Science in Color Bettina Bock von Wülfingen 2019-08-19 Color makes its way into natural science images as early as the research process. It serves for self-reflection and for communication within the scientific community. However, color does not follow a standard in the natural sciences: its meaning is contingent, even though culturally conditioned. Digital publishing enhances the use of color in scientific publications; at the same time, globalization promotes the idea of universal color symbolism. This book investigates the function of color in historical and current visualizations for scientific purposes, its epistemic role as a tool, and its long neglect due to symbolic and gender-specific connotations. The publication thus closes a research gap in the natural sciences and the humanities.

Diese Geschichten, Essays und Marginalien versammelt der vorliegende Band zu einem ganz außergewöhnlichen Spiegel ihres sinnlichen Denkens und ihrer exakten Formulierungskunst.

**Bogmail** Patrick McGinley 2017-08-10 A rediscovered classic of Irish literature, this darkly comic tale tells of murder and its consequences. Set in a remote village in the northwest of Ireland, Roarty, a publican and former priest, kills his lecherous bartender and buries him in a bog. When Roarty begins to receive blackmail letters, matters quickly spiral out of his control. Alive with the loquacious brio of his pub's eccentric regulars, and full of the bleak beauty of the Donegal landscape, Patrick McGinley's rural gothic novel is a modern masterpiece.

**The Dog King** Christoph Ransmayr 2010-02-17 From Christoph Ransmayr, whose brilliant rise to preeminence among the younger generation of writers in the German language was recently crowned when he shared with Salman Rushdie Europe's most prestigious new literary award, the Aristeion Prize--a novel in which fiction and history are forged into a universe of mythic intensity. World War II has ended, but only in the West. Central Europe is slipping back into its agricultural past. The bomb has not yet been dropped--nor will it be for twenty years. The Allies have punished Germany for its war crimes by forcing it to revert to a preindustrial age: power stations, railways, factories, and all the machinery of technology have been

destroyed or abandoned and left to decay. Moor is a small quarry town (Mauthausen in the all-too-recent past of real history). The occupying American army has installed a camp survivor, Ambras, to govern the local population. Brave, lonely, hated and feared by his former persecutors, Ambras has returned to Moor only because his Jewish wife died there. Setting up house in a derelict villa surrounded by wild hounds that earn him the nickname the Dog King, he chooses another loner, the village boy Bering, as his bodyguard. Moving away from his family and into the compound, the boy enters a new universe of power, of half-glimpsed ideas, of contact with the forbidden world outside. And he meets the only other person Ambras welcomes, a strange and beautiful orphan girl named Lily who lives and hunts in the hills, who knows where the weapons are hidden and forages in the "free world for the goods the villagers crave. But Bering's new life begins to unravel as he succumbs to a strange eye disease known as Morbus Kitahara, in which the vision gradually darkens and which tends to afflict marksmen and sharpshooters. Only Lily can find help, can offer them all a possible future. The three make a courageous bid to escape, and the account of their flight brings the novel to its extraordinarily gripping and suspenseful climax. Searingly powerful, with a poetic intensity that stays with the reader long after the last page, *The Dog King* is a modern masterpiece.

**Maria Sibylla Merian. Englische Ausgabe.** Maria Sibylla Merian 2003 An enchanting collection of flora and fauna illustrations by Germany's famous woman artist Maria Sibylla Merian.

**Women Seeing Women** Lothar Schirmer 2002 This anthology is dedicated to pictures of women taken by women. It begins with photographs by the two great female photographers of the 19th century, Clementina Lady Hawarden and Julia Margaret Cameron, and covers a period of over 100 years to the present day. Some 160 images by 90 photographers present us with the entire spectrum of female self-definition both behind and in front of the camera. As such, the four major themes of social reality, the family, the female body and virtual reality come to the fore with their multifarious pictures from the worlds of art, literature, fashion, dance and show business. There are self-portraits as well as female photographers' portraits of female photographers, daughters, mothers and, of course, several important female figures including Virginia Woolf, Greta Garbo, Martha Graham, Simone de Beauvoir, Maria Callas, Madonna, Hillary Clinton, and even Her Majesty the Queen.

**The Ungrateful Refugee** Dina Nayeri 2019-09-03 A Finalist for the 2019 Kirkus Prize in Nonfiction "Nayeri combines her own experience with those of refugees she meets as an adult, telling their stories with tenderness and reverence." —The New York Times Book Review "Nayeri weaves her empowering personal story with those of the 'feared swarms' . . . Her family's escape from Isfahan to Oklahoma, which involved waiting in Dubai and Italy, is wildly fascinating . . . Using energetic prose, Nayeri is an excellent conduit for these heart-rending stories, eschewing judgment and employing care in threading the stories in with her own . . . This is a memoir laced with stimulus and plenty of heart at a time when the latter has grown elusive." —Star-Tribune (Minneapolis) Aged eight, Dina Nayeri fled Iran along with her mother and brother and lived in the crumbling shell of an Italian hotel-turned-refugee camp. Eventually she was granted asylum in America. She settled in Oklahoma, then made her way to Princeton University. In this book, Nayeri weaves together her own vivid story with the stories of other refugees and asylum seekers in recent years, bringing us inside their daily lives and taking us through the different stages of their journeys, from escape to asylum to resettlement. In these pages, a couple fall in love over the phone, and women gather to

prepare the noodles that remind them of home. A closeted queer man tries to make his case truthfully as he seeks asylum, and a translator attempts to help new arrivals present their stories to officials. Nayeri confronts notions like “the swarm,” and, on the other hand, “good” immigrants. She calls attention to the harmful way in which Western governments privilege certain dangers over others. With surprising and provocative questions, *The Ungrateful Refugee* challenges us to rethink how we talk about the refugee crisis. “A writer who confronts issues that are key to the refugee experience.” —Viet Thanh Nguyen, Pulitzer Prize-winning author of *The Sympathizer* and *The Refugees*

*The Flying Mountain* Christoph Ransmayr 2018 "The Flying Mountain tells the story of two brothers who leave the southwest coast of Ireland on an expedition to Transhimalaya, the land of Kham, and the mountains of eastern Tibet--looking for an untamed, unnamed mountain that represents perhaps the last blank spot on the map. As they advance toward their goal, the brothers find their past, and their rivalry, inescapable, inflecting every encounter and decision as they are drawn farther and farther from the world they once knew"--Jacket.

**The Last World** Christoph Ransmayr 1996 A man goes in search of the Roman poet Ovid, banished to the end of the world. He finds that Ovid's personality and stories have undergone a sea-change, and have fragmented themselves into lots of clues - people, bizarre events, odd stretches of landscape, and a story emerges.

**The Terrors of Ice and Darkness** Christoph Ransmayr 1996-05 A brilliant interweaving of journeys and voyages--geographical, historical, psychological--The Terrors of Ice and Darkness is the riveting account of a narrator obsessed with a certain Josef Mazzini, a young Italian "lost in the arctic winter of 1981" who is himself obsessed with the Imperial Austro-Hungarian North Pole Expedition of 1873: "At first it was nothing more than a game to try to reduce the circumstances of his disappearance to some sort of explanation, any explanation. But every clue yielded a new unanswered question. Quite involuntarily I found myself taking one step after the other. . . . Cumulus clouds mirrored in a shop window became calving glaciers, patches of old snow in city parks became great floes of ice. The Arctic Ocean lay at my window. Much the same thing must have happened to Mazzini." Painstakingly retracing

Mazzini's steps, the narrator simultaneously reconstructs the dramatic and fantastic story of the nineteenth-century journey, using actual letters and diaries of the members of that harrowing expedition. These documents--sometimes surprisingly poetic and moving--combine in the narrator's imagination to evoke as never before the awful beauty of the world's farthest northern reaches. In a novel as crystalline as the polar ice, as penetrating as the arctic cold, Christopher Ransmayr spins an adventure tale both spellbinding and paradoxical in its subversive undermining of conventional notions of heroism and exploration.

The Oak Papers James Canton 2021-02-16 "A profound meditation on the human need for connection with nature, as one man seeks solace beneath the bows of an ancient oak tree."—Peter Wohlleben, author of *The Hidden Life of Trees* "James Canton knows so much, writes so well and understands so deeply about the true forest magic and the important place these trees have in it. Knowledge and joy."— Sara Maitland, author of *How to Be Alone* Joining the ranks of *The Hidden Life of Trees* and *H is for Hawk*, an evocative memoir and ode to one of the most majestic living things on earth—the oak tree—probing the mysteries of nature and the healing role it plays in our lives. Thrown into turmoil by the end of his long-term relationship, Professor James Canton spent two years meditating [PA1]beneath the welcoming shelter of the massive 800-year-old Honeywood Oak tree in North Essex, England. While considering the direction of his own life, he began to contemplate the existence of this colossus tree. Standing in England for centuries, the oak would have been a sapling when the Magna Carta was signed in 1215. In this beautiful, transportive book, Canton tells the story of this tree in its ecological, spiritual, literary, and historical contexts, using it as a prism to see his own life and human history. *The Oak Papers* is a reflection on change and transformation, and the role nature has played in sustaining and redeeming us. Canton examines our long-standing dependency on the oak, and how that has developed and morphed into myth and legend. We no longer need these sturdy trees to build our houses and boats, to fuel our fires, or to grind their acorns into flour in times of famine. What purpose, then, do they serve in our world today? Are these miracles of nature no longer necessary to our lives? What can they offer us? Taking inspiration from the literary world—Henry David Thoreau, Leo Tolstoy, Katherine Basford's *Green Man*, Thomas Hardy, William Shakespeare, and others—Canton ponders the wondrous magic of nature and the threats its faces, from human development to climate change, implores us to act as responsible stewards to conserve what is precious, and reminds us of the lessons we can learn from the world around us, if only we slow down enough to listen.

bewegendes Buch über ausgestorbene und vom Aussterben bedrohte Vogelarten, in dem sich Naturgeschichte und Kriminalbericht mischen. Malend und schreibend stellt sie überzeugend dar, dass das Aussterben der Arten nicht nur als Naturverlust, sondern, wesentlicher, als Kulturverlust zu beklagen ist, denn mit jeder verlorenen Spezies geht eine "Welt" unter, die sich im menschlichen Geist – in den Künsten, der Mythologie, der Wissenschaft – gespiegelt hat. Spannend und anschaulich, provokant und amüsant, wendet sich dieses Buch sowohl an den wissenschaftlich Interessierten, als auch an den ›naiven‹ Vogelliebhaber. Ein weiterer Meilenstein im erstaunlichen essayistischen Oeuvre von Anita Albus.

*Bowie* María Hesse 2019-09-06 "An entertaining and informative glimpse of Bowie's public and private life, music and disappearance from this earth." —Shelf Media Group David Bowie was a master of artifice and reinvention. In that same spirit, illustrator María Hesse and writer Fran Ruiz have created a vivid retelling of the life of David Robert Jones, from his working-class childhood to glam rock success to superstardom, concluding with the final recording sessions after his cancer diagnosis. Narrated from the rock star's point of view, Bowie colorfully renders both the personal and the professional turning points in a life marked by evolution and innovation. We see Bowie facing the sorrow of his brother's mental illness, kicking a cocaine habit while other musicians succumbed to deadly overdoses, contending with a tumultuous love life, and radiating joy as a father. Along the way, he describes how he shattered the boundaries of song and society with a counterculture cast that included Iggy Pop, Brian Eno, and Freddie Mercury, as well as his own creations, Ziggy Stardust and the Thin White Duke. Evocatively illustrated from start to finish, *Bowie* is a stellar tribute to an inimitable star. "While Bowie portrayed many larger-than-life characters in his music, this book attempts to turn Bowie himself into a similarly superhuman character, adding a few extra dashes of magic, wonder and awe into his already stunning life as an artist." —Paste "Beautifully illustrated . . . Not a 'graphic biography' but something more imaginative." —Shepherd Express "The art reflects a man consumed with himself as an evolving art project, at once self-absorbed and self-sacrificing, coolly aesthetic and curiously, lovably human." —Publishers Weekly

**Atlas of an Anxious Man** Christoph Ransmayr 2016 In *The Atlas of an Anxious Man*, Christoph Ransmayr offers a mesmerizing travel diary—a sprawling tale of earthly wonders seen by a wandering eye. This is an exquisite, lyrically told travel story. Translated by Simon Pare, this unique account follows Ransmayr across the globe: from the shadow of Java's volcanoes to the rapids of the Mekong and Danube Rivers, from the drift ice of the Arctic Circle to Himalayan passes, and on to the disenchanting islands of the South Pacific. Ransmayr begins again and again with, "I saw. . ." recounting to the reader the stories of continents, eras, and landscapes of the soul. Like maps, the episodes come together to become a book of the world—one that charts the life and death, happiness and fate of people bound up in images of breathtaking beauty. "One of the German language's most gifted young novelists."—Library Journal, on *The Terrors of Ice and Darkness*

and Carm Little Turtle-are connected by a belief that images are political and that today's feminist concerns cannot be separated from such issues as ethnicity, class, age, and sexuality. They share a consciousness that historically women have been "framed" and can now be "reframed." Dear to Me Peter Zumthor 2021-09-15 An inspirational set of booklets that invite us to delve into the intellectual world of Peter Zumthor and his guests. In summer 2017, celebrated Swiss architect Peter Zumthor curated the exhibition Dear to Me at the Kunsthaus Bregenz, marking the twentieth anniversary of one of his most famous designs. Part of the program were conversations with philosophers, curators, historians, composers, writers, photographers, collectors, and craftsmen that Zumthor had invited to contribute to the exhibition. His dialogues with them offer insights into the thoughts and practice of fascinating personalities. Together with his counterparts, he explores artistic preferences and practices, reasonings, as well as practical knowledge from artisanal experience. Always charming and affectionate, he follows up persistently, and with gentle determination takes his guests on mutual intellectual strolls. In Dear to Me, Zumthor's equally serious and serene conversations with Anita Albus, Aleida Assmann, Marcel Beyer, Hélène Binet, Hannes Böhringer, Renate Breuss, Claudia Comte, Bice Curiger, Esther Kinsky, Ralf Konersmann, Walter Lietha, Olga Neuwirth, Rebecca Saunders, Karl Schlögel, Martin Seel, Ruedi Walli, and Wim Wenders are collected in seventeen booklets held together in an exquisitely manufactured box. An eighteenth complementary booklet documents the Dear to Me exhibition in Bregenz through concise texts and images.

*Walter Gropius, 1883-1969* Gilbert Lupfer 2004 Born and educated in Germany, Walter Gropius (1883-1969) belongs to the select group of architects that massively influenced the international development of modern architecture. As the founding director of the Bauhaus, Gropius made inestimable contributions to his field, to the point that knowing his work is crucial to understanding Modernism. His early buildings, such Fagus Boot-Last Factory and the Bauhaus Building in Dessau, with their use of glass and industrial features, are still indispensable points of reference. After his emigration to the United States, he influenced the education of architects there and became, along with Mies van der Rohe, a leading proponent of the International Style.

**Mat Hennek: Woodlands** Mat Hennek 2016-10-31 In Woodlands, German photographer Mat Hennek (born 1969) presents portraits of trees, the results of numerous hikes through various forests in Europe and the US. Hennek sets out to discover extraordinary places in remote and often difficult-to-access areas, traveling for days on paths remote from human civilization. Hennek removes all spatial landmarks, alternately erasing the ground and horizon to unhinge any sense of direction. Light and shadow, pattern and structure build up to an impressionistic hymn--infinite, without a center, without beginning or end. As author Laureline Amanieux writes, "man is not needed in these works, as it is the viewer who becomes wholly integrated in the bosom of nature." Through a graphic style that sublimates the landscape into pure abstraction, Hennek eliminates the border between painting and photography.

**Das Los der Lust** Anita Albus 2015-10-06 Die Malerin, Kunstgelehrte und Schriftstellerin Anita Albus schreibt über die dänische Baronin Tania Blixen, die legendär wurde durch den Film von Sydney Pollack ›Jenseits von Afrika‹ (1985) mit Meryl Streep und Robert Redford. Berühmt war sie durch ihre Literatur, vor allem ihre Erinnerungen an Afrika (unter den Titeln ›Afrika, dunkel lockende Welt‹, ›Jenseits von Afrika‹, ›Die afrikanische Farm‹ erschienen), sowie durch ihren gescheiterten Versuch, eine Kaffeeplantage in Britisch-Ostafrika aufzubauen. Afrika blieb das Sehnsuchtsland der Tania Blixen, auch als sie ihren Lebenstraum ihrer Kaffeeplantage in Kenia "am Fuße der Ngong-Berge" nach 17 Jahren 1932 endgültig verloren geben musste. Ein noch größerer Schicksalsschlag war für sie das Scheitern ihrer leidenschaftlichen Liebe zu dem englischen Adligen Denys Finch Hatton und dessen früher Tod bei einem Flugzeugabsturz. Anita Albus' kluger und schöner Essay ›Das Los der Lust‹ spürt den subtilen Mechanismen der Erinnerung, der Phantasie, des Mystifizierens nach, mit denen Tania Blixen in ihrem literarischen Werk die Schrecken des Schicksals für sich zu deuten versucht. Ihr lebenslanger Traum, "wie ein Vogel die Erde unter sich versinken zu sehen", war ihr oft genug Rettung.

Those studies led to the publication of the *Metamorphosis Insectorum Surinamensium* (the *Metamorphosis of the Insects of Suriname*), a luxury volume which brought the wonders of Suriname to Europe."--

**Practical Botany for Gardeners** Geoff Hodge 2014-02-01 Gardening can be frustratingly shrouded in secrecy. Fickle plants make seemingly spontaneous decisions to bloom or bust, seeds sprout magically in the blink of an eye, and deep-rooted mysteries unfold underground and out of sight. Understanding basic botany is like unlocking a horticultural code; fortunately learning a little science can reveal the secrets of the botanical universe and shed some light

on what's really going on in your garden. *Practical Botany for Gardeners* provides an elegant and accessible introduction to the world of botany. It presents the essentials that every gardener needs to know, connecting explanations of scientific facts with useful gardening tips. Flip to the roots section and you'll not only learn how different types of roots support a plant but also find that adding fungi to soil aids growth. The pruning section both defines "lateral buds" and explains how far back on a shoot to cut in order to propagate them. The book breaks down key areas and terminology with easy-to-navigate chapters arranged by theme, such as plant types, plant parts, inner workings, and external factors. "Great Botanists" and "Botany in Action" boxes delve deeper into the fascinating byways of plant science. This multifaceted book also includes two hundred botanical illustrations and basic diagrams that harken to the classic roots of botany. Part handbook, part reference, *Practical Botany for Gardeners* is a beautifully captivating read. It's a must for garden lovers and backyard botanists who want to grow and nurture their own plant knowledge.

**I Put a Spell on You** John Burnside 2014-05-01 In this exquisite, haunting book, John Burnside describes his coming of age from the industrial misery of Cowdenbeath and Corby to the new world of Cambridge. This is a memoir of romance – of lost love and the love of being lost – darkened by threat, illuminated by glamour. The old Scots word 'glamour' means magical charm, and the first time he was played *I Put a Spell on You*, John Burnside thought he had never heard a more beautiful song – it was an enchantment, a fascination that would turn to obsession. Implicit in the song were all the ambiguities that intrigued him – love, possession and danger – and this book is an exploration of the darker side of glamour and attraction. Beginning with memories of a brutal murder, the book follows the author through a series of uncanny encounters with 'lost girls', with brilliant digressions on murder ballads, voodoo, acid and insomnia, and a cast that includes Kafka and Narcissus, Diane Arbus and Mel Lyman, The Four Tops and Screamin' Jay Hawkins, and time spent lost in the Arctic Circle, black-and-white films and a mental institution. Ending with the tender summoning of the ghost of his dying mother as she sings along to the radio in her empty kitchen, *I Put a Spell on You* is a book about memory, about the other side of love: a book of secrets and wonders.

*The Mosquito* Timothy C. Winegard 2019-08-06 \*\*The instant New York Times bestseller.\*\* \*An international bestseller.\* Finalist for the Lane Anderson Award Finalist for the RBC Taylor Award "Hugely impressive, a major work."—NPR A pioneering and groundbreaking work of narrative nonfiction that offers a dramatic new perspective on the history of humankind, showing how through millennia, the mosquito has been the single most powerful force in determining humanity's fate Why was gin and tonic the cocktail of choice for British colonists in India and Africa? What does Starbucks have to thank for its global domination? What has protected the lives of popes for millennia? Why did Scotland surrender its sovereignty to England? What was George Washington's secret weapon during the American Revolution? The answer to all these questions, and many more, is the mosquito. Across our planet since the dawn of humankind, this nefarious pest, roughly the size and weight of a grape seed, has been at the frontlines of history as the grim reaper, the harvester of human populations, and the ultimate agent of historical change. As the mosquito transformed the landscapes of civilization, humans were unwittingly required to respond to its piercing impact and universal projection of power. The mosquito has determined the fates of empires and nations, razed and crippled economies, and decided the outcome of pivotal wars, killing nearly half of humanity along the way. She (only females bite) has dispatched an estimated 52 billion people from a total of 108 billion throughout our relatively brief existence. As the greatest purveyor of

extermination we have ever known, she has played a greater role in shaping our human story than any other living thing with which we share our global village. Imagine for a moment a world without deadly mosquitoes, or any mosquitoes, for that matter? Our history and the world we know, or think we know, would be completely unrecognizable. Driven by surprising insights and fast-paced storytelling, *The Mosquito* is the extraordinary untold story of the mosquito's reign through human history and her indelible impact on our modern world order.

**Tribune of Rome** Robert Fabbri 2014-04-01 One man, born in rural obscurity, destined to become one of Rome's greatest Emperors 26 AD: 16-year-old Vespasian leaves his family farm for Rome, his sights set on finding a patron and following his brother into the army, but he discovers a city in turmoil and an Empire on the brink. The aging emperor Tiberius is in seclusion on Capri, leaving Rome in the iron grip of Sejanus, commander of the Praetorian Guard. Sejanus is ruler of the Empire in all but name, but many fear that isn't enough for him. Sejanus' spies are everywhere—careless words at a dinner party can be as dangerous as a barbarian arrow. Vespasian is totally out of his depth, making dangerous enemies (and even more dangerous friends—like the young Caligula) and soon finds himself ensnared in a conspiracy against Tiberius. With the situation in Rome deteriorating, Vespasian flees the city to take up a position as tribune in an unfashionable legion on the Balkan frontier. Even here, rebellion is in the air and unblooded and inexperienced, Vespasian must lead his men in savage battle with hostile mountain tribes. Vespasian will soon realize that he can't escape Roman politics any more than he can escape his destiny.

Cox Christoph Ransmayr 2020-04-15 The world's most powerful man, Qiánlóng, emperor of China, invites the famous eighteenth-century clockmaker Alister Cox to his court in Beijing. There, in the heart of the Forbidden City, the Englishman and his assistants are to build machines that mark the passing of time as a child or a condemned man might experience it and that capture the many shades of happiness, suffering, love, and loss that come with that passing. Mystified by the rituals of a rigidly hierarchical society dominated by an unimaginably wealthy, god-like ruler, Cox musters all his expertise and ingenuity to satisfy the emperor's desires. Finally, Qiánlóng, also known by the moniker Lord of Time, requests the construction of a clock capable of measuring eternity—a perpetuum mobile. Seizing this chance to realize a long-held dream and honor the memory of his late beloved daughter, yet conscious of the impossibility of his task, Cox sets to work. As the court is suspended in a never-ending summer, festering with evil gossip about the monster these foreigners are creating, the Englishmen wonder if they will ever escape from their gilded cage. Richly imagined and recounted in vivid prose of extraordinary beauty, Cox, or The Course of Time is a stunning illustration of Christoph Ransmayr's talent for imbuing a captivating tale with intense metaphorical, indeed metaphysical force. More than a meeting of two men, one isolated by power, the other by grief, this is an exploration of mortality and a virtuoso demonstration that storytelling alone can truly conquer time.
