Living While Black Guilaine Kinouani 2022-01-25 A Guardian “Best Book of 2021” Selection A powerful look at the impacts of anti-Black racism and a practical guide for overcoming racial trauma through radical self-care as a form of resistance Over the past 15 years, radical psychologist Guilaine Kinouani has focused her research, writing, and workshops on how racism affects both physical and mental health. *Living While Black* gives voice to the diverse, global experiences of Black people, using personal stories, powerful case studies, and eye-opening research to offer expert guidance on how to set boundaries and process micro-aggressions; protect children from racism; handle difficult race-based conversations; navigate the complexities of Black love; and identify and celebrate the wins. Based on her findings, Kinouani has devised tried-and-tested strategies to help protect Black people from the harmful effects of verbal, physical, and structural racism. She empowers Black readers to adopt self-care mechanisms to improve their day-to-day wellness to help them thrive, not just survive, and to find hope and beauty—or even joy—in the face of racial adversity. She also provides a vital resource for allies seeking to better understand the impacts of racism and how they can help. With the rise of far-right ideologies and the increase of racist hate crimes, *Living While Black* is both timely and instrumental in moving conversations from defining racism for non-Black majorities to focusing on healing and nurturing the mental health of those facing prejudice, discrimination, and the lasting effects of the violence of white supremacy.

Hope for a Better World Monique Mitchell 2012-09-28 The book is basically my memoir; however, there are some fictitious characters but all is based on real events. Flashback to my childhood in Madagascar: country with a fascinating history and a unique population, with ethnic characteristics in my own family. Recollecting past personal tragedies in childhood and situating myself in the present where loving people (my family and church friends) are surrounding me, motivating me to be a good person and see life in a happy perspective. In particular, feeling as a great privilege to be part of the melting pot in the USA. Recollection of the life at the Faculty of Medicine (Angers), France and the following years in Paris, graduating in social studies. Identifying the influence of the French culture as a pivotal factor in my life and grateful to Bon Papa (grandfather) who, by becoming a naturalized French citizen enabled his descendants to benefit from their French education, while identifying their difference and /or alienation, could also choose individually, how to find a balance between a dual culture they were./are exposed to (their own native and the acquired one). An interesting trip to the Champagne region through the wine road and to the east of France (Alsace), rich in war (WWI) memories. And there also, exhilarating history about the Statute of Liberty: designed and constructed (before being brought to the USA) by the French architect, Frdric August Bartholdi. Marriage to an American business man and birth of son in 1965 but early on, had to raise her child as a single mother due insurmountable challenges in the marriage. Worked for 20 years for the UN in 9 countries in Africa and Asia, all called hardship posts, including those for peace-keeping missions located in politically challenged and/or war-torn countries. For each country,

The Magnificent '60s Brian Hannan 2022-06-06 Hollywood in the 1960s walked a tightrope between boom and bust. Yet the decade spawned many of the greatest films ever made, saw the advent of the spy thriller, the revival of science fiction and horror, and represented the Golden Era of the 70mm roadshow. Blockbusters like Lawrence of Arabia and The Sound of Music shared marquees with low-budget hits such as Lilies of the Field and Easy Rider. New stars emerged--Steve McQueen, Sidney Poitier, Barbra Streisand, Sean Connery, Faye Dunaway, Clint Eastwood and Dustin Hoffman. Veteran

directors like Billy Wilder and William Wyler were joined by the post-war generation of Robert Aldrich and Stanley Kramer, and the new wave of Stanley Kubrick and John Schlesinger. This book explores a period when filmmakers embraced revolutionary attitudes to sexuality, violence and racism, and produced a bewildering list of critically acclaimed classics that remain audience favorites.

Theater of a City Jean E. Howard 2011-06-03 Arguing that the commercial stage depended on the unprecedented demographic growth and commercial vibrancy of London to fuel its own development, Jean E. Howard posits a particular synergy between the early modern stage and the city in which it flourished. In London comedy, place functions as the material arena in which social relations are regulated, urban problems negotiated, and city space rendered socially intelligible. Rather than simply describing London, the stage participated in interpreting it and giving it social meaning. Each chapter of this book focuses on a particular place within the city—the Royal Exchange, the Counters, London's

whorehouses, and its academies of manners—and examines the theater's role in creating distinctive narratives about each. In these stories, specific locations are transformed into venues defined by particular kinds of interactions, whether between citizen and alien, debtor and creditor, prostitute and client, or dancing master and country gentleman. Collectively, they suggest how city space could be used and by whom, and they make place the arena for addressing pressing urban problems: demographic change and the influx of foreigners and strangers into the city; new ways of making money and losing it; changing gender roles within the metropolis; and the rise of a distinctive "town culture" in the West End. Drawing on a wide range of familiar and little-studied plays from four decades of a defining era of theater history, *Theater of a City* shows how the stage imaginatively shaped and responded to the changing face of early modern London.

French Women Writers Eva Martin Sartori 1994-01-01 Marie de France, Mme. De Sävignä, and Mme. De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters, translations, religious tracts, and miscellaneous fragments. There were obstacles, but French women writers were more or less sustained and empowered by the French culture. Often unconventional in their personal lives and occupied with careers besides writing?as educators, painters, actresses, preachers, salon hostesses, labor organizers?these women did not wait for Simone de Beauvoir to tell them to make existential choices and have "projects in the world." French Women Writers describes the lives and careers of fifty-two literary figures from the twelfth century to the late twentieth. All the contributors are recognized authorities. Some of their subjects, like Colette and George Sand, are celebrated, and others are just now gaining critical notice. From Christine de Pizan and Marguerite de Navarre to Rachilde and Hä_l_ne Cixous, from Louise Labe to Marguerite Duras?these women speak through the centuries to issues of gender, sexuality, and language. French Women Writers now becomes widely available in this Bison Book edition.
