But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. When Time Stood Still K. S. Adkins 2015-08-06 Our lives are spent watching the clock. We go to sleep by it. Wake up to it. Rely on it. Race it.It's easy to forget that we're only given so much.We ignore it because we're convinced we'll always have more.I am proof that we aren't promised anything.The clock owes us nothing.I know this because not only was Time my name, I wasn't given enough of it.Sure I had challenges but I vowed to make the most of it, of my young life.My limitations wouldn't hold me back.Time was on my side.Then I was told otherwise.Now the clock was working against me.I would face this disease alone.Then he walked in and changed everything.He gave me a reason to fight.He helped me prepare.Like others before me, when time slowed I wasn't ready.I begged for more.But the clock, it stopped for no one.On the day my world went black, I refused to take him with me.Only he didn't listen.I was a doctor.A bringer of bad news.I read the chart.She was fucked.My hands, they were tied.I was a doctor who could not heal what was beyond that door.I had no hope to offer her.But I wanted this over with.The sooner the better.I walked in, looked up and saw color.Not one.All of them.They surrounded her.She was a patient.You did not cross that line.I would not cross that line.I should have kept my eyes closed.Life was easier when you didn't see.But they were open now.They saw her.They saw everything.Suddenly invisible lines ceased to matter.For me, Time mattered.How far would you go to make sure the one you loved had enough of it?Would you challenge the clock?Help them prepare?Could you watch them suffer?Could you accept a life without them in it?Or, would you follow them into the darkness?I did. This is our story.

**The Amazing Book of No** M. K. Mathias 2014-05-05 The Amazing Book of No was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The Amazing Book of No" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!

*My Color Companion* Global Doodle Gems 2016-04-30 *My Color Companion*, the idea for this book comes from my own need, to always keep records of my colors, it is the first thing I do, when I get new pencils, markers or pens, as an artist I also test fineliners and pencils, I have handdrawn the 30 different templates inside this book ( each template is repeated 4 times in the book), I recommend that you use a piece of cardstock between the pages when you test markers. The book is printed on the same paper as 90 % of most of the coloring books you will find on Amazon, which means it is a great place to test how your colors will work in the books, and create your own unique color palettes that are your style. Also check out the pocket edition with 15 different templates (also repeated 4 times, giving you a whole 60 single pages to work with your colors on).

**Happy As a Rat in a Trash Can** Don Pasco 2013-05-03 On a scale of 1 to 10, with 1 being not happy at all and 10 being very, very happy, how happy would you say you are right now, BEFORE reading this book? Now remember that number. Inside "Happy As a Rat In a Trash Can" Don challenges the reader to raise that number just as a student would be challenged to raise up school grades. Don says this book is about YOU! It is about you becoming a little more faithful a little more grateful a little more understanding a little more forgiving a little more thoughtful a little more caring and a lot more loving Why? Because these are the things that beget happiness. In early 2008 Don's Mom went to be with the Lord. She was a person just like your Mom... very loving and invariably, always in your corner. Her Christian values were instilled in him and are presented to the readers throughout this book. Don presents his points with a sense of humor (as reflected in the title) but never does he joke about the seriousness of becoming a happier person. He'll explain why faith is necessary and how the Law of sowing and reaping is creating the world YOU live in. He'll give you a simple question to ask yourself whenever confronted with the tough choices that life brings to all of us. This book's objective is to raise your level of happiness even if you are already a happy person. Don't be surprised if those around you start to wonder what got into you! This book can be your little secret happiness project. You'll learn how and why we all need to pay more attention to others and why that will result in a better future for yourself. *He Walks with Dragons* Stanley S. Thornton 2013-04-30 "He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born

into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. "From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees." And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.

**In Full Color** Rachel Dolezal 2017-03-28 A lot of people have made up their minds about Rachel Doležal. But none of them know her real story. In June 2015, the media "outed" Rachel Doležal as a white woman who had knowingly been "passing" as Black. When asked if she were African American during an interview about the hate crimes directed at her and her family, she hesitated before ending the interview and walking away. Some interpreted her reluctance to respond and hasty departure as dishonesty, while others assumed she lacked a reasonable explanation for the almost unprecedented way she identified herself. What determines your race? Is it your DNA? The community in which you were raised? The way others see you or the way you see yourself? With *In Full Color*, Rachel Doležal describes the path that led her from being a child of white evangelical parents to an NAACP chapter president and respected educator and activist who identifies as Black. Along the way, she recounts the deep emotional bond she formed with her four adopted Black siblings, the sense of belonging she felt while living in Black communities in Jackson, Mississippi, and Washington, DC, and the experiences that have shaped her along the way. Her story is nuanced and complex, and in the process of telling it, she forces us to consider race in an entirely new light—not as a biological imperative, but as a function of the experiences we have, the culture we embrace, and, ultimately, the identity we choose.
