Durga/Umayi Y. B. Mangunwijaya 2004 This first English edition of the satirical Indonesian novel (1991) affords an overview of the Sukarno and Suharto eras and insight into the postcolonial condition This scathingly satirical and hilarious novel, first published in Indonesia in 1991, affords both a blithely irreverent overview of Indonesian history in the Sukarno and Suharto eras, and brilliant insights into the postcolonial condition. Mangunwijaya (1929-2001) was a well-known Indonesian political activist and writer, as well as a Catholic priest, engineer, and architect. Framed by the world of ritual shadow plays - the realm of witches like Durga and the goddess Umayi - Mangunwijaya's novel gives an unblinking but remarkably compassionate account of people caught up in the great nationalist maelstrom of Indonesia's recent history.

Sakti - The Power in Tantra Rajmani Tigunait 1998 The unfoldment of shakti, the power inherent in the core of our being, is the key to all worldly and spiritual success. All spiritual traditions, particularly tantra, aim at awakening this dormant power within us. Because it is so vital to our inner growth, without having an in-depth knowledge of the role of shakti, the study and practice of any spiritual tradition is like farming barren ground. The subject matter of this work, while seemingly focused only on shakti, nevertheless opens doors to a vast range of tantric philosophy and practices. It clarifies how tantric philosophy and practice unify the concepts of yantra, mandala, mantra, chakra, kundalini, deities, and ritualistic and meditative practices. It also explains the relationship among the different branches of tantra and tackles the controversial issues concerning the right-handed and left-handed tantric practices.

Architecture of Mānasāra N. C. Panda 2011

A Fragile Nation Khoon Choy Lee 1999 Since the fall of President Suharto in May 1998, Indonesia, the third largest country in Asia, has been facing a political, economic and social crisis. Racial and religious clashes, culminating in riots, burning and chaos, have become a daily event throughout the country. There are signs that this multi-racial, multi-religious and multi-cultural country may disintegrate just as Yugoslavia and the Soviet Union. There are two major reasons why Indonesia is facing the crisis. First, Suharto failed to keep the balance of power between the armed forces and Islam, just as Sukarno had failed in his interplay of strength between Communism and the armed forces. When the balance was tilted, chaos and disasters followed. The second reason is that the Indonesian people, at least a section of them, have lost the spirit of tolerance -- symbolised in the Indonesian state crest, Bheneka Tunggal Ika ('Unity in Diversity') -- which is so vital in a multi-religious and plural society. The mass killing of thousands of ethnic Chinese on 13 May 1998; the appearance of mysterious 'ninja' murders, the burning of churches and mosques, and the religious clashes between Christians and Muslims in Ambon have all indicated that this spirit of tolerance which was once so strongly imbedded in the Indonesian culture is fast evaporating. There seems to be no more rule of law in the country. The cry for 'jihad' among the Muslims in Jakarta, to take revenge on the Christians in Ambon, is making the more moderate religious leaders panicky. There is a tendency among the Indonesians to take the law into their own hands. Some extreme Muslims even hope to establish an Islamic State of Indonesia. Economically, Indonesia's commerce and industries have been ruined, with foreign investors shunning the country. Millions of people are dying everyday from hunger. The economic situation is deteriorating everyday. The author of this book is the for

The Body of God D Dennis Hudson 2008-09-25 This remarkable book is the crowning achievement of the great scholar of Hinduism D. Dennis Hudson. Although Hudson died without completing it, the work has been brought to fruition by editor Margaret Case. The book is a finely detailed study of a renowned Tamil Hindu temple, the Vaikuntha Perumal (ca. 770 C.E.). Hudson uses this temple as an illustration of one major current and historical stage in South Indian Vaisnava religion. He offers a sustained reading of the temple as a coherent, organized, minutely conceptualized mandala whose code can be cracked by close analysis of the temple iconography and structure in the light of major literary and religious texts.

House of Glass Pramoedya Ananta Toer 1997-07-01 With House Of Glass comes the final chapter of Pramoedya's epic quartet, set in the Dutch East Indies at the turn of the century. A novel of heroism, passion, and betrayal, it provides a spectacular conclusion to a series hailed as one of the great works of modern literature. At the start of House of Glass, Minke, writer and leader of the dissident movement, is now imprisoned—and the narrative has switched to Pangemanann, a former policeman, who has the task of spying and reporting on those who continue the struggle for independence. But the hunter is becoming the hunted. Pangemanann is a victim of his own conscience and has come to admire his adversaries. He must decide whether the law is to safeguard the rights of the people or to control the people. He fears the loss of his position, his family, and his self-respect. At last Pangemanann sees that his true opponents are not Minke and his followers, but rather the dynamism and energy of a society awakened.

But, in the space of three years, Bandanese society changes as its people succumb to the temptations of Western materialism--a process that leads inevitably to social dissension and, finally, to rebellion. Written during the dying days of the Netherlands East Indies, Tambera is Utuy Tatang Sontani's most seminal work. In looking back to the beginnings of colonialism in the Indies, Sontani anticipates many of the philosophical and moral challenges that still confronted the nascent republic of Indonesia, three hundred and fifty years later.

Subud and the Javanese Mystical Tradition Antoon Geels 1997 Subud is one of hundreds of mystical movements (aliran kebatinan) which have grown significantly in postwar Indonesia. Along with other movements like Sumarah and Pangestu, Subud has attracted people from the West and has now spread to about eighty countries. Despite the fact that Subud leaders deny any relation to the Javanese mystical tradition, it is one of the tasks of this study to show that the greater part of Subud's conceptual apparatus is firmly rooted in the cultural history of Java. Under the banner of change and renewal, Subud presents a message which, fundamentally, is one of continuity in a society in transition. This text presents an overall picture of the history of Javanese mysticism, particularly the concept of God, the view of man, and the techniques recommended in order to bridge the gap between God and man. The text discusses the rise of mystical movements in post-war Java, along with a presentation of three movements which attracted the West. In addition the book provides a biography of the founder of Subud, the basic concepts of Subud and the meaning of the Subud spiritual exercise (latihan kejiwaan), along with an analysis of Subud theory and practice and its relation to the Javanese mystical tradition, and a psychological interpretation of the spiritual exercise.
