Breastfeeding Jack Newman Frcpc 2018-07-16 Those who decide to breastfeed are faced with a disturbing lack of good advice and "hands on" help. Their initial determination to breastfeed is too often lost in conflicting solutions being offered and not working. Something they at first imagined should be simple and "natural" turns out to be a distressing and frustrating experience which frequently ends in their rejecting breastfeeding entirely. This book is filled with new approaches to preventing problems and treating problems if they have already occurred. These approaches work because they have been tested for over 45 years of combined experience and with over 30,000 mothers and their babies. They are aimed at making breastfeeding work. This book covers questions which have stumped lactation consultants and doctors alike and which result in mothers frequently saying "We tried everything, but I just couldn't breastfeed." This usually means there was no one who could offer a real solution to a baby who was fussy, crying, rejecting the breast, not thriving and failing to gain weight or to sore nipples or the mother needing treatment. Frequently, the inability to provide real help is hidden in statements like

"It is important that the mother and baby are happy, don't worry about breastfeeding." Even after years of "helping" mothers, some "helpers" still cannot tell by watching a baby breastfeed whether the baby is getting breastmilk. By reading this book, you will know how to know. Here are some of the questions you will find answered in this book: * Why are there so many women having problems with breastfeeding?* How does one start breastfeeding?* Do mothers have milk in the first few days after birth or does milk come in later? * What can be done to make breastfeeding work?* Can premature babies be breastfed (at the breast)?* Why is my baby rejecting the breast?* Are "modern" formulas really similar to breastmilk? * Is bottle feeding breastmilk really the same as breastfeeding?* What is the real deal about tongue ties?* Can mothers take medications and breastfeed?* Can I restart breastfeeding if I stopped completely? * When do I start my breastfed baby on food and how?* Can I get pregnant when breastfeeding? * When will my breastfed baby sleep through the night? Dr Jack Newman shares his expertise and experience of working at his Breastfeeding Clinic called The International Breastfeeding Centre in Toronto as well as Africa and Northern Canada, of listening to mothers and their stories and answering over a hundred emails from mothers every day. 335 pages

El ingenioso hidalgo Don Quijote de la Mancha II Cervantes M. Miguel de Cervantes, escritor español de fama universal, es celebre en primer lugar por su novela "El ingenioso hidalgo Don Quijote de la Mancha", una de las obras más portentosas de la literatura mundial. Esta novela, traducida a todos los idiomas europeos, hasta la fecha es una de las narrativas que más se leen en el orbe. En 2002 fue calificada como la mejor novela de las letras mundiales. La obra cuenta las aventuras de un loco hidalgo que adopto el nombre de Don Quijote y de su escudero simplon Sancho Panza, quien de vez en cuando pretende, con timidez e infructuosamente, bajar a su imaginario señor desde los cielos de la alienación a la tierra de pecado. Una sátira muy honda de los tiempos de Cervantes que no pierde su actualidad hasta el día de hoy.

Chaplaincy in Hospice and Palliative Care Karen Murphy 2017-07-21 Hospice chaplains have traditionally played a unique part in palliative care, providing human compassion and support to help ease life's final chapter. This book thoughtfully tackles the question at the heart of modern hospice chaplaincy: do chaplains have a distinctive role in an increasingly secular society? A comprehensive look at why and how this work needs to be done, each chapter will be a rich resource for hospice chaplains and anyone working within a hospice multi-disciplinary team. Taking the form of reflections by chaplains and other professionals, they examine the tension between sacred and secular space, explore how spiritual care works in a changing society, and look at what voice a chaplain has within the hospice team. Essential reading for chaplains, this insightful book reflects on the important work undertaken by hospice chaplaincies and explains why they continue to be a vital resource for end-of-life care.

Tango And The Political Economy Of Passion Marta Savigliano 2018-02-06 What is tango? Dance, music, and lyrics of course, but also a philosophy, a strategy, a commodity, even a disease. This book explores the politics of tango, tracing tango's travels from the brothels of Buenos Aires to the cabarets of Paris and the shako dansu clubs of Tokyo. The author is an Argentinean political theorist and a dance professor at the University of California at Riverside. She uses her 'tango tongue' to tell interwoven tales of sexuality, gender, race, class, and national identity. Along the way she unravels relations between machismo and colonialism, postmodernism and patriarchy, exoticism and commodification. In the end she arrives at a discourse on decolonization as intellectual 'unlearning.' Marta Savigliano's voice is highly personal and political. Her account is at once about the exoticization of tango and about her own fate as a Third World woman intellectual. A few sentences from the preface are indicative: 'Tango is my womb and my tongue, a trench where I can shelter and resist the colonial invitations to 'universalism,' a stubborn fatalist mood when technocrats and theorists offer optimistic and seriously revised versions of 'alternatives' for the Third World, an opportunistic metaphor to talk about myself and my stories as a success' of the civilization-development-colonization of Am ca Latina, and a strategy to figure out through the history of the tango a hooked-up story of people like myself. Tango is my changing, resourceful source of identity. And because I am where I am?outside? tango hurts and comforts me: 'Tango is a sad thought that can be danced.' Savigliano employs the tools of ethnography, history, body-movement analysis, and political economy. Well illustrated with drawings and photos dating back to the 1880s, this book is highly readable, entertaining, and provocative. It is sure to be recognized as an important contribution in the fields of cultural studies, performance studies, decolonization, and women-of-color feminism.

Formas del teatro breve español en el siglo XX, 1892-1939 Emilio Peral Vega 2001 En la tesis doctoral Formas del teatro breve español en el siglo XY (1892-1939) se acota una de las parcelas menos transitadas por la crítica teatral: las llamadas formas breves. No ha sido nuestro propósito historiar toda la producción dramática corta de esos años, sino tan sólo un esqueje -a nuestro juicio, el más importante- de la misma: el teatro breve de impronta carnavalesca. En él nos encontramos a los autores más renovadores, desde la época modernista a las vanguardias. El recorrido se inicia en 1892. En este

año un jovencísimo Jacinto Benavente publica un libro insólito: Teatro fantástico, en el que se prefiguran las sendas del posterior teatro más innovador. Bien puede considerarse así el manifiesto programático del teatro modernista, del que fueron sus mejores representantes Gregorio Martínez Sierra y Ramón del Valle-Inclán. Otros autores de la misma generación modernista que alguna vez se asomaron al teatro breve son también estudiados en el presente trabajo: Miguel de Unamuno, Pío Baroja y Emilio Carrere, entre otros. Ya dentro de otra corriente más próxima al clima de las vanguardias, se sitúa Ramón Gómez de la Serna con una interesantísima serie de pantomimas en un acto. Pero son, sin duda, los autores de la Generación del 27 los que mayor devoción manifiestan hacia las formas breves: entre ellos Rafael Alberti, Max Aub, José Bergamín, Eduardo Blanco Amor, Rafael Dieste, Alejandro Casona y, por supuesto, Federico García Lorca. La guerra civil y su teatro breve de urgencia, con su reincidente mirada a nuestro teatro clásico, marca el punto de llegada para este estudio.

True Biz Sara Novic 2022-04-05 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • A “tender, beautiful and radiantly outraged” (The New York Times Book Review) novel that follows a year of seismic romantic, political, and familial shifts for a teacher and her students at a boarding school for the deaf, from the acclaimed author of *Girl at War* “For those who loved the Oscar-winning film CODA, a boarding school for deaf students is the setting for a kaleidoscope of experiences.”—The Washington Post ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Oprah Daily, The Millions, Lit Hub, Publishers Weekly, BookPage True biz (adj./exclamation; American Sign Language): really, seriously, definitely, real-talk True biz? The students at the River Valley School for the Deaf just want to hook up, pass their history finals, and have politicians, doctors, and their parents stop telling them what to do with their bodies. This revelatory novel plunges readers into the halls of a residential school for the deaf, where they'll meet Charlie, a rebellious transfer student who's never met another deaf person before; Austin, the school's golden boy, whose world is rocked when his baby sister is born hearing; and February, the hearing headmistress, a CODA (child of deaf adult(s)) who is fighting to keep her school open and her marriage intact, but might not be able to do both. As a series of crises both personal and political threaten to unravel each of them, Charlie, Austin, and February find their lives inextricable from one another—and changed forever. This is a story of sign language and lip-reading, disability and civil rights, isolation and injustice, first love and loss, and, above all, great persistence, daring, and joy. Absorbing and assured, idiosyncratic and relatable, this is an unforgettable journey into the Deaf community and a universal celebration of human connection.
