Stones of Adoration Christine Zucchelli 2007 Sacred stones and stone monuments feature the world over and Ireland is no exception. Our landscape is dotted with them, from the Blarney Stone in Cork and the Royal Pillars of Tara in Meath to Meadhbh's Grave in Sligo and Saint Patrick's Chair in Tyrone. Since prehistoric times people have acknowledged their special nature, an unbroken link from ancient sun-oriented monuments to the present. This book explores their secrets, myths, legends and folktales, many persisting to this day. Some are considered the abodes of deities or otherworldly ladies, some are memorials to mythical heroes and historical kings, others remainders of the miracles of early saints. Different beliefs, practices and rituals behind the notion of their magical powers and virtues are revealed. The situations in which people resorted to them are also examined: selecting chieftains, establishing the truth, curing sickness, and promoting fertility. In conclusion, the role of sacred stones in the religious and spiritual life of modern Ireland is described. This is a reminder of our spiritual past as some of these stones and monuments enter their fifth millennium.

The Women's Book of Healing Diane Stein 2004-05-19 Women are naturally healers. Throughout time, they have performed curative roles as mothers, midwives, caregivers, and wisewomen, but modern medicine has suppressed this important tradition. Ancient women healers knew that the body is more than what is seen: through body, emotions, mind, and spirit, we can connect with the Goddess and actively choose to heal ourselves and others. By relearning and using ancient skills like aura and chakra work, creative visualization, meditation, laying on of hands, psychic healing, and working with crystals and gemstones, women can prevent or transform many dis-eases of the body and spirit before they become matters for modern medicine. In THE WOMEN'S BOOK OF HEALING, Diane Stein, author of the best-selling ESSENTIAL REIKI, demystifies, explains, and teaches these skills in ways that modern women can learn and use. She first introduces basic healing, then applies those skills to healing with crystals and gemstones—a beautiful, effective, and empowering aspect of the ancient woman's healing methods. A comprehensive guide from a knowledgeable healer, THE WOMEN'S BOOK OF HEALING proves that well-being is within a woman's choice and natural abilities, and reaffirms her timeless role as healer of herself and others. • An affirmation of woman's traditional role as healer, speaking to a national trend toward alternative medicine and natural healing methods. • Demystifies, explains, and teaches the healing capabilities of auras, chakras, laying on of hands, crystals, gemstones, and colors. • Thoroughly revised and updated, with a new introduction. • Diane Stein's books have sold more than 600,000 copies.

The Metaphysical Book of Gems and Crystals Florence Mégemont 2007-12-13 Details the powerful effects of gems as an alternative therapy for physical, psychological, and spiritual healing • Reveals the physical, healing, and astrological properties of over 70 minerals, along with instructions for maintaining and recharging their powers • Examines the “life” energy of stones, their basic vibratory patterns, and how this energy is used therapeutically to treat various disorders • Shows how to use gems in color therapy and to harmonize the chakras Gemstones have been used for both therapeutic and spiritual purposes since the beginning of time and in all traditions. Used properly, they can contribute to and accelerate healing through the practice of lithotherapy, which uses gems and minerals to restore enzymatic functions, and they can energize spiritual development. Alternative medicines such as homeopathy have given prominence to the therapeutic character of certain minerals, but the use of gemstones in expanding awareness or establishing a holistic, energetic connection with the stone itself have scarcely been brought forward. In this reclaiming of ancient wisdom, Florence Mégemont explores the many potent and beneficial dimensions of the mineral world. Over 70 precious and semiprecious stones are inventoried as to their principal deposits, therapeutic applications, and zodiac correspondences. Readers will discover which physical and emotional disorders can be relieved by using which minerals and--with the application of chakra therapy--which gemstones are indispensable to their spiritual health. While not proposing that lithotherapy is a substitute for traditional allopathic treatment, Mégemont shows that it can be a powerful complement to it. Additionally, stones can act preventively, energizing both our health and spiritual resources to a state of balance and attunement.

Crystal Healing for the Heart Nicholas Pearson 2017-09-12 A gemstone-supported healing journey guided by your heart • Offers hands-on exercises and meditations with more than 60 gemstones and minerals, each a specific heart-healing stone • Explores the anatomy of the physical heart and its spiritual symbolism • Shows how your heart is itself a sensory organ and coordinator of your energy field • Explains how to fortify your heart with emotional strength, reclaim your will, cultivate forgiveness, and nurture romantic relationships in a meaningful way The word heart can be used in so many different ways. We talk about putting our hearts into our work and wearing our hearts on our sleeves. There are people who are warmhearted and those willing to heal your heartache. Each of us has likely known the pangs of conflict between the head and heart. For all the trials and pains of daily living, many people are taught to distance themselves from their hearts in order to avoid folly and failure. The truth is that only in embracing the language of the heart can we truly know who we are and where we are going. Focusing on the role of crystals in the journey to wholeheartedness, Nicholas Pearson reveals how the heart, as the literal and metaphorical center of one's being, has the power to lead us to greater balance, healing, and happiness. He explores the anatomy of the physical heart and its spiritual symbolism and shows how its four chambers are related to the four elements. Offering hands-on exercises and meditations with more than 60 gemstones and minerals, each a specific heart-healing stone, the author explains how to build a better relationship with the heart as your spiritual center as well as how to fortify your heart with emotional strength, reclaim your will, and cultivate forgiveness. He shows how your heart is the coordinator of your energy field and is itself a sensory organ and information processor, working to enact healing on many levels. He also looks at the heart chakra and how the higher heart chakra is evolving. Providing stone-supported lessons for applying a heart-centered approach in daily life, from expressing yourself to nurturing romantic relationships in a meaningful way, the author shows how the journey to wholeness and wholeheartedness isn't always easy, but it cannot be undertaken without first spending time to hear the soft, gentle voice of your heart and embrace the transformational force of inner alchemy known as love.

The Seven Archetypal Stones Nicholas Pearson 2016-11-15 A guide to the mystery teachings of the mineral kingdom for catalyzing spiritual growth and healing • Focuses on 7 essential crystal and gemstone mentors: obsidian, jade, lapis lazuli, emerald, quartz, amethyst, and diamond • Integrates crystal lore from around the world with mineral science to reveal the archetypal wisdom embodied within each stone • Provides crystal healing exercises and meditations on the specific spiritual work each stone archetype supports Stones and crystals are our most ancient teachers. The relationships between the mineral kingdom and the human kingdom are as old as life itself, for the mineral kingdom--comprised of beautiful crystals, dense rocks, sands, clays, and everything in-between--is the very foundation upon which life developed on Earth. Supporting humanity through the eons, these teachers offer curative and restorative properties for healing as well as powerful guidance to catalyze spiritual growth. Integrating gemstone lore from around the world with modern mineral science, Nicholas Pearson guides readers on a journey into the inner realm of the mystery teachings of the mineral kingdom, a journey that mirrors the soul's path to perfection. He reveals the archetypal wisdom embodied within 7 essential crystal and gemstone mentors--obsidian, jade, lapis lazuli, emerald, quartz, amethyst, and diamond--examining each stone's mythological, historical, and cultural associations in tandem with their crystalline structure and chemical composition. He explores each stone's healing and spiritual properties, providing practical exercises, esoteric revelations, and meditations on the specific spiritual work each stone archetype supports. Obsidian, for example, is the stone of initiation, revealing our shadow side and guiding us to places in need of light. Diamond, the final perfected stone of the seven, illuminates Divine Love, purifying us and leading our consciousness to enlightenment, cutting through any vestiges of fear or illusion because it is the hardest, sharpest, most luminous teacher the mineral kingdom has to offer. Enabling each of us to harness the power of stones for spiritual evolution and healing, this guide to the mystery teachings of the mineral kingdom shows how the ancient call to evolve with the crystals and stones that surround us lives on in an unbroken legacy.
