**The Art of Access** David Cuillier 2019-07-12 "The Art of Access is a must-have book for any journalism student or professional reporter. It will ensure that a journalist understands the importance of authentic documents to establish the credibility of news stories and how crucial it is to obtain those documents no matter the obstacles public officials may create to prevent access." —Brant Houston, University Of Illinois Whatever you're trying to learn about the world—as a journalist or as an informed citizen— public records often hold the key. But what records, where? And how to get them? Gaining access to records is an art, one that requires an organized approach and a good understanding of human behavior. The Art of Access: Strategies for Acquiring Public Records, Second Edition is a how-to guide for putting the law into action and using ingenuity to pry records loose. FOI experts and longtime journalists David Cuillier and Charles N. Davis present strategies for dealing with the officials who stand between you and the information you seek. They explore new developments in technology and research and the latest online innovations and tools to help you rethink the information-gathering process and develop a document state of mind.

**Mirror Mirror** Karen Wiesner 2004-11 Paranormal Romance: Twenty-five years ago, Gwen Nicholson-Nelson was in a car accident that almost claimed her life...and left behind a strange gift. She can see the future...and death...before it comes to pass. She had a vision of her husband's death 10 years before it happened in, for Gwen, chilling deja vu. During this time, she's also had a disturbing connection with another like her, a psychic who has the power to not only see into others but to manipulate and destroy. For 25 years, as seemingly unrelated events convince Gwen she has no power of her own beyond sight, she's wondered why she was given the ability to see pain and death yet never to alleviate it. But when her nemesis targets Dylan Mitchell, the man she loves, and his daughter, all the pieces of the puzzle that has tormented her for 25 years fall into place. Gwen must discover her own power, believe in herself and her destiny, and act-before her vision of Dylan's death comes to pass.

**Fundraising Basics** Barbara L. Ciconte 2008-12-18 As nonprofit organizations face heightened scrutiny by the general public, donors, regulators, and members of Congress, the Third Edition of the essential book on the basics of fundraising provides new, up-to-date and

valuable information that every fundraiser needs to know. With ethics and accountability being the primary theme of the Third Edition, this practical guide will continue to provide an overview of the field and give development staff, managers, and directors a platform from which to operate their fundraising programs. The new edition also provides much needed information on giving trends, computer hardware and software available for fundraisers, cost estimates and workflow timetables, and the importance of the Internet. This primer remains a must-have for anyone new to the fundraising arena.

**Model Rules of Professional Conduct** American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 5: Khayyami Theology** Mohammad H. Tamdgidi 2022-05-01 Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination, by Mohammad H. Tamdgidi, is a twelve-book series of which this book is the fifth volume, subtitled Khayyami Theology: The Epistemological Structures of the Robaiyat in All the Philosophical Writings of Omar Khayyam Leading to His Last Keepsake Treatise. Each book, independently readable, can be best understood as a part of the whole series. In Book 5, to understand the theological epistemology (or, way of knowing God) framing Khayyam's Robaiyat as spread out in all his philosophical works, Tamdgidi further offers the texts and his updated Persian and new English translations and analyses of six primary writings that preceded Khayyam's last keepsake treatise on the universals of existence: 1: Khayyam's annotated Persian translation of Avicenna's sermon in Arabic on God and creation; 2: Khayyam's treatise in Arabic addressed to Nasawi (wrongly regarded as an Avicenna pupil) on the created world and worship duty; 3-5: Khayyam's three treatises in Arabic (all addressed to Abu Taher, to whom Khayyam also dedicated his treatise on algebra) that are separate chapters of a three-part treatise on existence on topics ranging from the necessity of contradiction, determinism, survival, attributes of existents, and the light of intellect on 'existent' as the subject matter of universal science; and 6: Khayyam's treatise in Arabic addressed to Moshkavi (a supportive Shia intellectual) in response to three questions on soul's survival, on the necessity of accidents, and on the nature of time. The most fruitful way of understanding Khayyam's six texts is by regarding them as efforts made at defending his "succession order" thesis implicitly revealed when commenting on Avicenna's sermon and finalized in his last keepsake treatise. The texts served to offer the theological epistemology behind Khayyam's thesis, revealing his creative conceptualist view of existence that informed his poetic way of going about knowing God, creation, and himself within a unitary Islamic creationist-evolutionary worldview. Khayyam's way of knowing God and existence is non-dualistic, non-atomistic, and unitary in worldview, allowing for subject-included objectivity, probabilistic determinism, transcontinuous (or 'discontinuous') creative causality, transdisciplinarity, and transculturalism; it thus fulfils in a prescient way all the eight attributes of the quantum vision. Poetry is most conducive to unitary knowing, and subject-included objectivity must necessarily be self-reflective and thus engage intellectual, emotional, and sensible modes of knowing. This explains why Khayyam transcended

scholastic learning in favor of a poetic encounter with reality. What he meant by 'Drunkenness,' calling it the highest state of mind known to him, can thus be best understood as a unitary, quantum state of mind achieved by way of his poetry as a meditative art of self-purification. The goal, metaphorically, is to move from a way of knowing things as divisible grapes to a pure and unitary way of knowing them as indivisible Wine—paralleling what we call today moving from chunky Newtonian toward unitary quantum visions of reality. The key for entering Khayyam's secret tent is realizing that what he primarily meant by 'Wine' in his Robaiyat was self-referentially his Robaiyat itself, a key openly hidden therein thanks to his theological epistemology. For him, the Robaiyat was a lifelong work on himself, serving also human spiritual awakening to its place and duty in the succession order of God's creation. It also served his aspiration for a lasting soul. He knew the now-proven worth of his secret magnum opus, and that is why he so much praised his 'Wine.'

**Torts, Personal Injury Litigation** William P. Statsky 2001 "Torts Personal Injury Litigation", 4th Edition is a necessity for paralegal and legal secretary students. Complete with current "hot topic" legal issues, this 4th edition provides an in-depth overview of the law of torts and identifies the role of the paralegal within tort litigation. Case studies examine such timely controversial issues as AIDS, the alleged tort committed by President Clinton, breast implants and attacks on abortion clinics. These case studies allow the reader to examine court opinions, which are the central documents in the law of torts.

**Class Warfare** J Rochester 2002-12-01 *Class Warfare: Besieged Schools, Bewildered Parents, Betrayed Kids and the Attack on Excellence* offers a first-hand account of the Great American Education War being waged from coast to coast, including the reading wars, math wars, testing wars, and other schoolyard scuffles reported almost daily by the nation's media. Martin Rochester takes the reader on a field trip that begins with his own upper-middle class suburban school district in St. Louis and then moves on to inner-city locales and some of the best private schools, in showing how "pack pedagogy" has steamrolled parent resistance in promoting disasters such as whole-language, fuzzy math, multiple intelligences theory, teacher-as-coach, the therapeutic classroom, and all the other latest fads found in today's schools. A college professor, Rochester became deeply involved in public education as a result of his children's misadventures in the classroom. After several years of trying to improve the status quo as a dogged volunteer, he graduated from involved parent to informed critic of a system in which "progressive" educators continue to assault the techniques of traditional schooling (ability-grouping, grades, homework, etc), allow nonacademic diversions to crowd out academic study, and subordinate a commitment to excellence to an obsession with "equity." As a result of his experiences, Rochester concludes that all children are being victimized, not only the most gifted, but especially "average" students and those lower

achieving kids whose needs are now supposedly driving the entire curriculum. Martin Rochester began as a concerned parent and wound up creating a fever chart of what is wrong in our nation's classrooms.

**ABA Journal** 1992-04 The ABA Journal serves the legal profession. Qualified recipients are lawyers and judges, law students, law librarians and associate members of the American Bar Association.

Defending the First Joseph Russomanno 2006-04-21 Defending the First provides a collection of new perspectives on the First Amendment in legal and communication contexts. Editor Joseph Russomanno brings together a roster of major figures who have participated in the shaping of First Amendment law over the past 30 years. Readers are taken into a realm of personal experience and analysis through the stories of these attorneys at the forefront of the battle to defend the "First." The contributors to this volume--all of whom have argued cases before the Supreme Court--tell about their experiences appearing before the highest court in the United States. Some write many years after being there, while others offer insights from a more recent vantage point. One Supreme Court Attorney offers a historical analysis of a case replete with a variety of First Amendment issues. This work contributes to a deeper understanding of First Amendment issues and the types of expression that the First Amendment protects, and why these rights must be protected. In addition, it provides readers with the unique perspective of those who have been on the front lines of some of the most important and influential cases in this era. The challenges of presenting an argument in this venue become clear, and it is evident that understanding one's own case, its lineage, and its likely impact all become part of the formula for success. This distinctive collection provides personal and compelling insights into the making of communication law, and it will be engaging reading for students in communication law courses. It will also appeal to any reader interested in First Amendment law.

**Freedom of Information Act** Christopher L. Henry 2003 The Freedom of Information Act (FOIA), which can be found in Title 5 of the United States Code, section 552, was enacted in 1966 and provides that any person has the right to request access to federal agency records or information. All agencies of the United States government are required to disclose records upon receiving a written request for them, except for those records that are protected from disclosure by nine exemptions and three exclusions of the FOIA. This right of access is enforceable in court. The federal FOIA does not, however, provide access to records held by state and local government agencies, or by private businesses or individuals. All states have their own statutes governing public access to state and local records. This book serves as a reference guide to familiarize the reader with the specific procedures for making a FOIA request to the Department of Justice. By applying the information that this book provides, the process is neither complicated nor time consuming. The book also includes descriptions of the types of records maintained by different parts of the Department, some of which are available through means other than the FOIA.

**Card, Cross & Jones Criminal Law** Richard Card 2016 Drawing on 65 years of history and expertise, Card, Cross & Jones is a trusted source of rigorous and dependable legal description and commentary.

**Ethics for Psychologists** Liang Tien 2011-10-26 With full coverage of the APA Code of Ethics and engaging vignettes to draw students into the material, *Ethics for Psychologists* provides unique multicultural, moral, and legal perspectives to the standards of conduct in the field of psychology. This book describes complex ethical dilemmas students may encounter and offers a variety of frameworks through which to examine such dilemmas. Legal, moral, values-driven, and global approaches are provided in concise commentaries about the dictates of our own Code of Ethics. Students will be challenged to take control of their learning experience by moving beyond the basics of looking up each situation to find "the right thing to do," into a more active and engaged approach, with the goal of not only becoming ethical thinkers but informed decision makers.
