A Charter School Principal's Story Barbara Smith 2017-12-05 What happens when a Canadian principal, guided by the teachings of Fullan and Hargreaves, takes on the role of school leader in an inner-city charter school in the United States? This inside story of a principal in the DC charter school system, reveals much about the desire for educators and students to experience more than a life of multiple-choice testing that tends to be so commonplace in these schools. While such a case adds to the mound of research that supports the 'change takes time' findings, it nevertheless demonstrates the reality, on a day-to-day basis, of what's worth fighting for in schools. Student and teacher engagement and empowerment matter, and to get to such ends, a school must fiercely focus on targets well beyond test scores. This book speaks about how a budget reveals school values, and by shifting resources to support staff and student development, a school, coping with regular turnover, can be filled with more confident and capable community members. A school crawling with leaders emerged as more student, teacher and non-instructional staff were supported in new roles, aimed at building an inspired culture, with the talent and capacity to move others to action. The old ways of 'doing school' do not address the needs of the 21st century learner, and while many forces with limited views of education were at play, this story does provide an example of what promising things can and should happen to increase engagement and learning in more charter schools across America. "Dr. Barbara Smith's narrative of her times in public

charter schools offers all of us insights into the struggle to create schools of high academic quality and compassionate care, worthy of her educational mandate and mission.” – David Booth, Professor Emeritus, The Ontario Institute for Studies in Education, University of Toronto “Dr. Smith’s message inspires me to be an advocate for education and her work will inspire you as well!” – Jalen Rose, Chair of Board of Directors, Jalen Rose Leadership Academy, Detroit, Michigan, ESPN Commentator “This inside look provides an opportunity for innovation in a field that has held to aging standards for far too long!” – Diane C. Manica, Former Director, Leadership and Accreditation, University of Detroit Mercy

The Savvy Principal Jody Capelluti 2013-12-05 This book provides specific and candid suggestions and ideas for becoming a standout leader. It recommends actions and strategies to positively influence others behavior. It also suggests tactics and actions to avoid. Because, in reality, if principals are successful: students, teachers, schools and superintendents will benefit. And if this is the case; it naturally follows that school boards, parents and communities will be proud and pleased with what is happening in their schools. Everyone wins when the principal is successful.

A Principal's Tale Shelley McIntosh Ed.D 2018-03-22 A PRINCIPAL'S TALE, at turns is personal and humorous, insightful and engaging. A PRINCIPAL'S TALE democratizes the public school administration conversation and offers insight and wisdom to anyone who wishes to show up more authentically, effectively, and ultimately powerfully in today's challenging education world. More personal in tone than traditional educational books, A PRINCIPAL'S TALE acknowledges that leadership requires risk and commitment, and the greatest risk of all is discovered as we learn how to educate our own way and lead with impact in today's ever-shifting educational world. My personal stories in the office to the classroom will shine at times personal and at times a humorous look into the everyday life of a principal. Written on a daily basis, similar to a diary or journal entry, the book details thirty-one days in the life of an urban school principal, painting a true picture of the professional, emotional, and personal experiences of those who lead a school and a family of educators and learners.

Islam F William Russell 2013-06-11 We must ask ourselves, can we allow a group of fundamentalist Muslims following the culture of Islam to freely attack our country, our Democratic institutions, our freedom of speech, our freedom of religion, our very civilization and get away with it? This is a very controversial subject. Our president tells us, Islam is a religion of peace. Yet, we see many examples of the violence of Islam throughout the world and a long history of well documented Islamic violence for over 1400 years. What is the truth? Our country has always welcomed immigrants from all walks of life and from every religion. We protect religions in this country. But is Islam truly only a religion? Should Islam have "religion status"? That subject will be discussed in this book. Some exclaiming, "fear of the threat of Islam," are accused of Islamophobia, but when you examine the historical facts, like the 9/11 attack in New York City by Muslims that destroyed the World Trade Center and killed nearly 3,000 Americans, what is actually happening? Daily, in Great Britain and numerous countries in Europe, fear becomes a reality, not a phobia. In the early 1930s, we were told by many soothsayers that the Nazis were not a threat. But some leaders, like Winston Churchill, knew the truth and eventually the world woke up to his call and was

energized to action to stop the evil Nazi empire which nearly took over the world. It required a disastrous World War to do it. We do not want to repeat that error and wait until it is too late to stop this insidious invasion of Islam. What is the truth? What should be our position regarding Islam? Should we expose our culture to one which says it wants to dominate us and bring to us a set of laws known as Sharia, which will make a mockery of our freedoms and subjugate women to second class status? This book details the many barbaric concepts of the philosophy of Islam and examines actions we must consider in defense of the cherished and hard-earned freedoms which are our right under the Constitution and the Bill of Rights in our democratic world. The author was born in New York City in November 1925 the eldest of three children of Dr. and Mrs. Frank H Russell. He graduated in 1950 from the University of Colorado with a Pre-Medical Major but spent much of his life in international business as a corporate executive and CEO. He has been an entrepreneur for the past 40 years. William is currently concentrating on writing.

School Principals in Mexico Carmen Celina Torres Arcadia 2019-11-01 This volume demonstrates how principals influence success in 14 elementary schools across Mexico. The cases show the importance of learning in an international school leadership context to address cultural, social, and academic needs of students in their families. Characteristics of successful principals are included, in order to exemplify contemporary practices, generate positive school climate, and the best possible development of children in diverse contexts. The cases presented in this book relate to challenging and vulnerable contexts or high-needs schools. Knowledge about successful school leadership in vulnerable contexts has been highly pursued in the U.S. and abroad, especially in countries where educational disparities relate to equity and social justice. The value of school principals merit visibility with a focus on the Americas. Especially in challenging contexts, school leadership is considered a determining factor in promoting the development of children. Nonetheless, there is much to learn about contemporary school leaders, who succeed in improving schools despite societal challenges. Challenges may include increasing socioeconomic restraints, high accountability demands, and reduced resources for public education. Of note, is that a formal preparation and assignment of principals is not equitably established in Mexico, generating a high need for leaders to be prepared for this important role. By highlighting best leadership practices, practitioners and scholars can reflect about United States and Mexico educational comparisons, and observe school improvement geared towards benefitting Latinx communities in both countries.

A Breed Apart Victor Woods 2007-11-01 In this “energetic” (Publishers Weekly) memoir, Victor Woods vividly recounts a trouble-filled and misunderstood coming-of-age in the suburbs of Chicago, the rollercoaster ride that led him to captain a multi-million dollar counterfeit scheme, and his life-changing stint in federal prison. In 1990, Victor Woods was charged by the US federal government with organizing a credit card scam worth more than forty million dollars. He refused to implicate his family and friends for a reduced sentence. His lawyer at the time remarked that he was “a breed apart.” In his authentic, matter-of-fact style, Woods shares the details of his evolution from a rebellious teen to a white-collar criminal and what inspired him to turn his life around while locked away as a federal inmate. Woods’s misdeeds and missteps remind us that sometimes we can be our own worst enemy. His remarkable

turnaround shows us that no matter our past we can always make good on a second chance.

Teaching with Heart Sam M. Intrator 2014-05-19 Each and every day teachers show up in their classrooms with a relentless sense of optimism. Despite the complicated challenges of schools, they come to and remain in the profession inspired by a conviction that through education they can move individuals and society to a more promising future. In *Teaching with Heart: Poetry that Speaks to the Courage to Teach* a diverse group of ninety teachers describe the complex of emotions and experiences of the teaching life – joy, outrage, heartbreak, hope, commitment and dedication. Each heartfelt commentary is paired with a cherished poem selected by the teacher. The contributors represent a broad array of educators: K-12 teachers, principals, superintendents, college professors, as well as many non-traditional teachers. They range from first year teachers to mid-career veterans to those who have retired after decades in the classroom. They come from inner-city, suburban, charter and private schools. The teachers identified an eclectic collection of poems and poets from Emily Dickinson, to Richard Wright, to Mary Oliver to the rapper Tupac Shakur. It is a book by teachers and for all who teach. The book also includes a poignant Foreword by Parker J. Palmer (*The Courage to Teach*), a stirring Introduction by Taylor Mali (*What Teachers Make*), and a moving Afterword by Sarah Brown Wessling (*Teaching Channel*). Where *Teaching with Fire* honored and celebrated the work of teachers; *Teaching with Heart* salutes the tenacious and relentless optimism of teachers and their belief that despite the many challenges and obstacles of the teaching life, much is possible.

The Knowledge Gap Natalie Wexler 2020-08-04 The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

A Woman in a Man's World Norma Winter 2008 In 1977, when author Dr. Norma L. Winter overcame the adversities of her youth and became the only female high school principal in the state of West Virginia, less than three percent of the school administrators in the United States were women. In *A Woman in a Man's World*, she shares her professional journey into school administration during a time when gender differences among administrators were obvious and roadblocks to success were copious. In this memoir, Winter describes a personal and inspirational triumph over hardship, and she includes meaningful contributions to the study of contrasts between the careers of male and female school administrators. She

tells a story about her nontraditional and unconventional life in which she beat the odds both personally and professionally. In the end, she reflects she may have been happiest when she was a woman in a man's world. Praise for *A Woman in a Man's World* Winter's book is "...an inspirational resource...." -- Kirkus Review "A treasure trove of historical and practical information...." --Clarion Review "... Winter's tale reads as a powerful model of ambition and drive." --Blue Ink Review

Healthy and Sustainable Fundraising Activities Jenine M. De Marzo 2012-05-07 For most schools and organizations, fundraisers bridge the gap between budgets and the money they need in order to operate. Despite the continued rise in childhood and adult obesity and increased attention to humankind's ecological impact, many fundraisers still rely on the sale of high-calorie, low-nutrient foods or ask supporters to become consumers of incidental items and paper products "to support the cause." *Healthy and Sustainable Fundraising Activities* offers innovative and thoughtful options that raise money for your cause without contradicting the physical activity, health, and ecological messages emphasized in your school or organization. In contrast to traditional fundraisers involving food and incidental products, the ideas in *Healthy and Sustainable Fundraising Activities* encourage personal, community, and environmental health and reinforce the health and social responsibility initiatives in place in your school or organization. With *Healthy and Sustainable Fundraising Activities* you'll learn how to involve not just your school or organization but the entire community in health-promoting, environmentally friendly activities. With *Healthy and Sustainable Fundraising Activities*, you'll find a range of ideas—from ink cartridge recycling to a dance competition—and a unique approach to fundraising sure to energize your students, members, and community to meet and exceed your fundraising goals. For educators, each of the activities outlined in the text is based on National Health Education Standards (NHES) and National Association for Sport and Physical Education (NASPE) standards and 21st-century learning outcomes, making this text a great resource for incorporating the health and wellness initiatives of your school into the fundraising plans for your class, club, sport team, or organization. Activities in the book are grouped according to the level of knowledge, skills, and abilities required for organizing and conducting them. Most activities use similar or commonly used resources often available in a school or organizational setting. You'll find clear and complete explanations in a standard lesson plan format along with the tools and information you need in order to implement each idea. With background information on various types of fundraisers, how these

types are categorized, and guidance on scheduling, implementing, and communication, you'll have a full picture of what it takes to complete each event. Islam William Russell 2017-03-24 **Civilization Suffers Where Islam Rules** When the terrible events of 9/11 struck New York City, I was astonished that there were such a large number of people in the Islamic countries of the Middle East who hate us, who danced in the streets and burned our flag shouting, "Death to America" when they heard the tragic news. The fact that our sovereign country was invaded, property destroyed, and thousands of innocent Americans were murdered by this sneak attack, this act of war stirred me to find out who did it and why. When we learned that 11 university-educated Muslim men (4 with PHD'S) performed this evil act simply because their God, Allah, the God of Islam, told them to do it, was disturbing enough but when further study revealed the fundamental objective of these Muslim fanatics is to take over the world with their philosophies, energized me to learn more about Islam and write this book.
