The End of the Story Liliana Heker 2012-05-22 "Liliana Heker is one of the most remarkable voices of the Argentinean generation after Borges ... her fiction chronicles the small tragedies that take place within the vast tragedy of our history. A universal and indispensable writer." - Alberto Manguel When Diana Glass witnesses Leonora's abduction from a street in Buenos Aires, she despairs that her friend has joined the ranks of los desaparecidos, the missing ones. She begins to write the story of their friendship, but certain memories, details, and whispered allegations about Leonora's fate consistently intrude. Leonora was born to drink life down to the bottom of the glass. But, Diana wonders, is that necessarily a virtue? Gripping, intelligent, and intricately structured, Liliana Heker's novel of an unstable revolutionary pasionaria has inflamed readers across Latin America. The End of the Story is a shocking study of the psychology of torture, and a tragic portrait of Argentina's Dirty War.

The Mixquiahuala Letters Ana Castillo 1992-03-18 "A wonderful, wonderful book." -Maxine Hong Kingston Focusing on the relationship between two fiercely independent women-Teresa, a writer, and Alicia, an artist-this epistolary novel was written as a tribute to Julio Cortázar's Hopscotch and examines Latina forms of love, gender conflict, and female friendship. This groundbreaking debut novel received an American Book Award from the Before Columbus Foundation and is widely studied as a feminist text on the nature of self-conflict.

God is Round Juan Villoro 2016-04-22 A brilliant, kaleidoscopic exploration of soccer-and the passion, hopes, rivalries, superstitions, and global solidarity it inspires-from award-winning author and Mexico's leading sports journalist, Juan Villoro. On a planet where FIFA has more members than the United Nations and the World Cup is watched by more than three billion people, football is more than just a game. As revered author Juan Villoro argues in this passionate and compulsively readable tribute to the world's favorite sport, football may be the most effective catalyst for panglobal unity at the time when we need it most. (Following global consensus, Villoro uses "football" rather than "soccer" in the book.) What was the greatest goal of all time? Why do the Hungarians have a more philosophical sense of defeat than the Mexicans? Do the dead play football? In essays ranging from incisive and irreverent portraits of Maradona, Messi, Ronaldo, Pelé, Zidane, and many more giants of the game to entertaining explorations of left-footedness and the number 10, Juan Villoro dissects the pleasure and pain of football fandom. God Is Round is a book for both fanatics

and neophytes who long to feel the delirium of the faithful. Praise for God is Round "If you want to talk about soccer, go talk to Juan Villoro." –Carlos Fuentes "In trying times like these, when the anguish and uncertainty can be almost too much to bear, Mexico turns to him, its philosopher-fanatic, to make sense of the seemingly nonsensical. With the nation's hopes for the World Cup spiraling into doubt and chaos, Juan Villoro, one of Mexico's most decorated and esteemed writers – who also happens to be a leading soccer analyst—comes charging down the metaphorical field to scold, explain and extract the lessons within." –The New York Times "The literature of Juan Villoro...is opening up the path of the new Spanish novel of the millennium." –Roberto Bolaño "[Villoro] has assumed the Octavio Paz mantle of Mexican public wise man of letters (though with none of Paz's solemnity, for Villoro is as boyishly effusive, brimming with laughter and cleverness, as Paz was paternalistically dour—and, of course, Villoro, the author of the book God Is Round, may be the most fútbol-obsessed man alive)" –Francisco Goldman, The New Yorker Juan Villoro is Mexico's most prolific, prize-winning author, playwright, journalist, and screenwriter. His books have been translated into multiple languages; he has received the Herralde Award in Spain for his novel El testigo, the Antonin Artaud award in France for Los culpables. His novel, Arrecife, was recently short-listed for the Rezzori Prize in Italy. Villoro lives in Mexico City and is a visiting lecturer at Yale and Princeton universities. Thomas Bunstead's translations from the Spanish include work by Eduardo Halfon and Yuri Herrera, Aixa de la Cruz's story "True Milk" in Best of European Fiction, and the forthcoming A Brief History of Portable Literature by Enrique Vila-Matas (a co-translation with Anne McLean). A guest editor of a Words Without Borders feature on Mexico (March 2015), Thomas has also published his own writing in the Times Literary Supplement, The Independent, the Paris Review blog, 3ammagazine, Days of Roses, readysteadybook, and >kill author.

The Tale-tellers Nancy Huston 2008-01-01 To be human is to have a story and to tell stories – an 'I' only comes into being thanks to the 'we's' which, through stories, we are taught to identify with and relate to. Each and every detail of our precious identities, from our names to our birthdates to our family histories to our national identities to our religions, is part of a story that was invented at a particular place and time, constructed in the same way as all stories are constructed. As opposed to the simplistic, involuntary fictions, which we absorb unwittingly from the day we are born until the day we die, novels are rich and voluntary fictions. Because they encourage us to identify and empathize with people unlike ourselves and give us access to their inner lives, novels can play an important ethical role in the world of today.

TV (The Book) Alan Sepinwall 2016-09-06 Is The Wire better than Breaking Bad? Is Cheers better than Seinfeld? What's the best high school show ever made? Why did Moonlighting really fall apart? Was the Arrested Development Netflix season brilliant or terrible? For twenty years—since they shared a TV column at Tony Soprano's hometown newspaper—critics Alan Sepinwall and Matt Zoller Seitz have been debating these questions and many more, but it all ultimately boils down to this: What's the greatest TV show ever? That debate reaches an epic conclusion in TV (THE BOOK). Sepinwall and Seitz have identified and ranked the 100 greatest scripted shows in American TV history. Using a complex, obsessively all-encompassing scoring system, they've created a Pantheon of top TV shows, each accompanied by essays delving into what made these shows great. From vintage classics like The Twilight Zone and I Love Lucy to modern

masterpieces like *Mad Men* and *Friday Night Lights*, from huge hits like *All in the Family* and *ER* to short-lived favorites like *Firefly* and *Freaks and Geeks*, TV (*THE BOOK*) will bring the triumphs of the small screen together in one amazing compendium. Sepinwall and Seitz's argument has ended. Now it's time for yours to begin!

Spurgeon, provides daily deposits of God's promises into your personal bank of faith. Cash in on the bountiful store of blessings when you withdraw daily from the Bank of Faith. This captivating eBook devotional offers inspiration and delight in our Lord, and it encourages readers to take God's promises to heart in just a few minutes of reading each day. "A promise from God may very instructively be compared to a check payable to order," wrote Spurgeon. "It is given to the believer with the view of bestowing upon him some good thing. It is not meant that he should read it over comfortably, and then have done with it. No, he is to treat the promise as a reality, as a man treats a check."

Crossfire Roberta Johnson 2021-10-21 The marriage of philosophy and fiction in the first third of Spain's twentieth century was a fertile one. It produced some truly notable offspring—novels that cross genre boundaries to find innovative forms, and treatises that fuse literature and philosophy in new ways. In her illuminating interdisciplinary study of Spanish fiction of the "Silver Age," Roberta Johnson places this important body of Spanish literature in context through a synthesis of social, literary, and philosophical history. Her examination of the work of Miguel de Unamuno, Pio Baroja, Azorin, Ramon Perez de Ayala, Juan Ramon Jimenez, Gabriel Miro, Pedro Salinas, Rosa Chacel, and Benjamin Jarnes brings to light philosophical frictions and debates and opens new interpersonal and intertextual perspectives on many of the period's most canonical novels. Johnson reformulates the traditional discussion of generations and "isms" by viewing the period as an intergenerational complex in which writers with similar philosophical and personal interests constituted dynamic groupings that interacted and constantly defined and redefined one another. Current narratological theories, including those of Todorov, Genette, Bakhtin, and Martinez Bonati, assist in teasing out the intertextual maneuvers and philosophical conflicts embedded in the novels of the period, while the sociological and biographical material bridges the philosophical and literary analyses. The result, solidly grounded in original archival research, is a convincingly complete picture of Spain's intellectual world in the first thirty years of this century. *Crossfire* should revolutionize thinking about the Generation of '98 and the Generation of '14 by identifying the heterogeneous philosophical sources of each and the writers' reactions to them in fiction.

Uncle Tungsten Oliver Sacks 2013-12-11 Long before Oliver Sacks became a distinguished neurologist and bestselling writer, he was a small English boy fascinated by metals—also by chemical reactions (the louder and smellier the better), photography, squids and cuttlefish, H.G. Wells, and the periodic table. In this endlessly charming and eloquent memoir, the author of *The Man Who Mistook His Wife for a Hat* and *Awakenings* chronicles his love affair with science and the magnificently odd and sometimes harrowing childhood in which that love affair unfolded. In *Uncle Tungsten* we meet Sacks' extraordinary family, from his surgeon mother (who introduces the fourteen-year-old Oliver to the art of human dissection) and his father, a family doctor who imbues in his son an early enthusiasm for housecalls, to his "Uncle Tungsten," whose factory produces tungsten-filament lightbulbs. We follow the young Oliver as he is exiled at the age of six to a grim, sadistic boarding school to escape the London Blitz, and later watch as he sets about passionately reliving the exploits of his chemical heroes—in his own home laboratory. *Uncle Tungsten* is a crystalline view of a brilliant young mind springing to life, a story of growing up which is by turns elegiac, comic, and wistful, full of the electrifying joy of discovery.

Butterfly's Tongue Manuel Rivas 2011-04-05 *Butterfly's Tongue* tells of the friendship between a boy and an anarchist schoolmaster, born of their mutual interest in animal and insect life, and destroyed by the start of the Spanish Civil War. "A Saxophone in the Mist" and "Carmina" also tell of first experiences with the adult world.

El secreto de las fiestas Francisco Casavella 2018-06-20 Una deslumbrante novela de iniciación sobre un joven que se siente raro e inadaptado. «Soy un raro de concurso», confiesa en la primera frase de la novela Daniel Basanta, también conocido como Danielucho, o Lucho a secas. «Mi rareza es de marciano en misión especial en la Tierra, que disimula el día entero, todos le siguen mirando y el marciano no sabe por qué, y resulta que le miran porque es verde.» Daniel es un marciano que no acaba de encajar en el mundo. ¿O acaso es el mundo el que es raro de narices? Esta es una novela de formación —eso que los alemanes llaman Bildungsroman—, solo que con futbolines, una máquina del millón, congas y rumbas, gente de barrio, primeros amores y un mítico surfista de nombre Mickey Dora al que le ofrecieron la fama y optó por desaparecer... Y, como en toda novela de formación, hay una búsqueda, solo que en este caso no es la del Santo Grial, o acaso sí, porque lo que busca Daniel es nada menos que el Secreto de las Fiestas. Es su abuelo, cosmopolita a su pesar con sus viajes por el mundo tocando la conga, el que le cuenta ese secreto, resumido en siete pautas, la última de las cuales dice: «Reconoce que el secreto nunca termina.» Y ese abuelo es solo el primero de los bichos raros con los que Daniel irá topándose: también están su padre, que tocaba para los marineros de la VI Flota cuando desembarcaban en Barcelona, y Chenta, que no es raro sino rara, y Laura... Y si la novela está poblada de raros inadaptados, también incluye en su seno una singular rareza: fue escrita dos veces. Casavella la publicó en 1997 como obra juvenil y la reescribió en 2006 en versión adulta, haciéndola más áspera y sombría, perfilando a Daniel como uno de sus grandes antihéroes que luchan por abrirse paso en un mundo que no acaban de entender, siempre con la ciudad de Barcelona al fondo.

When the reading of her father's will reveals that *Audrina* herself will control fifty-one percent of the family brokerage—the halls of *Whitefern* again don't feel safe. *Arden*'s protestations become frantic, nearly violent. And while *Audrina* didn't

anticipate running the family business, she's curious to do so. And she can't help but wonder what had made her father change his will at the last minute? What did he know about Arden that she didn't? Trapped in the middle of it all: her fragile, simple sister—the beautiful, trusting Sylvia. Audrina promised her father she'd watch over the young woman. But after years of relative quiet, the dark days of Whitefern may have returned...

La teoría de los muchos mundos Christopher Edge 2017-05-03 «¿Hasta dónde irías para intentar cambiar el mundo?» La divertida aventura de Albie en busca de su madre a través del espacio y del tiempo. Cuando la madre de Albie muere, apenas si es natural que él pregunte a dónde ha ido. Sus padres son científicos y siempre han tenido casi todas las respuestas. Papá musita algo sobre la física cuántica y los universos paralelos, y eso basta para que Albie se ponga manos a la obra, consiga una caja, un ordenador y un plátano semipodrido, y se envíe a sí mismo a través del espacio y del tiempo en busca de su madre. Lo que descubre tal vez no sea lo que estaba buscando, pero sin duda le proporciona las respuestas a algunas de las preguntas más importantes. Reseñas: «Un gran libro, con un gran cerebro, grandes risas y un gran corazón.» Frank Cottrell Boyce «Superdivertida y entrañable.» Piers Torday, autor de *El último rebaño* «Prueba la teoría de que las novelas sobre ciencia pueden ser absolutamente divertidas.» *The Times*

Horizontal Vertigo Juan Villoro 2021-03-23 At once intimate and wide-ranging, and as enthralling, surprising, and vivid as the place itself, this is a uniquely eye-opening tour of one of the great metropolises of the world, and its largest Spanish-speaking city. *Horizontal Vertigo*: The title refers to the fear of ever-impending earthquakes that led Mexicans to build their capital city outward rather than upward. With the perspicacity of a keenly observant flaneur, Juan Villoro wanders through Mexico City seemingly without a plan, describing people, places, and things while brilliantly drawing connections among them. In so doing he reveals, in all its multitudinous glory, the vicissitudes and triumphs of the city's cultural, political, and social history: from indigenous antiquity to the Aztec period, from the Spanish conquest to Mexico City today—one of the world's leading cultural and financial centers. In this deeply iconoclastic book, Villoro organizes his text around a recurring series of topics: "Living in the City," "City Characters," "Shocks," "Crossings," and "Ceremonies." What he achieves, miraculously, is a stunning, intriguingly coherent meditation on Mexico City's genius loci, its spirit of place.

Engaging the Emotions in Spanish Culture and History Luisa Elena Delgado 2016-06-20 Rather than being properties of the individual self, emotions are socially produced and deployed in specific cultural contexts, as this collection documents with unusual richness. All the essays show emotions to be a form of thought and knowledge, and a major component of social life—including in the nineteenth century, which attempted to relegate them to a feminine intimate sphere. The collection ranges across topics such as eighteenth-century sensibility, nineteenth-century concerns with the transmission of emotions, early twentieth-century cinematic affect, and the contemporary mobilization of political emotions including those regarding nonstate national identities. The complexities and effects of emotions are explored in a variety of forms—political rhetoric, literature, personal letters, medical writing, cinema, graphic art, soap opera, journalism, popular music, digital media—with attention paid to broader European and transatlantic implications.

Los inquietos LINN ULLMANN 2021-11-08 Él es un prestigioso cineasta sueco, un hombre obsesionado con el orden, la puntualidad y el control de los sentimientos. Ella es su hija, la menor de nueve hermanos. Cada verano, desde que era una niña, ha visitado a su padre en la remota isla de Fårö. Ahora que ella es una joven escritora y él un anciano, proyectan hacer un libro sobre la vejez que se basa en una serie de conversaciones grabadas. «Envejecer —dice el padre— es un trabajo duro, difícil y muy poco glamuroso.» Y, en efecto, su declive físico y mental, preludio de una muerte cercana, dejará el proyecto a medias. La escritura de *Los inquietos* da inicio siete años después, cuando Linn Ullmann reúne el valor para escuchar las cintas que habían quedado arrumbadas en una caja. Ante el carácter elíptico y fragmentario de dicho material, acude a sus recuerdos de infancia y juventud para recrear una de las constelaciones familiares más fascinantes del siglo XX, en cuyo origen está el «amor grande y revolucionario» que unió a sus padres. Intercalando el relato autobiográfico con la transcripción de las grabaciones, Ullmann evoca la relación zigzagueante entre dos artistas absorbidos por el trabajo y una niña que tiene prisa por ser adulta, y se asoma a uno de los grandes misterios de la condición humana: «No se puede saber mucho de la vida de otros, especialmente de los propios padres.»
