Rasa, Or, Knowledge of the Self René Daumal 1982 An examination of Hindu artistic theory and culture discusses Indian poetry, music and dance and is accompanied by translations from Sanskrit literature.

*Encyclopaedia of the Hindu World* Gaṅgā Rām Garg 1992

*Interpreting across Boundaries* Gerald James Larson 2014-07-14 This volume is a "state-of-the-art" assessment of comparative philosophy written by some of the leading practitioners of the field. While its primary focus is on gaining methodological clarity regarding the comparative enterprise of "interpreting across boundaries," the book also contains new substantive essays on Indian, Chinese, Japanese, and European thought. The contributors are Roger T. Ames, William Theodore de Bary, Wing-tsit Chan, A. S. Cua, Eliot Deutsch, Charles Hartshorne, Daya Krishna, Gerald James Larson, Sengaku Mayeda, Hajime Nakamura, Raimundo Panikkar, Karl H. Potter, Henry Rosemont, Jr., Ben-Ami Scharfstein, Ninian Smart, Fritz Staal, and Frederick J. Streng. Comparative or cross-cultural philosophy can be seen as a relative newcomer to the field of philosophy. It has its antecedents in the emergence of comparative studies in nineteenth-century European intellectual history, as well as in the sequence of East-West Philosophers' Conferences at the University of Hawaii, which began in 1939. This book will prove to be of great significance in helping to define a field that is only now becoming fully self-conscious, methodologically and substantively, about its role and function in the larger enterprises of philosophy and comparative studies. Originally published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Elementary Grammar of the Sanskrit Language** Monier Williams 2018-03-09 Excerpt from Elementary Grammar of the Sanskrit Language: Partly in the Roman Character; Arranged According to a New Theory, in Reference Especially to the Classical Languages; With Short Extracts in Easy Prose; To Which Is Added, a Selection From the Institute of Manu; With Copious References to the Grammar, An Sm william J ones has said of the Sutras of Panini that they are dark as the darkest oracle; and colebrooke, in one of his Essays, has given a list of about one hundred and forty Indian grammarians and commentators who have followed in the footsteps of the great Patriarch of Sanscrit Grammar, and endeavoured to throw light upon the obscurity of his aphorisms. In this endeavour they have succeeded rather in shewing the depth of their own knowledge, than in making the subject more accessible to the generality of European students; and the explanations which they offer are some times more unintelligible than the original itself. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. *Essays on Sanskrit Literature* Sadhu Ram 1965 Description: It contains short essays dealing with the different topics connected with our ancient Sanskrit literature and culture. Only such topics have been chosen as may be of interest to the general reader and of benefit to the students who study Sanskrit in Colleges and Universities. These essays have been written as well as compiled from the works of various eminent scholars of Indian literature such as those of Drs. Bhau Daji, Bhandarkar, Ghate, Altekar, Pusalkar, Max Muller, Wilson Keith, Macdonell, Winternitz and several others, both Indian and foreign.

Introduction to Sanskrit: Part I Thomas Egenes 2015-01-01 This text focuses on the beginning study of Classical Sanskrit, although several of the quotations are in Vedic Sanskrit. Normally, Vedic Sanskrit is studied after Classical Sanskrit is learned. This text is written to fulfil a need that still remains, which is to make the introductory study of Sanskrit simple, concise, and

systematic, thereby making it more accessible and enjoyable for a beginning student. After completing this text, you should be able to study any of the above Sanskrit textbooks more comfortably or begin Part Two of this text. Part Two will feature the reading of selected verses from the Bhagavad-Gita, accompanied by a more thorough explanation of unfamiliar rules of grammar as they are encountered in the reading. Both volumes together will cover the basic rules of Sanskrit grammar. For college classes, Part One covers the standard material for a one-semester course and Part Two for the second semester. After completing Part Two, the student should be able to read the Bhagavad-Gita with the aid of a Sanskrit dictionary and a word-by-word English translation. There are several reasons to study the subtle and refined language of Sanskrit. The sound, script, grammar, and systematic nature of the language are charming in themselves, something of great beauty. The study of Sanskrit creates orderliness within the mind because Sanskrit is a highly systematic language, reflecting the orderliness of nature itself. Introduction to Sanskrit, in two volumes, is designed to open the door to India's rich spiritual literature. This self-teaching guide presents Sanskrit pronunciation, grammar, and vocabulary in simple and systematic steps, allowing students to easily master the fundamentals of this enchanting language. The text gently leads the beginner through small steps with clear, concise explanations. Each lesson includes instruction in the alphabet, grammar, and vocabulary, with easy practice exercises at the end. Also included is a reading from the Bhagavad-Gita and Sanskrit quotations from the R.K. Samhita, Upanisads, Yoga Sutras, Brahma Sutra, and Manu Smrti. Part Two uses verses from the Bhagavad-Gita to teach principles of grammar and includes additional essays on Sanskrit grammar and pronunciation.

**The Routledge Handbook of Literary Translingualism** Steven G. Kellman 2021-09-30 Though it might seem as modern as Samuel Beckett, Joseph Conrad, and Vladimir Nabokov, translingual writing - texts by authors using more than one language or a language other than their primary one - has an ancient pedigree. The Routledge Handbook of Literary Translingualism aims to provide a comprehensive overview of translingual literature in a wide variety of languages throughout the world, from ancient to modern times. The volume includes sections on: translingual genres - with chapters on memoir, poetry, fiction, drama, and cinema ancient, medieval, and modern translingualism global perspectives - chapters overseeing European, African, and Asian languages. Combining chapters from lead specialists in the field, this volume will be of interest to scholars, graduate students, and advanced undergraduates interested in investigating the vibrant area of translingual literature. Attracting scholars from a variety of disciplines, this interdisciplinary and pioneering Handbook will advance current scholarship of the permutations of languages among authors throughout time.
