You're Not Listening Kate Murphy 2020-01-07 When was the last time you listened to someone, or someone really listened to you? "If you're like most people, you don't listen as often or as well as you'd like. There's no one better qualified than a talented journalist to introduce you to the right mindset and skillset—and this book does it with science and humor." -Adam Grant, #1 New York Times bestselling author of *Originals* and *Give and Take* **Hand picked by Malcolm Gladwell, Adam Grant, Susan Cain, and Daniel Pink for Next Big Ideas Club** "An essential book for our times." -Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone* At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Despite living in a world where technology allows constant digital communication and opportunities to connect, it seems no one is really listening or even knows how. And it's making us lonelier, more isolated, and less tolerant than ever before. A listener by trade, New York Times contributor Kate Murphy wanted to know how we got here. In this always illuminating and often humorous deep dive, Murphy explains why we're not listening, what it's doing to us, and how we can reverse the trend. She makes accessible the psychology, neuroscience, and sociology of listening while also introducing us to some of the best listeners out there (including a CIA agent, focus group moderator, bartender, radio producer, and top furniture salesman). Equal parts cultural observation, scientific exploration, and rousing call to action that's full of practical advice, *You're Not Listening* is to listening what Susan Cain's *Quiet* was to introversion. It's time to stop talking and start listening.

Channel Kindness: Stories of Kindness and Community Born This Way Foundation Reporters 2020-09-22 A New York Times Bestseller For Lady Gaga, kindness is the driving force behind everything she says and does. The quiet power of kindness can change the way we view one another, our communities, and even ourselves. She embodies this mission, and through her work, brings more kindness into our world every single day. Lady Gaga has always believed in the importance of being yourself, being kind to yourself, and being kind to others, no matter who they are or where they come from. With that sentiment in mind, she and her mother, Cynthia Germanotta, founded Born This Way Foundation, a nonprofit

organization dedicated to making the world a kinder and braver place. Through the years, they've collected stories of kindness, bravery and resilience from young people all over the world, proving that kindness truly is the universal language. And now, we invite you to read these stories and follow along as each and every young author finds their voice just as Lady Gaga has found hers. Within these pages, you'll meet young changemakers who found their inner strength, who prevailed in the face of bullies, who started their own social movements, who decided to break through the mental health stigma and share how they felt, who created safe spaces for LGBTQ+ youth, and who have embraced kindness with every fiber of their being by helping others without the expectation of anything in return. In one story, you'll read about a young person with an autoimmune disease, who after being bullied at school, learned how to practice self-love and started an organization with the mission of educating others about the importance of self-love, too; and in another story, you'll meet a young person who decided to start a movement to help eliminate the stigma surrounding mental health and encouraged others to talk about their feelings openly and honestly, a reminder that kindness and mental wellness go hand in hand. Not only were we moved by these individual acts of kindness, but we were also touched by the many stories of organizations, neighborhoods, and entire communities that fully dedicated themselves to helping those in need and found new, innovative ways to make our world a kinder and braver place. Individually and collectively, these stories prove that kindness not only saves lives but builds community. Kindness is inclusion, it is pride, it is empathy, it is compassion, it is self-respect and it is the guiding light to love. Kindness is always transformational, and its never-ending ripples result in even more kind acts that can change our lives, our communities, and our world.

Curious why you should be terrified of cassowaries, the “velociraptor that time forgot?” Questioning whether that cute baby hippo is actually a homicidal maniac in the making? Yea, so was Mamadou Ndiaye . . . and now he's got your answers. 100 Animals That Can F*cking End You is the ultimate countdown to merk by animal, featuring everything from tiny bugs that can turn you into a hashtag to animals so massive they can murder you by accident. These include: • The massive Southern elephant seal, which "is built like a truck with the personality of a Spring Break frat boy" • Sperm whales with a call so strong it can vibrate you to death • A golf-ball-sized octopus that can erase twenty-six people with one bite • Hyenas, which have no qualms eating their prey while it is still alive • A snake so quick it can strike you three times before you blink You'll learn not only which animals to avoid, but which ones can beat you in a footrace, which ones create surprisingly high body counts, and which ones will give you a good reason never to venture into the ocean. Mamadou also offers the occasional survival tip, even if it is just to make peace with your higher power. Sorry Not Sorry Naya Rivera 2016-09-13 Funny and deeply personal, *Sorry Not Sorry* recounts Glee star Naya Rivera's successes and missteps, urging young women to pursue their dreams and to refuse to let past mistakes define them. Navigating through youth and young adulthood isn't easy, and in *Sorry Not Sorry*, Naya Rivera shows us that we're not alone in the highs, lows, and in-betweens. Whether it's with love and dating, career and ambition, friends, or gossip, Naya inspires us to follow our own destiny and step over--or plod through--all the crap along the way. After her rise and fall from early childhood stardom, barely eking her way through high school, a brief stint as a Hooters waitress, going through thick and thin with her mom/manager, and resurrecting her acting career as Santana Lopez on *Glee*, Naya emerged from these experiences with some key life lessons: Sorry: - All those times I scrawled "I HATE MY MOM" in my journal. So many moms and teenage daughters don't get along--we just have to realize it's nothing personal on either side. - At-home highlights and DIY hair extensions. Some things are best left to the experts, and hair dye is one of them. - Falling in love with the idea of a person, instead of the actual person. Not Sorry: - That I don't always get along with everyone. Having people not like you is a risk you have to take to be real, and I'll take that over being fake any day. - Laughing at the gossip instead of getting upset by it. - Getting my financial disasters out of the way early--before I was married or had a family--so that the only credit score that I wrecked was my own. Even with a successful career and a family that she loves more than anything else, Naya says, "There's still a thirteen-year-old girl inside of me making detailed lists of how I can improve, who's never sure of my own self-worth." *Sorry Not Sorry* is for that thirteen-year-old in all of us.

Why Won't You Apologize? Harriet Lerner 2017-01-10 "If you want to know why Harriet Lerner is one of my great heroes, *Why Won't You Apologize?* is the answer. This book is a game changer." —Brené Brown, PhD, LMSW, author of the #1 New York Times bestseller *Rising Strong* "Harriet Lerner is one hell of a wise woman. She draws you in with deft and engaging prose, and then changes your life with her rigorous intelligence and her deeply human advice. I promise that you will never see 'the apology' in quite the same way." —Esther Perel, MA, LMFT author of *Mating in Captivity* Renowned psychologist and bestselling author of *The Dance of Anger* sheds new light on the two most important words in the English language—I'm sorry—and offers a unique perspective on the challenge of healing broken connections and restoring trust. Dr. Harriet Lerner has been studying apologies—and why some people won't give them—for more than two decades. Now she offers compelling stories and solid theory that bring home how much the simple apology matters and what is required for healing when the hurt we've inflicted (or received) is far from simple. Readers will learn how to craft a deeply meaningful "I'm sorry" and avoid apologies that only deepen the original injury. *Why Won't You Apologize?* also addresses the compelling needs of the injured party—the one who has been hurt by someone who won't apologize, tell the truth, or feel remorse. Lerner explains what drives both the non-apologizer and the over-apologizer, as well as why the people who do the worst things are the least able to own up. She helps the injured person resist pressure to forgive too easily and challenges the popular notion that forgiveness is the only path to peace of mind. With her trademark humor and wit, Lerner offers a joyful and sanity-saving guide to setting things right.

Let Love Rule Lenny Kravitz 2020-10-06 THE NEW YORK TIMES BESTSELLER "I see my story as a suite of songs that have a magical connection." *Let Love Rule* is a work of deep reflection. Lenny Kravitz looks back at his life with candor, self-scrutiny, and humor. "My life

is all about opposites," he writes. "Black and white. Jewish and Christian. The Jackson 5 and Led Zeppelin. I accepted my Gemini soul. I owned it. I adored it. Yins and yangs mingled in various parts of my heart and mind, giving me balance and fueling my curiosity and comfort." Let Love Rule covers a vast canvas stretching from Manhattan's Upper East Side, Brooklyn's Bedford-Stuyvesant, Los Angeles's Baldwin Hills and Beverly Hills, and finally to France, England, and Germany. It's the story of a wildly creative kid who, despite tough struggles at school and extreme tension at home, finds salvation in music. We see him grow as a musician and ultimately become a master songwriter, producer, and performer. We also see Lenny's spiritual growth—and the powerful way in which spirit informs his music. The cast of characters surrounding Lenny is extraordinary: his father, Sy, a high-powered news executive; his mother, Roxie Roker, a television star; and Lisa Bonet, the young actress who becomes his muse. The central character, of course, is Lenny, who, despite his great aspirational energy, turns down record deal after record deal until he finds his true voice. The creation of that voice, the same voice that is able to declare "Let Love Rule" to an international audience, is the very heart of this story. "Whether recording, performing, or writing a book," says Lenny, "my art is about listening to the inspiration inside and then sharing it with people. Art must bring the world closer together."

What Got You Here Won't Get You There Marshall Goldsmith 2010-09-03 Your hard work is paying off. You are doing well in your field. But there is something standing between you and the next level of achievement. That something may just be one of your own annoying habits. Perhaps one small flaw - a behaviour you barely even recognise - is the only thing that's keeping you from where you want to be. It may be that the very characteristic that you believe got you where you are - like the drive to win at all costs - is what's holding you back. As this book explains, people often do well in spite of certain habits rather than because of them - and need a "to stop" list rather than one listing what "to do". Marshall Goldsmith's expertise is in helping global leaders overcome their unconscious annoying habits and become more successful. His one-on-one coaching comes with a six-figure price tag - but in this book you get his great advice for much less. Recently named as one of the world's five most-respected executive coaches by Forbes, he has worked with over 100 major CEOs and their management teams at the world's top businesses. His clients include corporations such as Goldman Sachs, Glaxo SmithKline, Johnson and Johnson and GE.
