

The History Of The Buccaneers Of America Containi

Eventually, you will unquestionably discover a further experience and finishing by spending more cash. yet when? accomplish you recognize that you require to get those all needs like having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to understand even more nearly the globe, experience, some places, once history, amusement, and a lot more?

It is your definitely own times to discharge duty reviewing habit. accompanied by guides you could enjoy now is **the history of the buccaneers of america containi** below.

Born to Be Hanged Keith Thomson 2022-05-10 Discover the “fascinating and outrageously readable” account of the roguish acts of the first pirates to raid the Pacific in a crusade that ended in a sensational trial back in England—perfect for readers of Nathaniel Philbrick and David McCullough (Douglas Preston, #1 New York Times bestselling author of *The Lost City of the Monkey God*) The year is 1680, in the heart of the Golden Age of Piracy, and more than three hundred daring, hardened pirates—a potent mix of low-life scallywags and a rare breed of gentlemen buccaneers—gather on a remote Caribbean island. The plan: to wreak havoc on the Pacific coastline, raiding cities, mines, and merchant ships. The booty: the bright gleam of Spanish gold and the chance to become legends. So begins one of the greatest piratical adventures of the era—a story not given its full due until now. Inspired by the intrepid forays of pirate turned Jamaican governor Captain Henry Morgan—yes, that Captain Morgan—the company crosses Panama on foot, slashing its way through the Darien Isthmus, one of the thickest jungles on the planet, and liberating a native princess along the way. After reaching the South Sea, the buccaneers, primarily Englishmen, plunder the Spanish Main in a series of historic assaults, often prevailing against staggering odds and superior firepower. A collective shudder racks the western coastline of South America as the English pirates, waging a kind of proxy war against the Spaniards, gleefully undertake a brief reign over Pacific waters, marauding up and down the continent. With novelistic prose and a rip-roaring sense of adventure, Keith Thomson guides us through the pirates’ legendary two-year odyssey. We witness the buccaneers evading Indigenous tribes, Spanish conquistadors, and sometimes even their own English countrymen, all with the ever-present threat of the gallows for anyone captured. By fusing contemporaneous accounts with intensive research and previously unknown primary sources, *Born to Be Hanged* offers a rollicking account of one of the most astonishing pirate expeditions of all time.

The Buccaneers of America John Esquemeling 2007-03-01 Captain Jack Sparrow would shiver his timbers when faced with Sir Henry Morgan and his savage band of buccaneers. Sacking Porto Bellow, burning Panama, and even taking on the Spanish armada, Morgan stopped at nothing to acquire his precious lucre in the years 1666 to 1672. This vivid account, as told by one of Morgan's own men and illustrated with engravings from the period, puts the lie to the idea of the "romantic swashbuckler." This is a brutal, unforgiving, and essential slice of seafaring history. Thought to be of Dutch origin, JOHN ESQUEMELING (1645-1707) was a merchant clerk for the French West India Company before impoverished circumstances forced him to join "the wicked order of pirates" in 1666.

The Pirates of Panama; Or, the Buccaneers of America John Esquemeling 2009-04 Alexandre Olivier Exquemelin (also spelled Esquemeling, Exquemeling, or Oexmelin and who also wrote as John Esquemeling) (c. 1645-1707) was a French writer. Born about 1645, it is likely that he was a native of Harfleur, France, who on his return from buccaneering settled in Holland, possibly because he was a Huguenot. In 1666 he was engaged by the French West India Company and went to Tortuga, where he stayed for three years. There he enlisted with the buccaneers, in particular with the band of Henry Morgan, whose confidante he was, probably as a barber-surgeon, and remained with them until 1674. Shortly afterwards he returned to Europe; but he was later once again in the Caribbean as his name appears on the muster-roll as a surgeon in the attack on Cartagena in 1697. Exquemelin is most known as the author of one of the most important sourcebooks of seventeenth century piracy, first published in Dutch as *De Americaensche Zee- Roovers*, in Amsterdam, Jan ten Hoorn, in 1678. The bibliographic legacy of Exquemelin's *History of the Bouccaneers of America* is complex. It has rightly been said that perhaps no book of the seventeenth century in any language was ever the parent of so many imitations and the source of so much fiction.

The History of the Bucaniers of America Alexandre Olivier Exquemelin 1810

The Pirates of Panama Alexander Olivier Exquemelin 2020-04-21 THE present Volume, both for its Curiosity and Ingenuity, I dare recommend unto the perusal of our English nation, whose glorious actions it containeth. What relateth unto the curiosity hereof, this Piece, both of Natural and Humane History, was no sooner published in the Dutch Original, than it was snatch't up for the most curious Library's of Holland; it was Translated into Spanish (two impressions thereof being sent into Spain in one year); it was taken notice of by the learned Academy of Paris; and finally recommended as worthy our esteem, by the ingenious Author of the Weekly Memorials for the Ingenious, printed here at London about two years ago. Neither all this undeservedly, seeing it enlargeth our acquaintance of Natural History, so much prized and enquir'd for, by the Learned of this present Age, with several observations not easily to be found in other accounts already received from America: and besides, it informeth us (with huge novelty)

of adventure and swashbuckling tells the true stories of distinguished pirates such as Captain Henry Morgan. First published in 1678 just a few years after the described incidents took place, *The Buccaneers of America* is also known by the title *The Pirates of Panama*. For its unabashed description of adventure and thievery on the high seas, the text has captivated audiences for centuries with its frank and reasonably accurate accounts of piracy in the waters of the Caribbean and Central America. The main focus of the book is Captain Henry Morgan, an English pirate whose skills at coastal raiding resulted in his gaining great fame and fortune. Rare for a pirate in that his raids were for the most part consistently successful and lucrative, Morgan would eventually retire and be granted the governorship of Jamaica by a British government grateful for work he performed for the Crown. This edition of the book is derived from a version of the text which first appeared in 1914. The text is generally faithful to Alexander Exquemelin's first-hand descriptions of his adventures, sailing with some of the most notorious pirates to ever venture upon the seas. Although divided into chapters, the book is written as a detailed but engaging log of the various escapades the pirates embarked upon, and is a text worthy of any enthusiast of piracy.

History of the Buccaneers of America James Burney 2021-12-02 "History of the Buccaneers of America" by James Burney. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Buccaneers of America Alexandre O. Exquemelin 2016 Alexandre Olivier Exquemelin (1645-1707) was a French, Dutch or Flemish writer best known as the author of one of the most important sourcebooks of 17th-century piracy, first published in Dutch as *De Americaensche Zee-Roovers*, in Amsterdam, by Jan ten Hoorn, in 1678. Born about 1645, it is likely that Exquemelin was a native of Harfleur, France, who on his return from buccaneering settled in Holland, possibly because he was a Huguenot. In 1666 he was engaged by the French West India Company and went to Tortuga, where he worked as an indentured servant for three years. There he enlisted with the buccaneers, in particular with the band of Henry Morgan, whose confidante he was, probably as a barber-surgeon, and remained with them until 1674. Shortly afterwards he returned to Europe and settled in Amsterdam where he qualified professionally as a surgeon, his name appearing on the 1679 register of the Dutch Surgeons' Guild. However, he was later once again in the Caribbean as his name appears on the muster-roll as a surgeon in the attack on Cartagena in 1697. Esquemeling served the Buccaneers as a barber-surgeon, and was present for all their exploits. Little did he suspect that his first hand observations would some day be cherished as the only authentic and true history of the Buccaneers and Marooners of the Spanish Main. A true account of the most remarkable assaults committed upon the coasts of the West Indies by the Buccaneers of Jamaica and Tortuga.

The History of the Buccaneers of America; Containing Detailed Accounts of Those Bold and Daring Freebooters; Chiefly Along the Spanish Main, in the We
Alexander Olivier Exquemelin 2006-09-01

The Buccaneers of America Alexander O. Exquemelin 2012-12-27 Fascinating chronicle of the bands of plundering sea rovers who roamed the Caribbean and coastlines of Central America in the 17th century. Includes exploits of the infamous Henry Morgan and his burning of Panama City.

The Buccaneer's Realm Benerson Little 2007 In 1674, it is three years since Henry Morgan's pirates sacked Panama. England is now at peace with Spain, and soon France, Holland, and Spain will briefly be at peace among themselves. But soon buccaneers and their French counterparts, the filibusters, will seize the opportunity of material gain presented by the far-flung and failing Spanish Empire. And Spain will produce its own notorious pirates, whose depredations against the English and French will become legend. These men of opportunistic calculation and desperate courage live in a wilder, larger, and richer time and place than any other frontier in modern history—the Spanish Main. Unflinchingly, unhesitatingly, unabashedly, they will take to the peaceful seas for riches by force of arms. The world will witness piracy on a grand scale. While Benerson Little's previous work showed brilliantly how pirates actually plied their trade, *The Buccaneer's Realm* focuses on their cultural and physical environments. It describes not merely their deeds but their world—the New World of the Spanish Main and its many peoples, freedoms, dangers, and exploits that are the foundation of the Americas. A detailed and lively description of pirate life, it will especially appeal to readers with an interest in maritime, naval, military, and colonial history, as well as sociologists, anthropologists, and armchair adventurers.

Admiral Sir Henry Morgan Terry Breverton 2005-01-31 Discover the truth about the 17th-century Welsh naval officer who became a hero for the British Empire—and not a bloodthirsty pirate. This is the swashbuckling biography of the naval officer known as the Sword of England, the Welshman Henry Morgan. Over the years, Morgan came to be portrayed as a black-hearted, fierce pirate. This error in terms and in the assessment of Morgan's character led to the filing of the first libel lawsuit, brought in protest to a book published in 1684 claiming he had been an indentured servant, was a pirate, and was responsible for atrocities. In fact, Morgan was commissioned to aid the British navy in fighting enemies of the crown and was a superb military tactician who led a dozen victorious campaigns against massive odds. In 1655, Spain was the greatest naval and military power on earth, and controlled the sea lanes of Central America and the Caribbean. Henry Morgan's career as a buccaneer officially began when, at age twenty, he landed in Barbados as part of a force deployed to capture Cuba or Hispaniola (Puerto Rico) for the British. The deployment failed, but the forces did capture Jamaica, which would become Morgan's adopted home base for the rest of his life. From there, Morgan planned the attacks that would enrich the British throne and usher in the era of British supremacy on the high seas. For his leadership in battle and as

lieutenant governor of Jamaica, Admiral Sir Henry Morgan deserves to take his place alongside Sir Francis Drake and the Duke of Wellington in the panoply of history's greatest heroes.

The Buccaneers of America John Esquemeling 2010-12-23 A detailed description of buccaneer Henry Morgan's exploits in the West Indies, first published in 1684 and reissued in 1893.

Howard Pyles Book of the American Spirit Howard Pyle 1923

Howard Pyle's Book of Pirates Howard Pyle 1921 Stories and descriptions of famous pirates and buccaneers.

HIST OF THE BUCCANEERS OF AMER Oliver L. Perkins 2016-08-26

The Buccaneers Edith Wharton 1994-10-01 Set in the 1870s, the same period as Wharton's *The Age of Innocence*, *The Buccaneers* is about five wealthy American girls denied entry into New York Society because their parents' money is too new. At the suggestion of their clever governess, the girls sail to London, where they marry lords, earls, and dukes who find their beauty charming—and their wealth extremely useful. After Wharton's death in 1937, *The Christian Science Monitor* said, "If it could have been completed, *The Buccaneers* would doubtless stand among the richest and most sophisticated of Wharton's novels." Now, with wit and imagination, Marion Mainwaring has finished the story, taking her cue from Wharton's own synopsis. It is a novel any Wharton fan will celebrate and any romantic reader will love. This is the richly engaging story of Nan St. George and guy Thwarte, an American heiress and an English aristocrat, whose love breaks the rules of both their societies.

Pillaging the Empire Kris E Lane 2015-03-04 This introductory survey to maritime predation in the Americas from the age of Columbus to the reign of the Spanish king Philip V includes piracy, privateering (state-sponsored sea-robbery), and genuine warfare carried out by professional navies.

The History of the Buccaneers of America - Scholar's Choice Edition Alexandre Olivier Exquemelin 2015-02-11 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Pirates' Pact Douglas Burgess 2008-10-05 The Secret Alliances Between History's Most Notorious Buccaneers and Colonial America Was classical piracy an earlier version of state-sponsored terrorism? Here's the story of how almost every well-known buccaneer of the "Golden Age of Piracy" enjoyed active sponsorship from England's governors in the American colonies- setting a pattern of official disobedience to the Crown that would ultimately contribute to the American push for independence. Relying on rare primary sources discovered in government archives in England, the Carolinas, Rhode Island, Jamaica, and elsewhere, Burgess combines true tales of derring-do with groundbreaking research in this fascinating history.

The Politics of Piracy Douglas R. Burgess, Jr. 2014-12-02 The seventeenth-century war on piracy is remembered as a triumph for the English state and her Atlantic colonies. Yet it was piracy and illicit trade that drove a wedge between them, imperiling the American enterprise and bringing the colonies to the verge of rebellion. In *The Politics of Piracy*, competing criminalities become a lens to examine England's legal relationship with America. In contrast to the rough, unlettered stereotypes associated with them, pirates and illicit traders moved easily in colonial society, attaining respectability and even political office. The goods they provided became a cornerstone of colonial trade, transforming port cities from barren outposts into rich and extravagant capitals. This transformation reached the political sphere as well, as colonial governors furnished local mariners with privateering commissions, presided over prize courts that validated stolen wares, and fiercely defended their prerogatives as vice-admirals. By the end of the century, the social and political structures erected in the colonies to protect illicit trade came to represent a new and potent force: nothing less than an independent American legal system. Tensions between Crown and colonies presage, and may predestine, the ultimate dissolution of their relationship in 1776. Exhaustively researched and rich with anecdotes about the pirates and their pursuers, *The Politics of Piracy* will be a fascinating read for scholars, enthusiasts, and anyone with an interest in the wild and tumultuous world of the Atlantic buccaneers.

Blood and Silver Kris Lane 1999 In this new and original study of piracy, Kris Lane looks at the often mixed motives behind the phenomenon and the lives of those involved. Rejecting the romantic myth of the Elizabethan swashbuckler, he reveals a world of violence, hardship and fanaticism, in which self-enrichment was an obsession. From the first corsairs of the 16th century to the last of the buccaneers, he traces the rise and fall of a dangerous profession which encompassed slave-running, smuggling and ship-wrecking.

The Buccaneers of America John Exquemelin 2017-03-08 *Buccaneers of America* by John Esquemeling; Illustrated by George Alfred Williams, 1914. First person account of many of the terrible exploits of the pirates of the Caribbean, with particular attention to the life of Henry Morgan. Written by a barber-surgeon

who accompanied the pirates on several of their adventures. This book was originally written in Dutch by John Esquemeling, and first published in Amsterdam in 1678 under the title of *De Americaeneche Zee Roovers*. It immediately became very popular and this first hand history of the Buccaneers of America was soon translated into the principal European languages. The first English edition was printed in 1684. Of the author, John Esquemeling, very little is known although it is generally conceded that he was in all probability a Fleming or Hollander, a quite natural supposition as his first works were written in the Dutch language. He came to the island of Tortuga in 1666 in the employ of the French West-India Company.

The Yucks Jason Vuic 2016-08-30 "Chronicling the first two seasons of the worst team in NFL history, an entertaining sports story follows the Tampa Bay Buccaneers during the 1976 and 1977 seasons in which they cemented their place in football history as having the longest losing streak in the history of the league,"--NovelList.

The Buccaneers of America Alexander O. Exquemelin 2010-01-01 Alexander Exquemelin, whose probable French origins remain unclear, was most certainly on board the ship of the infamous pirate captain, Henry Morgan, during his raid on Panama City in 1671. His association with the buccaneers began around 1669, when he was sold from his indentured servitude with the French West India Company to a barber-surgeon, who taught him the trade. His subsequent years as a surgeon on board various pirate ships led to the publication of "The Buccaneers of America" in 1678. This shocking portrait of the Seventeenth century sea-rovers, since revealed to contain several errors and exaggerations, includes Exquemelin's sensationalized accounts of international criminals who performed inhuman acts of cruelty. The story, originally published in Dutch, was quickly translated into several languages. The original text has attained historical notoriety as an extraordinary source of information about the legendary pirates, despite Henry Morgan's claims of slander and libel against the publishers of the novel. They were later court ordered to revise future editions of the book.

Jewish Pirates of the Caribbean Edward Kritzler 2014-04-04 At the end of the fifteenth century, the Spanish Inquisition forced many Jews to flee the country. The most adventurous among them took to the high seas as freewheeling outlaws. In ships bearing names such as Prophet Samuel, Queen Esther, and Shield of Abraham, they attacked and plundered the Spanish fleet while forming alliances with other European powers to ensure the safety of Jews living in hiding. Jewish Pirates of the Caribbean is the entertaining saga of a hidden chapter in Jewish history, and of the cruelty, terror and greed that flourished during the Age of Discovery. Among the many daring figures to feature in the book are: 'the Great Jewish Pirate' Sinan, Barbarossa's second-in-command; Rabbi Samuel Palache and his brother, Joseph, who went from commanding pirate ships to founding the first openly Jewish community in the New World; and Abraham Cohen Henriques, and arms dealer who used his cunning and economic muscle to find safe havens for other Jews. Filled with high-seas adventures

including encounters with Captain Morgan and other legendary pirates – and detailed portraits of cities stacked high with plunder, such as Port Royal, Jamaica, Jewish Pirates of the Caribbean captures a gritty and glorious era of history from an unusual and eye opening perspective.

A Buccaneer's Atlas Basil Ringrose 1992-01-01 On July 29, 1681, a band of English buccaneers that had been terrorizing Spanish possessions on the west coast of the Americas captured a Spanish ship, from which they obtained a derrotero, or book of charts and sailing directions. When they arrived back in England, the Spanish ambassador demanded that the buccaneers be brought to trial. The derrotero was ordered to be brought to King Charles II, who apparently appreciated its great intelligence value. The buccaneers were acquitted, to the chagrin of the king of Spain, who had the English ambassador expelled from the court at Madrid on a seemingly trumped-up charge. The derrotero was subsequently translated, and one of the buccaneers, Basil Ringrose, added a text to the compilation and information to the Spanish charts. The resulting atlas, consisting of 106 pages of charts and 106 pages of text, is published in full for the first time in this volume. Covering the coast from California to Tierra del Fuego, the Galapagos, and Juan Fernandes, Basil Ringrose's south sea waggoner is a rich source of geographical information, with observations on navigational, physical, biological, and cultural features as well as on ethnography, customs, and folklore. After almost exactly three hundred years, this secret atlas is now made available to libraries and individuals. The editors have provided an extensive introduction on historical, geographical, and navigational aspects of the atlas, as well as annotations to the charts and text, and they have plotted the coverage of the charts on modern map bases. The Book of Buried Treasure Ralph D. Paine 2022-05-17 The Book of Buried Treasure is a historical account of pirates and piracy, containing true stories of some of the most notorious buccaneers, their heists and robberies and the pirate gold that is lost forever. The book is written by American journalist and adventurer Ralph D. Paine who was indicted for piracy with a capital crime, after sailing on a boat that was smuggling munitions. Table of Contents: The World-Wide Hunt for Vanished Riches Captain Kidd in Fact and Fiction Captain Kidd, His Treasure Captain Kidd, His Trial, and Death The Wondrous Fortune of William Phips The Bold Sea Rogue, John Quelch The Armada Galleon of Tobermory Bay The Lost Plate Fleet of Vigo The Pirates' Hoard of Trinidad The Lure of Cocos Island The Mystery of the Lutine Frigate The Toilers of the Thetis The Quest of El Dorado The Wizardry of the Divining Rod Sundry Pirates and Their Booty Practical Hints for Treasure Seekers

The Pirate and His Lady Linda Lee Chaikin 1997-01-09 Warm, tropical Jamaica—a hotbed of piracy, violence, and spiritual conflict. Emerald Harwick is caught amidst each. Her fiancé, Captain Baret "Foxworth" Buckingham, defies the laws of the Jamaican Council and sails with notorious arch pirate Henry Morgan, hoping to find his imprisoned father among the Spanish dons. Her marriage delayed, Jamaican law forces Emerald to also put her heart's desire on hold: teaching Christianity to the African slaves. She fights disappointment and seeks an end to the spiritual conflict with her culture. Emerald is caught in a web of disillusionment, anger, and fear. As Spanish sympathizers gain the ear of the king, she must face a most frightening possibility: If caught, Baret will be arrested and hanged at Execution Dock.

The Buccaneers of America John Esquemeling 2019-01-21 THE term Buccaneer, in French Boucanier, is usually applied to certain pirates who during the seventeenth century committed great ravages upon the Spanish settlements in the West Indies, the adjacent main land, and the coast of Chili and Peru, and whose exploits it will be our province to describe in the following pages. Such term was, however, more accurately applied to a body of cattle hunters of all nations, but mainly French, who pursued their avocations in the forests of the Western and North Western districts of the Island of Hispaniola circumstances to be described hereafter caused these hunters to combine the trade in cattle with that of piracy, and the name, in consequence, lost its first significance of hunter and acquired its modern and better known one of pirate.

The West Indies and the Spanish Main Anthony Trollope 1859

Terror of the Spanish Main Albert Marrin 1999 An account of the life and times of the English buccaneer, Henry Morgan, from his birth in Wales through his daring exploits in the Spanish Main to his later years in Jamaica.

Ghost Boy Iain Lawrence 2002-03-12 Harold Kline is an albino—an outcast. Folks stare and taunt, calling him Ghost Boy. It's been that way for all of his 14

years. So when the circus comes to town, Harold runs off to join it. Full of colorful performers, the circus seems like the answer to Harold's loneliness. He's eager to meet the Cannibal King, a sideshow attraction who's an albino, too. He's touched that Princess Minikin and the Fossil Man, two other sideshow curiosities, embrace him like a son. He's in love with Flip, the pretty and beguiling horse trainer, and awed by the all-knowing Gypsy Magda. Most of all, Harold is proud of training the elephants, and of earning respect and a sense of normalcy. Even at the circus, though, two groups exist—the freaks, and everyone else. Harold straddles both groups. But fitting in comes at a price, and Harold must recognize the truth beneath what seems apparent before he can find a place to call home.

Pirates of the Chesapeake Bay Jamie L.H. Goodall 2020-02-24 "An epic history of piracy . . . Goodall explores the role of these legendary rebels and describes the fine line between piracy and privateering." –WYPR The story of Chesapeake pirates and patriots begins with a land dispute and ends with the untimely death of an oyster dredger at the hands of the Maryland Oyster Navy. From the golden age of piracy to Confederate privateers and oyster pirates, the maritime communities of the Chesapeake Bay are intimately tied to a fascinating history of intrigue, plunder and illicit commerce raiding. Author Jamie L.H. Goodall introduces infamous men like Edward "Blackbeard" Teach and "Black Sam" Bellamy, as well as lesser-known local figures like Gus Price and Berkeley Muse, whose tales of piracy are legendary from the harbor of Baltimore to the shores of Cape Charles. "Rather than an unchanging monolith, Goodall creates a narrative filled with dynamic movement and exchange between the characters, setting, conflict, and resolution of her story. Goodall positioned this narrative to be successful on different levels." –International Social Science Review

A General History of the Pyrates Daniel Defoe 2021-01-01 First published in the year 1724, the present book titled 'A General History of the Pyrates' is a historical work by English fictional writer and journalist Daniel Defoe.

History of the Buccaneers of America James Burney 1891 This book contains a detailed history of American pirates over several centuries.

THE PIRATES OWN BOOK (Illustrated) Charles Ellms 2017-07-15 This book contains the authentic narratives of the lives, exploits and executions of the world's most infamous buccaneers including contemporary eyewitness accounts, documents, trial transcripts and letters. Charles Ellms was a reclusive author of many popular nautical books on pirates and shipwrecks.

Buccaneers 1620–1700 Angus Konstam 2000-06-25 Before the era of great pirates in the early 18th century, there was an even more bloodthirsty phase of attacks in the Caribbean known as the 'Buccaneering Era'. For over 50 years, English, French and Dutch buccaneers launched a series of devastating attacks on Spanish towns, ports and shipping. Well-known buccaneers such as Captain Henry Morgan carried out their raids under the protection of the English crown, and in 1692, the French even used buccaneers to help its army capture the great Spanish city

of Cartagena!

The History of the Buccaneers of America Alexandre Olivier Exquemelin 1856

Buccaneers of the Caribbean Jon Latimer 2009-06 During the seventeenth century, sea raiders known as buccaneers controlled the Caribbean. Buccaneers were not pirates but privateers, licensed to attack the Spanish by the governments of England, France, and Holland. Jon Latimer charts the exploits of these men who followed few rules as they forged new empires.
