**The Beauty of the Real** Mick LaSalle 2012-05-09 Even as actresses become increasingly marginalized by Hollywood, French cinema is witnessing an explosion of female talent—a Golden Age unlike anything the world has seen since the days of Stanwyck, Hepburn, Davis, and Garbo. In France, the joy of acting is alive and well. Scores of French actresses are doing the best work of their lives in movies tailored to their star images and unique personalities. Yet virtually no one this side of the Atlantic even knows about them. Viewers who feel shortchanged by Hollywood will be thrilled to discover *The Beauty of the Real*. This book showcases a range of contemporary French actresses to an audience that will know how to appreciate them—an American public hungry for the exact qualities that these women represent. To spend time with them, to admire their flashing intelligence and fearless willingness to depict life as

it is lived, gives us what we're looking for in movies but so rarely find: insights into womanhood, meditations on the dark and light aspects of life's journey, revelations and explorations that move viewers to reflect on their own lives. The stories they bring to the screen leave us feeling renewed and excited about movies again. Based on one-on-one interviews and the viewing of numerous films, Mick LaSalle has put together a fascinating profile of recent generations of French film stars and an overview of their best work. These women's insights and words illuminate his book, which will answer once and for all the two questions Americans most often have about women and the movies: Where did all the great actresses go? And how can I see their movies? Please click here to see a video discussing *The Beauty of the Real* at the Roxie Film Festival.

*Some Kind of Hero* Matthew Field 2015-10-12 For over 50 years, Albert R. Broccoli's Eon Productions has navigated the ups and downs of the volatile British film industry, enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series. Latterly, this family run business has been crowned with box office gold and recognised by motion picture academies around the world. However, it has not always been plain sailing. Changing financial regimes forced 007 to relocate to France and Mexico; changing fashions and politics led to box office disappointments; and changing studio regimes and business disputes all but killed the franchise. And the rise of competing action heroes has constantly questioned Bond's place in popular culture. But against all odds the filmmakers continue to wring new life from the series, and 2012's *Skyfall* saw both huge critical and commercial success, crowning 007 as the undisputed king of the action genre. *Some Kind of Hero* recounts this remarkable story, from its origins in the early '60s right through to the present day, and draws on hundreds of unpublished interviews with the cast and crew of this iconic series.

**Charlotte Gainsbourg** Felicity Chaplin 2020-10-27 Actress, singer, indie icon and embodiment of Parisian cool, Charlotte Gainsbourg is one of the most intriguing yet understated stars of our time. This book, the first detailed study of Gainsbourg, charts the trajectory of her star persona across four decades, from her early work with her father and ground-breaking collaboration with Claude Miller to her more recent collaborations with Lars von Trier and

music producers like Beck and Air. The book combines textual analysis of performance, costume, place, characterisation and narrative with archival research and extra-cinematic materials to interrogate the construction of Gainsbourg's persona. As well as providing a comprehensive overview of her career to date, it examines her circulation in a transnational context and across a range of media platforms, exploring notions of gender, beauty and nationality in relation to her embodiment of femininity, Frenchness and transnationality.

*Sex and Sensibility* Genevieve Field 2005-02-01 It's all about you. Your apartment. Your job. Your dates. Your sex life. Your time off. Your exercise. Your food. Your music. Your future. What are you waiting for? Who will you love? What is it, really, that you want? The life of a single woman in the twenty-first century is full of new connections, new sex, new love, and new loss. It's about letting the laundry pile up, sipping strong drinks with near strangers, and dishing to girlfriends on those foggy-headed, flushed morning-afters. But it isn't all heightened connections and steamy dates. The single girl is no stranger to the scramble for a Saturday night plan, the oh-so-promising guy who took her number at a party and then -- poof! -- disappeared, the ever narrowing circle of unattached girlfriends.... In *Sex and Sensibility* twenty-nine of today's most acclaimed -- and often bestselling -- female authors write about the push-pull between independence and vulnerability, fearlessness and self-doubt that defines single life. Jennifer Weiner, Pam Houston, Laurie Notaro, Amy Sohn, and Julianna Baggott are just a few of the real-life heroines whose stories about long-distance dating, twenty-something divorce, online crushes, and thrilling one-night stands make up this funny, frank, and unabashedly erotic celebration of singlehood and sisterhood -- a quintessential handbook for today's independent woman.

in pop music which began a cultural scene in the early 1960s. Her teenage success grew as she became a much-photographed fashion model and actress. Adored for her shy beauty and emotional songwriting, she sang hit songs in French, Italian, and German. In *The Despair of Monkeys and Other Trifles*, she bares her soul and tells the truth of her relationships, fears, and triumphs as well as the hard-won wisdom carved from a life well-lived. This unusually-titled memoir has sold millions of copies in its French, German, Italian, and Spanish editions in recent years. This first English-language release is expertly translated by Jon E. Graham. The book contains dozens of images in addition to Hardy's intimate recollections of her upbringing and career. Françoise Hardy, an accomplished songwriter and lyricist also collaborated with accomplished songwriters such as Leonard Cohen, Serge Gainsbourg, and Patrick Modiano. Both her early pop work and later material in a complex and mature style helped generate a dedicated cult following. Both her husband, Jacques Dutronc, and son, Thomas Dutronc, are respected musicians in France.

Telling Lies Sophie Marceau 2001 The narrator is a beautiful actress. She is at once confident in her talent and her beauty, and deeply insecure: the archetypal performer. At times contradictory and unreliable, the narrator - whose name we never learn - draws the reader into a world of memories, fantasies and impressions, never revealing herself completely. She constantly teases the reader, who remains torn between what is truth and what is reality. And at the same time we are led to wonder whether Marceau's novel is wholly autobiographical or whether she is leading us up the garden path on a grand scale. Through her beautifully crafted prose, Sophie Marceau has written a compelling exploration of female identity.

*The Truth About French Women* Marie-Morgane Le Moel 2015-03-02 The Truth About French Women shows us that French women really are fascinating, but not for the reasons you think. French women have a mystique about them. They have, throughout the ages, been considered by some as a species apart – apparently flawless women, for whom sex and sensuality are central to their identity. But are French women really a model of elegance, always perfectly dressed with designer clothes as the stereotype would have us believe? Are they all intellectual, classy creatures with a perfect waistline, even if they eat croissants au beurre all day long? Are they all sexually liberated, wearing kinky lingerie and bedding other women's husbands (seducing them with a bottle of champagne kept near the bed, of course) ? The Truth About French Women focuses on who French women really are, and why they're more interesting than the clichés. It calls on women throughout French history who have defied societal norms and created their own destiny. French women who include heroines such as Jeanne d'Arc, the teenage girl who led the French army to success; the legendary sans culottes, who were instrumental during the French Revolution and Coco Chanel, who not only built a fashion empire, but also liberated women from the constraints of the corset, allowing an unprecedented amount of physical freedom for the fairer sex. It's also a study into the realities of everyday life for the contemporary French woman, and how she interprets love, art and politics.

*The James Bond Movie Encyclopedia* Steven Jay Rubin 2020-11-10 Ian Fleming's James Bond character has entertained motion picture audiences for nearly sixty years, and the filmmakers have come a long way since they spent \$1 million producing the very first James Bond movie, Dr. No, in 1962. The 2015 Bond title, Spectre, cost \$250 million and grossed \$881 million worldwide—and 2020's No Time to Die is certain to become another global blockbuster. The James Bond Movie Encyclopedia is the completely up-to-date edition of author Steven Jay Rubin's seminal work on the James Bond film series. It covers the entire series through No Time to Die. Packed with behind-the-scenes information based on interviews with the cast and filmmakers, fascinating facts, trivia, bloopers,

classic quotes, character bios, and cast and filmmaker bios, it showcases the type of exhaustive research that has been a hallmark of Rubin's work in film history. It also features hundreds of rare and unusual still photographs of the participants both in front of and behind the camera.

Journeys of Desire Alastair Phillips 2019-07-25 A comprehensive guide to European actors in American film, this book brings together 15 chapters with A-Z entries on over 900 individuals. It includes case studies of prominent individuals and phenomena associated with the emigres, such as the stereotyping of European actresses in 'bad women' roles, and the irony of Jewish actors playing Nazis.

Mon amour Sophie Marceau Alexander Belikov 2018-11-24 Книга представляет собой сборник стихов любовной лирики. При их написании меня вдохновляла французская актриса Софи Марсо. Поэтому книга называется в переводе с французского на русский «Моя любовь Софи Марсо». В книге, конечно, есть стихи, адресованные ей и написана она на русском языке.

**Chinese Middle Constructions** Jiajuan Xiong 2017-11-14 This book defines Chinese middle constructions as generic constructions, with their highest syntactically saturated argument always understood as an arbitrary one. This working definition sets “middle construction” apart from “middle voice” in that it can be instantiated by various constructions in Chinese. By scrutinizing these constructions in the framework of Generative Syntax, the book concludes that their formation takes place at the lexical level, without resorting to any syntactic mechanisms and thus that Chinese falls into the category of “lexical middle languages”, which are in contrast to “syntactic middle languages”.
