History of the Jews in Russia and Poland Simon Dubnow 2020-08-10 "In the course of the nineteenth century every change of throne in Russia was accompanied by a change of policy. Each new reign formed, at least in its beginning, a contrast to the one which had preceded it. The reigns of Alexander I. and Alexander II. marked a departure in the direction of liberalism; those of Nicholas I. and Alexander III. were a return to the ideas of reaction. In accordance with this historic schedule, Alexander III. should have been followed by a sovereign of liberal tendencies. But in this case the optimistic expectations with which the new ruler was welcomed both by his Russian and his Jewish subjects were doomed to disappointment. The reign of Nicholas II. proved the most gloomy and most reactionary of all. A man of limited intelligence, he attempted to play the rôle of an unlimited autocrat, fighting in blind rage against the cause of liberty."
