world are just as dire. In 2008, hackers lifted customer files from the Royal Bank of Scotland and used them to withdraw \$9 million in half an hour from ATMs in the United States, Britain, and Canada. If that was a traditional

heist, it would be counted as one of the largest in history. Worldwide, corporations lose on average \$5 million worth of intellectual property apiece annually, and big companies lose many times that. The structure and culture of the Internet favor spies over governments and corporations, and hackers over privacy, and we've done little to alter that balance. Brenner draws on his extraordinary background to show how to right this imbalance and bring to cyberspace the freedom, accountability, and security we expect elsewhere in our lives. In *America the Vulnerable*, Brenner offers a chilling and revelatory appraisal of the new faces of war and espionage-virtual battles with dangerous implications for government, business, and all of us.

A History of Opera Carolyn Abbate 2015-09-08 "The best single volume ever written on the subject, such is its range, authority, and readability."—Times Literary Supplement Why has opera transfixed and fascinated audiences for centuries? Carolyn Abbate and Roger Parker answer this question in their "effervescent, witty" (*Die Welt*, Germany) retelling of the history of opera, examining its development, the musical and dramatic means by which it communicates, and its role in society. Now with an expanded examination of opera as an institution in the twenty-first century, this "lucid and sweeping" (*Boston Globe*) narrative explores the tensions that have sustained opera over four hundred years: between words and music, character and singer, inattention and absorption. Abbate and Parker argue that, though the genre's most popular and enduring works were almost all written in a distant European past, opera continues to change the viewer— physically, emotionally, intellectually—with its enduring power.

The Kiss That Missed David Melling 2012-11-26 The king is in a hurry and blows his son a bedtime kiss... but it misses. The kiss flies out of the window and a brave knight is sent on a fairytale quest to bring it back. Since this classic picturebook was published over 10 years ago, it has sold over 300,000 copies and become a favourite bedtime story for boys and girls everywhere. By the bestselling creator of *Hugless Douglas*, this delightful tale is filled with humour, charm and bedtime kisses, and is great to read aloud. It is also a fantastic resource for teachers in lessons about fairytales.

Was ziehen wir heute an? Susanne Böse 2011

Prognostication in the Medieval World Matthias Heiduk 2020-11-09 Two opposing views of the future in the Middle Ages dominate recent historical scholarship. According to one opinion, medieval societies were expecting the near end of the world and therefore had no concept of the future. According to the other opinion, the expectation of the near end created a drive to change the world for the better and thus for innovation. Close inspection of the history of prognostication reveals the continuous attempts and multifold methods to recognize and interpret God's will, the prodigies of nature, and the patterns of time. That proves, on the one hand, the constant human uncertainty facing the contingencies of the future. On the other hand, it demonstrates the firm belief during the Middle Ages in a future which could be shaped and even manipulated. The handbook provides the first overview of current historical research on medieval prognostication. It considers the entangled influences and transmissions between

Christian, Jewish, Islamic, and non-monotheistic societies during the period from a wide range of perspectives. An international team of 63 renowned authors from about a dozen different academic disciplines contributed to this comprehensive overview.

The Relationship between Cognitive Biases and Psychosis: Searching for Mechanisms Łukasz Gawęda 2021-11-02

The Populist Radical Right in Poland Rafal Pankowski 2010-02-25 Rafal Pankowski makes sense of the rapid growth of organized radical nationalism on the political level in Poland by showing its origins, its internal dynamics and the historical, political, social and cultural context that has made it possible.

Nature and History in Modern Italy Marco Armiero 2010-08-31 Marco Armiero is Senior Researcher at the Italian National Research Council and Marie Curie Fellow at the Institute of Environmental Sciences and Technologies, Universitat Aut(noma de Barcelona. He has published extensively on-Italian environmental history and edited *Views from the South: Environmental Stories from the Mediterranean World*. --

Michael Rosen's Book of Play Michael Rosen 2019-10-10 Today, we don't get nearly enough play in our lives. At school, kids are drilled on exams, while at home we're all glued to our phones and screens. Former children's laureate and bestselling author, Michael Rosen, is here to show us how to put this right - and why it matters so much for creativity, resilience and much more. Packed with silliness, activities and prompts for creative indoor and outdoor play for all ages - with specially illustrated pages for everything from doodling to word play and after-dinner games.

The Business of Books Andre Schiffrin 2001-11-17 Part-memoir, part-history, *The Business of Books* is an irascible, acute and often passionate account of the collapsing standards of contemporary book publishing. It has appeared throughout the world in seventeen different editions. Book jacket.

Hidden Agendas Jane Kelsey 2013-05-01 'Forget the label "free trade agreement". The TPPA, under negotiation between New Zealand, the USA and ten other countries, is a direct assault on our right to decide our own future.' In this hard-hitting BWB Text, Professor Jane Kelsey picks apart the current negotiations surrounding the proposed Trans-Pacific Partnership Agreement (TPPA) and comes to some disturbing conclusions. Such a treaty, she says in this new work, has little credible economic rationale but could have potentially dangerous effects on our ability to decide for ourselves how we address the economic, environmental, social and Treaty challenges of the twenty-first century. At a time of constitutional review, the secrecy surrounding the TPPA negotiations raises hard questions about the future shape of New Zealand.

China and Great Britain Britten Dean 2020-03-23 Describes the expansion and transformation of China's economic relations with Great Britain, when China was forced to agree to a treaty settlement to open a larger number of ports to foreign trade.

Terrorism and Communism Karl Kautsky 1920

Civilizing Security Ian Loader 2007-04-19 Security has become a defining feature of contemporary public discourse, permeating the so-called 'war on terror', problems of everyday crime and disorder, the reconstruction of 'weak' or 'failed' states and the dramatic renaissance of the private security industry. But what does it mean for individuals to be secure, and what is the relationship between security and

the practices of the modern state? In this timely and important book, Ian Loader and Neil Walker outline and defend the view that security remains a valuable public good. They argue that the state is indispensable to the task of fostering and sustaining liveable political communities in the contemporary world and thus pivotal to the project of civilizing security. This is a major contribution by two leading scholars in the field and will be of interest to anyone wishing to deepen their understanding of one the most significant and pressing issues of our times.

The Guiltless Hermann Broch 2000 "Murder, lust, shame, hypocrisy, and suicide are at the center of The Guiltless, Hermann Broch's postwar novel about the disintegration of European society in the three decades preceding the Second World War. Broch's characters - an apathetic man who can barely remember his own name; a high-school teacher and his lover who return from the brink of a suicide pact to carry on a dishonest relationship; Zerline, a lady's maid who enslaves her mistresses, prostitutes the young country girl Melitta, and metes out her own justice against the "empty wickedness" of her betters - are trapped in their indifference, prisoners of a sort of "wakeful somnolence." These men and women may mention the "imbecile Hitler," yet they prefer a nap or sexual encounter to any social action. Broch thought the kind of ethical perversity and political apathy exhibited by his characters paved the way for Nazism. He believed in the purifying power of writing and hoped that by revealing Germany's underlying guilt he could purge indifference from his own and future generations. In The Guiltless, Broch captures how apathy and ennui - very human failings - evolve into something dehumanizing and dangerous." --Book Jacket.
