The truth is, healthy skin and nails start from within, including what you eat and drink and how well you sleep each night. In this book, you'll learn the basics of skin hygiene, including the right tools and tricks for your skin type, staying safe in the sun, attacking pimples if they pop up, and shaving tips for when you're ready for razors. You'll find tips for keeping nails clean and neat, too.

One Fair Wage Saru Jayaraman 2021-10-19 From the author of the acclaimed *Behind the Kitchen Door*, a powerful examination of how the subminimum wage and the tipping system exploit society's most vulnerable "No one has done more to move forward the rights of food and restaurant workers than Saru Jayaraman." —Mark Bittman, author of *The Kitchen Matrix* and *A Bone to Pick* Before the COVID-19 pandemic devastated the country, more than six million people earned their living as tipped workers in the service industry. They served us in cafes and restaurants, they delivered food to our homes, they drove us wherever we wanted to go, and they worked in nail salons for as little as \$2.13 an hour—the

federal tipped minimum wage since 1991—leaving them with next to nothing to get by. These workers, unsurprisingly, were among the most vulnerable workers during the pandemic. As businesses across the country closed down or drastically scaled back their services, hundreds of thousands lost their jobs. As in many other areas, the pandemic exposed the inadequacies of the nation's social safety net and minimum-wage standards. One of New York magazine's "Influentials" of New York City, one of CNN's Visionary Women in 2014, and a White House Champion of Change in 2014, Saru Jayaraman is a nationally acclaimed restaurant activist and the author of the bestselling *Behind the Kitchen Door*. In her new book, *One Fair Wage*, Jayaraman shines a light on these workers, illustrating how the people left out of the fight for a fair minimum wage are society's most marginalized: people of color, many of them immigrants; women, who form the majority of tipped workers; disabled workers; incarcerated workers; and youth workers. They epitomize the direction of our whole economy, reflecting the precariousness and instability that is increasingly the lot of American labor.

Rescue Your Nails Ji Baek 2015-08-04 Skip the spa and give yourself an at home manicure—and here's the perfect author to show how. Ji Baek, the high-energy owner of New York's hottest nail salons, the *Rescue Beauty Lounge*—written about from *Vogue* to *InStyle*, *Lucky* to *Harper's Bazaar*, used by designers and stylists, patronized by actors, fashionistas, professionals, and more—presents the definitive guide to beautiful hands and feet. Emphasizing natural beauty, cleanliness, and simplicity, it covers the science of the nail, and why it's important to take vitamins, file regularly, and moisturize constantly; the care of the nail, with step-by-step illustrated directions to achieving professional-quality home manicures and pedicures, including tools, techniques, lotions, polishes; the dressing of the nail—shapes, colors, and styles; the health of the nail and the surrounding skin—how to heal split nails, brittle nails, and ingrown nails, and take care of common problems like calluses and sunspots.

Not Just a Pretty Face Stacy Malkan 2007-10-01 “This book should be read by women and men who have trusted, for too long, the companies whose products get inside their bodies and their minds.” —Ralph Nader, political activist and consumer advocate Lead in lipstick? 1,4 dioxane in baby soap? Coal tar in shampoo? How is this possible? Simple. The \$35 billion cosmetics industry is so

powerful that they've kept themselves unregulated for decades. Not one cosmetic product has to be approved by the U.S. Food and Drug Administration before hitting the market. Incredible? Consider this:

- The European Union has banned more than 1,100 chemicals from cosmetics. The United States has banned just 10.
- Only 11% of chemicals used in cosmetics in the U.S. have been assessed for health and safety—leaving a staggering 89% with unknown or undisclosed effects.
- More than 70% of all personal care products may contain phthalates, which are linked to birth defects and infertility.
- Many baby soaps are contaminated with the cancer-causing chemical 1,4 dioxane. It's not just women who are affected by this chemists' brew. Shampoo, deodorant, face lotion and other products used daily by men, women and children contain hazardous chemicals that the industry claims are "within acceptable limits." But there's nothing acceptable about daily multiple exposures to carcinogenic chemicals—from products that are supposed to make us feel healthy and beautiful. Not Just a Pretty Face delves deeply into the dark side of the beauty industry and looks to hopeful solutions for a healthier future. This scathing investigation peels away less-than-lovely layers to expose an industry in dire need of an extreme makeover. "Thank you Stacy for exposing the truth. The jig is up!" —Fran Drescher, star of the Emmy Award-winning series *The Nanny*

Contemporary Asian America (third Edition) Min Zhou 2016-04-19 The third edition of the foundational volume in Asian American studies *Who are Asian Americans? Moving beyond popular stereotypes of the "model minority" or "forever foreigner,"* most Americans know surprisingly little of the nation's fastest growing minority population. Since the 1960s, when different Asian immigrant groups came together under the "Asian American" umbrella, they have tirelessly carved out their presence in the labor market, education, politics, and pop culture. Many times, they have done so in the face of racism, discrimination, sexism, homophobia, and socioeconomic disadvantage. Today, contemporary Asian America has emerged as an incredibly diverse population, with each segment of the community facing its unique challenges. When *Contemporary Asian America* was first published in 2000, it exposed its readers to the formation and development of Asian American studies as an academic field of study, from its inception as part of the ethnic consciousness movement of the 1960s to the systematic inquiry into more contemporary theoretical and practical issues facing Asian America at the century's end. It was the first volume to integrate a broad range of interdisciplinary research and approaches from a social science perspective to assess the effects of immigration, community development, and socialization on Asian American communities. This updated third edition discusses the impact of September 11 on Asian American

identity and citizenship; the continued influence of globalization on past and present waves of immigration; and the intersection of race, gender, sexuality, and class on the experiences of Asian immigrants and their children. The volume also provides study questions and recommended supplementary readings and documentary films. This critical text offers a broad overview of Asian American studies and the current state of Asian America.

Beauty Matters Laetitia DuPont 2021-12-15 Beauty is not everything. Yes, this is true, but I believe no one wants to be called less than beautiful. No one wants to look in the mirror feeling insecure and frustrated. I believe that feeling beautiful has a huge impact on our self-esteem and confidence. A beautiful person will always look attractive no matter what they wear or how much makeup they put on; this is because they take care of themselves and radiate positivity. Some women think that taking care of their appearance is a waste of time and that it is something reserved only for superficial women with a lot of free time. I think these women are actually just afraid to dare. Taking care of us and improving our appearance is a great act of love for ourselves. Believe it or not, beauty is in each of us and it is a blessing we have in this world. It may not always be seen, but it can be found everywhere. With this book, I like to help you to know your body to find and bring out your natural beauty. Physical beauty has many essential aspects: body shape, skin color, and texture, hair length, and quality, even fashion style. It's usually during our 20s or 30s that we start to get really curious about how our beauty is doing, especially on the subject of anti-aging. But not everyone is expert enough to show the beauty that is in them. This book will guide the "beauty without surgery" tips to be a fabulous woman. You will soon be able to discover

a lot of beauty secrets here and at the same time learn how to improve your self-confidence, to find and unleash the beauty that is hidden inside you. This book covers: The Importance of Diet for Your Beauty How to Maintain Good Posture Personal Hygiene Your Teeth and Oral Hygiene Care Tips for Your Skin, Hair, and Nails How to Treat Skin Problems Basic Skincare Products Use Guide Make-up and Skin Care Routines Tips Clothing, Underwear, and Accessories Guide Shoe guide Jewelry Guide for Women How to Love Yourself Remember that beauty is not only physical. Many things can make a person beautiful, but it is important to have the right mindset. Your inner self has a big impact, and the things one values about themselves will enhance the perception of their beauty. The first step to gaining self-confidence is to believe in yourself. When you feel good about the way you look, you can show it off. There is a saying: "beauty comes from within". It means that your inner beauty reflects on the outside and makes you more attractive and appealing. Loving yourself is an important step to being beautiful. This means knowing your strengths and weaknesses and being confident in who you are. So what are you waiting for? Your beauty journey starts here.

The Managed Hand Miliann Kang 2010-06-02 "This book is a must read for women's studies and sociology classes on labor, migration and gender as it provides its readers a rich and theoretically engaging discussion on feminine culture, the intersections of race, class, gender and migrant women's labor."—Rhacel Salazar Parreñas, Brown University "In *The Managed Hand*, Miliann Kang makes a significant contribution to the existing literature on Asian-American women, gender relations, service workers, beauty and the body. Based on fieldwork in nail salons, Kang reveals the social and emotional negotiations between and amongst women in that setting. We will never look at fingernails and what they

tell us about ourselves in the same way again!"—Rebecca King-O'Riain, author of *Pure Beauty: Judging Race in Japanese American Beauty Pageants* "I enjoyed reading Kang's work so much that I felt disappointed when I finished. The book is a wonderful example of what sociology does best—i.e., skillfully examining a relatively small site of interest, such that the analysis speaks not only to matters of individual experience and identity, but also to those of broader social and cultural processes and structures."—Debra L. Gimlin, author of *Body Work: Beauty and Self-Image in American Culture* "How did manicured nails become such ubiquitous symbols of feminine status? In this innovative and compelling ethnography, Kang unravels the many social consequences of the polished nail, bringing together insights from care work, ethnic enclave entrepreneurship, and gender and migration scholarship to illuminate the growing sector of body labor. All those who would dismiss manicured nails as socially irrelevant should read this book!"—Pierrette Hondagneu-Sotelo, author of *Domestica: Immigrant Workers Cleaning and Caring in the Shadows of Affluence*

Asian/Pacific Islander American Women Shirley Hune 2003-08 A groundbreaking anthology devoted to Asian/Pacific Islander American women and their experiences Asian/Pacific Islander American Women is the first collection devoted to the historical study of A/PI women's diverse experiences in America. Covering a broad terrain from pre-large scale Asian emigration and Hawaii in its pre-Western contact period to the continental United States, the Philippines, and Guam at the end of the twentieth century, the text views women as historical subjects actively negotiating complex hierarchies of power. The volume presents new findings about a range of groups, including recent immigrants to the U.S. and understudied communities. Comprised of original new work, it includes chapters on women who are Cambodian, Chamorro, Chinese, Filipino, Hmong, Japanese, Korean, Native Hawaiian, South Asian, and Vietnamese Americans. It addresses a wide range of women's experiences-as immigrants, military brides, refugees, American born, lesbians, workers, mothers, beauty contestants, and community activists. There are also pieces on historiography and methodology, and bibliographic and video documentary resources. This groundbreaking anthology is an important addition to the scholarship in Asian/Pacific American studies, ethnic studies, American studies, women's studies, and U.S. history, and is a valuable resource for scholars and students. Contributors include: Xiaolan Bao, Sucheng Chan, Catherine Ceniza Choy, Vivian Loyola Dames, Jennifer Gee, Madhulika S. Khandelwal, Lili M. The Making of Markova Tina Sutton 2013-08-06 As improbable as it is inspiring, the story of one of the greatest ballerinas of the twentieth century; her fortitude and reinvention; and her journey from the Ballets Russes, Balanchine, and Matisse to international stardom In pre-World War I England, a frail Jewish girl--so shy she barely spoke a word until age six and so sickly she needed to be homeschooled--is diagnosed with flat feet, knock knees, and weak legs. In short order, Lilian Alicia Marks would become a dance prodigy, the cherished baby ballerina of Sergei Diaghilev, and the youngest ever soloist at his famed Ballets Russes. It was there that George Balanchine choreographed his first ballet for her, Henri Matisse designed her costumes, and Igor Stravinsky taught her music--all when the re-christened Alicia Markova was just fourteen. But the timid British dancer would be forced to overcome poverty, jealousy, anti-

Semitism, and prejudices against her unconventional looks to become the greatest classical ballerina of her generation—and one of the most celebrated, self-reliant, and adventurous. A true ambassador of ballet, Markova co-founded touring companies, traveled to the far corners of the world, and was the first ballerina to appear on television. Given unprecedented access to Dame Markova's intimate journals and correspondence, Tina Sutton paints a full picture of the dancer's astonishing life and times in 1920s Paris and Monte Carlo; 1930s London; and wartime in New York and Hollywood. Ballet lovers and readers everywhere will be fascinated by the story of one of the twentieth century's great artists.
