Philip Larkin: Letters to Monica Philip Larkin 2012-04-26 Philip Larkin met Monica Jones at University College Leicester in autumn 1946, when they were both twenty-four; he was the newly-appointed assistant librarian and she was an English lecturer. In 1950 Larkin moved to Belfast, and thence to Hull, while Monica remained in Leicester, becoming by turns his correspondent, lover and closest confidante, in a relationship which lasted over forty years until the poet's death in 1985. This remarkable unpublished correspondence only came to light after Monica Jones's death in 2001, and consists of nearly two thousand letters, postcards and telegrams, which chronicle - day by day, sometimes hour by hour - every aspect of Larkin's life and the convolutions of their relationship.

Skin Game Caroline Kettlewell 2013-06-04 "There was very fine, an elegant pain, hardly a pain at all, like the swift and fleeting burn of a drop of hot candle wax...Then the blood welled up and began to distort the pure, stark edges of my delicately wrought wound. "The chaos in my head spun itself into a silk of silence. I had distilled myself to the immediacy of hand, blade, blood, flesh." There are an estimated two to three million "cutters" in America, but experts warn that, as with anorexia, this could be just the tip of the iceberg of those affected by this little-known disorder. Cutting has only just begun to enter public consciousness as a dangerous affliction that tends to take hold of adolescent girls and can last, hidden and untreated, well into adulthood. Caroline Kettlewell is an intelligent woman with a promising career and a family. She is also a former cutter, and the first person to tell her own story about living with and overcoming the disorder. She grew up on the campus of a boys' boarding school where her father taught. As she entered adolescence, the combination of a family where frank discussion was avoided and life in what seemed like a fishbowl, where she and her sister were practically the only girls the students ever saw, became unbearable for Caroline. She discovered that the only way to find relief from overpowering feelings of self-consciousness, discomfort, and alienation was to physically hurt herself. She began cutting her arms and legs in the seventh grade, and continued into her twenties. Why would a rational person resort to such extreme measures? How did she recognize and overcome her problem? In a memoir startling for its honesty, humor, and poignancy, Caroline Kettlewell offers a clear-eyed account of her own struggle to survive this debilitating affliction.

A Righteous Gentile Augusto Ferrera 2009-12-31 It is the early 1970s when Peter Kramer, a special envoy to the president of the United States, successfully concludes an Arab-Israeli peace treaty. A few weeks before the official signing, Kramer's secret past is discovered and threatens to wreck not only the treaty, but also the precarious balance of world peace. It seems Kramer is not who he appears to be. This startling revelation sets into motion a course of events with roots planted during the Holocaust that now have crept into the highest echelons of international politics and finance—and the events seem to be unstoppable unless some of the players are eliminated. Baruch Ben-David, the prime minister of Israel, owes his life to Kramer and is willing to prove his

gratitude many times over. Meanwhile, Simon Jensen, the egocentric president of the United States, appears mentally unstable; and Paul Cline, a political assassin, faces his most difficult challenge. At the center of this deadly paradox stands Peter Kramer himself as he walks a thin moral tightrope between being a traitor to his people or a traitor to himself.

Diaries and Selected Letters Mikhail Bulgakov 2018-01-01 The career of Mikhail Bulgakov, the author of *The Master and Margarita* - now regarded as one of the masterpieces of twentieth-century literature - was characterized by a constant and largely unsuccessful struggle against state censorship. This suppression did not only apply to his art: in 1926 his personal diaries were seized by the authorities. From then on he confined his thoughts to letters to his friends and family, as well as to public figures such as Stalin and his fellow Soviet writer Gorky. This ample selection from the diaries and letters of Mikhail Bulgakov, mostly translated for the first time into English, provides an insightful glimpse into the author's world and into a fascinating period of Russian history and literature, telling the tragic tale of the fate of an artist under a totalitarian regime.

sexuality: Girls don't choose boys, boys choose girls—but only sexy girls; there's only one kind of sexy—slender, curvy, white beauty; girls should work to be that type of sexy; the younger a girl is, the sexier she is; and sexual violence can be hot. Together, these five myths make up the Lolita Effect, the mass media trends that work to undermine girls' self-confidence, that condone female objectification, and that tacitly foster sex crimes. But identifying these myths and breaking them down can help girls learn to recognize progressive and healthy sexuality and protect themselves from degrading media ideas and sexual vulnerability.

The Sweetness of Herbert Stuart Krimko 2009 Poetry. The English poet George Herbert (1593-1633) developed simple, auric figures and parables that chart the trajectories of hope and despair. In THE SWEETNESS OF HERBERT, his second book of poetry from Sand Paper Press, Stuart Krimko uses a wide range of formal techniques in an attempt to test the efficacy of Herbert's existential coping methods. The boredom of daily life, the almost-certain entropic effects of the passage of time, and the surprising enthusiasm that is somehow born of these conditions all come under review. No formal rock is left unturned, as Krimko uses and abuses rhyme, enjambment, syntax, and varied diction like grimy wooden playthings. References to Judy Blume, Rogaine, spring break, William Blake, Gabriel, the Commodore 64, and the poet's own name are made, exemplifying Krimko's belief that, "Even when the world is menacing, it sings."

Adventure, Romance and War in the Far East Iris Hay-Edie Johannessen 2015-06-26 *Adventures, Romance and War in the Far East* is a fascinating true story based on the diary and memoir of Iris Hay-Edie, an attractive and free-spirited Scottish girl who grew up in the glamorous French Riviera during the 1920's. Suffering under her strict mother, she ran away from home and never turned back. Iris leads us on an enchanted journey around the world to what were then remote outposts of waning European empires during the 1930's. Reaching Hong Kong, she falls in love, but soon after, the Japanese invade China, bombing her new home with her and her young family inside it. Opting to escape prison camp, they flee across China, over the "Hump" of the Himalayas, to India and Kashmir beyond. Her outgoing and positive personality captivates the reader, and her old photos and postcards add an extra dimension of interest to this historical account of her extraordinary life as a rebellious, independent woman in a bygone era of colonial powers and decadence, of the brutal war in the Pacific, and of the growth of the Far East into the powerhouse that Asia is today.

faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.
