The Part-Time Vegetarian Nicola Graimes 2015-09-15 The common link between vegetarians and part-time vegetarians (flexitarians) is that they like to base their meals on vegetables. Whether this is for health, economic or moral reasons (or a combination of all three), the fact is a flexitarian diet – one that is largely vegetarian but occasionally includes poultry, meat and seafood – is growing in popularity and is a long-term trend that cannot go ignored. Let's face it the flexitarian or semi-vegetarian diet is the way to go: meat and fish are becoming prohibitively expensive; our current consumption cannot be sustained in years to come; and the health benefits of a vegetarian diet are well documented. But while the number of vegetarians is significant, a study by the American Journal of Clinical Nutrition found that nearly two out of three vegetarians occasionally like to eat meat, chicken or fish. The Part-Time Vegetarian Cookbook shows just how delicious, adaptable and varied this way of eating can be. Rather than taking centre stage, meat or fish are not the main focus of the recipes, which value the often under-used and under-valued vegetables, grains, legumes, nuts, eggs and dairy foods. The recipes are not about taking something away, however, but adding a new dimension and consequently widening and extending the homecook's repertoire of dishes. Organised by meal type, The Part-Time Vegetarian Cookbook features chapters on Breakfasts & Brunches, Small Bites (snacks, lunches and light meals), Weekday Suppers, Weekend Cooking, Food for Sharing (entertaining, special occasion, celebrations and al fresco) and Something Sweet. The recipes are all vegetarian, but can easily be adjusted to suit non-vegetarians.

From the classic savory crepe dosa, filled with lemony turmeric potatoes and cilantro coconut chutney, to new creations like coconut polenta topped with spring vegetables 'upma" and homemade yogurt, the recipes in Vibrant India are simple to prepare and a true celebration of color and flavor on a plate. Chitra weaves together the historical context behind the region's cuisine and how she brought some of these age-old traditions to life thousands of miles away in Brooklyn during the city's exciting food renaissance. Relying on her experience as a culinary instructor, Chitra introduces the essential Indian cooking techniques, tips, and ingredients you'll need to prepare a full range of recipes from quick vegetable stir fries (corn, basil, and leeks flavored with butter, cumin, and black pepper), salads (citrus red cabbage and fennel slaw with black mustard seeds, curry leaves, and chile), yogurt raitas (shredded beets and coconut in yogurt), and chutneys and pickles (preserved Meyer lemon in chile brine) to hearty stews (aromatic black eyed peas, lentils, and greens), coconut curries (summer squash in an herby coconut yogurt sauce), and fragrant rice dishes (lime dill rice with pistachios). Rounding out the book is an array of addictive snacks (popcorn topped with curry leaf butter), creative desserts (banana, coconut, and cardamom ice cream), and refreshing drinks (chile watermelon juice with mint). Chitra provides numerous substitutions to accommodate produce seasonality, ingredient availability, and personal tastes. The majority of recipes are gluten-free and vegan or can be easily modified to adhere to those dietary restrictions. Vegetarian Cooking for Everyone Deborah Madison 2010-10-27 What Julia Child is to French cooking and Marcella Hazan is to Italian cooking, Deborah Madison is to contemporary vegetarian cooking. At Greens restaurant in San Francisco, where she was the founding chef, and in her two acclaimed vegetarian cookbooks, Madison elevated vegetarian cooking to new heights of sophistication, introducing many people to the joy of cooking without meat, whether occasionally or for a lifetime. But after her many years as a teacher and writer, she realized that there was no comprehensive primer for vegetarian cooking, no single book that taught vegetarians basic cooking techniques, how to combine ingredients, and how to present vegetarian dishes with style. Now, in a landmark cookbook that has been six years in the making, Madison teaches readers how to build flavor into vegetable dishes, how to develop vegetable stocks, and how to choose, care for, and cook the many vegetables available to cooks today. Vegetarian Cooking for Everyone is the most comprehensive vegetarian cookbook ever published. The 1,400 recipes, which range from appetizers to desserts, are colorful and imaginative as well as familiar and comforting. Madison introduces readers to innovative main course salads; warm and cold soups; vegetable braises and cobblers; golden-crustured gratins; Italian favorites like pasta, polenta, pizza, and risotto; savory tarts and galettes; grilled sandwiches and quesadillas; and creative dishes using grains and heirloom beans. At the heart of the book is the A-to-Z vegetable chapter, which describes the unique personalities of readily available vegetables, the sauces

and seasonings that best complement them, and the simplest ways to prepare them. "Becoming a Cook" teaches cooking basics, from holding a knife to planning a menu, and "Foundations of Flavor" discusses how to use sauces, herbs, spices, oils, and vinegars to add flavor and character to meatless dishes. In each chapter, the recipes range from those suitable for everyday dining to dishes for special occasions. And through it all, Madison presents a philosophy of cooking that is both practical and inspiring. Despite its focus on meatless cooking, *Vegetarian Cooking for Everyone* is not just for vegetarians: It's for everyone interested in learning how to cook vegetables creatively, healthfully, and passionately. The recipes are remarkably straightforward, using easy-to-find ingredients in inspiring combinations. Some are simple, others more complex, but all are written with an eye toward the seasonality of produce. And Madison's joyful and free-spirited approach to cooking will send you into the kitchen with confidence and enthusiasm. Whether you are a kitchen novice or an experienced cook, this wonderful cookbook has something for everyone. From the Hardcover edition.

Six Seasons Joshua McFadden 2017-05-02 Winner, James Beard Award for Best Book in Vegetable-Focused Cooking Named a Best Cookbook of the Year by the Wall Street Journal, The Atlantic, Bon Appétit, Food Network Magazine, Every Day with Rachael Ray, USA Today, Seattle Times, Milwaukee Journal-Sentinel, Library Journal, Eater, and more "Never before have I seen so many fascinating, delicious, easy recipes in one book. . . . [Six Seasons is] about as close to a perfect cookbook as I have seen . . . a book beginner and seasoned cooks alike will reach for repeatedly." –Lucky Peach Joshua McFadden, chef and owner of renowned trattoria Ava Gene's in Portland, Oregon, is a vegetable whisperer. After years racking up culinary cred at New York City restaurants like Lupa, Momofuku, and Blue Hill, he managed the trailblazing Four Season Farm in coastal Maine, where he developed an appreciation for every part of the plant and learned to coax the best from vegetables at each stage of their lives. In Six Seasons, his first book, McFadden channels both farmer and chef, highlighting the evolving attributes of vegetables throughout their growing seasons—an arc from spring to early summer to midsummer to the bursting harvest of late summer, then ebbing into autumn and, finally, the earthy, mellow sweetness of winter. Each chapter begins with recipes featuring raw vegetables at the start of their season. As weeks progress, McFadden turns up the heat—grilling and steaming, then moving on to sautés, pan roasts, braises, and stews. His ingenuity is on display in 225 revelatory recipes that celebrate flavor at its peak.
