**The Story of the Salem Witch Trials** Bryan F. Le Beau 2016-05-23 Between June 10 and September 22, 1692, nineteen people were hanged for practicing witchcraft in Salem, Massachusetts. One person was pressed to death, and over 150 others were jailed, where still others died. The Story of the Salem Witch Trials is a history of that event. It provides a much needed synthesis of the most recent scholarship on the subject, places the trials into the context of the Great European Witch-Hunt, and relates the events of 1692 to witch-hunting throughout seventeenth century New England. This complex and difficult subject is covered in a uniquely accessible manner that captures all the drama that surrounded the Salem witch trials. From beginning to end, the reader is carried along by the author's powerful narration and mastery of the subject. While covering the subject in impressive detail, Bryan Le Beau maintains a broad perspective on events, and wherever possible, lets the historical characters speak for themselves. Le Beau highlights the decisions made by individuals responsible for the trials that helped turn what might have been a minor event into a crisis that has held the imagination of students of American history.

The History of Canada Series: The Destiny of Canada Christopher Pennington 2011-04-05 It was Sir John A. Macdonald's last campaign. His Conservatives had dominated Canadian politics since Confederation. Their National Policy, which protected Canadian manufacturers from foreign competition, was well established and affection for the "Old Man" was deep and widespread. The Liberal leader, Wilfrid Laurier, was new in the job and uncertain that a Roman Catholic from Quebec had any chance of winning votes outside his home province. But Macdonald's decision to hang Louis Riel had split the country, the economy was in the doldrums, and a movement in support of free trade with the United States gave the Liberals hope. In this richly textured narrative, Christopher Pennington spins a colourful tale of a country poised to make a momentous choice and of nineteenth century politics both at its most principled and at its most corrupt.
