Guiding Children's Learning of Mathematics Art Johnson 2016-12-05 This thorough and practical guide to teaching mathematics for grades K-6 is a perfect combination of a math methods text and resource book for pre-service and in-service elementary school teachers. The text's organization uses the Common Core State Standards as its overarching framework. Over 275 lesson activities reinforce the standards and include many examples of cooperative learning strategies, take-home activities, and activities using technology such as apps. Content chapters first develop a math topic, and then extend the same topic, providing foundational material that can be used throughout the elementary grades. Other useful features highlight misconceptions often held about math operations and concepts, ways to be inclusive of various cultural backgrounds, and key technology resources. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Ready-to-Use Social Skills Lessons & Activities for Grades 1-3** Ruth Weltmann Begun 1998-07-08 In the early primary school years, children need to learn certain social skills to be successful in school and out. Some children have already mastered handling disappointment and working out differences with others, but many children struggle with the social skills that are expected of them. To help students of all skill levels, the author of the highly praised Ready-To-Use Violence Prevention Skills Lessons & Activities for Elementary Students presents this practical book that gives teachers and specialists a stimulating, systematic way to develop positive social behaviors in students through awareness, discussion, and rehearsing new behaviors. It offers over 50 detailed lesson plans and practice worksheets based on real-life situations. These age-appropriate lessons help children build self-esteem, self-control, respect for the rights of others, and a sense of responsibility for one's own actions. Printed in a spiral-bound 8 1/4" x 11" format, the pages can be easily photocopied for use by the whole class or for individuals as the need to work on a particular skill arises.

*Raising Self-Esteem in Primary Schools* Margaret Collins 2009-09-18 Children with low self-esteem will have difficulty in partaking in classroom lessons and succeeding. If we want to help children in the primary school to achieve the positive outcomes set out in the Every Child Matters agenda, we need to ensure all children have a healthy self-esteem. This book seeks to give adults in schools tools to look at the way they could enhance self esteem in children. The book comes with an accompanying CD-Rom which contains: - inset sessions for all adults in the school - workshops specifically aimed at non-teaching personnel, including mid-day supervisors - sessions for teachers and classroom assistants - classroom lessons and activity sheets for the children which can form part of your school's personal, social and health education (PSHE) programme. This book is a whole school training programme for raising self-esteem and is essential reading for all those working in primary education. Margaret Collins is a former headteacher of infant and first schools. She is now Senior Visiting Fellow in the School of Education at the University of Southampton. She researches children's perceptions of health education topics, writes teaching materials for children, books and articles on PSHE. Visit the author's own website here!
