**Bound** Raven Asher 2015-03-26 Parker is a wolf, a human-wolf hybrid to be precise. She is a young female alpha of the great Onyx pack, a pack that currently rules over all of the other surrounding packs. Parker is just fine living out her days normally with her two best human friends Harley and Ariel. They had become her pack. They were all she really wanted as a pack until her father goes behind her back and invites some new wolves into their school. When Gage, Rowan, Brock, Dillon, and London walk into her life, she had no idea how fast things would change. Secrets and hidden pasts come out. Much needed goodbyes are said. She falls for the unexpected and just as they are about to announce their relationship and take it to the next level things quickly go downhill. Lies take hold as one young alpha male decides to take things into his own hands when he doesn't get his way. Everything quickly spins even farther out of control. Parker's true love and mate are suddenly miles away, taken to the Island, lost forever unless she can break free and rescue him. It takes her on a long journey, one where she meets some unexpected friends and Hunters who turn out to be completely different than what she had been taught as a young pup. With help from friends and family she will fight hard to break into the Island to free her love, but it's only the beginning of her fight to stay alive. When tragedy strikes, will Parker even want to continue on? Will someone pick her back up, or will she give up completely? Only she can decide. Excerpt: "That's usually the way love goes, Parker. One day you hate them and the next you can't figure out a single reason why you stayed away for so long in the first place." - Derek

**The Living I Ching** Ming-Dao Deng 2013-07-02 From the author of 365 Tao and a leading authority on Taoist practice and philosophy comes a completely innovative translation of the classic text of Eastern wisdom, the I Ching. The I Ching, or Book of Changes, is an ancient manual for divining the future. Its basic text is traditionally attributed to the Chinese King Wen, the Duke of Zhou, and the philosopher Confucius. By tossing coins, rolling dice, using a computer, or, more traditionally, counting yarrow stalks, one can create a seemingly random combination of heads or tails, odd or even, yin or yang, to construct six lines (for example, solid for odd numbers or broken for even numbers). These six lines make up a hexagram that provides advice, predictions, and answers to questions on topics from love and career to family and finance. While known mostly as a tool of divination, the I Ching is also a repository of centuries of wisdom. Most of the existing translations offer either dense, scholarly commentary or little more than fortune-cookie platitudes, but in *The Living I Ching* Deng Ming-Dao takes a more holistic approach. His new translation recovers the true wisdom and philosophy of this ancient classic, so that the I Ching becomes more than just a book of fortune-telling -- it becomes a manual for living.

**The Youngs** Jesse Fink 2014-11-03 With sales of over 200 million albums, AC/DC is not just the biggest rock band in the world. It's a family business built by three brothers: George, Malcolm and Angus Young. And, as with any business, some people prospered while others got hurt along the way. *The Youngs: The Brothers Who Built AC/DC* is unlike any AC/DC book you've read before. Less a biography, more a critical appreciation, it tells the story of the trio through 11 classic songs and reveals some of the personal and creative secrets that went into their making. Important figures from AC/DC's long way to the top open up for the very first time, while unsung heroes behind the band's success are given the credit they are due. Accepted accounts of events are challenged while sensational new details emerge to cast a whole new light on the band's history - especially their early years with Atlantic Records in the United States. Former AC/DC members and musicians from bands such as Guns N' Roses, Dropkick Murphys, Airbourne and Rose Tattoo also give their perspectives on the Youngs' brand of magic. Their music has never pulled its punches. Neither does *The Youngs*. After 40 years, AC/DC might just have got the serious book it deserves.
