PAPERWEIGHTS 101 Doris B. Robinson 2014-03-04 The purpose of this book is to introduce paperweight collecting to those people who may be interested in these fascinating and mysterious small glass objects, but are not quite ready to start a collection without some basic knowledge. Back in 1969, when my husband and I first became interested in paperweights, information was at a premium. The limited number of books about paperweights were often hard to come by. Occasionally, articles were published in magazines, and once in a while, an article appeared in a newspaper. You were lucky if you heard about the article and luckier still to find a copy! Some wonderful books were published as far back as 1940 when paperweight collector Evangeline Bergstrom's book *Old Glass Paperweights* first appeared.* In fact, many old books, paperweight journals, newspaper and magazine articles have become valuable in their own right, now sought after as collectors' items. The positive side about this paucity of literature was that you read everything you could get your hands on, good, poor or terrific. Today, even the very best of these publications, many still considered top notch, contain at least some information that could be updated and corrected as a result of recent findings. Still, many of these books and articles remain as valuable resources. Since the "Paperweight Renaissance" in the mid twentieth century, the number of available books about paperweights has increased explosively. To

consider acquiring and/or reading all of them creates a heavy burden on reader, purse and bookshelf. Some are wonderful, containing well documented information; some are even extraordinary, the result of careful research; and a few are mediocre and will probably end up on the back shelf, the pages barely worn. Before a potential paperweight aficionado becomes confused or overwhelmed by the vast number of books, it seemed there was an opportunity to provide a general view of the topic that could be easily read and referred to at just the right time. It was to meet this perceived need that "Glass Paperweights 101" was written. As the title suggests, this book about glass paperweights is intended as an introduction to and overview of the subject. Should this book inspire readers to delve into these more scholarly works, I will personally consider this introductory volume to have been a great success. After digesting the contents of this purposely limited volume, I hope readers who are new to this area of collecting or perhaps just thinking about it, will be inspired to become impassioned paperweight collectors who will develop a discriminating eye. Great adventures are in store for the new paperweight collector. *This was one of the earliest books published about paperweights. Although the Bergstrom book contains many inaccuracies, considering the scarcity of available information about paperweights at the time, it is amazing that so much that was written is correct.

The Complete Guide to Perthshire Paperweights Colin Mahoney 1997-12-01

Paperweight Stephen Fry 2010-12-15 A delightful compendium of writings that perfectly express the wit and wisdom of Stephen Fry. A hilarious collection of the many articles written by Stephen Fry for magazines, newspapers and radio. It includes selected wireless essays of Donald Trefusis, the ageing professor of philology brought to life in Fry's novel *The Liar*, and the best of Fry's weekly column for the *Daily Telegraph*. Perfect to dip into but just as enjoyable to read cover to cover, this book, perhaps more than any other, shows the breadth of Fry's interests and the depth of his insight. He remains a hilarious writer on whatever topic he puts his mind to.

Schroeder's Antiques Price Guide Sharon Huxford 2005-07 Once again, over 50,000 listings from reliable sources are included and carefully checked by an authority on the subject. The Complete Guide to Perthshire Paperweights: the Final Years Colin Mahoney 2015-04-13
The Complete Guide to Perthshire Paperweights: The Final Years by Colin & Debby Mahoney and Gary & Marge McClanahan. The authors' first book, The Complete Guide to Perthshire Paperweights, beautifully documented Perthshire paperweight production up to 1997. This book fully documents the factory's production from 1997 to their closing in 2002. An added section illustrates in full color over 400 picture canes used by Perthshire. Combine this book with the first book to have a complete, full-color library of Perthshire's paperweights.

Identifying Antique Paperweights George N. Kulles 1985

Old English Paperweights Robert Hall 1998 Paperweight collectors are usually familiar with the histories and products of the French manufacturers Clichy, Baccarat, and Saint Louis, but many know little about English makers from early times to the present day. This book, dedicated solely to the English paperweight makers and containing paperweight examples from the early nineteenth century to 1980, will fill that gap. Gathered together for the first time in one book are the world's largest collections of Bacchus paperweights, as well as many previously unknown and never before photographed paperweights from English glasshouses, all rivaling the best from the French makers. By comparing canes, colors, and styles with one of the hundreds of examples shown in this book, collectors should now be able to identify their own previously unknown weights, and the fake "1848" dated paperweights and inkwells can now be attributed to the right factories and time periods. With over 400 beautiful color photographs, detailed, fascinating descriptions of the weights, and a value guide, this book is a must for paperweight enthusiasts and collectors everywhere.

Scotland '96 Fodor's 1995

All about Paperweights Lawrence Selman 1992 Our most popular book! This compact and informative guide provides all the basic information one needs to enter the world of paperweights. It includes histories of the great French glasshouses during the classic period, as well as the revival period of the 1950's, and the current paperweight renaissance. The latest biographies of prominent paperweight artists are provided, with sections about collecting and making paperweights. The insightful 120-page text is generously illustrated with over 200 full-color photographs. All About Paperweights will increase your knowledge and appreciation of this specialized art form. Buy it for your own reference and enjoyment, or as an introductory gift for a friend. Full color.

Frommer's Dollarwise Guide to England & Scotland Darwin Porter 1988-10

Warman's Antiques and Collectibles Price Guide Ellen T. Schroy 1998 A comprehensive guide to antiques and collectibles, complete with prices, and listings.
