**Trails and Tribulations** Hap Wilson 2009-04-13 In an age when "survival" shows permeate the media, noted northern traveller Hap Wilson shares accounts of his lifelong involvement with wilderness living within the Canadian Shield. As park ranger, canoe guide, outfitter, trail builder, and environmental activist, he learned from firsthand experience that nature can neither be beaten or tamed. Contents include animal attacks, bush fires, the threat of hypothermia, and vision-quest sites, to name but a few.

**Lake Superior to Manitoba by Canoe** Hap Wilson 2017-05-01 The Trans Canada Trail ([www.thegreattrail.ca](http://www.thegreattrail.ca)) was designed to run uninterrupted more than 20,000 kilometers from the Pacific to the Arctic to the Atlantic Ocean. Hap Wilson -- a modern-day explorer and mapmaker -- was the man chosen to find a water route through the wilderness from Thunder Bay on Lake Superior to Manitoba's eastern border. First Nations peoples had traveled this mosaic of lakes and rivers 7,000 years ago. Coureurs des bois and voyageurs had used it to carry furs and trading goods. Wilson set off to carve a trail for modern users. He mapped it, measured it, marked it and in the process, experienced the best and worst of Canada's wilderness. He survived bear confrontations, being struck by lightning, grueling days slashing open old portage routes, a knee replacement, violent storms, gale force winds, isolation, biting insects, tick infestations and bitter cold. Organizers christened this section of the Trans Canada Trail the "Path of the Paddle" in honor of canoeing icon Bill Mason and Canada's First Nations. In this exciting account, Hap Wilson divides his 1,200 km journey into 12 routes with varying degrees of difficulty. Diary excerpts, hand-drawn maps, GPS coordinates, and photographs provide up to date information, expert guidance and anecdotal color. He describes the pictographs, old encampment stone circles that he finds along the way, more evidence of early travel, survival, myth, legend and mystery.

*The Greatest Lake* Conor Mihell 2012-06-02 Explore the connection between people and places on the rugged shore of Lake Superior, the world's largest freshwater lake. Conor Mihell offers a compelling

image of Lake Superior's Canadian shore through colourful personality sketches, adventure stories, and environmental accounts. Admire the kitschy decor of lighthouse cottager Maureen Robertson, a 76-year-old who spends six months of the year alone on a remote island; enter the debate over a controversial aggregate quarry in Wawa, Ontario; and learn how the author's love affair with the world's largest freshwater lake began on quests for a near-mystical, glacier-dropped monolith. Mihell's stories build on Lake Superior's rich and varied history and support its critical place in Canadian culture. Since the beginning, Lake Superior has been revered for its God-like qualities of power, unpredictability, and a seemingly endless expanse of life-sustaining freshwater. The lake's rugged yet fragile nature and hardscrabble characters and outpost communities define rural northwestern Canada. Experience it for yourself in this first collection of stories by one of the region's most acclaimed journalists.

*Grey Owl and Me* Hap Wilson 2010-06-28 Hap Wilson is back for another journey, this time on the lighter side of the adventure trail, where the bizarre melds with the sublime. Nurtured by the writings of Canadian environmentalist and wannabe-Native, Grey Owl, Wilson adopted a lifestyle similar to the 1930s conservationist but with his own twists and turns along a meandering path full of humorous misadventures. Wilson, too, learned many of his nature skills as a youth, paddling in Temagami, working as a wilderness canoe ranger and guide, and following in the footsteps of one of Canada's most revered outdoor icons. The author recounts early days winter camping, motorcycling the Labrador coast, and teaching actor Pierce Brosnan how to throw knives and paddle a canoe for the Richard Attenborough film about Grey Owl. He also takes us to a few of his favourite places and shares intimate secrets of wilderness living. Here, Grey Owl has returned as an ever-present critic - a buckskin-clad spectre in a modern world of Gore-Tex, Kevlar canoes, and gear freaks.

**Cache Lake Country: Or, Life in the North Woods** John J. Rowlands 2017-04-11 The classic chronicle of life and self-reliance in the great Northern Forest, reissued for its many fans "Cache Lake Country is a gem for many reasons—a simple narrative, the ways in which it conveys the work-a-day joys and exertions of life in the wilderness, the woodcraft techniques it illustrates, and the slow and pleasurable way in which the soul of a serene man is revealed." —The New York Times Over half a century ago, John Rowlands set out by canoe into the wilds of Canada to survey land for a timber company. After paddling alone for several days, he came upon "the lake of my boyhood dreams," which he named Cache Lake because there was stored the best that the north had to offer? timber for a cabin; fish, game, and berries to live on; and the peace and contentment he felt he could not live without. This is his story, containing both folklore and philosophy, with wisdom about the woods and the demand therein for inventiveness. It includes directions for making moccasins, stoves, shelters, outdoor ovens, canoes, and hundreds of other ingenious and useful gadgets.

*Temagami Lakes Association* Pamela Sinclair 2011-06 The Temagami region of northern Ontario has been a magnet for recreational canoeists since the 1890s, when city dwellers began embarking on long, gruelling trips to reach its unfettered wilderness. The land is steeped in the history of its tribal inhabitants, the Teme-Augama Anishnabai (TAA), whose roots are 6,000 years deep. At the turn of the 20th century, the TAA still hunted on their traditional family territories, trading pelts at the Hudson's Bay Company post on Bear Island. The railway arrived in 1904, easing travel from all over North America. Steamships conveyed passengers to all five arms of the lake where rustic resorts and youth camps were popping up. Soon, the village of Temagami became a tourism hub. Logging and mining would later diversify the economy. The province of Ontario began leasing the lake's more than 1,200 islands in 1906. In 1931 cottagers united against logging near the mainland shoreline under the Temagami Association banner, now the Temagami Lakes Association. Temagami is the only Ontario lake where mainland shoreline development is banned *Temagami Lakes Association: The Life and Times of a Cottage Community* recounts Temagami's history to 2011, and examines the Association's often convoluted, occasionally controversial, relationships with the TAA, various levels of government, villagers and within its own ranks. The narrative is lightened by cottagers' tales of mice invasions, flesh-embedded fish hooks, encounters with big screen stars, cabin construction gone awry and the like. More than 150 photos enliven the text.

Add to this unlikely melange of characters, the possibility of capsizing in freezing water, the threat of polar bears, a midnight sail down Hudson Bay and Manitoba's worst boreal wild fire, this chronicle will carry the reader to the extreme edge of exploration.

**Dance of the Deadmen** Hap Wilson Self-styled arctic outdoorsman, John Hornby had already compromised his abilities to survive in the tundra through several incidents of near starvation, and by injuries suffered as a soldier in World War I. He had openly admitted to peers that "he had had enough of the north and wished he had never come". Yet, foolishly, he conscripted his young cousin, nineteen year-old Edgar Christian, and a willing third party, twenty-nine year-old Harold Adlard, both having no survival training or outdoor experience, to join him on an adventure into the most isolated part of the Canadian northland - the Thelon River in the Northwest Territories. This is a story about the tragic Hornby expedition of 1926. One of Canada's most legendary stories, the reader embarks on a journey as if they were there with Hornby and his two charges. Wilson adds dialogue to the events that unfold using excerpts from Edgar's surviving diary. Not sparing any detail, the author applies his own vast knowledge of winter survival to events that led the three to disaster in a land that shows no mercy to the ill-prepared. Wilson bravely delves into the psychology of men in isolation when deprived of hope but not of love.

Paddling Partners Bruce W. Hodgins 2008-02-08 Carol and Bruce Hodgins began leading canoe trips in 1957 for Camp Wanapitei on Lake Temagami in Northern Ontario, initially to the great rivers of that region and on into Quebec. Their first venture north of 60 found them on the South Nahanni, soon to be followed by the Coppermine River, and by the 1990s their annual tripping took them to the Soper River on Baffin Island. included with their richly descriptive accounts of wilderness travel with groups of people, are kayak adventures in Baja California, Mexico, and the Queen Charlottes, paddling in and near the Everglades and explorations on Heritage rivers in the Maritimes and along the coast of Newfoundland. Few have personally experienced the breadth of wilderness travel in Canada as have the Hodgins husband-and-wife team. Their fifty years as "paddling partners," a legendary achievement, is a story of shared joys, challenges, triumphs and mishaps, delightfully told and augmented by excerpts from daily logs, historical insights and the tidbits of experience gleaned over the years.
