The Afro-Modernist Epic and Literary History K. Schultz 2013-11-19 Analyzing the poets Melvin B. Tolson, Langston Hughes, and Amiri Baraka, this study charts the Afro-Modernist epic. Within the context of Classical epic traditions, early 20th-century American modernist long poems, and the griot traditions of West Africa, Schultz reveals diasporic consciousness in the representation of African American identities.

Teaching Poetry Writing Tom C. Hunley 2007-01-01 "Teaching Poetry Writing: A Five-Canon Approach" is a comprehensive alternative to the full-class workshop approach to poetry writing instruction. In the five-canon approach, peer critique of student poems takes place in online environments, freeing up class time for writing exercises and lessons based on the five canons of classical rhetoric: invention,

arrangement, style, memory, and delivery.

**A+ Teachers** Erika V. Shearin Karres 2013-07-16 A+ Teachers empowers parents with the knowledge needed to ensure their kids get the best education they can right now. The book walks through the basic teaching skills every teacher must master to be successful and then gives parents the tools needed to analyze how their kids' teachers measure up. This groundbreaking book then provides the steps for working with teachers, the school administration, and the PTA to ensure that all teachers in their local schools acquire these critical skills if they don't possess them already. Parents will learn how to assess and encourage improved performance in their children's classrooms by uncovering: what's really involved in effective teaching; how to better support their kids' teachers; strategies for raising the level of instruction for all kids; how to be more education-committed parents; how to inspire their children to fulfill their academic potential. There is not another book available that emboldens, empowers, and enlightens parents about what really goes on in today's classrooms. With A+ Teachers as their guide, parents will be armed with the ability to quickly evaluate their children's teachers-and then foster high standards within their schools.

**EBOOK: NEW STRUCTURE OF SCHOOL IMPROVEMENT** Bruce Joyce 1999-05-16 Self renewing schools where students and staff are involved in ongoing inquiry has long since been an ideal in education. However, this goal has not proved readily achievable. The authors of this book regard this as a challenge which can be confronted positively, believing that enough knowledge exists to develop a fresh structure of school improvement - and one which is likely to succeed. The book draws upon the considerable body of research on successful and unsuccessful school improvement programs to generate a practical strategy for school improvement that can be used by schools, school districts and local education authorities, and policymakers with a high probability of success. The heart of the strategy is an inquiry process centered on the continuous study of student learning and the creation and study of initiatives to enhance student achievement in academic, personal and social domains. The school as a workplace is altered dramatically with the inclusion of study time for teachers, continuous staff development and the organization of a governance structure which includes school staff, parents, community agencies, business partners and local district or education authority personnel. This timely and important book is vital reading for anyone with an interest in improving schools and the quality of education today.

**River of Stars** Guy Gavriel Kay 2013-04-02 "River of Stars is a major accomplishment, the work of a master novelist in full command of his subject."—Michael Dirda, in *The Washington Post* "Game of Thrones in China."—Salon.com Ren Daiyan was still just a boy when he took the lives of seven men while guarding an imperial magistrate. That moment on a lonely road changed his life in entirely unexpected ways, sending him into the forests of Kitai among the outlaws. From there he emerges years later—and his life changes again, dramatically, as he circles toward the court and emperor, while war approaches Kitai from the north. Lin Shan is the daughter of a scholar, his beloved only child. Educated by him in ways young women never are, gifted as a songwriter and calligrapher, she finds herself living a life suspended between two worlds. Her intelligence captivates an emperor—and alienates women at the court. But when her father's life is endangered by the savage politics of the day, Shan must act in ways no woman ever has. In an empire divided by bitter factions circling an exquisitely cultured emperor who loves his gardens and his art far more than the burdens of governing, dramatic events on the northern steppe alter the balance of power in the world, leading to events no one could have foretold, under the river of stars.

**Writing Alone and with Others** Pat Schneider 2003-08-28 For more than a quarter of a century, Pat Schneider has helped writers find and liberate their true voices. She has taught all kinds--the award winning, the struggling, and those who have been silenced by poverty and hardship. Her innovative methods have worked in classrooms from elementary to graduate level, in jail cells and public housing projects, in convents and seminaries, in youth at-risk programs, and with groups of the terminally ill. Now, in *Writing Alone and with Others*, Schneider's acclaimed methods are available in a single, well-organized, and highly readable volume. The first part of the book guides the reader through the perils of the solitary writing life: fear, writer's block, and the bad habits of the internal critic. In the second section, Schneider describes the Amherst Writers and Artists workshop method, widely used across the U.S. and abroad. Chapters on fiction and poetry address matters of technique and point to further

resources, while more than a hundred writing exercises offer specific ways to jumpstart the blocked and stretch the rut-stuck. Schneider's innovative teaching method will refresh the experienced writer and encourage the beginner. Her book is the essential owner's manual for the writer's voice.

Poetry, Method and Education Research Esther Fitzpatrick 2020-07-21 Poetry can be both political and pedagogical. It is utilised in a variety of ways in research to enhance, critique, analyse, and express different voices. Poetry, Method and Education Research brings together international scholars to explore issues as diverse as neoliberalism, culture, decolonising education, health, and teacher identities. A key strength of the book is its attention to poetry as a research method, including discussions of "how to" engage with poetry in research, as well as including a range of research poems. Poetry is thus framed as both a method and performance. Authors in this book address a wide variety of questions from different perspectives including how to use poetry to think about complex issues in education, where poetry belongs in a research project, how to write poetry to generate and analyse "data", and how poetry can represent these findings. This book is an essential resource for students and researchers in education programmes, and those who teach in graduate research methods courses.

**The Nightgown & Other Poems** Taisia Kitaiskaia 2020-09-22 The Nightgown is a mythic, mystic, and hungry collection of poems, a roiling landscape wandered over by wild swerves of language, creatures of all sorts, and mysterious beings such as The Folklore, The Hurt Opera, The Eunuch, and the titular angry Nightgown. Haunted by the magic and transformations of Slavic and Western European fairy tales, the symbolism of the Tarot, the medieval world, feminism, and a mythology all its own, The Nightgown bears an immigrant's fascination with the black, alien syrup of the English language's first stratum, that merciless Anglo-Saxon word-hoard preserving an ancient consciousness of human, beast, and earth. Funny and loud, the poems are strangely accessible in their animal awareness of mortality and urgency for contact with the unknown. The Nightgown is the debut book of poetry from renowned writer Taisia Kitaiskaia (Literary Witches: A Celebration of Magical Women Writers).

**King's Road to Pleasant Street (And Other Poems to Nowhere)** Jace Paul 2020-03-21 In his second volume of poetry, Jace Paul takes a retrospective look at the works of his early years. Roughly divided into two eras, the "King's Road" years of his childhood and the time spent in a "Pleasant Street" apartment during college, the poems are deeply confessional and richly textured with strong and often conflicting emotions. From the award-winning "Breakfast" and "The Serpent," to poignant set-pieces like "Bill" and "L'Americain," Paul consistently employs colorful, straightforward language to capture his subjects and experiences. Though poetry has lost much of its appeal and value in the twenty-first century, Paul charges it with new energy by making it more about stories than images, more compassionate than abstract.

**Unsettling Canadian Art History** Erin Morton 2022-06-15 Bringing together fifteen scholars of art and culture, *Unsettling Canadian Art History* addresses the visual and material culture of settler colonialism, enslavement, and racialized diasporas in the contested white settler state of Canada. This

collection offers new avenues for scholarship on art, archives, and creative practice by rethinking histories of Canadian colonialisms from Black, Indigenous, racialized, feminist, queer, trans, and Two-Spirit perspectives. Writing across many positionalities, contributors offer chapters that disrupt colonial archives of art and culture, excavating and reconstructing radical Black, Indigenous, and racialized diasporic creation and experience. Exploring the racist frameworks that continue to erase histories of violence and resistance, this book imagines the expansive possibilities of a decolonial future. *Unsettling Canadian Art History* affirms the importance of collaborative conversations and work in the effort to unsettle scholarship in Canadian art and culture.

**Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson 2014-01-21 The *Encyclopedia of American Poetry: The Twentieth Century* contains over 400 entries that treat a broad range of individual poets and poems, along with many articles devoted to topics, schools, or periods of American verse in the century. Entries fall into three main categories: poet entries, which provide biographical and cultural contexts for the author's career; entries on individual works, which offer closer explication of the most resonant poems in the 20th-century canon; and topical entries, which offer analyses of a given period of literary production, school, thematically constructed category, or other verse tradition that historically has been in dialogue with the poetry of the United States.

**Writing and Understanding Poetry for Teachers and Students** Suzanne Keyworth 2015-02-19 Grounded in craft, this book was composed on three premises: That the study and modeling of great poems is integral to understanding poetry and learning to write poems, that scaffolded learning builds a writer's and a reader's confidence and knowledge base and increases learning, and that teachers and facilitators of poetry can and should build learning environments we call "our hearts in a safe place." Each chapter contains an introduction to a main focus, new terms, a model poem, an explication, short prompts heuristic to each chapter's focus, and a model exercise. Student poem samples are included in each chapter. The last chapter discusses syllabi, portfolios and alternate grading. *A Heart's Craft* differs from other poetry "how to books" because it combines art with pedagogy in a unique and effective fashion.

**Killing Poetry** Javon Johnson 2017-07-17 In recent decades, poetry slams and the spoken word artists who compete in them have sparked a resurgent fascination with the world of poetry. However, there is little critical dialogue that fully engages with the cultural complexities present in slam and spoken word poetry communities, as well as their ramifications. In *Killing Poetry*, renowned slam poet, Javon Johnson unpacks some of the complicated issues that comprise performance poetry spaces. He argues that the truly radical potential in slam and spoken word communities lies not just in proving literary worth, speaking back to power, or even in altering power structures, but instead in imagining and working towards altogether different social relationships. His illuminating ethnography provides a critical history of the slam, contextualizes contemporary black poets in larger black literary traditions, and does away with the notion that poetry slams are inherently radically democratic and utopic. *Killing Poetry*—at times autobiographical, poetic, and journalistic—analyzes the masculine posturing in the Southern California community in particular, the sexual assault in the national community, and the

ways in which related social media inadvertently replicate many of the same white supremacist, patriarchal, and mainstream logics so many spoken word poets seem to be working against. Throughout, Johnson examines the promises and problems within slam and spoken word, while illustrating how community is made and remade in hopes of eventually creating the radical spaces so many of these poets strive to achieve.

Anna Letitia Barbauld: Selected Poetry and Prose Anna Letitia Barbauld 2001-09-24 At her death in 1825, Anna Letitia Barbauld was considered one of the great writers of her time. Distinguished as a poet and essayist, she was also an innovator in children's literature, an eloquent supporter of liberal politics, and a literary critic of stature. This edition includes a generous selection of her poetry and the first comprehensive body of her prose in more than a century, with essays—some never before reprinted—on literature, religion, education, prejudice, women's fashions, and class conflict.
