Raising Stony Mayhall Daryl Gregory 2011-06-28 From award-winning author Daryl Gregory, whom Library Journal called “[a] bright new voice of the twenty-first century,” comes a new breed of zombie novel—a surprisingly funny, vividly frightening, and ultimately deeply moving story of self-discovery and family love. In 1968, after the first zombie outbreak, Wanda Mayhall and her three young daughters discover the body of a teenage mother during a snowstorm. Wrapped in the woman’s arms is a baby, stone-cold, not breathing, and without a pulse. But then his eyes open and look up at Wanda—and he begins to move. The family hides the child—whom they name Stony—rather than turn him over to authorities that would destroy him. Against all scientific reason, the undead boy begins to grow. For years his adoptive mother and sisters manage to keep his existence a secret—until one terrifying night when Stony is forced to run and he learns that he is not the only living dead boy left in the world.

Wolf, No Wolf Peter Bowen 2012-03-13 A half-Indian, half-French deputy with "a shrewd mind and wry sense of humor" investigates a case of homicide on the range (The New York Times Book Review). Two men have been cutting fences at the ranches of Toussaint, Montana, loosing thousands of dollars' worth of cattle to use as target practice for their .22 rifles. Are they thieves? Pranksters? Local cattle inspector and sometime deputy Gabriel Du Pré guesses they're environmentalists, agitating for the reintroduction of native wolves to Montana's high plains. Du Pré knows the perpetrators are trying to send a message to the ranchers of eastern Montana—he also has a hunch they're already dead. When the activists are indeed found shot to death, Du Pré must figure out who used them for target practice. The FBI descends, but their agents are as clueless in this territory as the hapless victims were. Clearly, one of Toussaint's citizens committed this crime, killing to protect the traditional way of ranching life, a loyalty Du Pré shares. But if anyone's going to arrest his people, it will be the cattle inspector himself. . . . *Wolf, No Wolf* is the third in "a wonderfully eclectic and enjoyable series of interest to western crime readers, especially those favoring Montana authors C. J. Box, Craig Johnson, and Keith McCafferty as well as fans of the Hillermans" (Booklist). *Wolf, No Wolf* is the 3rd book in The Montana Mysteries Featuring Gabriel Du Pré series, but you may enjoy reading the series in any order.

Legendary Lieutenant Joe Leaphorn is drawn back into the past to solve a cold case that has haunted him for nearly a decade in this atmospheric and twisting mystery infused with the Native American culture and lore of the desert Southwest. Though he’s officially retired from the Navajo Tribal Police, Joe Leaphorn occasionally helps his former colleagues Jim Chee and Bernie Manuelito crack particularly puzzling crimes. But there is that rare unsolved investigation that haunts every lawman, including the legendary Leaphorn. Joe still hasn’t let go of his “last case”—a mystery involving a priceless Navajo rug that was supposedly destroyed in a fire. Nine years later, what looks like the same one-of-a-kind rug turns up in a magazine spread, and the man who showed Joe the photo has gone missing. With Chee and Bernie on their honeymoon, Leaphorn plunges into the case solo, picking up the threads of this crime he’d long thought impossible to solve. Not only has the passage of time obscured the details, but a murderer long thought dead continues to roam free—and is ready to strike again to keep the past buried.

Cave of Bones Anne Hillerman 2018-04-03 A New York Times Bestseller Anne Hillerman brings together modern mystery, Navajo traditions, and the evocative landscape of the desert Southwest in this intriguing entry in the Leaphorn, Chee, and Manuelito series. When Tribal Police Officer Bernadette Manuelito arrives to speak at an outdoor character-building program for at-risk teens, she discovers chaos. Annie, a young participant on a solo experience due back hours before, has just returned and is traumatized. Gently questioning the girl, Bernie learns that Annie stumbled upon a human skeleton on her trek. While everyone is relieved that Annie is back, they’re concerned about a beloved instructor who went out into the wilds of the rugged lava wilderness bordering Ramah Navajo Reservation to find the missing girl. The instructor vanished somewhere in the volcanic landscape known as El Malpais. In Navajo lore, the lava caves and tubes are believed to be the solidified blood of a terrible monster killed by superhuman twin warriors. Solving the twin mysteries will expose Bernie to the chilling face of human evil. The instructor’s disappearance mirrors a long-ago search that may be connected to a case in which the legendary Joe Leaphorn played a crucial role. But before Bernie can find the truth, an unexpected blizzard, a suspicious accidental drowning, and the arrival of a new FBI agent complicate the investigation. While Bernie searches for answers in her case, her husband, Sergeant Jim Chee juggles trouble closer to home. A vengeful man he sent to prison for domestic violence is back—and involved with Bernie’s sister Darleen. Their relationship creates a dilemma that puts Chee in uncomfortable emotional territory that challenges him as family man, a police officer, and as a one-time medicine man in training. A Book-lover's Holidays in the Open Theodore Roosevelt 1916 A Book-Lover's Holidays in the Open is a classic literary work by Teddy Roosevelt which describes the US president's adventures in the great American outdoors. The man should have youth and strength who seeks adventure in the wide, waste spaces of the earth, in the marshes, and among the vast mountain masses, in the northern forests, amid the steaming jungles of the tropics, or on the deserts of sand or of snow. He must long greatly for the lonely winds that blow across the wilderness, and for sunrise and sunset over the rim of the empty world. His heart must thrill for the saddle and not for the hearthstone. He must be helmsman and chief, the cragsman, the

rifleman, the boat steerer. He must be the wielder of axe and of paddle, the rider of fiery horses, the master of the craft that leaps through white water. His eye must be true and quick, his hand steady and strong. His heart must never fail nor his head grow bewildered, whether he face brute and human foes, or the frowning strength of hostile nature, or the awful fear that grips those who are lost in trackless lands.

48 and Counting Jonathan Clements 2012-08-30 "Although this is his first novel, Jonathan Clements's long practice writing the personal-finance column for The Wall Street Journal shows in a quickly paced story with a plot that moves right along, with enough detail that every

middle-aged cyclist can relate to," writes Richard Masoner, Cyclelicio.us. "It's a quick, enjoyable read." "An entertaining story," says Ray Niekamp, BikeNoob.com. 48 and Counting is, as the novel's subtitle suggests, A Story of Money, Love and Bicycling. It traces amateur cyclist Max Whitfield through three eventful seasons as his marriage collapses and he loses control of his business. Unemployed and unsure what to do next, he throws himself into training for a 40-mile bicycle race. Clare saw Max rise out of the seat. He was her 48-year-old father and yet, at that moment, he was somebody else entirely. The muscles in his arms were taut. His face and legs glistened with perspiration. As the bike leapt forward and gathered speed, he sat down, shifted into an easier gear and spun the pedals with a controlled fury. For a few brief seconds, the beauty was unmistakable. Max's bike hurtled past the other two riders. A yawning gap immediately opened up. Max had his chance. He had broken free of the other two, who were now belatedly trying to respond, their suddenly feverish motion signaling how surprised they were. Max was 80 excruciating seconds from the finish line. Jonathan Clements is the former personal-finance columnist for The Wall Street Journal. He was born in London, England, graduated from Cambridge University and now lives in New York City. This is Clements's fifth book and his first novel.

Stargazer Anne Hillerman 2021-11-30 Murder, deception, Navajo tradition, and the stars collide in this enthralling entry in New York Times bestselling author Anne Hillerman's Leaphorn, Chee & Manuelito series, set amid the beautiful landscape of the American Southwest. What begins as a typical day for Officer Bernadette Manuelito--serving a bench warrant, dealing with a herd of cattle obstructing traffic, and stumbling across a crime scene--takes an unexpected twist when she's called to help find an old friend. Years ago, Bernie and Maya were roommates, but time and Maya's struggles with addiction drove them apart. Now Maya's brother asks Bernie to find out what happened to his sister. Tracing Maya's whereabouts, Bernie learns that her old friend had confessed to the murder of her estranged husband, a prominent astronomer. But the details don't align. Suspicious, Bernie takes a closer look at the case only to find that nothing is as it seems. Uncovering new information about the astronomer's work leads Bernie to a remote spot on the Navajo Nation and a calculating killer. The investigation causes an unexpected rift with her husband and new acting boss, Jim Chee, who's sure Bernie's headed for trouble. While she's caught between present and past, Chee is at a crossroads of his own. Burdened with new responsibilities he didn't ask for and doesn't want, he must decide what the future holds for him and act accordingly. Can their mentor Joe Leaphorn--a man also looking at the past for answers to the future--provide the guidance both

Bernie and Chee need? And will the Navajo heroes that stud the starry sky help them find justice--and the truth they seek?
