Twenty-second--twenty-ninth and Final Report of the Department of Agriculture and Technical Instruction for Ireland Irish Free State. Department of Agriculture 1924

Original Horse Bible, 2nd Edition Moira C. Reeve 2021-10-19 The most comprehensive single volume dedicated to horses, *Original Horse Bible, 2nd Edition* is a celebration of the long relationship that humans and horses enjoy, written by two highly regarded horsewomen, the late Moira C. Allen and Sharon Biggs. Covering an array of topics that span the world of horses, including evolution, domestication, horseback riding, training, competing, breeding, and so much more, making this complete guide is a must-have for any avid horse-lover! An extensive breed chapter offers portraits of approximately 175 breeds, alphabetically arranged, from the Abaco Barb to the Welsh Pony, plus many rare and handsome breeds from around the world as well as favorites like the American Quarter Horse, the Shetland Pony, and the Thoroughbred. With over 100 training and behavior tips, more than 50 riding, grooming, and health takeaways, and so much more, the *Original Horse Bible* belongs on the shelves of anyone who admires these magnificent creatures. This second edition includes new sections on advances in imaging technology and medications, as well as updated information on saddles, bits, poisonous plants, deworming practices, and natural horsemanship.

Origins and Development of the Irish Draught Horse Colin A. Lewis 2004 "The development of the Irish Draught is traced from the seventeenth century, when the Irish Hobby was transformed into a warm blooded light draught horse. The fortunes of the evolving breed are followed as political, economic and social developments impacted upon horses and horse breeding. The future of the breed in the new millennium is assessed and blood lines and pedigrees are discussed. The importance of Irish Draught blood in the breeding of show jumpers is emphasised." "This is a book for all who are interested in Irish history, in the equine heritage of the country and in the development of a distinctive breed of fine horses. It should also appeal to those concerned with the historical and developing geography of animal breeds."--BOOK JACKET.Title

The Horse Debbie Busby 2019-11-19 A comprehensive, richly illustrated introduction to the fascinating natural history of the horse, from prehistory to the present There are countless books about keeping and riding horses. The Horse is different: it looks not only at the natural history of the horse in the context of its use by humans, but also at its own, independent story, describing the way horses live, think, and behave both alongside people and on their own. Beautifully designed and illustrated, The Horse provides an engaging and accessible introduction to these beloved animals. Beginning with evolution and development, The Horse tells how horses came into being more than fifty million years ago and were first domesticated more than five thousand years ago, eventually spreading across the globe. Chapters on Anatomy & Biology and Society & Behavior explain equine anatomy and how it has affected the lives and social structure of horses, and outline current scientific thinking on their behavior as individual and herd animals, including information on communication between horses. A chapter on Horses & People provides a thorough overview of the horse's many important roles in human history and today, from pack animal to sporting champion. Finally, the book ends with an engrossing and visually stunning photographic gallery of some fifty popular breeds of horses and ponies with essential information about each. Filled with surprising facts and insights, this book will delight anyone who loves horses and wants to understand them better. Provides a comprehensive, richly illustrated introduction to the evolution, development, domestication, and behavior of the horse—from life cycle, breeding, coats and colors, and the senses to courtship, parenting, communication, emotions, and learning Tells the full story of horses, from their earliest fossil ancestors to the modern-day Equus Offers a detailed survey of how horses and humans have interacted since horses were domesticated, including their use for work and war in the past and recreational and competitive riding today Features infographics, diagrams, and more than 250 stunning color photographs Includes a beautiful photographic directory to some 50 popular breeds

A New History of Ireland Volume VII J. R. Hill 2010-08-26 A New History of Ireland is the largest scholarly project in modern Irish history. In 9 volumes, it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory, from the earliest geological and archaeological evidence, through the Middle Ages, down to the present day. Volume VII covers a period of major significance in Ireland's history. It outlines the division of Ireland and the eventual establishment of the Irish Republic. It provides comprehensive coverage of political developments, north and south, as well as offering chapters on the economy, literature in English and Irish, the Irish language, the visual arts, emigration and immigration, and the history of women. The contributors to this volume, all specialists in their field, provide the most comprehensive treatment of these developments of any single-volume survey of twentieth-century Ireland.

A history of Ireland, from ... 1689, to ... 1691 John Graham 1839

A History of Irish Farming, 1750-1950 Jonathan Bell 2008 The changing methods of crop and livestock production during the 'Age of Improvement' in Ireland, and some of the ways in which they shaped rural society and the landscape. It shows how sensible farmers were, in developing systems and techniques that fitted their resources, or lack of them, making Ireland a major agricultural producer, and overcoming huge environmental and social obstacles to ensure the survival of millions of people. -- Publisher description

Horse Dreams Nancy Stevenson 2012-08-01 *Horse Dreams* is a coming-of-age novel about an eleven year old lonely, latch-key girl, Izzy Carlucci, who dreams of horses and riding lessons forbidden by her mother. Izzy does small odd jobs for neighbors in her city apartment building, earning money for lessons kept secret from her demanding mother. Running errands, Izzy makes friends, in particular a mysterious old woman. From an aging stallion and this elderly friend, Izzy learns horse skills, people savvy and self reliance. When the stallion develops pneumonia, Izzy cares for him day after day. Her dedication heals the stallion and earns her mother's respect. As Izzy turns twelve, her horse dreams help her find strength to appreciate her mother, find new dreams and face the death of her wise old friend.

An Irish Draught St. Patrick's Day Laura Hargis 2018-07-18 An Irish Draught police horse, working the St Patrick's Day parade, has to find a lost little girl...and he does, with the help of a few leprechauns!

Features updated safety information Includes more riding disciplines Offers tips for better nutrition for your horse Provides grooming and training recommendations If you're crazy about horses, this hands-on guide is all you need to giddy up and go!

A History of Ireland John Graham 1839

British Voices from the Irish War of Independence 1918-1921 William Sheehan 2005 "Ireland's War of Independence generated a wealth of published material but very little from a British perspective." "Yet many British servicemen left accounts of their time in Ireland from 1918 to 1921. They describe military operations, the IRA, the Irish, the actions of their own forces, morale and relationships with local communities. It will surprise Irish readers to learn many felt they were winning the war, but victory was taken from them by British politicians agreeing to a truce and the treaty. Likewise, RAF operations will be news to most as will the fact that so much of the army's time was spent enjoying sporting endeavors. Others were outspoken in their dislike of war and the campaign. Secret contacts between the British and the IRA and the use and abuse of intelligence are described. There is Brigadier Vinden's strange tale of a drinking session with Michael Collins and humour in the sending of Gaelic-speaking Highlanders into a public house to eavesdrop in the belief that Sinn Feiners always spoke Irish to each other." "The author has gone deep into British military archives to unearth these never-published accounts. Supplemented with unpublished photographs from the Imperial War Museum and the Irish National Library, these accounts, not just from famous soldiers like Field Marshal Montgomery and General Percival, form a landmark oral history told through the personal experiences of men from across the ranks."--BOOK JACKET.

Animals and Sacred Bodies in Early Medieval Ireland John Soderberg 2022-01-04 Clonmacnoise was among the busiest, most economically complex, and intensely sacred places in early medieval Ireland. In *Animals and Sacred Bodies in Early Medieval Ireland: Religion and Urbanism at Clonmacnoise*, John Soderberg argues that animals are the key to understanding Clonmacnoise's development as a thriving settlement and a sacred space. At this sanctuary city on the River Shannon, animal bodies were an essential source of food and raw materials. They were also depicted extensively on religious objects. Drawing from new theories about the intersections between religion and economics, John Soderberg explores how transformations emerging from animal encounters made Clonmacnoise a sacred settlement and created the sacred bodies of early medieval Ireland.

Boycott Colin Murphy 2012-11-16 Boycott - a word whose meaning is known the world over. But it once belonged to a man. Two brothers, Owen and Thomas Joyce, barely survive the horror of the great famine that devastated Ireland in the 1840s. But it left a lasting effect on both of them. Three decades later they are thrown together during the Land War, when evictions and landlord cruelty

reach an intolerable level. But Thomas places his trust in the gun, while Owen backs the passive resistance advocated by the Land League. Captain Charles Boycott, an English land agent in Mayo, becomes the first to suffer this new form of revolt, when he and his family are ostracised. It is a David versus Goliath situation, with Boycott supported by the military, the police, the press, the British Government. How can peasants stand against an empire? And how will the two brothers reconcile their differences and confront their troubled past? A novel of brotherly love and brotherly conflict.

Live Stock Journal 1914

The Story of the Kerry Bog Pony Mary McGrath 2010-01-01 This is a guide to Ireland's third national equine breed; it is also a celebration of a local success story with worldwide significance. The Kerry bog pony, a small working pony, found in the hills, valleys and bogs of South Kerry, has clung to existence while many other local breeds have become extinct.

Mason's World Encyclopedia of Livestock Breeds and Breeding, 2 Volume Pack Valerie Porter 2016-03-09 Mason's World Encyclopedia of Livestock Breeds and Breeding describes breeds of livestock worldwide as well as a range of breed-related subjects such as husbandry, health and behaviour. This definitive and prestigious reference work presents easily accessible information on domestication (including wild ancestors and related species), genetics and breeding, livestock produce and markets, as well as breed conservation and the cultural and social aspects of livestock farming. Written by renowned livestock authorities, these volumes draw on the authors' lifelong interest and involvement in livestock breeds of the world, presenting a unique, comprehensive and fully cross-referenced guide to cattle, buffalo, horses, pigs, sheep, asses, goats, camelids, yak and other domesticants.

An Economic History of Ireland Since Independence Andy Bielenberg 2013-05-20 This book provides a cogent summary of the economic history of the Irish Free State/Republic of Ireland. It takes the Irish story from the 1920s right through to the present, providing an excellent case study of one of many European states which obtained independence during and after the First World War. The book covers the transition to protectionism and import substitution between the 1930s and the 1950s and the second major transition to trade liberalisation from the 1960s. In a wider European context, the Irish experience since EEC entry in 1973 was the most extreme European example of the

achievement of industrialisation through foreign direct investment. The eager adoption of successive governments in recent decades of a neo-liberal economic model, more particularly de-regulation in banking and construction, has recently led the Republic of Ireland to the most extreme economic crash of any western society since the Great Depression.

International Encyclopedia of Horse Breeds Bonnie L. Hendricks 2007 A standard reference on horse breeds, illustrated and updated Celebrating the animal that has been a stalwart servant to humankind for countless generations, Bonnie Hendricks's International Encyclopedia of Horse Breeds is the most thorough compilation of horse breeds ever attempted. The nearly four hundred entries, arranged alphabetically, include foundation breeds now extinct as well as extant breeds from across the globe. Each entry details the breed's origin and background, size, appearance, chief use, and status (rare versus common). A list of breed associations and government departments that supplied data and photographs for the encyclopedia has been fully updated for this edition. With its breadth and depth of coverage, as well as 530 black-and-white and 32 color illustrations, the encyclopedia continues to be a standard international reference.

The Field Guide to Horses Samantha Johnson dont use 2009-12-15 Thinking of acquiring a horse? Studying equine breeds and traits? Or simply curious about the magnificent creatures? This book, with profiles of one hundred horse, pony, and draft breeds, is the most comprehensive field guide to horses ever published. Illustrated throughout with fine color photographs, the profiles detail the characteristics and unique aspects of each breed; they also include brief histories and explain distinctions of equine color genetics, markings and patterns, and conformation. Complete, concise, and compact, this field guide is as handy as it is informative--the perfect companion for anyone considering horses.

Department of Agriculture and Technical Instruction for Ireland 1919

Sport and Ireland Paul Rouse 2015-10-08 This is the first history of sport in Ireland, locating the history of sport within Irish political, social, and cultural history, and within the global history of sport. *Sport and Ireland* demonstrates that there are aspects of Ireland's sporting history that are uniquely Irish and are defined by the peculiarities of life on a small island on the edge of Europe. What is equally apparent, though, is that the Irish sporting world is unique only in part; much of the history of Irish sport is a shared history with that of other societies. Drawing on an unparalleled range of sources - government archives, sporting institutions, private collections, and more than sixty local, national, and international newspapers - this volume offers a unique insight into the history of the British Empire in Ireland and examines the impact that political partition has had on the organization of sport there. Paul Rouse assesses the relationship between sport and national identity, how sport influences policy-making in modern states, and the ways in which sport has been colonized by the media and has colonized it in turn. Each chapter of *Sport and Ireland* contains new research on the place of sport in Irish life: the playing of hurling matches in London in the eighteenth century, the growth of cricket to become the most important sport in early Victorian Ireland, and the enlistment of thousands of members of the Gaelic Athletic Association as soldiers in the British Army during the Great War. Rouse draws out the significance of animals to the Irish sporting tradition, from the role of horse and dogs in racing and hunting, to the cocks, bulls, and bears that were involved in fighting and baiting.

Taking Shergar Milton C. Toby 2018-10-19 It was a cold and foggy February night in 1983 when a group of armed thieves crept onto Ballymany Stud, near The Curragh in County Kildare, Ireland, to steal Shergar, one of the Thoroughbred industry's most renowned stallions. Bred and raced by the Aga Khan IV and trained in England by Sir Michael Stoute, Shergar achieved international prominence in 1981 when he won the 202nd Epsom Derby by ten lengths -- the longest winning margin in the race's history. The thieves demanded a hefty ransom for the safe return of one of the most valuable Thoroughbreds in the world, but the ransom was never paid and Shergar's remains have never been found. In *Taking Shergar: Thoroughbred Racing's Most Famous Cold Case*, Milton C. Toby presents an engaging narrative that is as thrilling as any mystery novel. The book provides new analysis of the body of evidence related to the stallion's disappearance, delves into the conspiracy theories that surround the

Downloaded from avenza-dev.avenza.com
on November 28, 2022 by guest

inconclusive investigation, and presents a profile of the man who might be the last person able to help solve part of the mystery. Toby examines the extensive cast of suspects and their alleged motives, including the Irish Republican Army and their need for new weapons, a French bloodstock agent who died in Central Kentucky, and even the Libyan dictator, Muammar al-Qadhafi. This riveting account of the most notorious unsolved crime in the history of horse racing will captivate serious racing fans and aficionados as well as entertain a new generation of horse racing enthusiasts.
