Watkins Masters of Wisdom: Osho Osho 2017-06-06 Osho is one of the best-known spiritual teachers of our time. The Sunday Times named him one of the '1,000 makers of the twentieth century'; the novelist Tom Robbins has called him 'the most dangerous man since Jesus Christ'. Nearly two decades after his death in 1990, the influence of his teachings continues to grow, reaching seekers around the world. This inspiring compendium of spiritual wisdom and insight offers a way for everyone to access the enlightening message of the Buddha as Osho offers his unique take on his teachings, with a wisdom and wit that make it a wonderful read. When you engage with Osho's writing, you feel as if he is speaking to you. His conversational style is fluid and engaging, and while his acute perception often comes as a delight and a surprise, his shrewd insights will stay with you always. Whether he is discussing a complex philosophy, or the teachings of a great mystic, Osho always approaches the subject with his own distinctively irreverent, thought-provoking and inspiring perspectives. Covering subjects including Belief, Responsibility, Relationships, Doing Good and the Power of Consciousness, this is a book that offers real insight into leading a more spiritual life now.

Coming Home to Yourself Osho 2020-04-28 A beautifully illustrated collection of mindfulness exercises for grounding, relaxation, and finding inner peace, from contemporary mystic Osho All of us have experienced moments of "coming home"--feeling relaxed, grounded, free of the restlessness that characterizes so much of our everyday lives. These moments can arise in nature or in the depths of an activity we enjoy, alone or together with people we love. They show us that we are exactly where we are supposed to be. The meditations in *Coming Home to Yourself* were selected from Osho's hundreds of public talks and intimate

conversations. These passages are designed to be a companion on the journey toward transforming our rare moments of "at-home-ness" into an undercurrent that permeates all aspects of our lives. They offer guidance about meditation and specific techniques to try, insights into the habits that keep us tense and conflicted, and what life might look like if we recognize those habits and let them go. Exercises include activating your awareness, opening the heart, learning to relax and concentrate in order to reap the benefits of meditation, and freeing the brain from mental blocks. Featuring whimsical full color illustrations throughout, *Coming Home to Yourself* invites the reader to dip into the meditations at any point or read the book in sequence for a true homecoming experience.

Naturally Animated Architecture: Using The Movements Of The Sun, Wind, And Rain To Bring Indoor Spaces And Sustainable Practices To Life Kevin Nute 2018-09-14
This video-augmented book explains how the natural movements of the sun, wind and rain can be used to improve the well-being of people in buildings and raise awareness of sustainable living practices. In demonstrating how buildings can be designed to reconcile their traditional role as shelter from the elements with the active inclusion of their movement, the book shows how, in the process of separating us from the extremes of the natural world, architecture can also be a means of reconnecting us with nature. Beyond Duality and Polarization Paul Koziey 2012 Beyond Duality and Polarization explores an experience-based learning model, the Phenomenal Patterning approach for personal transformation. Rather than traditional prescriptive learning, methods of personal discovery help us understand how the human mind actually functions. Dr. Koziey introduces two modern Zen skills, watching and catharsis, to increase self-awareness. This frees us from habitual patterns we learned in childhood. We identify the patterns of our own thinking and behaving and see that many of the problems we face are self-created. Repressions are revealed in the shadow psyche and we are able to dissolve our negativity. The overriding message is that when we stop fighting, life starts flowing again.

Unity in Diversity: a New Dawn Rodolfo León 2019-09-11 Silent rain on silent seeds Is waking up once-silent needs; In each of us, deep in our hearts, Is where the silent growing starts. When we have had enough of things, A deeper yearning in us stings, And as our pain moves tears to flow, This very rain makes new things grow. Out of the ground where we'd felt lost, Among the hopes that we had tossed, Where old roots wind a worn-out course, New growths reach out from some new source. Then slowly we begin to feel, As leaves turned toward the sky implore, A sun is shining now for real That we had only dreamed before. We have all this wonderful technology that allows us to connect easily with one another regardless of our distances, but now we need a system of beliefs that allows us to connect easily with one another regardless of our differences. In other words, we now need beliefs to match our technology. That is what this new dawn is all about.
