The Godwhale T. J. Bass 2014-03-13 A post-apocalyptic dystopian fable by the acclaimed author of HALF PAST HUMAN, with an introduction by Ken MacLeod Rorqual Maru was a cyborg - part organic whale, part mechanised ship - and part god. She was a harvester - a vast plankton rake, now without a crop, abandoned by earth society when the seas died. So she selected an island for her grave, hoping to keep her carcass visible for salvage. Although her long ear heard nothing, she believed that man still lived in his hive. If he should ever return to the sea, she wanted to serve. She longed for the thrill of a human's bare feet touching the skin of her deck. She missed the hearty hails, the sweat and the laughter. She needed mankind. But all humans were long gone ... or were they?

The Chosen J. R. Ward 2017 -Xcor, leader of the Band of Bastards, convicted of treason against the Blind King, is facing a brutal interrogation and torturous death at the hands of the Black Dagger Brotherhood. Yet after a life marked by cruelty and evil deeds, he accepts his soldier's fate, his sole regret the loss of a sacred female who was never his: the Chosen Layla. Layla alone knows the truth that will save Xcor's life. But revealing his sacrifice and his hidden heritage will expose them both and destroy everything Layla holds dear--even her role of mother to her precious young---Amazon.com.

The New Essentials Cookbook America's Test Kitchen 2018-09-25 Take your cooking skills to the next level while developing a knockout repertoire of 200 essential dishes that satisfy what our modern palates crave, from simple meals to dinner-party centerpieces. We've made improvements to well-loved dishes by incorporating innovative techniques in recipes such as Butter-Basted Rib-Eye Steak and added modern classics such as Vegetable Bibimbap and Olive Oil-Yogurt Bundt Cake. In this book, you'll find the perfect roast chicken and a killer banana bread but also a Turkish-inspired tomato soup, luscious Chinese braised short ribs, and a set of wholesome grain bowls. A chapter on weeknight dinners offers smart paths to great flavor--from Bucatini with Peas, Kale, and Pancetta that cooks in one pot to a pizza that bakes in a skillet--including plenty of vegetarian options. Other chapters turn up the volume on breakfast and dessert standbys; try the 100 Percent Whole-Wheat Pancakes and Brown Sugar Cookies and you may never go back to the regular versions. We'll also help you pull off your next--or even your first!--dinner party with recipes guaranteed to impress (and to work), such as Braised Lamb Shanks with Bell Peppers and Harissa, Miso-Marinated Salmon, and Roasted Zucchini and Eggplant Lasagna. Most of us--not just newbies--could stand to bone up on certain culinary basics, and our methods may surprise even more experienced cooks, from seeding fresh chiles (we use a measuring spoon) to hulling strawberries (a plastic straw works well). And that's just the tip of the iceberg of what these recipes teach. You'll discover how to "reverse sear" thick pork chops so they turn out juicy all the way through, grind meat in a food processor for the ultimate burger, and shape fresh corn tortillas without a tortilla press or rolling pin. As you progress through this book, you will also gain a deeper understanding of ingredients, better techniques, and the secrets we use in the test kitchen via sidebars

called "Think Like a Cook," which offers insights that can help in your larger culinary life. For example: How to Be an Avocado Whisperer: Squeezing that avocado is just going to bruise it. Learn a better way to tell when it's ripe. Improvising a Pan Sauce: After searing a steak, chop, or chicken breast, don't clean the pan! We show you how to use these browned bits to make a rich, deeply flavored sauce. How Cheese Melts: Learn why some cheeses melt smoothly while others turn greasy--plus a trick to help cheddar melt without breaking. The Egg-Doneness Continuum: See the difference between soft-, hard-, and overcooked eggs and find a foolproof method for nailing it every time (and removing the shells more easily).

**How Not to Write a Novel** Howard Mittelmark 2009-03-17 "What do you think of my fiction book writing?" the aspiring novelist extorted. "Darn," the editor hectorred, in turn. "I can not publish your novel! It is full of what we in the business call 'really awful writing.'" "But how shall I absolve this dilemma? I have already read every tome available on how to write well and get published!" The writer tossed his head about, wildly. "It might help," opined the blonde editor, helpfully, "to ponder how NOT to write a novel, so you might avoid the very thing!" Many writing books offer sound advice on how to write well. This is not one of those books. On the contrary, this is a collection of terrible, awkward, and laughably unreadable excerpts that will teach you what to avoid—at all costs—if you ever want your novel published. In *How Not to Write a Novel*, authors Howard Mittelmark and Sandra Newman distill their 30 years combined experience in teaching, editing, writing, and reviewing fiction to bring you real advice from the other side of the query letter. Rather than telling you how or what to write, they identify the 200 most common mistakes unconsciously made by writers and teach you to recognize, avoid, and amend them. With hilarious "mis-examples" to demonstrate each manuscript-mangling error, they'll help you troubleshoot your beginnings and endings, bad guys, love interests, style, jokes, perspective, voice, and more. As funny as it is useful, this essential how-NOT-to guide will help you get your manuscript out of the slush pile and into the bookstore.

**Brief Interviews with Hideous Men** David Foster Wallace 2009-09-24 In this thought-provoking and playful short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many guises. Among the stories are 'The Depressed Person,' a dazzling and blackly humorous portrayal of a woman's mental state; 'Adult World,' which reveals a woman's agonized consideration of her confusing sexual relationship with her husband; and 'Brief Interviews with Hideous Men,' a dark, hilarious series of imagined interviews with men on the subject of their relations with women. Wallace delights in leftfield observation, mining the absurd, the surprising, and the illuminating from every situation. This collection will enthrall DFW fans, and provides a perfect introduction for new readers.

Patrulla de Placer Naomi Berry 2021-05-29 ¡Un enfoque revolucionario para alcanzar el orgasmo! ¡Reaviva tu vida sexual, recupera tu dormitorio sin vida! Al igual que ofrecen placer y diversión, los juguetes sexuales pueden ser un valioso ayudante en el tratamiento clínico. Una amplia gama de individuos puede decidir usar juguetes sexuales, por diversas razones. Para algunos, el uso de juguetes sexuales es la forma más fácil de tener un orgasmo. Para las personas transexuales, no binarias o que no se ajustan al género, ciertos juguetes sexuales pueden ayudar a mantener su personalidad sexual. Algunas personas con discapacidades utilizan juguetes sexuales para que les resulte más sencillo masturbarse, tener sexo o realizar ciertos ejercicios o posiciones sexuales.

Los juguetes sexuales también pueden ayudar a tratar las indicaciones de problemas específicos, como la disfunción eréctil, los problemas de excitación, el problema sexual hipoactivo y el problema del orgasmo. Además, algunas personas descubren que los juguetes sexuales les ayudan a controlar los resultados sexuales de determinados fármacos, enfermedades o menopausia, como el bajo deseo sexual o la disminución de la sensación en sus genitales. Para las mujeres Los juguetes sexuales pueden ser útiles en la terapia de los síntomas de la menopausia, por ejemplo, la atrofia vaginal; la agonía y la estrechez vulvar/vaginal debido al vaginismo, la vulvodinia, la liquen esclerosa y las intervenciones quirúrgicas; las afecciones neurológicas, por ejemplo, una buena cantidad de esclerosis; la ausencia de excitación y la baja libido. Una ventaja sorprendente del uso de juguetes sexuales fue una mejora en el descanso y la sudoración menopáusica nocturna. Además, existen pruebas de que la utilización de vibradores finos insertables con una gran cantidad de pomada vaginal de buena calidad puede ayudar a aumentar el flujo sanguíneo vaginal, mejorando los efectos secundarios de algunas afeccio

The Sexual Practices of Quodoushka Amara Charles 2011-07-26 Practical exercises to reach higher levels of orgasm, renew relationships, and discover the healing power of sex • Illustrates how to identify and best please the nine male and female genital anatomy types--such as Coyote Man or Buffalo Woman • Provides exercises for greater sexual pleasure and orgasmic intensity, including the Firebreath exercise for full-body orgasm • Explains how to perform powerful healing sexual energetic work with the chakras and light body Based on ancient Mayan, Olmec, and Toltec teachings passed down through the generations by the Twisted Hair Nagual Elders of the Sweet Medicine Sundance Path, the practice of Quodoushka offers practical guidance on sex, intimacy, and relationships as well as how to reach higher levels of orgasm and sexual ecstasy. Working with the healing power of sexual union and orgasm, this practice offers a path to repair emotional wounds and sexual insecurities, revive monotonous relationships, and discover the sweet medicine of sex. Revealing these once-secret teachings for the first time, initiated Quodoushka instructor Amara Charles explains the physical, energetic, and sexual qualities of the nine male and female genital anatomy types--such as Coyote Man or Buffalo Woman--and how to identify and best please each type as well as take pride in your own unique anatomy. Describing the nine variations of orgasmic expression--from avalanche to forest fire--she provides exercises for greater sexual pleasure and increased orgasmic intensity, including the Firebreath exercise, a method for reaching a full-body orgasm through breathwork. Covering role playing and sexual energetic work with the chakras and the light body as well as ceremonies to bring the sacred back into your lovemaking, the practice of Quodoushka reveals how we can--through pleasure--become more sensitive, creative lovers.

**Oxford Textbook of Geriatric Medicine** J. Grimley Evans 2003 The Oxford Textbook of Geriatric Medicine is the definitive international textbook on a medical discipline of ever-increasing importance. It provides a reference on all aspects of the medical care of older persons. There is detailed clinical information on every disease, given with reference to the changes that take place with ageing, and the resultant appropriate management and prevention in older patients. There are major sections on common problems such as falls, incontinence, and delirium. There is full coverage of ethical issues, outcomes, long-term institutional care, communication with patients, the provision of services, community-orientated support services, and the contribution of non-medical specialists to the care of old people. There are outstanding sections on autonomic dysfunction, nutrition, back pain, measurement of quality of life, healthy life expectancy, arterial disease, failure to thrive, sexuality, perioperative care, special problems such as elder abuse, driving, and a 'useful information' section containing tests and scales. The need to balance, for the individual patient, the potential for benefit from modern technology with the risk of ill-effects is central to the practice of medicine in an ageing society. The contributors give clear advice on management, based on a review of the available evidence and emphasizing where data are limited, and all chapters have been edited by clinicians actively involved in the day-to-day problems of caring for older people. The Oxford Textbook of Geriatric Medicine takes a fully international perspective, with specialist contributors from many countries. It will provide every physician involved in the care of older patients with a comprehensive resource on all the clinical problems they are likely to encounter, as well as on related psychological, philosophical and social issues.

The Dare Harley Laroux 2021-01-26 Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.

*Bark* Lorrie Moore 2014-02-25 In these eight masterful stories, Lorrie Moore, in a perfect blend of craft and bewitched spirit, explores the passage of time, and summons up its inevitable sorrows and hilarious pitfalls to reveal her own exquisite, singular wisdom. In "Debarking," a newly divorced man tries to keep his wits about him as the United States prepares to invade Iraq, and against this ominous moment, we see--in all its irresistible hilarity and darkness--the perils of divorce and what can follow in its wake. . . . In "Foes," a political argument goes grotesquely awry as the events of 9/11 unexpectedly manifest at a fund-raising dinner in Georgetown. . . . In "The Juniper Tree," a teacher, visited by the ghost of her recently deceased friend, is forced to sing "The Star-Spangled Banner" in a kind of nightmare reunion. . . . And in "Wings," we watch the unraveling of two once-hopeful musicians who neither held fast to their dreams nor struck out along other paths as Moore deftly depicts the intricacies of dead ends and the workings of regret. Gimlet-eyed social observation, the public and private absurdities of life, dramatic irony, and enduring half-cracked love wend their way through each of these narratives in a heartrending mash-up of the tragic and the laugh-out-loud--the hallmark of Lorrie Moore-land.

Sexual Chemistry Lara Marks 2010-01-01 BIRTH CONTROL, CONTRACEPTION, FAMILY PLANNING. Heralded as the catalyst of the sexual revolution and the solution to global overpopulation, the contraceptive pill was one of the twentieth century's most important inventions. It has not only transformed the lives of millions of women but has also pushed the limits of drug monitoring and regulation across the world. This deeply-researched new history of the oral contraceptive shows how its development and use have raised crucial questions about the relationship between science, medicine, technology, and society. Lara Marks explores the reasons why the pill took so long to be developed and explains why it did not prove to be the social panacea envisioned by its inventors. Unacceptable to the Catholic Church, rejected by countries such as India and Japan, too expensive for women in poor countries, it has, more recently, been linked to cardiovascular problems.

**Surgery of the Auricle** Hilko Weerda 2011-01-01 Winner of the First Prize in ENT at the 2008 BMA (British Medical Association) Medical Book Competition This book is a comprehensive guide to the delicate and complex reconstructive procedures for the external ear. Featuring concise descriptions, step-by-step instructions, and numerous before and after photos, this book provides surgeons with the essential knowledge that successful surgery in this difficult field demands. The book opens with an overview of the anatomy and anthropometry of the external ear, aesthetic principles of auricular reconstruction, and the basic principles of plastic surgery. Separate sections of the book provide in-depth discussion of the techniques for managing tumors, trauma and non-inflammatory processes, auricular defects, and abnormalities. Features: More than 1,300 illustrations and photographs that aid comprehension of auricular problems and surgical steps Detailed discussion of classification of auricular defects and abnormalities Coverage of the radiologic examination of malformations of the petrous temporal bone An incomparable reference for all surgeons specializing in treating defects and disorders of the external ear, this volume succeeds beautifully in capturing the myriad creative, scientific, and technical facets of auricular reconstruction.
