Godwill Castle Robert B. Thompson 2016-05-07 I wrote Godwill Castle a few years ago. I believed at that time that America is due for some chaotic events in the not too distant future. This danger may be more pronounced today than it was at that time. Of course, the prevailing fear and concern is that of death. What if I die? What if my children die? What if my mother and father die? Death is a fearful event. With boys and girls in mind, I wrote this narrative. They need have no fear. Mother and Dad will go to a place where there is no more danger, sickness, or worry. As far as children are concerned, we know from the Bible how much the Lord Jesus loves children. If they are very young they will go to Playland until their parents come; or to the special Reception Palace, where they can play until they are reunited with their parents or friends and relatives. There is no need to fear death. It will not be long until all of our family members, friends, and relatives are together again in the most wonderful world one could imagine.

God's Own Party Daniel K. Williams 2012-07-12 In God's Own Party, Daniel K. Williams presents the first comprehensive history of the Christian Right, uncovering how evangelicals came to see the Republican Party as the vehicle through which they could reclaim America as a Christian nation.

The Love Bunglers Jaime Hernandez 2014-05-14 The suppression of family history is the initial thread that ties together The Love Bunglers, featuring Hernandez's longtime Love and Rockets heroine Maggie. Because these secrets can't be dealt with openly, their lingering effect is even more powerful. But Maggie's ability to navigate and find meaning in her life - despite losing her culture, her brother, her profession, and her friends - is what's made her a compelling character. After a lifetime of losses, Maggie finds, in the second half, her longtime off and on lover, Ray Dominguez. Much like John Updike in his four Rabbit novels, Jaime Hernandez has been following his longtime character Maggie around for several decades, all of which has seemed to be building towards this book in particular.

The House of Rust Khadija Abdalla Bajaber 2021-10-19 The first Graywolf Press African Fiction Prize winner, a story of a girl's fantastical sea voyage to rescue her father The House of Rust is an enchanting novel about a Hadhrami girl in Mombasa. When her fisherman father goes missing, Aisha takes to the sea on a magical boat made of a skeleton to rescue him. She is guided by a talking scholar's cat (and soon crows, goats, and other animals all have their say, too). On this journey Aisha meets three terrifying sea monsters. After she survives a final confrontation with Baba wa Papa, the father of all sharks, she rescues her own father, and hopes that life will return to normal. But at home, things only grow stranger. Khadija Abdalla Bajaber's debut is a magical realist coming-of-age tale told through the lens of the Swahili and diasporic Hadhrami culture in Mombasa, Kenya. Richly descriptive and written with an imaginative hand and sharp eye for unusual detail, The House of Rust is a memorable novel by a thrilling new voice.

Clint Eastwood John H. Foote 2009 Now a two-time Academy Award winner for best director, twice winner of the Directors Guild of America Award for best director, and recipient of countless other critics prizes and nominations in multiple capacities, Clint Eastwood stands alongside Martin Scorsese and Steven Spielberg as one of the finest directors working in modern cinema. Here, John Foote examines the long, impressive, and unlikely film career of a man who fought against expectations to forge his own way and become one of this generation's finest filmmakers. Each chapter examines a different film, beginning with Play Misty for Me (1971) and High Plains Drifter (1973) and extending to his 21st-century films Space Cowboys (2000), Blood Work (2002), Mystic River (2003), Million Dollar Baby (2004), Flags of Our Fathers (2006), Letters from Iwo Jima (2006), and Changeling (2008). This book is, in the author's own words, a study of how Eastwood managed to quietly get to this level--and a celebration of his gifts as an artist. Eastwood has evolved not only as a director, but also as an actor, a screenwriter, a producer, and a score composer, to become one of the most revered figures in Hollywood. Perhaps it is because he started out in Hollywood with such little influence on the final product that he now demonstrates such a strong desire to collaborate with others and provide help wherever he can. In addition to casting off his reputation as a hack and accumulating two Oscar nominations for Best Actor over the past 15 years, he has guided other actors to no less than three Academy Award wins. The executives love him because he has made them money over the years--occasionally even making one for them in exchange for financial backing on other projects. Critics love him because of the care he takes in creating his films. Audiences love him because he has never lost his sense of entertainment, even as his artistry has matured.

The Furry Trap Josh Simmons 2012-07-02 The Furry Trap contains 11 short stories, varying in length from one to 30 pages, as well as a number of "extras" that will flesh out the reader's experience. From the title creatures in "Night of the Jibblers," to the witches and ogres of "Cockbone," to the Godzilla-sized, centaur-bodied depiction of the title character in "Jesus Christ," to the disarmingly cute yet terrifying demons of "Demonwood," to the depraved, caped crusading antihero in "Mark of the Bat," Simmons is a master of

creating terrifying beasties that inspire and inflict nightmarish horrors, usually taken to unforgettable extremes. The individual stories in *The Furry Trap* stand on their own as mini-masterpieces of skin-crawling terror, but collectively complement each other in a way that only heightens the anxiety and dread pouring from page to page. Just remember: You've been warned.

The Wimp Factor Stephen Ducat 2005-09-07 In this landmark exploration of how male anxiety has come to define our political culture, Stephen J. Ducat shows the link between the desperate macho strutting of male politicians, the gender gap in voting behavior, and fundamentalist holy wars. He argues that a direct association exists between the magnitude of a man's femiphobia—that is, his terror of being perceived as feminine—and his tendency to embrace right-wing political opinions. From the strenuous efforts by handlers to counter George H. W. Bush's "wimp factor" to the swaggering arrogance that led to the moral and military quagmire in U.S.-occupied Iraq, anxious masculinity has been a discernible subtext in politics. Ducat shows how this anxiety has been an underlying force in public life throughout the history of Western culture, and also explores why and how certain political issues get gendered. Analyzing various aspects of popular culture and drawing on pioneering research on the gender gap, *The Wimp Factor* is a fascinating exposé that will alter our understanding of contemporary politics.

From Bible Belt to Sunbelt: Plain-Folk Religion, Grassroots Politics, and the Rise of Evangelical Conservatism Darren Dochuk 2010-12-13 A sweeping, five-decade history of the evangelical movement in southern California that explains an epochal realignment of American politics. *From Bible Belt to Sun Belt* tells the dramatic and largely unknown story of "plain-folk" religious migrants: hardworking men and women from Oklahoma, Texas, and Arkansas who fled the Depression and came to California for military jobs during World War II. Investigating this fiercely pious community at a grassroots level, Darren Dochuk uses the stories of religious leaders, including Billy Graham, as well as many colorful, lesser-known figures to explain how evangelicals organized a powerful political machine. This machine made its mark with Barry Goldwater, inspired Richard Nixon's "Southern Solution," and achieved its greatest triumph with the victories of Ronald Reagan. Based on entirely new research, the manuscript has already won the prestigious Allan Nevins Prize from the Society of American Historians. The judges wrote, "Dochuk offers a rich and multidimensional perspective on the origins of one of the most far-ranging developments of the second half of the twentieth century: the rise of the New Right and modern conservatism."

Generation X-Ed Rebecca Rowland 2022-01-15 Bestselling editor Rebecca Rowland (*Unburied: A Collection of Queer Dark Fiction*) and Dark Ink Books (*Savini, Unmasked: The True Life Story of the World's Most Prolific Cinematic Killer*) present a unique anthology of monster, folk, paranormal, and psychological horror as glimpsed through the lens of the latchkey generation. In this assortment of spine-chilling tales, twenty-two voices shine a strobe light on the cultural demons that lurked in the background while they came of age in the heyday of Satanic panic and slasher flicks, milk carton missing and music television, video rentals and riot grrrls. These Gen-X storytellers once stayed out unsupervised until the streetlights came on, and what they brought home with them will terrify you. Featuring brand new fiction from Kevin David Anderson, Glynn Owen Barrass, Matthew Barron, C.D. Brown, Matthew Chabin, L.E. Daniels, C.O. Davidson, Douglas Ford, Phil Ford, Holly Rae Garcia, Dale W. Glaser, Tim Jeffreys, Derek Austin Johnson, Eldon Litchfield, Adrian Ludens,

Elaine Pascale, Erica Ruppert, Kristi Petersen Schoonover, Rob Smales, Mark Towse, Thomas Vaughn, and Thomas K.S. Wake. "Brimming with insightful storytelling and haunting scares, Generation X-ed proves there are no slackers in this eclectic collection of latchkey horror writers." -Daily Dead

Shadowy Natures Rebecca Rowland 2020-09-20 With its twenty-one stories of serial killers and sociopaths, fixations and fetishes, breakdowns and bad decisions crafted by authors as diverse as their writing styles, *Shadowy Natures* leads fans of psychological horror down dark and treacherous roads to destinations they will be too unsettled to leave. Under the tutelage of a charismatic caretaker, a young boy learns that the rules don't apply to "exceptional" people; under the blinders of parental love, a parent considers the after-effects of his daughter's criminal exoneration. One suburban dad finds himself inexplicably drawn to something he spies while walking the family pet, and another discovers buried compulsions awakened by his daughter's dental deformity. Sorting through a deceased relative's belongings, a family stumbles upon a horrific treasure, as a drifter with a dark secret wanders the Old West. While a military officer spends his days delivering despair, a procrastinator is consumed by guilt after making a deadly mistake, and a businessman stumbles upon a bizarre family photo gallery. Postpartum paranoia and isolation threaten one mother's sanity until an outside threat pushes her over the edge while another mother picks at her son's psychological scabs until he scrambles for release. Urban blight bears down on a convenience store owner; a middle-aged man takes a terminally ill acquaintance captive to avenge his lover's death; a depressed suburban housewife makes a strange new friend, and a neglected teen finds solace and inspiration in a vicious classmate's company. When her brother moves back into the family home, a woman becomes consumed by what he leaves behind; when a man disappears, his sister considers the warning signs he may have been leaving since childhood. One couple abandons urban life for the isolating wilderness while another plays a dangerous game, hoping to rekindle their relationship. While one son revisits the scene of his father's horrific crime spree, another returns home to ponder his family's well-hidden secret. From unique twists on traditional terror tropes to fresh frights found in the most innocuous of places, these tales will surprise and unnerve even the most veteran horror fans.

The Activity Year Book Anni Bowden 2009-03-15 Engagement in meaningful activity is an important aspect of human existence, regardless of one's cognitive abilities. Even in the later stages of dementia, people can still be engaged in activities at a level that allows them to be successful. In fact in these later stages, where cognitive abilities may be waning, the need for activity becomes greater, as cognitive stimulation helps preserve what skills remain. For care staff looking after older people, many of whom may have some degree of dementia, coming up with ideas for activities of a suitable level to keep their residents engaged and stimulated can be challenging. The Activity Year Book solves this problem, offering week by week themed activities. From Valentine's Day quizzes to Bonfire Night word searches, it has activities relating to every important date in the calendar, and also encourages reminiscence and discussion around these events. This book will be invaluable to care staff looking for a simple way of improving the lives of their residents, week by week, all year round.

It Came from the 80s! Francesco Borseti 2016-08-16 From their heyday in the 1950s and 1960s, B movies declined in popularity through the 1970s. As the big Hollywood studios began to make genre films with sky-high budgets, independent

producers of low-budget movies could not compete in theaters. The sale of American International Pictures in 1979 and New World Pictures in 1983 marked the end of an era. The emergence of home video in the 1980s marked the beginning of a new phase, as dozens of B movies were produced each year for the small screen, many becoming cult classics of science fiction, horror and fantasy. Through numerous interviews with producers, directors, photographers and actors, this book sheds light on an overlooked corner of film history with behind-the-scenes stories of 28 low-budget favorites from the 1980s.

Cowboy Princess Cheryl Rogers-Barnett 2003 In this book the eldest daughter of Roy Rogers and Dale Evans tells the story of America's most famous cowboy and cowgirl.

The Acid Watcher Cookbook Jonathan Aviv, MD, FACS 2019-10-15 Jonathan Aviv, renowned ENT physician and author of *The Acid Watcher Diet*, supplies readers with new recipes and advice on how to stay acid-free and reverse inflammation for optimal health. In *The Acid Watcher Diet*, Dr. Jonathan Aviv gave acid reflux sufferers a pathway to healing, helping them identify the silent symptoms of acid damage and providing a two-phase eating and lifestyle plan to reduce whole-body acid damage and inflammation. Now, *The Acid Watcher Cookbook* widens the possibilities of what acid watchers can eat without repercussions. For many people struggling with acid damage, acidic foods like tomatoes, citrus fruits, vinegar, and reflux-inducing foods like raw onion and garlic, and chocolate are off-limits. After hearing patient after patient bemoaning the loss of vinaigrette, tomato sauce, ketchup, guacamole, and other staples, Dr. Aviv and coauthor Samara Kaufmann Aviv developed an innovative method of cooking that combines acidic foods with alkaline foods so that acidity is neutralized. By following a few simple guidelines, anyone will be able to enjoy dishes that had previously exacerbated their acid reflux symptoms. The 100 new Acid Watcher-approved recipes included in this comprehensive cookbook are delicious, safe, and anti-inflammatory, allowing readers to reclaim the foods they love without risking their health. With recipes such as Cauliflower Pizza, Plant-Based Chili, Butternut Squash "Mac 'n' Cheese" and creative basics including Tahini Dressing, Beet Ketchup, and Garlic Aioli, along with meal plans and food lists, *The Acid Watcher Cookbook* is a must-have for anyone with acid damage.

Carnival Milla Cozart Riggio 2004-10-14 This beautifully illustrated volume features work by leading writers and experts on carnival from around the world, and includes two stunning photo essays by acclaimed photographers Pablo Delano and Jeffrey Chock. Editor Milla Cozart Riggio presents a body of work that takes the reader on a fascinating journey exploring the various aspects of carnival - its traditions, its history, its music, its politics - and prefaces each section with an illuminating essay. Traditional carnival theory, based mainly on the work of Mikhail Bakhtin and Victor Turner, has long defined carnival as inversive or subversive. The essays in this groundbreaking anthology collectively reverse that trend, offering a re-definition of 'carnival' that focuses not on the hierarchy it temporarily displaces or negates, but a one that is rooted in the actual festival event. Carnival details its new theory in terms of a carnival that is at once representative and distinctive: The Carnival of Trinidad - the most copied yet least studied major carnival in the world.

Mothers on Trial Phyllis Chesler 2011-07-01 Updated and revised with seven new chapters, a new introduction, and a new resources section, this landmark book

is invaluable for women facing a custody battle. It was the first to break the myth that mothers receive preferential treatment over fathers in custody disputes. Although mothers generally retain custody when fathers choose not to fight for it, fathers who seek custody often win—not because the mother is unfit or the father has been the primary caregiver but because, as Phyllis Chesler argues, women are held to a much higher standard of parenting. Incorporating findings from years of research, hundreds of interviews, and international surveys about child-custody arrangements, Chesler argues for new guidelines to resolve custody disputes and to prevent the continued oppression of mothers in custody situations. This book provides a philosophical and psychological perspective as well as practical advice from one of the country's leading matrimonial lawyers. Both an indictment of a discriminatory system and a call to action over motherhood under siege, *Mothers on Trial* is essential reading for anyone concerned either personally or professionally with custody rights and the well-being of the children involved.

The Great Suppression Zachary Roth 2016 "Roth [examines] the deep historical roots of [what he sees as conservatives'] anti-egalitarian worldview, and introduces us to its modern-day proponents: the GOP officials pushing to make it harder to cast a ballot; the lawyers looking to scrap all limits on money in politics; the libertarian scholars reclaiming judicial activism to roll back the New Deal; and the corporate lobbyists working to ban local action on everything from the minimum wage to the environment"--

Heaven-God's Wonderful World Robert B. Thompson 2010-02 What will heaven be like? Who will you see you when you get there? Will you be able to see other family members and friends who have gone to heaven already? These all are questions you might wonder about when you think about dying some day in the future. Maybe you have heard about angels and harps and mansions, but have you heard about the puppies and other pets in heaven, and other boys and girls your age to play with; and about Playland, For the littlest boys and girls? Pastor Bob wants you to love God with all your heart, and other people as yourself, If you ask him, our Lord will help you do this. Then, when you die, you will enter God's Wonderful World. You will be so happy you would not want to return To The world you are in now for anything. Also, your parents, and other family members and friends will soon be with you. Isn't that a wonderful thought? Something real good to think about, isn't it? the author, Dr. Robert B. Thompson, has been in public-school work for twenty-five years and a pastor for thirty. He holds three life credentials in the state of California: Elementary Teaching; Secondary Teaching; General Administration. He holds the Bachelor of Arts in Education degree from Arizona State University, and Master's and Doctor's degrees from the University of Rochester in New York.

The Wind Tells about Valdemar Daae and His Daughters Hans Christian Andersen 2021-03-22 The wind blows everywhere, pushing the clouds, slipping through the cracks in the walls and so sees lots of things we cannot see. This is why it knows so many stories: here, it tells the story of Valdermar Daae and his daughters. Valdermar Daae was an alchemist of royal blood and possessed great wealth as only those of royal blood can. But his stubbornness in finding the recipe for red gold could lead to his downfall... Hans Christian Andersen

(1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Early American Gravestone Art in Photographs Francis Y. Duval 1978 The vivid and dramatic photographs of gravestones carvings contained in this book reveal some of the finest examples of Early American art. The authors travelled more than 60,000 miles--all through New England, New York, New Jersey, Ohio, Tennessee, Pennsylvania and Virginia, and visited nearly 3,000 old burial grounds. Their photographs show details and full views of stones dating from 1664 to 1901, though most are from the 18th century, and beautifully recapture this vanishing art legacy.--back cover.

Orlanda Jacqueline Harpman 2012-05-31 "A magical novel on the theme of androgyny. Funny, subtle, poignant..." - Nadine Sautel, Magazine littéraire "Jacqueline Harpman drags us into one of those sexual phantasmagorias that are

her own secret. She displays incredible confidence in juggling identities and meshing together yearnings and phobias, fantasies and frustrations" - T G, L'Express How would it be to jump into the skin of another? To be both a man and a woman at once? And what would happen if you found yourself attracted to yourself? Beneath a mousy exterior, 35-year-old college lecturer Aline seethes with frustration. Sick of being bullied by her mother and treated like a piece of furniture by Albert, her live-in lover, one day Aline leaps from her own skin into the far more attractive body of Lucien, whom she spots in a café at the Gare du Nord. From here this brilliantly imaginative story runs on parallel lines. While Aline sensibly catches the train back to her orderly life, Aline-Lucien - or Orlanda, as her bold new composite self is called in homage to Virginia Woolf - follows, dragging chaos in his wake. Jacqueline Harpman, herself once a psychoanalyst, revels in the confusion, as ego falls for alter ego and mothers, sisters and lovers begin to ask awkward questions in this unusual perceptive comedy of double selves and bisexuality. "Undoubtedly this is a novel to breathe life into characters through the unfettered use of the imagination. It offers a pretext for a great deal of humour and fantasy that stirs up the old myths' - André Brincourt, Figaro Winner of the Prix Médicis.

Singer in the Night Olja Savicevic 2019 Famous soap opera scriptwriter Naranca is slowly losing her memory and decides to embark on a road trip down memory lane (in a golden convertible) in search of her greatest love and ex-husband, an artist whose uncompromising artistic integrity is opposed to Naranca's fickle life in the world of TV drama. It is a series of letters by Slavuj, written over several weeks and hand-delivered to the inhabitants of the street where they lived, that cracks open the novel. The letters, triggered by a mysterious couple who make love loudly in the middle of the night, keeping the neighborhood awake, touch upon the nature of love, war, lust, capitalism, and childhood, highlighting the paradox of the human condition through playful humor. Singer in the Night is a rich, sensual novel which comments on perception, on how life is really lived--never objectively, never encompassing the whole truth, and yet no less real to us. In its final message, the novel gives a playful warning about the consequences of choosing banality--whether it be nationalism, vanity or fame--over true human connection.

The Meat Cake Bible Dame Darcy 2016-08-03 Dame Darcy is one of the sui generis artistic talents of the past two decades - musician, actress, fortune teller, dollmaker, Gen X/feminist icon, and last but not least, cartoonist to the core - and has been bewitching readers for over 20 years with her neo-Victorian horror/humor/romance comic Meat Cake. Alternating between one-off (often cruelly tragic) fairy tales and ongoing romps starring her eclectic cast of characters, including Effluvia the Mermaid, the roguish roué Wax Wolf, Igpay the Pig-Latin pig, Stregapez (a women who speaks by dispensing Pez-like tablets through a bloody hole in her throat), the mischievous Siamese twins Hindrance and Perfidia, Scampi the Selfish Shellfish, the stalwart Friend the Girl, and the blonde bombshell Richard Dirt, all delineated in her inimitable luxurious scrawl, Meat Cake is like a peek into the most creative, deranged dollhouse you ever saw. The Meat Cake Bible is the definitive collection of the series, collecting every story from all 17 issues (1993-2008) - including "Hungry Is the Heart," Darcy's legendary collaboration with Alan Moore - as well as new stories from the unpublished 18th issue.

The Adventures of Preacherman Steve Goad 2013-06-26 Spam is being stolen in broad daylight from food pantries, and the police seem uninterested in finding the mysterious homeless man who is a suspect. Meanwhile, in Pine Creek, the

people are worrying about Misty Spritzer's wedding to an unknown stranger, sick cow dogs, and a preacher who might be too interested in the goings on in Houston. Can Rev. John Q. Smith, a.k.a. Preacherman, find Houston's Spam-stealing, fire-starting drifter, keeping his anonymity and avoid the social fall out all in time to prepare for Sunday's sermon? What will happen when big city problems meet a small town church, and will Preacherman survive the scandal? *The Adventures of Preacherman* is a fun romp though a week in the life of a not-so-super superhero.

The Magic Drum and Other Favourite Stories Sudhā Mūr̥ti 2006 A princess thinks she was a bird, a coconut that cost a thousand rupees, and a shepherd with a bag of words...Kings and misers, princes and paupers, wise men and foolish boys, the funniest and oddest men and women come alive in this sparkling new collection of stories. The clever princess will only marry the man who can ask her a question she cannot answer; the orphan boy outwits his greedy uncles with a bag of ash; and an old couple in distress is saved by a magic drum. Sudha Murty's grandparents told her some of these stories when she was a child; others she heard from her friends from around the world. These delightful and timeless folktales have been her favourites for years, and she has recounted them many times over to the young people in her life. With this collection, they will be enjoyed by many more readers, of all ages. Age group of target audience is 8+.

A Graveyard Preservation Primer Lynette Strangstad 2013-08-28 A Graveyard Preservation Primer has proven itself to be a time-tested resource for those who are seeking information regarding the protection and preservation of historic graveyards. It was first written to help stewards of early burial grounds responsibly and effectively preserve their graveyards. Much information found in the first edition of the book remains valid today. Still, much has changed in the twenty-five years since its first publication, and the new edition reflects these changes. Attitudes and the understanding of historic graveyards as an important cultural resource have grown and developed over the years. Likewise, changes in treatments have also taken place. Perhaps the most dramatic change in burial ground preservation is in the world of technology. Changes in computers and the way we use them have also changed preservation practices in historic graveyards. Discussion of technological changes in the new edition includes those in mapping, surveying, photography, archaeology, and other areas of evaluation and planning. Consideration is given, too, to maintenance and conservation treatments, including both traditional and newer treatments for stone, concrete, and metals. Metals were not discussed in the earlier editions, and protection and preservation of the landscape as it relates to graveyards is an expanded focus of this book. The historic preservation of cemeteries and burial grounds is an aspect within the discipline of historic preservation that is unknown to many. Those whose responsibility is the care of these historic sites may be unfamiliar with appropriate approaches to such areas as documentation, planning, maintenance, and conservation. Unwitting personnel can do irreparable harm to these important cultural resources. The Primer is an effort to protect historic cultural resources by breaching the gap between maintenance staff, cemetery boards, friends' groups, and graveyard preservation professionals by offering

readily available, responsible information regarding graveyard protection and preservation. It is also designed to assist those who would undertake a preservation project in the reclaiming of a neglected or abandoned historic cemetery. The book is generously illustrated with diagrams and photos illustrating procedures and gravemarker and graveyard forms, styles, and materials. The appendix section is completely updated and expanded, offering a worthwhile resource in itself.
