The Encyclopedia of Grasses for the Livable Landscape Rick Darke 2007 "Rick Darke combines a deep horticultural knowledge with extraordinary perceptions as a photographer... through his remarkable tutorage (we)... can see these glorious plants afresh - providing a new appreciation of their many garden uses and values." - John Patrick. This book provides a huge range of grasses in encyclopedic form as well as covering botanical characteristics and how grasses can be used for garden design, and ecological and cultural landscapes. He is one of the world's great botanical photographers and in the 484 pages, there are over 1000 brilliant images of individual plants and hundreds of gardens and landscapes in which grasses play a prominent part.

Wood-Polymer Composites K O Niska 2008-05-29 Wood-polymer composites (WPC) are materials in which wood is impregnated with monomers that are then polymerised in the wood to tailor the material for special applications. The resulting properties of these materials, from lightness and enhanced mechanical properties to greater sustainability, has meant a growing number of applications in such areas as building, construction and automotive engineering. This important book reviews the manufacture of wood-polymer composites, how their properties can be assessed and improved and their range of uses. After an introductory chapter, the book reviews key aspects of manufacture, including raw materials, manufacturing technologies and interactions between wood and synthetic polymers. Building on this foundation, the following group of chapters discusses mechanical and other properties such

as durability, creep behaviour and processing performance. The book concludes by looking at orientated wood-polymer composites, wood-polymer composite foams, at ways of assessing performance and at the range of current and future applications. With its distinguished editors and international team of contributors, Wood-polymer composites is a valuable reference for all those using and studying these important materials. Provides a comprehensive survey of major new developments in wood-polymer composites Reviews the key aspects of manufacture, including raw materials and manufacturing technologies Discusses properties such as durability, creep behaviour and processing performance

The Day My Grandfather Was a Hero Paulus Hochgatterer 2020-07-23 "This is a beautiful book, a masterpiece of brevity and depth" New European "This tense novella builds to a final reckoning" The Times In October 1944, a thirteen-year-old girl arrives in a tiny farming community in Lower Austria, at some distance from the main theatre of war. She remembers very little about how she got there, it seems she has suffered trauma from bombardment. One night a few months later, a young, emaciated Russian appears, a deserter from forced labour in the east. He has nothing with him but a canvas roll, which he guards like a hawk. Their burgeoning friendship is abruptly interrupted by the arrival of a group of Wehrmacht soldiers in retreat, who commandeer the farm. Paulus Hochgatterer's intensely atmospheric, resonant novel is like a painting in itself, a beautiful observation of small shifts from apathy in a community not directly affected by the war, but exhausted by it nonetheless; individual acts of moral bravery which to some extent have the power to change the course of history. Longlisted for the Austrian Book Prize 2017, this subtle, evocative novella will appeal to readers of Hubert Mingarelli's *A MEAL IN WINTER* and Jenny Erpenbeck's *THE END OF DAYS*. Translated from the German by Jamie Bulloch

Japanese Garden Design Marc P. Keane 2012-05-15 Filled with gorgeous photographs, this book explains the theory, history, and intricacies of Japanese gardening. The creation of a Japanese garden combines respect for nature with adherence to simple principles of aesthetics and structure. In *Japanese Garden Design*, landscape architect Marc Peter Keane presents the history and development of the classical metaphors that underlie all Japanese gardens. Keane describes the influences of Confucian, Shinto and Buddhist principles that have linked poetry and philosophy to the tangible metaphor of the garden in Japanese culture. Creative inspiration is found in the

prehistoric origin of Japanese concepts of nature; the gardens of Heian aristocrats; the world-renowned Zen garden, or rock garden; the tea garden; courtyard garden; and stroll garden. Detailed explanations of basic design concepts identify and interpret the symbolism of various garden forms and demonstrate these principles in use today in Japanese landscape architecture. Topics include: Design Principles Design Techniques Design Elements Godspirit in Nature Poetry in Paradise The Art of Emptiness Spiritual Passage Private Niches A Collector's Park

Agroecological Practices For Sustainable Agriculture: Principles, Applications, And Making The Transition Wezel Alexander 2017-06-19 Good agroecological practices are indispensable for the development of sustainable agriculture. In this book, principles, diversity and applications of agroecological practices for a range of systems are presented, transforming scientific research and participatory knowledge of production into practical application. It illustrates a broad range of research and teaching being used within the farming community to demonstrate best practice and current state-of-play within the field. Agroecological methods used in crop farming, grass-based livestock farming, fish production, and other complex farming systems are discussed. Conclusions are drawn from studies to provide an outlook on future trends of agroecological practices and on policies supporting implementation. Due to emphasis on real-life application, it is relevant not only to students of the agricultural sciences and public policy, but also to researchers, stakeholders and policy makers involved in the development of sustainable agriculture.

Bill Hill's Pills Dawn Greenfield Ireland 2021-12-18 Jimmy Katz wakes walloped with a cold, allergies, or the flu. Maddy, his cat, and Guppy, his Amazon parrot fret, but still demand breakfast. Mrs. Potts sends Jimmy over to the Wellness Center where Bill Hill sends the Katz-Diaz heir home with his special formula, Wellness in a Bottle. Brian, Jimmy's best friend, and Danny, his coworker at the Twinkle Independent News, come to visit, followed by Aunt Betty, the matriarch of Twinkle and Starlight County. Celebrity stops by, sees how awful Jimmy feels and tells him she'll be back later. The town drunk attacks Celebrity, and she ends up in a coma. When she resurfaces, a different reality has everyone concerned, especially Jimmy. After only three doses of Bill Hill's formula, Jimmy fully recovers. He stops by the Wellness Center to purchase two more bottles. When he arrives home, Maddy and Guppy attack the bag. Then Brian and Danny show up and tell him that someone was poisoned by that formula. The deranged poisoner has targeted more than Bill Hill's store. The Dime Water Foo(d) grocery store with the burnt out "d" in the sign, affectionately called the Foo, is shut down. It's the only grocery store within a 150-mile radius. Betty calls upon her army of volunteers and they transform the Starlight Ballroom into a grocery store. More businesses are shut down as tampered products send people to the hospital. Chief Kenton Price, Ramirez, and Celebrity have their hands full with trying to hunt down the elusive poisoner, along with help from the Feds. Through the investigation, they discover that forty years ago a terrible crime was committed and concealed. Jimmy and Ramirez uncover the details and they seek justice for the family. While eating at the Biggem Diner with Danny, Brian, Ramirez, and Celebrity, Jimmy notices the poisoner in action. Ramirez and Celebrity take action. The culprit is arrested.

The Venetian House Mary Nickson 2010-08-31 SOMETIMES COMING TO TERMS WITH THE FUTURE MEANS LETTING GO OF THE PAST... For Victoria, orphaned at six, her grandmother Evanthe's beautiful home in Corfu - known locally as The Venetian House - has always meant safety, freedom and a near-magical kind of contentment. Brought up by her cousin Guy's parents in England, she - together with Guy and his childhood friend Richard Cunningham - always longed for the idyllic summer holidays where they forged a friendship that would last a lifetime. Victoria was mesmerized by brilliant, selfish, enigmatic Guy, but it was safe, affectionate, reliable Richard whom she married. Now, twenty years later, Richard is dead. Victoria discovers her marriage was a sham and, desperate to escape, she takes Jake out to The Venetian House, feeling that only these beloved surroundings can she face her demons. Then photographer Patrick Hammond arrives. He brings with him his own troubles - his marriage to elegant, self-centred, neurotic Rachel is in crisis - yet a friendship, and possibly something more, starts to develop between Patrick and Victoria. But for Evanthe there is something strangely familiar about Patrick and soon she is forced to face her own troubled past.

Reunion in Barsaloi Corinne Hofmann 2014-05-14 Fourteen years after fleeing Kenya with her baby daughter, Corinne returned in the summer of 2004 to meet Lketinga and his family again in their village, Barsaloi. Nervous as she was, and uncertain as to how he would react on seeing her again, she found to her relief that she was welcomed unreservedly by all those who remembered her - by Lketinga, who still thought of her as his 'wife number one', by his brother, James, now a schoolteacher and especially by Lketinga's mother, who had looked after Corinne with such care all those years before.
