Commissioned by Sir Arthur Conan Doyle himself, Undershaw was witness to the creation of many of his most famous works, including The Hound of the Baskervilles and The Return of Sherlock Holmes. It is a building deserving preservation for the British nation, and indeed the world, for all time. Sadly, the building is currently under threat from the property developers who wish to divide the house into 3 separate units and build a further 5 alongside. Planning permission for development has already been approved by Waverley Borough Council. The Undershaw Preservation Trust (UPT), with Mark Gatiss [BBC Sherlock] as Patron, is dedicated to the preservation and protection of this important literary building and are campaigning to get this decision overturned, so the house can be restored to its original glory and enjoyed as the single dwelling Sir Arthur Conan Doyle intended it to be. This book is a collection of short Sherlock Holmes stories and poems written by fans from around the world in support of the Save Undershaw campaign - even the cover has been designed by fans. Royalties from the book go towards the UPT to preserve this wonderful house for future generations of Doyleans, Sherlock Holmes enthusiasts and literary fans of all kinds. The Barker Street Regulars Susan Conant 2009-10-14 Susan Conant continues to surprise--this time by involving dog writer Holly Winter in a wickedly amusing tale full of dastardly deeds and delightful eccentrics. An avid devotion to the works of Sir Arthur Conan Doyle, and an equally avid devotion to dogs, combine to draw Holly Winter and her two beloved malamutes, Rowdy and Kimi, into one of Conant's most original and entertaining mysteries to date. Rowdy has finished his training as a therapy dog and now accompanies Holly on weekly visits to the Gateway Nursing Home, where they meet Althea Battlefield, still formidable at the age of ninety, and her two elderly, admiring cohorts, Hugh and Robert--all fanatic devotees of the Master (as they call Sherlock Holmes). When Althea's grandnephew is murdered at the home of her younger sister, Ceci, everyone is horrified, but it's the plight of Ceci herself--who is being victimized by an unscrupulous animal psychic--that finally unites this unlikely group in a crime-stopping spree that requires not only the finely tuned ratiocination of the Holmes admirers but the eager cooperation of an outraged Holly and the very particular talents of her willing canine accomplices. No special knowledge of the Sherlockian canon is required for the utmost enjoyment of this engaging romp, and Conant's own devoted followers will be delighted to find her dog-loving alter ego, Holly Winter, still poking fun at the world of Cambridge eccentrics and dog fancy fanatics, but also expanding her horizons into the world of literary trivia and--yes--feline rescue, however initially reluctant. The Adventure of the Engineer's Thumb and Other Cases Arthur Conan Doyle
2014-09-04 The Penguin English Library edition As usual with the Sherlock
Holmes stories it is very hard to say which are the best - but there are many
stories here which would get the vote - ranging from *The Boscombe Valley
Mystery* to the wonderful *Adventure of Silver Blaze*, from the *Adventure of the
Norwood Builder* to *A Case of Identity*, but above to the uniquely strange and
macabre *Adventure of the Engineer's Thumb*.

The Valley of Fear Arthur Conan Doyle, Sir 2011-05-12 *The Valley of Fear*, by
Sir Arthur Conan Doyle, is probably the best of the Sherlock Holmes novels.
Like all of them (and the short stories) it is near impossible to put down,
leaving the reader awestruck at Holmes's genius. Doyle's writing style is
extremely impressive as always, his characters seem so very real! This book is
believable, a true masterpiece of mystery literature, and in the top tier of
the long list of the great English detective stories. The last of the four
Sherlock Holmes novels, and one of the best, *The Valley of Fear* contains more
detection in its first section than *The Hound of the Baskervilles*, with
Sherlock Holmes (off-stage for much of *The Hound*) actively investigating the
murder at Birlstone, and drawing his ever-fascinating deductions from raincoats
and dumb-bells; indeed it is the only pure detective story among the four, with
the reader given every opportunity to solve the crime. Although the solution is
justly famous, it is but a variation on "*The Norwood Builder*," at much greater
length. The second half of the tale concerns the doings of the Pinkerton agent
Birdy Edwardes in the eponymous Valley, terrorised by the Freemasons, a
gripping and powerful account which is perhaps of greater interest than the
detection. The story is a report on the actual events surrounding the arrest,
conviction, and hanging of the Molly McGuyers in Schuylkill and Carbon Countys,
Pennsylvania at the end of the 19th century. In the story the Mollys are like
the gansters. In the Pa. coal region they are folk heroes who fought and died
for workers rights.

He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. Other than the Sherlock Holmes series, Doyle wrote around thirty more books, in genres such as science-fiction, fantasy, historical novels, but also poetry, plays, and non-fiction.
