To build a fire Jack London 2021-01-08 "To Build a Fire" is a short story by American author Jack London. There are two versions of this story, one published in 1902 and the other in 1908. The story written in 1908 has become an often anthologized classic, while the 1902 story is less well known. The 1908 version is about an unnamed protagonist who ventures out in the subzero boreal forest of the Yukon Territory. He is followed by a native dog and is en route to visit his friends—ignoring warnings from an older man about the dangers of hiking alone in extreme cold. The protagonist underestimates the harsh conditions and slowly begins to freeze to death. After building one fire and leaving it to venture on in his journey he later on attempts to build another but fails. He slips into unconsciousness and dies of hypothermia... My Family and Other Animals Gerald Durrell 2016-10-11 The inspiration for The Durrells in Corfu, a Masterpiece production on public television: A naturalist's account of his childhood on the exotic Greek island. When the Durrells could no longer endure the gray English climate, they did what any sensible family would do: sold their house and relocated to the sun-soaked island of Corfu. As they settled into their new home, hilarious mishaps ensued as a ten-year-old Gerald Durrell pursued his interest in

natural history and explored the island's fauna. Soon, toads and tortoises, bats and butterflies—as well as scorpions, geckos, ladybugs, praying mantises, octopuses, pigeons, and gulls—became a common sight in the Durrell villa. Uproarious tales of the island's animals and Durrell's fond reflections on his family bring this delightful memoir to life. Capturing the joyous chaos of growing up in an unconventional household, *My Family and Other Animals* will transport you to a place you won't want to leave. Books Promiscuously Read Heather Cass White 2021-07-06 The critic and scholar Heather Cass White offers an exploration of the nature of reading Heather Cass White's *Books Promiscuously Read* is about the pleasures of reading and its power in shaping our internal lives. It advocates for a life of constant, disorderly, time-consuming reading, and encourages readers to trust in the value of the exhilaration and fascination such reading entails. Rather than arguing for the moral value of reading or the preeminence of literature as an aesthetic form, *Books Promiscuously Read* illustrates the irreplaceable experience of the self that reading provides for those inclined to do it. Through three sections—Play, Transgression, and Insight—which focus on three ways of thinking about reading, *Books Promiscuously Read* moves among and considers many poems, novels, stories, and works of nonfiction. The prose is shot through with quotations reflecting the way readers think through the words of others. *Books Promiscuously Read* is a tribute to the whole lives readers live in their books, and aims to recommit people to those lives. As White writes, "What matters is staying attuned to an ordinary, unflashy, mutely persistent miracle; that all the books to be read, and all the selves to be because we have read them, are still there, still waiting, still undiminished in their power. It is an astonishing joy."

Reading and Interpreting the Works of Jack London Stephanie Buckwalter 2017-07-15 Jack London's stories of adventure in the early twentieth century captured the imagination of the American public. As he ventured around the United States and the globe, he documented his adventures through his writing. Through excerpts and critical analysis, readers will examine London's most famous works (*The Call of the Wild*, *To Build a Fire*), which are dramatic and compelling stories of man versus nature and versus himself. Other works explore the human condition, particularly the plight of the poor and working class. An examination of the autobiographical nature of many of London's stories gives the reader a unique insight into the interaction between a writer's world and his work.

Buck lived happily on a ranch in Santa Clara Valley, California, until one night, he's stolen away by the gardener's assistant and sold to traders. Eventually, he ends up in the Klondike region of Canada, where he is trained to become a sled dog during the Alaska Gold Rush. As a sled dog, Buck now faces brutally cold nights, cruel treatment, and adversaries both animal and human, struggling to adapt and come to terms with a life that is much different than the pampered one he lived in California. It's not until he defeats and then witnesses the death of a rival sled dog at the hands of the rest of his pack that Buck starts to shed his domesticated habits and embrace his primordial instincts in order to survive. By telling this classic adventure story from the perspective of a dog, London was able to explore the remarkable and intimate relationship between man and beast, captivating both adventure and dog enthusiasts. The Book Eaters Sunyi Dean 2022-08-02 "I devoured this."—V. E. Schwab, New York Times bestselling author of *The Invisible Life of Addie La Rue* A National Bestseller Indie Next Pick Out on the Yorkshire Moors lives a secret line of people for whom books are food, and who retain all of a book's content after eating it. To them, spy novels are a peppery snack; romance novels are sweet and delicious. Eating a map can help them remember destinations, and children, when they misbehave, are forced to eat dry, musty pages from dictionaries. Devon is part of The Family, an old and reclusive clan of book eaters. Her brothers grow up feasting on stories of valor and adventure, and Devon—like all other book eater women—is raised on a carefully curated diet of fairy tales and cautionary stories. But real life doesn't always come with happy endings, as Devon learns when her son is born with a rare and darker kind of hunger—not for books, but for human minds. Becoming Wild Carl Safina 2020-04-14 A NEW YORK TIMES NOTABLE BOOK OF 2020 "In this superbly articulate cri de coeur, Safina gives us a new way of looking at the natural world that is radically different."—The Washington Post New York Times bestselling author Carl Safina brings readers close to three non-human cultures—what they do, why they do it, and how life is for them. A New York Times Notable Books of 2020 Some believe that culture is strictly a human phenomenon. But this book reveals cultures of other-than-human beings in some of Earth's remaining wild places. It shows how if you're a sperm whale, a scarlet macaw, or a chimpanzee, you too come to understand yourself as an individual within a particular community that does things in specific ways, that has traditions. Alongside genes, culture is a second form of inheritance, passed through generations as pools of learned knowledge. As situations change, social learning—culture—allows behaviors to adjust much faster than genes can adapt. *Becoming Wild* brings readers into intimate proximity with various nonhuman individuals in their free-living communities. It presents a revelatory account of how animals function beyond our usual view. Safina shows that for non-humans and humans alike, culture comprises the answers to the question, "How do we live here?" It unites individuals within a group identity. But cultural groups often seek to avoid, or even be hostile toward, other factions. By showing that this is true across species, Safina illuminates why human cultural tensions remain maddeningly intractable despite the arbitrariness of many of our differences. *Becoming Wild* takes readers behind the curtain of life on Earth, to witness from a new vantage point the most world-saving of perceptions: how we are all connected.
