Gender and Domestic Violence in the Caribbean Ann Marie Bissessar 2021-06-22 Domestic violence, interpersonal violence, intimate partner violence, or gender-based violence continues to be a social problem that is rarely understood or discussed in many parts of society, worldwide. The same holds true in the Anglophone Caribbean. Most Caribbean societies are patriarchal in nature, as most men govern and create the political and economic landscape where citizens live. This edited volume brings together reputable scholars of rigorous academic research from various disciplines (e.g., political science, law, linguistics, criminology, nursing, social work and psychology) to clearly explain the conceptual definition of domestic violence within the Latin American and Caribbean region's socio-political context. It will highlight who are the perpetrators as well as the victims of domestic violence and the consequences of allowing domestic violence to perpetuate in the region. This book is unique in the market today, as it is the only book grounded in the Caribbean providing a comprehensive overview of domestic violence with regards to the significance, victims, perpetrators, and the consequences.

Atlas for the Caribbean Collins Maps 2017-09-18 With comprehensive coverage of the Caribbean islands, gulfs and bays this atlas focuses on accurate mapping of all the Caribbean countries. Thematic maps of individual countries and the Caribbean region address topics specific to the syllabus. This completely new Collins Caribbean Student Atlas is created for the requirements of CSEC Geography students and is a vital tool for all students, with up-to-

date reference and thematic mapping, useful statistics and an extensive index. The Atlas has been specifically designed for CSEC students, however its well-researched content and uncluttered design makes it easy for all student use. Topics include population, climate, economy, industry, trade, tourism, history and the environment. All maps are created using the latest statistical information available. High quality satellite imagery, which has been selectively used within the special topic or study areas, supports data on the maps and is used to illustrate key environmental issues. Up-to-date data aids students wishing to create their own graphics to support individual projects.

Indo-Caribbean Feminist Thought Gabrielle Jamela Hosein 2016-11-25 Bringing together three generations of scholars, thinkers and activists, this book is the first to trace a genealogy of the specific contributions Indo-Caribbean women have made to Caribbean feminist epistemology and knowledge production. Challenging the centrality of India in considerations of the forms that Indo-Caribbean feminist thought and praxis have taken, the authors turn instead to the terrain of gender negotiations among Caribbean men and women within and across racial, class, religious, and political affiliations. Addressing the specific conditions which emerged within the region and highlighting the cross-racial solidarities and the challenges to narratives of purity that have been constitutive of Indo-Caribbean feminist thought, this collection connects to the broader indentureship diaspora and what can be considered post-indentureship feminist thought. Through examinations of literature, activism, art, biography, scholarship and public sphere practices, the collection highlights the complexity and richness of Indo-Caribbean engagements with feminism and social justice.

Let's Pass Social Studies Janice Richards 1994-01-01 With its pan-Caribbean approach, this text has been written to help the student with the Common Entrance Examination. It is expected that students have followed the Social Studies syllabus from infant level to Standard Five level. Each unit gives a summary of the major points for each content area, together with exercises, generally in the form of a multiple-choice test. This exercise tests the overall knowledge of the topic which a student should have, not merely knowledge of the revision summary.

Border Transgression and Reconfiguration of Caribbean Spaces Myriam Moïse 2020-09-28 A dividing line, the border is usually perceived in terms of separation and rupture. It is a site of tension par excellence, at the origin of contestations, negotiations, and other conflicting patterns of inclusion/exclusion. This book takes us through an exploration of the border in the Caribbean region, both geographically fragmented and strongly tied through its history, culture and people. This collection of scholarly articles interrogates the

border within the specificities of the Caribbean context, its socio-political dynamics and its literary and artistic representations. The transgression of borders and the consequent reconfiguring phenomena are thus applied to the Caribbean and its diasporas, through a transdisciplinary approach. The book combines a multiplicity of research fields, including Social Sciences, Cultural Geography, Geopolitics, Cultural and Literary Studies, hence it offers a global perspective on the topic and transcends disciplinary categories. The contents of the book also stretch beyond geographic and linguistic borders as the contributors come from diverse scholarly backgrounds, affiliations, linguistic areas, and research expertise.

Bright Sparks Laurie Sealy 2014-02

Discourses from Latin America and the Caribbean Eleonora Esposito 2018-10-02 This edited collection brings together the latest research on discourse and society in Latin America and Caribbean in one volume. Employing cross-cutting approaches to current political, institutional and media discourses, it bridges existing theoretical and analytical gaps between the socio-political macro issues and the micro aspects of linguistic analysis to provide fresh insights that deconstruct the complex socio-political power dynamics in Latin America and the Caribbean. Across eight chapters this volume explores the regions' thorny relationship with their complex histories of colonialism and slavery as well as the ongoing, multifaceted constructions of hegemonic and counter-hegemonic identities at the individual, regional and national levels. In doing so, it demonstrates the unique and rich particularities of these regions and why it is that they challenge many conventional dogmas and methods across the Social Sciences. This book will be of particular interest to scholars working in Discourse Studies, Sociology, Politics, Anthropology and Latin American and Caribbean Studies.

Teaching Social Studies to English Language Learners Barbara C. Cruz 2013 Teaching Social Studies to English Language Learners provides readers with a comprehensive understanding of both the challenges that face English language learners (ELLs) and ways in which educators might address them in the social studies classroom. The authors offer context-specific strategies for the full range of the social studies curriculum, including geography, U.S. history, world history, economics, and government. These practical instructional strategies will effectively engage learners and can be incorporated as a regular part of instruction in any classroom. An annotated list of web and print resources completes the volume, making this a valuable reference to help social studies teachers meet the challenges of including all learners in effective instruction. Features and updates to this new

edition include: • An updated and streamlined Part 1 provides an essential overview of ELL theory in a social studies specific-context. • "Teaching Tips" offer helpful suggestions and ideas for creating and modifying lesson plans to be inclusive of ELLs. • Additional practical examples and new pedagogical elements in Part 3 include more visuals, suggestions for harnessing new technologies, discussion questions, and reflection points. • New material that takes into account the demands of the Common Core State Standards, as well as updates to the web and print resources in Part 4.

Legend of the St. Ann's Flood Debbie Jacob 2004-01-31 No one ever knew the cause of the deadly flood that hit St Ann's, Trinidad in 1993 - no one, that is, until a frightened boy named Jabari came stumbling out of the St Ann's hills with a legend given to him by Papa Bois, the king of the forest. Rescued from the clutches of Mama Dlo, the anaconda who is queen of the rivers, Jabari was given the task of telling people the real story of the flood.

Social Studies Curriculum, The, Fourth Edition E. Wayne Ross 2014-11-01 This fully revised and updated edition includes twelve new chapters on contemporary topics such as ecological democracy, Native studies, inquiry teaching, and Islamophobia. The Social Studies Curriculum, Fourth Edition updates the definitive overview of the issues teachers face when creating learning experiences for students in social studies. The book connects the diverse elements of the social studies curriculum—civic, global, social issues—offering a unique and critical perspective that separates it from other texts. Completely updated, this book includes twelve new chapters on the history of the social studies; democratic social studies; citizenship education; anarchist inspired transformative social studies; patriotism; ecological democracy; Native studies; inquiry teaching; Islamophobia; capitalism and class struggle; gender, sex, sexuality, and youth experiences in school; and critical media literacy. All the chapters from the previous edition have been thoroughly revised and updated, including those on teaching social studies in the age of curriculum standardization and high-stakes testing, critical multicultural social studies, prejudice and racism, assessment, and teaching democracy. Readers are encouraged to reconsider their assumptions and understanding about the origins, purposes, nature, and possibilities of the social studies curriculum.

Social Studies for Secondary Schools Alan J. Singer 2014-10-08 Now in its 4th edition, this popular text for secondary social studies methods courses integrates discussions of educational goals and the nature of history and social studies with ideas for organizing social studies curricula, units, lessons, projects, and activities. A major theme throughout is that what teachers choose to teach and the way they teach reflect their broader understanding of society, history, and the purpose of social studies education. Advocating an inquiry and activity-based view of social studies teaching that respects the points of view of students and teachers, and based in practice and experience, it offers systematic support and open, honest advice for new teachers. Each chapter addresses a broad question about social studies education; sub-chapters begin with narrower questions that direct attention to specific educational issues. Lesson ideas and materials in the book and online are especially designed to help new teachers to address common core learning standards, to work in inclusive settings, and to promote literacy and the use of technology in social studies classrooms. Chapters include highlighted Learning Activities, Teaching Activities, and Classroom Activities designed to provoke discussion and illustrate different approaches to teaching social studies, and conclude with recommendations for further reading and links to on-line essays about related social studies topics. Activities are followed by four categories: "Think it over," "Add

your voice to the discussion," "Try it yourself," and "It's your classroom." All of these are supported with online teaching material. Designed for undergraduate and graduate pre-service social studies methods courses, this text is also useful for in-service training programs, as a reference for new social studies teachers, and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice. New in the Fourth Edition Provides a number of new lesson ideas paired with online lesson plans and activity sheets in every chapter Takes a new focus on data-driven, standards-based instruction, especially in relation to the common core curriculum Addresses the interactive nature of learning in updated technology sections Reflects current trends in history education Includes more of what the author has learned from working teachers Offers a wealth of additional on-line material linked to the text
