*The Addams Family* Charles Addams 2010 The "evolution" of Charles Addams's singularly eccentric family began long before the television and film interpretations made them icons of American popular culture. Addams first created Morticia, Lurch, and The Thing in a cartoon published in a 1938 issue of the New Yorker—though he hadn't named them at the time, or even conceived of a family unit. (When he did name the deadly matriarch, he was inspired by the Yellow Pages listing for "Morticians.") Other characters were born and developed in a multitude of Addams's cartoons over the next twenty-six years, before the cheerfully creepy clan debuted on ABC television in 1964 and later on the big screen, twice, in 1991 and 1993. *The Addams Family: An Evolution* is the first book to trace The Addams Family history, presenting more than 200 cartoons created by Charles Addams (American, 1912–1988) throughout his prolific career; many have never been published before. Text by H. Kevin Miserocchi, director of the Tee and Charles Addams Foundation, offers a revealing chronology of each character's evolution (for instance, did you know that Addams originally named Pugsley "Pubert"?), while Addams's own incisive character descriptions, originally penned for the benefit of the television show producers, introduce each chapter. As the presence of the Family continues to permeate generation after generation, and in celebration of the Broadway musical debuting in 2010, this book reminds us where these oddly lovable characters came from and, in doing so, offers a lasting tribute to one of America's greatest humorists. A phenomenon of rare proportion, *The Addams Family* is the manifestation of one artist's dark but irresistible wit, expressed with an uncommonly deft hand.

**The Addams Family** Antonio Diaz LLL 2020-04-04 Gomez Addams laments the 25-year absence of his brother Fester, who disappeared after the two had a falling-out. Gomez's lawyer Tully Alford owes money to loan shark/con artist Abigail Craven, and notices that her adopted son Gordon closely resembles Fester. Tully proposes that Gordon pose as Fester to infiltrate the Addams household and find the hidden vault where they keep their vast riches. Tully and his wife Margaret attend a séance at the Addams home led by Grandmama in which the family tries to contact Fester's spirit. Gordon arrives, posing as Fester, while Abigail poses as a German psychiatrist named Dr. Greta Pinder-Schloss and tells the family that Fester had been lost in the Bermuda Triangle for the past 25 years. Gomez, overjoyed to have Fester back, takes him to the family vault to view home movies from their childhood. Gordon learns the reason for the brothers' falling-out: Gomez was jealous of Fester's success with women, and wooed the conjoined twins Flora and Fauna Amor away from him out of envy. Gomez starts to suspect that "Fester" is an impostor when he is unable to recall important details about their past. Gordon attempts to return to the vault, but is unable to get past a booby trap. Gomez's wife Morticia reminds "Fester" of the importance of family among the Addamses and of their vengeance against those who cross them. Fearing that the

family is getting wise to their con, Abigail (under the guise of Dr. Pinder-Schloss) convinces Gomez that his suspicions are due to displacement. Gordon grows closer to the Addams family, particularly the children Wednesday and Pugsley, whom he helps to prepare a swordplay sequence for a school play. Abigail had insisted that Gordon not attend the play, but after feeling deeply saddened by this, he attends anyway. After the play, Dr. Pinder-Schloss insists that Fester must once again leave, so the Addamses throw a large party with their extended family and friends, during which Abigail plans to break into the vault. Wednesday overhears Abigail and Gordon discussing the plan, and escapes them by hiding in the family cemetery. Tully learns that as the elder brother, Fester is the executor of the Addams estate and therefore technically owns the entire property. With help from the Addamses' neighbor Judge George Womack, whom Gomez has repeatedly infuriated by hitting golf balls into his house, Tully procures a restraining order against the family, banning them from the estate. Gomez attempts to fight the order in court, but Judge Womack rules against him out of spite. While Abigail, Gordon, and Tully try repeatedly and unsuccessfully to get past the booby trap blocking access to the vault, the Addams family is forced to move into a motel and find jobs. Morticia tries to be a preschool teacher, Wednesday and Pugsley sell toxic lemonade, and Thing—the family's animate disembodied hand—becomes a courier. Despondent, Gomez sinks into depression and lethargy. Morticia returns to the Addams home to confront Fester and is captured by Abigail and Tully, who torture her in an attempt to learn how to access the vault. Thing observes this and informs Gomez using Morse code; Gomez gathers the family and rushes to Morticia's rescue. Abigail threatens Morticia's life if Gomez does not surrender the family fortune. Fed up with his mother's behavior and constant berating, Gordon turns against her. Using a magical book which projects its contents into reality, he unleashes a hurricane into the house, which strikes his own head with lightning and launches Tully and Abigail out of a window and into open graves dug for them by Wednesday and Pugsley.
