Robinson 2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

A Report of Just Thoughts Robert Corogin 2015-06-01 In "A Report of Just Thoughts," the author's stream of consciousness approach to the novel gives it immediacy from the on-set. As the title implies, it's indeed a report of thoughts that run the gamut from the existential to the observational. And the humor and insight throughout makes it a good read. Being careful to consider the feelings of all others, you politely and properly just concentrate on them and in communication while publicly speaking. You want a full audience. And the only echo you want to hear comes from the microphone, not an empty auditorium. When you take the words out of someone's mouth, you've communicated for them, which can be a lifesaver when you advocate for the rights of others and a humanitarian effort. When helping people is your goal and you're about to make it your life's worth, and although there are agents of fortune more capable than you are to do the work, you can pretty much accomplish your dream all by yourself. Good luck and wish you well. You really need other people's help to begin with it in the first place. To obtain the bright future you perceive is still possible and within reach, you turn to communication and report the breach. To fill the gap and lack of communication and inter and outer cooperation, you take down and remove the communication barrier forever.

Good in a Room Stephanie Palmer 2008-03-11 Whether you work in Hollywood or not, the fact is that selling ideas is really difficult to do. The reason the pitching secrets of the most successful writers and directors are relevant is because these people have evolved an advanced method for selling ideas. Whether you're a screenwriter, a journalist with an idea for a story, an entrepreneur with a business plan, an inventor with a blueprint, or a manager with an innovative solution, if you want other people to invest their time, energy, and money in your idea, you face an uphill battle... When I was at MGM, the hardest part of my job was not cutthroat studio politics or grueling production schedules. The toughest part of my job was whenever I had to say "No" to an idea that was almost there. I had to say no a lot. Every buyer does. The buyer's work is to say yes to projects that are ready, not almost ready. And no matter how good the script is, if the seller can't pitch it in a compelling way, how can the buyer see the potential? How can he get his colleagues on board? How can he recommend the seller to his superiors? The fact is that poor pitches doom good projects. It happens all the time. The ideas, products and services that are pitched more effectively... win. That's just how the game is played. No sense getting upset over it. Instead, let's accept the challenge and learn the strategies and tactics that will allow us (and our ideas) to succeed. -From GOOD IN A ROOM Business consultant and former MGM Director of Creative Affairs Stephanie Palmer reveals the techniques used by Hollywood's top writers, producers, and directors to get financing for their projects - and explains how you can apply these techniques to be more successful in your own high-stakes meetings. Because, as Palmer has found, the strategies used to sell yourself and your ideas in Hollywood not only work in other businesses, they often work better. Whether you are a manager or executive with an innovative proposal, a professional with a hot concept, a salesperson selling to a potential client or investor, or an entrepreneur with a business plan, GOOD IN A ROOM shows you how to: Master the five stages of the face-to-face meeting Avoid the secret dealbreakers of the first ninety seconds Be confident in high-pressure situations Present yourself better and more effectively than you ever have before Whether you want to ask for a raise, grow your client list, launch a new business or find financing for a creative project, you must not only present your ideas in a compelling way - you must also sell yourself, as well. GOOD IN A ROOM shows you how to construct a winning presentation and deliver the kind of performance that will get your project greenlighted, whatever industry you are in.

Raising Kanye Donda West 2007-05-08 As the mother of hip-hop superstar Kanye West, Donda West has watched her son grow from a brilliant baby boy with all the intimations of fame and fortune to one of the hottest rappers on the music scene. And she has every right to be proud: she raised her son with strong moral values, teaching him right from wrong and helping him become the man he is today. In *Raising Kanye*, Donda not only pays homage to her famous son but reflects on all the things she learned about being his mother along the way. Featuring never-before-seen photos and compelling personal anecdotes, Donda's powerful and inspiring memoir reveals everything from the difficulties she faced as a single mother in the African-American community to her later experiences as Kanye's manager as he rose to superstardom. Speaking frankly about her son's reputation as a "Mama's Boy," and his memorable public outbursts about gay rights and President George W. Bush, Donda supports her son without exception, and here she shares the invaluable wisdom she has taken away from each experience -- passion, tolerance, patience, and above all, always telling the truth. Ultimately, she not only expresses what her famously talented son has meant to her but what he has meant to music and an entire generation.

The Joy Luck Club Amy Tan 2006-09-21 "The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be

incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of Crazy Rich Asians Amy Tan's beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: Unintended Memoir on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.
