Learning Assessment Techniques Elizabeth F. Barkley 2016-01-19 50 Techniques for Engaging Students and Assessing Learning in College Courses Do you want to: Know what and how well your students are learning? Promote active learning in ways that readily integrate assessment? Gather information that can help make grading more systematic and streamlined? Efficiently collect solid learning outcomes data for institutional assessment? Provide evidence of your teaching effectiveness for promotion and tenure review? Learning Assessment Techniques provides 50 easy-to-implement active learning techniques that gauge student learning across academic disciplines and learning environments. Using Fink's Taxonomy of Significant Learning as its organizational framework, it embeds assessment within active learning activities. Each technique features: purpose and use, key learning goals, step-by-step implementation, online adaptation, analysis and reporting, concrete examples in both on-site and online environments, and key references—all in an easy-to-follow format. The book includes an all-new Learning Goals Inventory, as well as more than 35 customizable assessment rubrics, to help teachers determine significant learning goals and appropriate techniques. Readers will also gain access to downloadable supplements, including a worksheet to guide teachers through the six steps of the Learning Assessment Techniques planning and implementation cycle. College teachers today are under increased pressure to teach effectively and provide evidence of what, and how well, students are learning. An invaluable asset for college teachers of any subject, Learning Assessment Techniques provides a practical framework for seamlessly integrating teaching, learning, and assessment.

Sociology: The Essentials Margaret L. Andersen 2016-01-01 SOCIOLOGY: THE ESSENTIALS, Ninth Edition, uses the theme of debunking myths to look behind the facades of everyday life, challenge common assumptions, and help students develop critical thinking skills as well as better understand how society is constructed and sustained. This thorough yet streamlined text employs a reader-friendly presentation and manageable structure, while maintaining a strong focus on sociology concepts, methods, and research. Updated throughout with coverage of the latest findings, trends, and themes, the text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence in addition to race, ethnicity, class, and gender. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sociology and the Environment Alan Irwin 2001-05-08 Can sociology help us to tackle environmental problems? What can sociology tell us about the nature of the environment and about the origins and consequences of environmental risks, hazards and change? In this important new book Alan Irwin maps out this emerging field of knowledge, teaching and research. He reviews the key sociological debates in the field and sets out a new framework for analysis and practice. Among the themes examined are constructivism and realism, sustainable development and theories of the risk society. Readers are also introduced to communities at risk, institutional regulation and the environmental consequences of technology. Particular topics for discussion include genetically modified organisms, nuclear power, pesticide safety and the local hazards of the chemical industry. Rather than maintaining a fixed boundary between nature and society, Irwin highlights the hybrid character of environmental issues and emphasizes the role of social and cultural factors within environmental policy. Combining theoretical discussion and case-studies with a sensitivity to the concerns of environmental policy and practice, *Sociology and the Environment* provides an excellent introduction to an expanding and immensely important field. It will be a valuable text for students and scholars in sociology, geography, environmental studies and related disciplines.

Terrible Magnificent Sociology Wade, Lisa 2021-12-15 Using engaging stories and a diverse cast of characters, Lisa Wade memorably delivers what C. Wright Mills described as both the terrible and the magnificent lessons of sociology. With chapters that build upon one another, *Terrible Magnificent Sociology* represents a new kind of introduction to sociology. Recognizing the many statuses students carry, Wade goes beyond race, class, and gender, considering inequalities of all kinds and their intersections. She also highlights the remarkable diversity of sociology, not only of its methods and approaches but also of the scholars themselves, emphasizing the contributions of women, immigrants, and people of color. The book ends with an inspiring call to action, urging students to use their sociological imaginations to improve the world in which they live.

Sociology James Fulcher 2011-03-17 'Sociology' is relevant to current teaching and courses dealing with sociology as a living subject and incorporating the classic traditions of the discipline. This new edition has been updated with a range of new case studies and additional chapters.

Discover Sociology William J. Chambliss 2018-11-19 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. Test Manager: A Comprehensive Suite of Tools for Testing and Assessment 2000

Cambridge International AS and A Level Sociology Coursebook Chris Livesey 2014-08-28 This revised set of resources for Cambridge International AS and A Level Sociology syllabus (9699) is thoroughly updated for the latest syllabus. Written by a highly experienced author, the Coursebook provides comprehensive support for the syllabus. Accessible language combined with the clear, visually-engaging layout makes this an ideal resource for the course. Discussion of significant sociological research, case studies, explanation of key terms and questions within the text reinforce knowledge. Stimulating activities build interpretation and application as well as analytical and evaluation skills. Revision checklists help in consolidating understanding. The book provides complete exam support with each chapter culminating in exam-style questions and a further chapter dedicated to revision, and examination skills and practice. A Teacher's CD-ROM is also available.

Teaching Sociology Successfully Andrew B. Jones 2017-07-06 Teaching Sociology Successfully is a comprehensive guide to teaching, learning and delivering sociology, not only with success but with

confidence. Carefully combing insightful anecdotes and practical ideas with key theoretical concepts on planning, learning styles and assessment, this book is an essential tool for both new and experienced teachers of sociology. Each chapter focuses on a particular aspect of the teaching and learning process - from preparing to teach the subject for the first time to measuring student progress over time - in an approachable yet rigorous way. This practical guide will help you to: improve your knowledge of specifications and syllabuses at GCSE and AS/A Level; provide the best pedagogic approaches for teaching sociology; think about learning styles, skills and capacities in relation to teaching sociology; gain practical ideas and activities for improving student's argumentation, evaluation and essay writing skills; apply strategies for teaching abstract sociological theories and concepts; make the teaching of research methods engaging and interesting; deal with practical issues such as planning and assessing learning; encourage students' independent learning and revision; connect ICT, social networking websites and the mass media to further students' sociological knowledge; tackle the thorny issues of politics and controversial topics. Drawing on the author's own experiences, *Teaching Sociology Successfully* helps readers to identify, unpack and negotiate challenges common to those teaching sociology. Complete with a variety of pedagogical resources, it provides tasks and further reading to support CPD and reflective practice. This book will be an invaluable tool for students on PGCE social science training courses, as well as School Direct candidates and undergraduates studying BEds in similar fields.

Sociology in Our Times Diana Kendall 2016-01-01 This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, *SOCIOLOGY IN OUR TIMES* is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Writing for Emerging Sociologists Angelique Harris 2013-01-04 A writing guide designed for upper-level sociology undergraduate students and graduate students, this instructional text introduces students to the variety of writing projects that sociologists undertake, while also providing instruction on grammar and composition. It will provide students with practical knowledge concerning topics such as: peer reviewed journal manuscripts, book reviews, grant proposals, and field notes. What makes this book unique is that it offers useful advice and instruction for sociology college students whether they plan on entering the academy or the private, non-profit, or government sectors. *Writing for Emerging Sociologists* uses writing as a tool to help students learn not only about sociology as a field of study, but also the practice of sociology.

Introduction to Sociology 2e Heather Griffiths 2017-12-31 *Introduction to Sociology 2e* adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw

learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzza, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

The Real World Kerry Ferris 2018 "In every chapter, Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships, jobs, and future goals. Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology.

Learner-Centered Instruction Jeffrey H. D. Cornelius-White 2009-01-13 Shows teachers how to foster positive characteristics of engagement in their students Learner-Centered Instruction: Building Relationships for Student Success covers teaching methods, classroom management strategies, and ways to engage students and support their success. Authors Jeffrey H. D. Cornelius-White and Adam P. Harbaugh show K-12 teachers how to use the learner-centered instruction model to develop teacher-student relationships, as well as relationships with parents, administrators, other teachers, and professional organizations. Focusing on teaching as facilitation applied through warmth, trust, empathy, and realness, Learner-Centered Instruction shows teachers how to share control and choice in classroom management through a balance of influence and cooperation. Well-grounded in research and theory, this book emphasizes encouragement, challenge, and adaptation for differentiated instruction through methods such as inquiry, cooperative small group learning, and authentic, relevant endeavors. Key Features and Benefits Includes chapter-opening "Reflect on Your Experiences" questions that invite readers to connect to prior knowledge, understanding, and experiences Incorporates "Case Studies" that connect readers to realistic classroom and teaching scenarios, followed by related "Reflection" questions that ask readers to consider practical applications of the cases discussed Helps readers develop their understanding through skill-building exercises, visual aids, discussion questions, and suggested resources

Sociology in a Changing World William Kornblum 2011-01-31 Help your students visualize sociology all around them with William Kornblum's vibrant, visual, and research-based new ninth edition of SOCIOLOGY IN A CHANGING WORLD. Comprehensive and student friendly, SOCIOLOGY IN A CHANGING WORLD presents a thematic approach that emphasizes the reality of social change and its impact on individuals, groups, and societies throughout the world. This unique emphasis on social change--which is visited in the book's features--helps students understand our similarities, our differences, and society as a whole. The text carefully balances contemporary and classic theory and research, with special attention to the works of female and minority social scientists and cross-cultural studies. Kornblum applies all the major perspectives of sociology without giving undue emphasis to any single approach. Additionally, SOCIOLOGY IN A CHANGING WORLD is the chosen text for the Exploring Society: Introduction to Sociology Telecourse from Dallas TeleLearning. Challenging yet accessible, interesting and scholarly, Kornblum's ninth edition helps students think like sociologists long after their college experience. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

AQA Sociology Student Guide 2: Families and households Joan Garrod 2015-11-30 Written by experienced author Joan Garrod, this Student Guide for Sociology: - Identifies the key content you need to know with a concise summary of topics examined in the AS and A-level specifications - Enables you to

measure your understanding with exam tips and knowledge check questions, with answers at the end of the guide - Helps you to improve your exam technique with sample answers to exam-style questions - Develops your independent learning skills with content you can use for further study and research

Sociology AS Jonathan Blundell 2003-08 Especially created by three experienced examiners and authors involved in the AQA and OCR specifications, this series has been developed using their teaching and learning experiences of the specifications. This ground-breaking set of resources encapsulates the knowledge, understanding and skills required for the AS exam.

Sociology for Social Workers Anne Llewellyn 2008-07-08 How can sociology contribute to positive social work practice? This introductory textbook uses pedagogical features such as chapter summaries, numerous examples, a glossary, activities and annotated further reading.

Social Problems Maxine P. Atkinson 2019-12-04 As part of SAGE's "Sociology in Action" series, Sociology In Action: Social Problems will engage students in active learning in class, on their own, and in their local communities, as they explore a range of social problems and consider sociological solutions to issues facing society today. The text is ideal for instructors who want to rely less on lecturing and more on discussion, collaboration, self-directed investigation, observation, analysis, and reflection.

AQA A-level Sociology Student Guide 2: Topics in Sociology (Families and households and Beliefs in society) Joan Garrod 2020-03-30 Reinforce understanding of the two most popular options for A-level Paper 2: Topics in Sociology, including Families and Households, and Beliefs in Society. Language Course Planning Brian North 2018-04-30 This essential guide examines course planning as an end-to-end process, from learners' needs through to assessment, taking into account both the broader issues and the practical details at every stage. Areas covered include: • effective needs analysis • using the CEFR as a resource for course planning • writing scenarios for classroom teaching and assessment • triangulating course objectives, materials, and learners' goals • key terminology Extra resources are available on the website: www.oup.com/elt/teacher/lcp Brian North is a co-author of the CEFR and of its companion volume, and was Chair of Eequals from 2005 to 2010. Mila Angelova is the Academic Vice Chair of Eequals and Head Director of Studies at AVO Language and Examination Centre, in Sofia. Elzbieta Jarosz is a member of the Eequals Certification Panel and is the Academic Director of Gama College, in Krakow. Richard Rossner is a co-founder of Eequals, and a co-author of the European Profiling Grid and the Eequals Framework.

Creating an Effective Assessment Plan for the Sociology Major 2005

AQA A-level Sociology Student Guide 4: Beliefs in society Joan Garrod 2016-06-06 Written by experienced author Joan Garrod, this Student Guide for Sociology: - Identifies the key content you need to know with a concise summary of topics examined in the A-level specifications - Enables you to

measure your understanding with exam tips and knowledge check questions, with answers at the end of the guide - Helps you to improve your exam technique with sample answers to exam-style questions - Develops your independent learning skills with content you can use for further study and research

Cinematic Sociology Jean-Anne Sutherland 2012-04-17 Cinematic Sociology is a one-of-a-kind resource that helps students to view films sociologically while also providing much needed pedagogy for teaching sociology through film. In this engaging text the authors take readers beyond watching movies and help them see films sociologically while also developing critical thinking and analytical skills that will be useful in college coursework and beyond. The book's 15 essays from expert scholars in sociology and cultural studies explore the ways social life is presented - distorted, magnified, or politicized - in popular film.

Essentials of Sociology George Ritzer 2015-12-10 Join the conversation with one of sociology's best-known thinkers. *Essentials of Sociology, Second Edition* adapted from George Ritzer's *Introduction to Sociology, Third Edition*, provides the same rock-solid foundation in a shorter and more streamlined format. Like the original Ritzer text, *Essentials of Sociology* illuminates traditional sociological concepts and theories, and focuses on some of the most compelling contemporary social phenomena: globalization, consumer culture, the Internet, and the "McDonaldization" of society. As technology flattens the globe, students are challenged to apply a sociological perspective to their world, and to see how "public" sociologists are engaging with the critical issues of today.

Sociology in Our Times: The Essentials Diana Kendall 2020-06-12 Kendall's *SOCIOLOGY IN OUR TIMES: THE ESSENTIALS*, 12th edition, introduces you to the study of sociology through real-life stories, told by the people who have lived them, as well as timely topics such as the relationship between suicide, bullying and social media. The author humanizes sociology, showing you how it is at work in society and can be applied to everyday life and the pressing social issues we face. You'll learn how you can make a difference in your community -- and the world. You'll also examine issues making headlines, such as the war on gun control and policies to help prevent military suicides. Photos and videos complement the text's main themes of diversity, the application of sociology to everyday life, global comparisons, media and social change, particularly as it relates to social media and other forms of technology that are spurring new ways of living and interacting. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Vancouver's Canadian Psychiatric Mental Health Nursing, Canadian Edition - E-Book Margaret Jordan Halter 2018-03-16 Gain a clear understanding of the often-intimidating subject of psychiatric mental health nursing. *Vancouver's Canadian Psychiatric Mental Health Nursing, 2nd Edition* uses a practical clinical perspective to prepare you for practice. This thoroughly updated, market-leading text features the latest Canadian research related to psychiatric mental health nursing, including DSM-5 guidelines from the American Psychiatric Association's *Diagnostic and Statistical Manual of Mental Disorders*. Additionally, clinical chapters follow a practical framework and progress from theory to application, preparing you for practice with real-world examples presented within an historically Canadian legal, ethical, and cultural context. Research highlight boxes provide updated research in mental health. Canadian research and statistics provide a current perspective of mental health and mental health practice in Canada. Integrative Therapy boxes specifically focus on the mental health disorders covered in that chapter to help you communicate effectively when working with a variety of patients. Considering Culture boxes discuss the importance of cultural considerations in providing competent care to diverse populations within various clinical situations. Drug Treatment boxes feature generic and trade names for drugs used in Canada to ensure you have access to the latest information on medications used to treat psychiatric disorders. NEW! DSM-5 box features provide further evidence of disorders covered by the American Psychological Association. NEW! Added mental health content covers issues in the indigenous population and gender differences. NEW! Updated chapter that covers suicide and non-suicidal self-injury. NEW! Enhanced coverage of substance use disorders prepares you to treat this and related disorders. NEW! Enhanced coverage on the legislative changes related to medically assisted deaths.

I Know Why the Caged Bird Sings 2011-07

Sociology in Perspective Mark Kirby 2000 This text, specifically for AQA specifications, is designed to be easy and encouraging for students to use. The book contains updated material and activities together with a new chapter on study skills. It also indicates clearly where activities meet the new evidence requirements for key skills.

Sociology David M. Newman 2020-01-08 In *Sociology: Exploring the Architecture of Everyday Life*, David Newman shows students how to see the “unfamiliar in the familiar”—to step back and see organization and predictability in their personal experiences. With his approachable writing style and lively personal anecdotes, the author’s goal from the first edition has been the same: to write a textbook that “reads like a real book.” Many adopters of this book are fans of Peter Berger's classic works, which helped introduce the idea of "social constructionism" to sociology. Newman uses the metaphors of “architecture” and “construction,” to help students understand that society is not something that exists “out there,” independently of themselves; it is a human creation that is planned, maintained, or altered by individuals. Using vivid prose, current examples, and fresh data, the Thirteenth Edition presents a unique and thought-provoking overview of how society is constructed and experienced. Instead of surveying every subfield in sociology, the more streamlined coverage (14 chapters) focuses on the individual and society, the construction of self and society, and social inequality in the context of social structures.

Sociology Steve Chapman 2004-07 These New editions of the successful, highly-illustrated study/revision guides have been fully updated to meet the latest specification changes. Written by experienced examiners, they contain in-depth coverage of the key information plus hints, tips and guidance about how to achieve top grades in the A2 exams.
