The Art of Creative Writing Lajos Egri 2020-12-29 “One of the few truly helpful books on fiction writing.” —Chicago Tribune Go beyond Stephen King’s *On Writing* to master the fundamentals of great storytelling with this foundational guide that reveals the essential elements of what makes the best fiction. *The Art of Creative Writing* is a timeless testament to the power of dialogue and character development that is accessible for every level of writer from beginner to established author. As in the bestselling *The Art of Dramatic Writing*, still considered one of the most essential books on playwriting more than 75 years after publication, the author outlines in detail his highly acclaimed Egri Method of Creative Writing and shows how to apply it to all fiction formats—novels, short stories, and screenplays. Grounded in Egri’s assertion that “Every type of creative writing depends upon the credibility of a character,” here is concise, clear advice on the most important element of good writing: characterization. Step by step, Egri shows writers how to probe the secrets of human motivation to create flesh-and-blood characters who create suspense and conflict, and who grow emotionally under stress and strain. As practical as it is inspiring, *The Art of Creative Writing* remains a timeless, illuminating guide that teaches every writer, and aspiring writer, how to create works that are both compelling and enduring.

Selected Essays on Intermediality by Werner Wolf (1992-2014) Werner Wolf 2017-12 This volume collects twenty-two major essays by Werner Wolf published between 1992 and 2014, which have contributed to establishing 'intermediality' as an internationally recognized research field, providing a widely accepted typology of the field and opening intermedial perspectives on areas as varied as narratology, metareferentiality and iconicity.

Friedrich Von Hausen Hugo Bekker 2020-05 The author casts new light on Hausen's lyrics by often favoring the manuscript readings. In the readings, irony emerges as a leading poetic device, as does the element of *Spiel*. Questions arise regarding such concepts as *Gottesdienst*, *Frauendienst*, and *hohe Minne*. Attrition is discussed as the possible motivation behind the persona's decision to take the cross.

Dancing on Broken Glass Ka Hancock 2012-03-13 A powerfully written novel offering an intimate look at a beautiful marriage and how bipolar disorder and cancer affect it, *Dancing on Broken Glass* by Ka Hancock perfectly illustrates the enduring power of love. bipolar disorder, and she has a ravaging family history of breast cancer. But when their paths cross on the night of Lucy's twenty-first birthday, sparks fly, and there's no denying their chemistry. Cautious every step of the way, they are determined to make their relationship work—and they put it all in writing. Mickey promises to take his medication. Lucy promises not to blame him for what is beyond his control. He promises honesty. She promises patience. Like any marriage, they have good days and bad days—and some very bad days. In dealing with their unique challenges, they make the heartbreaking decision not to have children. But when Lucy shows up for a routine physical just shy of their eleventh anniversary, she gets an impossible surprise that changes everything. Everything. Suddenly, all their rules are thrown out the window, and the two of them must redefine what love really is. An unvarnished portrait of a marriage that is both ordinary and extraordinary, *Dancing on Broken Glass* takes readers on an unforgettable journey of the heart.

Literary Translation, Reception, and Transfer Norbert Bachleitner 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

The Writer's Compass Nancy Ellen Dodd 2011-06-29 Map out your idea and finish your story in 7 stages! This book will show writers how to develop their ideas into a finished novel by working through it in 7 stages, while learning how to mapping out their story's progress and structure so they can evaluate and improve their work. It teaches writers to visualize their story's progress with a story map that helps them see all the different components of their story, where these components are going, and, perhaps most importantly, what's missing. The book simplifies Aristotle's elements of good writing (a.k.a. that each story should have a beginning, a middle and an end) into easily applicable concepts that will help writers improve their craft. The author helps readers strengthen their work by teaching them how to focus on one aspect of their story at a time, including forming stories and developing ideas, building strong structures, creating vibrant characters, and structuring scenes and transitions. Thought-provoking questions help writers more objectively assess their story's strengths and weaknesses so they may write the story they want to tell.

Theatre and the City Jen Harvie 2009-06-02 How can an understanding of theatre in the city help us make sense of urban social experience? *Theatre & the City* explores how relationships between theatre, performance and the city affect social power dynamics, ideologies and people's sense of identity. Foreword by Tim Etchells.

Crisis and Critique: Philosophical Analysis and Current Events Anne Siegetsleitner 2021-06-08 Contemporary deep-reaching changes - whether in financial or real economy, in Europe's political conditions, in the context of scientific theories, in the field of global (environmental) security, or gender relations - are also a challenge to philosophy. The volume comprises cutting-edge scholarly articles from renowned philosophers with various geographical backgrounds and from different philosophical strands. Next to investigating general questions as to the relation of philosophy and critique (What is philosophical critique and which philosophical concepts of critique are of importance today? Where do we need it most? Where are its limits?), the articles focus on issues like theories of democracy and modes of election; the roles of emotions in the political realm; challenges from a widespread discontent in society to politics and science; changes to social identities and different theoretical approaches to social identity formation. The book is indispensable for all who are interested in what contemporary philosophy has to say on crucial issues of our time.

The Lamentations of Zeno Ilija Trojanow 2016-05-03 A literary fiction about climate disaster and a scientist imploding on a journey to the Antarctic Zeno Hintermeier is a scientist working as a travel guide on an Antarctic cruise ship, encouraging the wealthy to marvel at the least explored continent and to open their eyes to its rapid degradation. It is a troubling turn in the life of an idealistic glaciologist. Now in his early sixties, Zeno bewails the loss of his beloved glaciers, the disintegration of his marriage, and the foundering of his increasingly irrelevant career. Troubled in conscience and goaded by the smug complacency of the passengers in his charge, he starts to plan a desperate gesture that will send a wake-up call to an overheating world. *The Lamentations of Zeno* is an extraordinary evocation of the fragile and majestic wonders to be found at a far corner of the globe, written by a novelist who is a renowned travel writer. Poignant and playful, the novel recalls the experimentation of high-modernist fiction without compromising a limpid sense of place or the pace of its narrative. It is a

portrait of a man in extremis, a haunting and at times irreverent tale that approaches the greatest challenge of our age—perhaps of our entire history as a species—from an impassioned human angle.

I Don't Want To Kill You Dan Wells 2011-01-06 I Don't Want to Kill You is the third darkly comic novel in the John Wayne Carver series by Dan Wells, the first of which - I Am Not a Serial Killer - is now a major motion picture. Sixteen-year-old John Wayne Cleaver has always known he's different, but not because he only has one friend (and doesn't much like him) and not because he regularly helps out in his mother's mortuary. He's different because he recognizes the classic signs of an incipient serial killer in his own personality, and he's created a rigid set of rules to follow to keep his darker nature, the one he calls Mr Monster in check. But John discovers it's the personality traits he so fears that put him in the best position to save the people of his town from a series of horrific and disturbing killers...

The Scent of Death Simon Beckett 2020 Formerly a busy hospital, St Jude's now stands derelict, awaiting demolition: these days, its only visitors are addicts and dealers. So when a partially mummified corpse is found in the hospital's cavernous loft, the police believe it must be the result of a tragic accident or a drug deal gone wrong. Forensics expert Dr David Hunter can't say how long the body has been there, but he's certain it's that of a young woman, and that she was pregnant. It soon becomes clear that the hospital has yet to give up all of its secrets. The sudden collapse of the attic floor reveals a bricked-up chamber with beds still inside. Some of them are occupied... As the investigation springs more surprises, one thing is certain: St Jude's hasn't claimed its last victim.

Linguistic Construction of Ethnic Borders Peter Rosenberg 2015-11-16 This volume focuses on the linguistic constructs involved in ethnic borders. Ethnic borders have proven themselves to be surprisingly long-lived: in nearly all European countries and beyond, border demarcation, exclusion of foreigners, and minority conflicts are some of the most persistent challenges for nations and societies. Which linguistic factors play a role in the formation of these borders, especially those drawn along ethnic lines? Which linguistic constructs contribute to the negotiation, establishment and maintenance of ethnic groups and identities? Under which conditions can processes of linguistic convergence, hybrids, or transcultural identities be observed?

BABYLON BERLIN Volker Kutscher, author of the international bestseller *Babylon Berlin*, continues his Gereon Rath Mystery series with *The Silent Death* as a police inspector investigates the crime and corruption of a decadent 1930s Berlin in the shadows of the growing Nazi movement. March 1930: The film business is in a process of change. Talking films are taking over the silver screen and many a producer, cinema owner, and silent movie star is falling by the wayside. Celebrated actress Betty Winter is hit by a spotlight while filming a talkie. At first it looks like an accident, but Superintendent Gereon Rath finds clues that point to murder. While his colleagues suspect the absconded lighting technician, Rath's investigations take him in a completely different direction, and he is soon left on his own. Steering clear of his superior who wants him off the case, Rath's life gets more complicated when his father asks him to help Cologne mayor Konrad Adenauer with a case of blackmail, and ex-girlfriend Charly tries to renew their relationship—all while tensions between Nazis and Communists escalate to violence.
