Vampire Kevin Sullivan 2014-12-02 The author of *The Bundy Murders* tells the harrowing true story of "one of the most bizarre serial killers in America" (Katherine Ramsland, bestselling author of *Confession of a Serial Killer*). A city under siege, held captive while a psychopathic vampire serial killer instills fear in its residents, taunts the authorities, and brutally kills his victims. This book is a chilling and stomach-churning look into the life of a twisted, sick man, so evil one would wonder if he was even human. From his early days when he would liquify rabbits in a blender to drink their intestines and blood to mutilating his victims, his thirst for killing could not be satiated. This is the story of Richard Trenton Chase, the Vampire of Sacramento. It is not for the faint of heart. "Fraught with emotion and detail . . . a must have book for all true crime enthusiasts and collectors." —RJ Parker, award-winning author of *Escaped Killer* "Sullivan has written a fascinating account of an abnormal psyche of egregious proportions, and captures the very essence of Richard Chase's monstrous crime spree the citizens of Sacramento will never forget." —Gary C. King, author of *Love, Lies, and Murder*

Hell's Princess Harold Schechter 2018-04 In the pantheon of serial killers, Belle Gunness stands alone. She was the rarest of female psychopaths, a woman who engaged in wholesale slaughter, partly out of greed but mostly for the sheer joy of it. Between 1902 and 1908, she lured a succession of unsuspecting victims to her Indiana "murder farm." Some were hired hands. Others were well-to-do bachelors. All of them vanished without a trace. When their bodies were dug up, they hadn't merely been poisoned, like victims of other female killers. They'd been butchered. *Hell's Princess* is a riveting account of one of the most sensational killing sprees in the annals of American crime: the shocking series of murders committed by the woman who came to be known as Lady Bluebeard. The only definitive book on this notorious case and the first to reveal previously unknown information about its subject, Harold Schechter's gripping, suspenseful narrative has all the elements of a classic mystery--and all the gruesome twists of a nightmare.

Confession of a Serial Killer Katherine Ramsland, PhD 2016-09-06 In 1974, Dennis Lynn Rader stalked and murdered a family of four in Wichita, Kansas. Since adolescence, he had read about serial killers and imagined becoming one. Soon after killing the family, he murdered a young woman and then another, until he had ten victims. He named himself "B.T.K." (bind, torture, kill) and wrote notes that terrorized the city. He remained on the loose for thirty years. No one who knew him guessed his dark secret. He nearly got away with his crimes, but in 2004, he began to play risky games with the police. He made a mistake. When he was arrested, Rader's family, friends, and coworkers were shocked to discover that B.T.K. had been among them, going to work, raising his children, and acting normal. This case stands out both for the brutal treatment of victims and for the ordinary public face that Rader, a church council president, had shown to the outside world. Through jailhouse visits, telephone calls, and written correspondence, Katherine Ramsland worked with Rader himself to analyze the layers of his psyche. Using his drawings, letters, interviews, and Rader's unique codes, she presents in meticulous detail the childhood roots and development of one man's motivation to stalk, torture, and kill. She reveals aspects of the dark motivations of this most famous of living serial killers that have never before been revealed. In this book Katherine Ramsland presents an intelligent, original, and rare glimpse into the making of a serial killer and the potential darkness that lives next door.

Ted Bundy's Girls: Includes My Death Row Prison Interviews with Ted Bundy Paul Dawson 2019-03-07 **TED BUNDY'S GIRLS: INCLUDES MY DEATH ROW PRISON INTERVIEWS WITH TED BUNDY** by Dr. Paul Dawson reveals a special emphasis and analysis of Ted Bundy's female victims. This "must read" true crime book focuses on Ted Bundy's sex assaults and murderous encounters with his young women victims. Murder scenes have been recreated based on Dr. Dawson's actual prison interviews with Ted Bundy. Prison interviews are included which present the hair-raising and staggering confessions and livid and X-rated interview comments of the all-American psycho known as the "Campus Killer." He was the all-American college boy murdering mostly all-American college girls. Bundy, a horrifying, mind-boggling puzzle, was one of the most notorious necrophilic-serial-sex killers in the American history of crime. Dr. Dawson brings his forensic-clinical psychologist's perspective to the Ted Bundy prison interviews which he completed in 1988 and are now available for the first time after 30 years. Dr. Dawson conducted a series of interviews with Ted Bundy, poster boy for mass-murder monsters, in 1988 while he was on Death Row in the Florida State Prison at Starke, Florida. Bundy, a slick psychopath without a conscience, was executed in January, 1989. Dr. Dawson provides a rare, exclusive, thrilling, sometimes amusing, and gripping investigation and assessment inside the treacherous, labyrinthine mind of this infamous-serial-sex killer. Bundy's despicable charisma, the horror of his vicious-night-stalker, serial-sex-killer rampage is revealed in depth. Dr. Dawson, in these interviews, exposes

Bundy's darkest secrets, elicits rape-murder confessions from Bundy and confronts the murderer of 30 to possibly over 100 young women and girls by probing his mind, examining and challenging Bundy's defenses. Bundy, an enigma, finally answers questions about his devious-sex crimes he's suppressed for many years. Some psychological theories are presented to shine valid, logical light on Bundy's repulsive, depraved, ghastly crimes of assault-abduction, torture-rape, mutilation, murder-necrophilia, dismemberment and cannibalism - at times he ate their flesh. Dr. Dawson earned a Ph.D. in psychology from The New School for Social Research, Graduate Faculty in New York City; has been a psychologist in clinics, schools, mental hospitals; was chief psychologist of a state prison system; has been in private practice & consulting in New York; he has written over 60 books including: ANGELINA JOLIE PSYCHOANALYZED; BIPOLAR ZOO; BIPOLAR JUNGLE; BORDERLINE PERSONALITY DISORDER; BPD RECOVERY; CHARACTER INTELLIGENCE (CI); CAMPUS KILLER'S SECRET OBSESSION; CHARLES MANSON'S GIRLS; FOUR SERIAL KILLERS; GRACE KELLY SESSIONS; HOW TO GET SOBER; JACKIE O SESSIONS; JACKIE ONASSIS IN THERAPY; JFK JR MURDERED; JODI ARIAS; JOHNNY DEPP DIAGNOSED; MANSON INTERVIEWS RAW; MARILYN MONROE DIAGNOSED; MASKS OF A LADY KILLER; MASKS OF PREDATORS; MASKS OF SEX PREDATORS; MASKS OF TED BUNDY; MY PRINCESS DIANA THERAPY SESSIONS; MY TED BUNDY INTERVIEWS RAW!; NARCOTERRORIST PSYCHOPATHS; PRINCESS DIANA DIAGNOSED; PSYCHOLOGY OF HIDDEN INFLUENCE; PSYCHOLOGY OF MEN WHO ABUSE WOMEN; PSYCHOPATHS; ROCK STARS DIAGNOSED; ROYAL SESSIONS; ROYAL SESSIONS 2; ROYAL SESSIONS 3; SERIAL KILLERS; SERIAL KILLERS 2; SERIAL KILLERS 3; SEX CRIMES; SEX, LOVE & SMART DATING; SKULL SCRAPERS: A CAMILLE LAURENT THRILLER (series of thriller novels); SPIES & ASSASSINS; SPIRITUAL THERAPY; TED BUNDY'S DEATH ROW CONFESSIONS; TERRORIST IMPERATIVE; THE MASKS OF KARLA HOMOLKA.

Ted Bundy Gisela K 2020-10-11 Ted Bundy is such an enigma that it is a challenge to describe him in one sentence. He is certainly one of the most notorious serial killers of all time and one which both fascinates and terrifies us all in some way or another. To think that he was able to sustain a life of education, romance, politics, and ordinary day-jobs while he brutally raped and murdered countless women across the United States is gut-wrenching- there were no signs of what he hid behind his charming smile and boyish personality. He is known as a serial rapist and murderer, but he was also a voyeur, hebephile, necrophile, and cannibal- with an avalanche of love for socks. His fetishes ranged from Burlington socks to sadomasochism and brunettes with their hair parted in the middle, which he combined into the most gruesome and torturous expressions of his inferiority and rage. A cunning and manipulative nose picker who studied psychology and law to master his craft, something that he said he worked very hard to "get right". Wherever Bundy fell short in childhood, he made up for in adulthood, making sure that he squeezed himself into as many middle to upper-class circles as he could and earning himself the favor he needed from police officers, politicians, professors, church leaders, and girlfriends to help him stay undetected for as long as possible. He had to be apprehended three times to keep him locked behind bars, escaping twice in the most iconic performance of a serial killer ever observed. He also naturally defended himself in court with each surmounting death sentence, slipping in a marriage proposal with a Tiffany's ring right before he was sentenced to death by electrocution. He met 'Old Sparky' in 1989, confessing to at least 30 murders after 11 years of denial in an attempt to buy himself more time. Some of the remains had been found, while others have never been recovered. Bundy was and remains the icon of Hybristophilia, where women have often been absolutely enamored by him as a person, believing that he was exceptionally special. Stephen Michaud, a journalist who spent possibly the most time with Ted Bundy on death row summed it up perfectly: "I tried to portray him as the worm that he was. That he in fact knew that he was. To look beyond that toothpaste smile and see him for what he is felt like a goal. So. if the public at large

wants to turn him into some kind of evil genius, or handsome scarlet pimpernel, well then, I can't help that. I made a point to say that serial murder is a simple crime to commit and get away with. It involves complete strangers in remote places." Let's discover the dirty details of what Theodore got up to, shall we?

The Enigma Of Ted Bundy Kevin Sullivan 2020-10-27 "Sullivan leaves no stone unturned in his latest Bundy review, from tales about Bundy's shifting eyes to chillingly intimate interviews. A must-have for Bundy fanatics, this collection fills in holes and addresses key mysteries about one of the world's most infamous serial killers." -Katherine Ramsland, author of *Confession of a Serial Killer* and *How to Catch a Killer* If you want a view into the world that lies behind the Ted Bundy murders, this last work in a series of six books on Bundy, is definitely for you. For within these pages you'll read of the many questions still surrounding this fascinating and intricate case, as well as the answers that are only now being provided here. There's so much more to learn, and new information is still surfacing about Bundy, his victims and his potential victims. As such, there is new testimony included from those who had a brush with the killer, and others who played their own roles in this multi-state case. You will also hear from Bundy case detectives, Jerry Thompson of Salt Lake City, Utah, and Don Patchen of Tallahassee, Florida, and they tell of their experiences with Bundy. So does Ron Holmes, the Louisville criminologist who worked with Ted Bundy towards the end of his life. Holmes not only gives accurate details about Ted Bundy but other serial killers as well. On top of this, it contains some very important official reports that have rarely been seen outside of the archives, and there will be commentary to guide readers through it. This book also makes available Bundy's final confession to Utah detective Dennis Couch, made only hours before the killer's death, where Bundy reveals some startling facts, and sparks some additional questions as well. All in all, it's an enlightening journey into this most infamous case.

The Search for the Green River Killer Carlton Smith 2017-07-04 New York Times Bestseller: From the journalists who covered the story, the shocking crimes of Gary Ridgway, America's most prolific serial murderer. In the 1980s and 1990s, forty-nine women in the Seattle area were brutally murdered, their bodies dumped along the Green River and Pacific Highway South in Washington State. Despite an exhaustive investigation—even serial killer Ted Bundy was consulted to assist with psychological profiling—the sadistic killer continued to elude authorities for nearly twenty years. Then, in 2001, after mounting suspicion and with DNA evidence finally in hand, King County police charged a fifty-two-year-old truck painter, Gary Ridgway, with the murders. His confession and the horrific details of his crimes only added fuel to the notoriety of the Green River Killer. Journalists Carlton Smith and Tomas Guillen covered the murders for the Seattle Times from day one, receiving a Pulitzer Prize nomination for their work. They wrote the first edition of this book before the police had their man. Revised after Ridgway's conviction and featuring chilling photographs from the case, *The Search for the Green River Killer* is the ultimate authoritative account of the Pacific Northwest killing spree that held a nation spellbound—and continues to horrify and fascinate, spawning dramatizations and documentaries of a demented killer who seemed unstoppable for decades.

American Predator Maureen Callahan 2020-06-09 INSTANT NEW YORK TIMES BESTSELLER An Amazon "Best Book of 2019" A Washington Post "10 Books To Read in July" A Los Angeles Times "Seven Highly Anticipated Books for Summer Reading" A USA Today "20 of the Season's Hottest New Books" A New York Post "25 Best Beach Reads of 2019 You Need to Pre-Order Now" A Bustle "The Best New True Crime Books You Can Read Right Now" "Maureen Callahan's deft reporting and stylish writing have created one of the all-time-great serial-killer books: sensitive, chilling, and completely impossible to put down." —Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"—cash, weapons, and body-disposal tools—in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen

Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. *American Predator* is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement.

The Garden State Parkway Murders Christian Barth 2020-01-21 Attorney and true crime writer examines the unsolved 1969 murders of two female college students whose bodies were left off the Garden State Parkway. In the early hours of May 30, 1969, the brutally stabbed bodies of two nineteen-year-old friends, Elizabeth Perry and Susan Davis, were dumped near Ocean City, New Jersey. This is the story of their case. Among the numerous suspects author and attorney Christian Barth identifies are infamous serial killers Ted Bundy and Gerald Eugene Stano, who were living within an hour's drive from the murder scene. The killers also resided next to one another on Florida's Death Row, and indirectly confessed to the double homicide. A culmination of more than nine years of research, Barth's book is compiled from multiple sources, including interviews with retired New Jersey State Police detectives, law enforcement officials from other jurisdictions, federal agents, possible witnesses, victim family members, as well as information gathered from FBI case files, letters, journals, libraries, newspaper articles, and university archives. In scintillating detail, Barth presents the case, including previously undisclosed information surrounding these brutal murders, as well as an examination of recent technological advancements in crime scene analysis and FBI serial killer profiling that could help identify the killer. When all is said and done, the reader is asked to consider: Why hasn't this cold case been solved? "The definitive book on the case of the coeds murdered on the Garden State Parkway...Barth has done a remarkable job of gathering all of the information and putting it into a readable narrative."—William Kelley, *Jersey Shore Nightbeat*

Why We Love Serial Killers Scott Bonn 2014-10-28 A chilling investigation into the deviant mind, “so powerful and provocative, you cannot put it down” (Rita Cosby, *New York Times*–bestselling author). We know the names: Ted Bundy, Ed Gein, Jeffrey Dahmer, John Wayne Gacy, among them—serial killers transformed by the media into ghoulish celebrities. And their iconic fictional counterparts—from Norman Bates to Hannibal Lecter to Dexter—reveal just how eager we are to watch a psychopath in action. But why? Are we curious about the root of their terrifying compulsions? Or is it something more? *Why We Love Serial Killers* “attempts to solve some of these mysteries . . . What made serial killers this way? Why did they kill, and why did they do it so gruesomely? How are they different from us? (Please let them be different from us)” (The Atlantic). In exploring our appetite for the macabre, criminology professor Dr. Scott Bonn also provides a unique view into the world of serial killers, having corresponded with two of the most notorious examples: David Berkowitz, a.k.a. Son of Sam, and the BTK Killer, Dennis Rader. In addition, Bonn examines the criminal profiling techniques used to identify serial predators, the charisma of the sociopath, the rise in “murderabilia” collecting, and how and why these killers often become pop-culture icons, escalating both our fears and our fascination. The result is “powerful and a must-read . . . Insightful, compelling, and an excellent

source of myth-busting information for laymen and professionals alike” (Burl Barer, Edgar Award–winning author of *The Saint*).
