The Art and Technique of Sumi-e Japanese Ink Painting Kay Morrissey Thompson 2012-10-30 Explore the ancient technique of Japanese ink painting. The art of sumi-e, which means "ink picture," combines calligraphy and ink-painting to produce brush painting compositions of rare beauty. This beauty is paradoxical—ancient but modern, simple but sophisticated, bold but subdued—no doubt reflecting the art's spiritual basis in Zen Buddhism. At the same time, sumi-e painting is firmly rooted in the natural world, its various techniques serving as the painter's language for describing the wonders of nature. Buddhist priests brought the ink stick and the bamboo-handled brush to Japan from China in the sixth century, and over the past fourteen centuries, Japan has developed a rich heritage of ink-painting. Today the artistry of sumi-e can be admired in books, reproductions, and museums, but the techniques of the art have been much less accessible. As a result, little information has been available to the inquisitive Western artist attracted to Japanese sumi-e. This book, designed to help remedy that deficiency, is the product of the author's study with her teacher, Ukai Uchiyama, master calligraphist and artist. It contains extensive explanations of technique as well as detailed painting instructions and diagrams.

The Art of Japanese Architecture David Young 2012-05-29 By examining the Japanese history of buildings and building designs from prehistory to modern day, lovers of Japan will develop a deeper understanding and appreciation of this island country. The book provides tremendous insights into the dynamic nature of Japanese architecture and how it reflects an underlying diversity within Japanese culture. The book is profusely illustrated with over 370 color photographs, woodblock prints, maps, diagrams, and specially commissioned watercolors. A classic in the making, *The Art of Japanese Architecture* will be sure to enlighten and delight readers.

The Spirit of the Brush Sungsook Hong Setto 2017-06-15 Chinese ink painting is one of the oldest continually practiced art forms in the world. It first appeared in China in the fifth century, and soon traveled to Korea and then to Japan. As old and deeply rooted in East Asian aesthetics and meditation as it is, ink painting is credited with influencing the development of Western modern art. Its minimalist approach to painting continues to have enormous appeal. Artist and teacher Sungsook Setton, who learned the techniques with Chinese and Korean masters in her native South Korea, brings new excitement to this age-old art. While teaching the traditional disciplines for holding and using the brush, she shows students how to turn the techniques and inner meditation toward interpreting their own world: city views, music, and the essence of contemporary life.

Centuries ago, Buddhist monks used black ink and brushes to practice mindfulness and create gorgeously harmonious works of art called "sumi-e paintings." The popularity of sumi-e, or ink wash painting, continues to this day.
