The Protestant Ethic and the Spirit of Capitalism Max Weber 2012-04-19 Author's best-known and most controversial study relates the rise of a capitalist economy to the Puritan belief that hard work and good deeds were outward signs of faith and salvation.

An Introduction to Literary Ottoman Korkut Bugday 2014-12-05 This represents the first modern introduction to literary Ottoman available in English. The author has devised this textbook to provide a course of lessons, readings and exercises to take the student from beginner to intermediate level. The book features numerous readings taken from historiography, historical, literary, journalistic and legal sources from the 16th to the 20th century. This will be an essential tool for Ottomanists and other scholars in a broad range of academic disciplines that include Ottoman history and literature, language, art, music and architecture of the former empire.

The Routledge Introductory Course in Biblical Hebrew Lily Kahn 2015-07-17 The Routledge Introductory Course in Biblical Hebrew provides a comprehensive introduction to Biblical Hebrew language and texts. Combining a fresh and innovative approach with an in-depth treatment of the language, it presents the essentials of biblical grammar and vocabulary in an engaging and systematic way. Unlike other Biblical Hebrew courses, it is structured around a series of vibrant and memorable stories, with each story reinforced by grammar explanations, supportive exercises, and a concluding genuine biblical text. This coherent focus encourages students to engage with the text actively and facilitate their mastery of the language to the full. Features include: Forty units covering all the topics expected in a first-year Biblical Hebrew course, including the Hebrew writing system, pointing rules, nouns and adjectives, parsing, mastery of strong and weak verb paradigms and full attention to syntax Clear and detailed grammar explanations supported by plentiful examples An extensive assortment of varied and stimulating exercises designed to reinforce new grammar and develop students' ability to use Biblical Hebrew actively Incorporation of a wide range of genuine biblical texts to familiarise students with the main biblical narrative cycles and to equip them with the ability to read authentic material from the earliest stages of learning A free companion website (www.routledge.com/cw/kahn) offering a wealth of

additional instructor and student resources, including many extra exercises and biblical texts, flashcards to test knowledge, a vocabulary guide listing words by part of speech, a full answer key, translations of all the stories and biblical texts, a sample syllabus, coursework assignments covering the entire contents of the course and audio recordings of the stories and biblical texts Coherent chapter organisation to consolidate and reinforce learning consistently at each step of the course Grammar summary, two-way glossary and subject index presented at the back of the book for easy access A user-friendly text design with original illustrations and clear presentation of the Hebrew script Written by an experienced instructor and extensively trialled at UCL, The Routledge Introductory Course in Biblical Hebrew will be an essential resource for all students beginning to learn Biblical Hebrew.

Art in Zion Dalia Manor 2004-12-03 Art in Zion deals with the link between art and national ideology and specifically between the artistic activity that emerged in Jewish Palestine in the first decades of the twentieth century and the Zionist movement. In order to examine the development of national art in Jewish Palestine, the book focuses on direct and indirect expressions of Zionist ideology in the artistic activity in the yishuv (the Jewish community in Palestine). In particular, the book explores two major phases in the early development of Jewish art in Palestine: the activity of the Bezalel School of Art and Crafts, and the emergence during the 1920s of a group of artists known as the Modernists.

Trip Frederick Barthelme 1999 Trip is celebrated Grapevine photographer Susan Lipper's new, conceptually ambitious artist's book: an assembled narrative of a fictional road trip in America, destination and starting point unknown. Adrift. The date is the present, but only slightly so. The viewer is cast without aid amongst snatches of text and vernacular objects, staged or found, that render the landscape neither familiar nor foreign. Semiotic interplay is introduced with seemingly objective signs and symbols, readable in a traditional sense. Re-appropriating the documentary tradition of road photography, Lipper's "trip" is a new American narrative, perfectly suited for our hyper-mediating times. Riffing the documentary tradition a la Walker Evans and Robert Frank, Lipper's "head trip" is a new American photo journal, accessible on many levels, making the freshman photo student and the semantics graduate equally at home.

Easing Into Modern Hebrew Grammar Gila Freedman-Cohen 2011

The Peace and Violence of Judaism Robert Eisen 2011-02-09 Religious violence has become one of the most pressing issues of our time. Robert Eisen provides the first comprehensive analysis of Jewish views on peace and violence by examining texts in five major areas of Judaism - the Bible, rabbinic Judaism, medieval Jewish philosophy, Kabbalah, and modern Zionism. He demonstrates that throughout its history, Judaism has consistently exhibited ambiguity regarding peace and violence. To make his case, Eisen presents two distinct analyses of the texts in each of the areas under consideration: one which argues that the texts in question promote violence toward non-Jews, and another which argues that the texts promote peace. His aim is to show that both readings are valid and authentic interpretations of Judaism. Eisen also explores why Judaism can be read both ways by examining the interpretive techniques that support each reading. The Peace and Violence of Judaism will be an essential resource not only for students of Judaism, but for students of other religions. Many religions exhibit ambiguity regarding peace and violence. This study provides a model for analyzing this important phenomenon.

The Principal as Human Resources Leader M. Scott Norton 2014-07-17 Increasingly, personnel administrative duties within schools have been delegated to the local school principal. This accessible book arms school leaders with the knowledge and skills required to be an effective human resources leader and shows them how to fold these additional duties seamlessly into their daily routines. This practical resource provides school administrators with guidance on personnel selection, growth and development, orientation and placement, school climate, legal processes, leadership for classified staff and other important human resources processes. Special Features: • Grounded in extensive research and interviews with practicing principals • Provides a wealth of examples, strategies, tips, and best practices for leading the human resources function at the school level • Chapter exercises and case studies explore the skills and knowledge needed for effective human resource leadership • Details the significance of developing a positive school climate • Legal aspects of human resources administration are made digestible and understandable

Second Language Acquisition Susan M. Gass 2001 This book is a thorough revision of the highly successful text first published in 1994. The authors retain the multidisciplinary approach that presents research from linguistics, sociology, psychology, and education, in a format designed for use in an introductory course for undergraduate or graduate students. The research is updated throughout and there are new sections and chapters in this second edition as well. New chapters cover child language acquisition (first and second), Universal Grammar, and instructed language learning; new sections address issues, such as what data analysis doesn't show, replication of research findings, interlanguage transfer (multilingual acquisition and transfer), the aspect hypothesis, general nativism, connectionist approaches, and implicit/explicit knowledge. Major updates include nonlanguage influences and the lexicon. The workbook, *Second Language Learning Data Analysis, Second Edition*, makes an ideal accompaniment to the text.

The Semitic Languages John Huehnergard 2019-02-18 *The Semitic Languages* presents a comprehensive survey of the individual languages and language clusters within this language family, from their origins in antiquity to their present-day forms. This second edition has been fully revised, with new chapters and a wealth of additional material. New features include the following: • new introductory chapters on Proto-Semitic grammar and Semitic linguistic typology • an additional chapter on the place of Semitic as a subgroup of Afro-Asiatic, and several chapters on modern forms of Arabic, Aramaic and Ethiopian Semitic • text samples of each individual language, transcribed into the International Phonetic Alphabet, with standard linguistic word-by-word glossing as well as translation • new maps and tables present information visually for easy reference. This unique resource is the ideal reference for advanced undergraduate and postgraduate students of linguistics and language. It will be of interest to researchers and anyone with an interest in historical linguistics, linguistic typology, linguistic anthropology and language development.

International Organizational Behavior Dean B. McFarlin 2012 In today's increasingly diverse, multicultural business world, managers and employees alike need to transcend many borders (literally or figuratively) and grasp a wide variety of cultural nuances on a routine basis. Doing this well requires both a sophisticated understanding of cultural differences as well as a repertoire of skills and management tactics that can be brought to bear to build and maintain a competitive global workforce. *International Organizational Behavior* focuses on understanding and managing organizational behavior in an international context, providing

both the conceptual framework needed for a transcendent understanding of culture along with plenty of practical advice for managing international challenges with organizational behavior.

A Reference Grammar of Modern Hebrew Edna Amir Coffin 2005-02-03 Provides a clearly structured and accessible guide to all aspects of contemporary Hebrew grammar.

Jewish Glass and Christian Stone Eric C. Smith 2017-11-15 In recent years scholars have re-evaluated the "parting of the ways" between Judaism and Christianity, reaching new understandings of the ways shared origins gave way to two distinct and sometimes inimical religious traditions. But this has been a profoundly textual task, relying on the writings of rabbis, bishops, and other text-producing elites to map the terrain of the "parting." This book takes up the question of the divergence of Judaism and Christianity in terms of material--the stuff made, used, and left behind by the persons that lived in and between these religions as they were developing. Considering the glass, clay, stone, paint, vellum, and papyrus of ancient Jews and Christians, this book maps the "parting" in new ways, and argues for a greater role for material and materialism in our reconstructions of the past.

Colloquial Hebrew Zippi Lyttleton 2015-08-14 Colloquial Hebrew provides a step-by-step course in Hebrew as it is written and spoken today. Combining a user-friendly approach with a thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Hebrew in a broad range of situations. No prior knowledge of the language is required. Key features include: • progressive coverage of speaking, listening, reading and writing skills • structured, jargon-free explanations of grammar • an extensive range of focused and stimulating exercises • realistic and entertaining dialogues covering a broad variety of scenarios • useful vocabulary lists throughout the text • additional resources available at the back of the book, including a full answer key, a grammar summary and bilingual glossaries Balanced, comprehensive and rewarding, Colloquial Hebrew will be an indispensable resource both for independent learners and students taking courses in Hebrew. Audio material to accompany the course is available to download freely in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Modern Hebrew Lewis Glinert 2005 This third edition of *Modern Hebrew: An Essential Grammar* is an up-to-date and practical reference guide to the most important aspects of modern Hebrew, as used by contemporary native speakers of the language. Presenting an accessible description of the language, this user-friendly text focuses on the real patterns of use today. A reference source for the learner and user of Hebrew irrespective of level, it sets out the complexities of the language in short, readable sections that are clear and free from jargon. Features of this updated edition include: * expanded coverage of nouns, verbs and adjectives * more examples throughout * a full exercise key * a glossary of grammatical terms. Well presented and easy to use, *Modern Hebrew: An Essential Grammar* is ideal either

for independent study or for students in schools, colleges, universities and adult education.

Environment and Society Charles Harper 2017-03-13 The sixth edition of *Environment and Society* continues to connect issues about human societies, ecological systems, and the environment with data and perspectives from different fields. While the text looks at environmental issues from a primarily sociological viewpoint, it is designed for courses in Environmental Sociology and Environmental Issues in departments of Sociology, Environmental Studies, Anthropology, Political Science, and Human Geography. Clearly defined terms and theories help familiarize students from various backgrounds with the topics at hand. Each of the chapters is significantly updated with new data, concepts, and ideas. Chapter Three: Climate Change, Science and Diplomacy, is the most extensively revised with current natural science data and sociological insights. It also details the factors at play in the establishment of the Paris Agreement and its potential to affect global climate change. This edition elevates questions of environmental and climate justice in addressing the human-environment relations and concerns throughout the book. Finally, each chapter contains embedded website links for further discussion or commentary on a topic, concludes with review and reflection questions, and suggests further readings and internet sources.

Easy Lessons in Egyptian Hieroglyphics with Sign List Sir Ernest Alfred Wallis Budge 1899

En Activo: Practical Business Spanish Esther Santamaria Iglesias 2008-06-03 *En Activo* is a contemporary course which provides students with a structured development of written and spoken business language skills, focusing on real business people and situations from all over the Spanish-speaking world. The book consists of twenty chapters that incorporate contextual information on the business environment of Spain and Latin America, role-plays, illustrative dialogues, dedicated written exercises, relevant grammar instruction, practical communicative exercises, up-to-date practical advice, model items of written and spoken business protocol, and links to numerous carefully-selected and integrated websites. Each chapter is structured as follows: -Le Presento a...: introduction of the central individual and their working life -Escuche, por favor: extensive listening exercises and accompanying activities -Recuerde que...: grammar revision and communicative exercises -Para saber más: deepens knowledge about Spanish and Latin-American business culture and etiquette -Así se hace: hands-on section practising business situations and day-to-day tasks -¿Sabe navegar?: practices web research and web etiquette. Each fifth chapter is a revision chapter, which puts the acquired knowledge in practice via discussion groups, presentations and debates. The supporting website at www.enactivo.info features additional web and learning resources and exercises. An audio CD containing all interviews and listening comprehension exercises is available separately. At the end of this course the student will have a sound knowledge of the Spanish speaking business world and the language skills required to put this knowledge in practice.

The Routledge Introductory Course in Modern Hebrew Giore Etzion 2019 "The Routledge Introductory Course in Modern Hebrew is an integrated language course designed ideally for classroom-based learners. Learn to Read Hebrew in 6 Weeks! Miiko Shaffier 2020-06 The same as the original bestseller but in a smaller, more convenient, travel size that will fit in your bag.

A Step by Step Guide to Modern Hebrew Michael Rose 2006 A textbook for the beginner and intermediate student of Hebrew verb patterns, binyanim. This is a combination textbook and workbook, and includes an answer key so one can check his or her progress. Features for the beginner include an interesting way of learning the alphabet, as well as a method of writing English or foreign words in Hebrew. For the intermediate student, there are diagrams and tables to aid self-study, as well as a listing of more than 1200 verbs.

The Secret Israeli-Palestinian Negotiations in Oslo Sven Behrendt 2007-03-06 The Oslo secret negotiations from 1992 to 1993 were some of the most astonishing and also successful negotiations in the Middle East, leading to the mutual recognition between the PLO and Israel. Through an in-depth examination of the Oslo negotiations, this book argues that at the core of the negotiations was a fascinating dilemma of recognition. Overcoming this dilemma was at the centre of the secret negotiations. A thorough analysis documents how decision makers tried to communicate without being able to engage in face-to-face negotiations, and highlights the significance of the role of third parties in the conflict resolution process, stressing in particular the importance of the European Union's power in bringing the sides together. This is a comprehensive account of the Oslo negotiations, focusing particularly on the timely issue of non-recognition - which is of great importance today given the recent emergence of the rise of Hamas as the dominant Palestinian political force.

Quantum Mechanics Daniel Bes 2013-03-09 Starting from basic principles, the book systematically covers both Heisenberg and Schrödinger realizations of quantum mechanics (in this order). It provides excellent didactic introduction to the essential principles and treats recent concepts such as entanglement and decoherence. The book gives the background needed to understand quantum cryptography, teleportation and computation, and it is especially suitable for introducing the spin. This second edition includes a more friendly presentation to Hilbert spaces, and more practical applications e.g. scanning tunneling microscope (potential barrier).

Prepared by experts in the language, each course begins with the basics and gradually promotes the student to a level of smooth and confident communication, including: Step-by-step guide to pronunciation and grammar Regular and irregular verb tables Plenty of practice exercises and answers Practical vocabulary and a bilingual glossary Clear, uncluttered, and user-friendly layout An exploration of the culture And much more

An Introduction to the Languages of the World Anatole Lyovin 2017 Unique in scope, An Introduction to the Languages of the World introduces linguistics students to the variety of world's languages. Students will gain familiarity with concepts such as sound change, lexical borrowing, diglossia, and language diffusion, and the rich variety of linguistic structure in word order, morphological types, grammatical relations, gender, inflection, and derivation. It offers the opportunity to explore structures of varying and fascinating languages even with no prior acquaintance. A chapter is devoted to each of the world's continents, with in-depth analyses of representative languages of Europe, Asia, Africa, Oceania, and America, and separate chapters cover writing systems and pidgins and creoles. Each chapter contains exercises and recommendations for further reading. New to this edition are eleven original maps as well as sections on sign languages and language death and revitalization. For greater readability, basic language facts are now organized in tables, and language samples follow international standards for phonetic transcription and word-by-word glossing. There is an instructor's manual available for registered instructors on the book's companion website.

The Routledge Introductory Persian Course Pouneh Shabani-Jadidi 2019-10-24 The Routledge Introductory Persian Course: Farsi Shirin Ast, Second Edition, is an innovative course designed for students who are new to the language. Focusing on grammatical and communicative competence, the course contains 15 lessons combining dialogues and texts with grammar explanations, exercises and audio materials to guide and support the student through the key skills of reading, writing, speaking and listening. Key features include: Lively, content-based materials – the language is taught and practiced through a variety of dialogues and texts on the culture, history, and traditions of Iran Complete vocabulary lists – each vocabulary entry contains the English meaning, the part of the speech in Persian, as well as a sample sentence in Persian Colloquial situational dialogues – students are introduced to spoken Persian from the outset Carefully controlled exercises – new grammatical points are practiced in a variety of controlled exercises that bridge between students' existing information and the new information Audio material – students can develop natural pronunciation by imitating the audio recordings of the vocabulary, dialogues, and texts available freely online Glossaries – comprehensive Persian to English and English to Persian glossaries. The course provides everything that students and instructors need for an engaging and effective learning environment. Revised and updated, this new edition includes more vocabulary and grammar activities, and clearer learning outcomes.

Torah Queeries Gregg Drinkwater 2012-08-22 Commentaries from gay, lesbian, bisexual, transgender, and straight contributors examine modern concerns of sexuality, identity, gender, and LGBT life.

Contact and Ideology in a Multilingual Community Dalit Assouline 2017-08-07 This book presents the role of ideology in language contact situations and the scope of its influence on linguistic behavior. It will also provide an important addition to the field of Yiddish linguistics.

The Social Life of the Hebrews Edward Day 1901

The World of Animals Joseph Krutch 2017-07-12 Human beings share the earth with many other living creatures and have dealt with them in many different ways. Animals have furnished humans with food, done their work, aroused their curiosity, provided them with "sport," stimulated their sense of beauty, and provoked their wonder. They have also shared affection, when both the human and animal have decided to give it. No less varied or avoidable are the attitudes humans have developed toward these creatures. This collection of writings selected from a vast literature about animals is also about the people who have been inspired to write on that subject. Sometimes consciously and sometimes unconsciously the writer implies an answer to one or more of the questions that any concern with an animal must raise, such as: What is an animal's place in nature? Are they here primarily to serve as a food source? Do they possess inherent rights and privileges? How are they alike or different from humans? The answers to these questions are as varied as the authors. Each narrative description, or exposition contributes something to an over-all picture of human beings' relations with and attitudes toward the animal kingdom. It is a remarkable conclusion, illustrated by Krutch's chronological arrangement within categories, that almost every major attitude and activity that has ever existed concerning animals still exists today even though there has been a drift in certain directions. Although the editor fairly represents the opposing view, his sympathies lie with those for whom the animal world embodies something to be loved and learned from rather than merely to be studied or exploited.

Understanding Morphology Martin Haspelmath 2013-10-28 This new edition of Understanding Morphology has been fully revised in line with the latest research. It now includes 'big picture' questions to highlight central themes in morphology, as well as research exercises for each chapter. Understanding Morphology presents an introduction to the study of word structure that starts at the very beginning. Assuming no knowledge of the field of morphology on the part of the reader, the book presents a broad range of morphological phenomena from a wide variety of languages. Starting with the core areas of inflection and derivation, the book presents the interfaces between morphology and syntax and between morphology and phonology. The synchronic study of word structure is covered, as are the phenomena of diachronic change, such as analogy and grammaticalization. Theories are presented clearly in accessible language with the main purpose of shedding light on the data, rather than as a goal in themselves. The authors consistently draw on the best research available, thus utilizing and discussing both functionalist and generative theoretical approaches. Each chapter includes a summary, suggestions for further reading, and exercises. As such this is the ideal book for both beginning students of linguistics, or anyone in a related discipline looking for a first introduction to morphology.

The Routledge Intermediate Persian Course Dominic Parviz Brookshaw 2013-05-20 The Routledge Intermediate Persian Course: Farsi Shirin Ast, Book Two is the first intermediate level Persian textbook written specifically for English-speaking university students that makes use of up-to-date pedagogical techniques, and stresses the importance of communicative competence. The diversity of the texts in this textbook helps to familiarize students with a range of literary genres, and provides them with the necessary building

blocks to continue reading on their own. One of the distinctive features of this book is the approach to language learning it is based on; all the material contained in it is geared towards a content-based and task-based approach to learning the language. This approach enhances a student-centred class environment. As with *The Routledge Introductory Persian Course*, all the texts in this volume are available online in the form of audio files. These texts are recorded by native speakers and available for instructors and students to download freely at <http://www.routledge.com/books/details/9780415691376/>. The *Routledge Intermediate Persian Course: Farsi Shirin Ast, Book Two* follows on where the first textbook ends and is ideal for all intermediate learners of Persian in their second year of study. .

Routledge Intensive Italian Course Anna Proudfoot 2013-04-15 This intensive foundation course in Italian is designed for students with no previous knowledge of the language. Accompanying audio material containing dialogues, listening exercises and pronunciation practice is available to purchase separately in CD format. These two audio CDs are designed to work alongside the accompanying book. Students using the *Routledge Intensive Italian Course* will practise the four key skills of language learning - reading, writing, speaking, and listening - and will acquire a thorough working knowledge of the structures of Italian. The *Routledge Intensive Italian Course* takes students from beginner to intermediate level in one year.

Modern Hebrew for Intermediate Students Esther Raizen 2016-01-15 *Modern Hebrew for Intermediate Students*—which is now revised and updated—and *Modern Hebrew for Beginners* are the core of a multimedia program for the college-level Hebrew classroom developed at the University of Texas at Austin in the early 2000s. Within an intensive framework of instruction that assumes six weekly hours in the classroom, the program provides for two semesters of instruction, at the end of which most successful students will reach the intermediate-mid or intermediate-high levels of proficiency in speaking and reading, and some will reach advanced-low proficiency, as defined by the American Council on the Teaching of Foreign Languages (ACTFL). In addition to a variety of written exercises, the workbook includes vocabulary lists, reading selections, discussions of cultural topics, illustrations of grammar points, notes on registers, suggestions for class and individual activities, and glossaries. The workbook is complemented by a website (<http://www.laits.utexas.edu/hebrew>) that provides short video segments originally scripted and filmed in Israel and the United States, vocabulary flashcards with sound, interactive exercises on topics included in the workbook, sound files parallel to the reading selections in the workbook, and additional materials that enhance the learning experience. The stability of the workbook, combined with the dynamic nature of the website and the internet searches the students are directed to conduct, allows language instructors to reshape the curriculum and adapt it to the needs of their students and the goals of their programs.

Women in the Hebrew Bible Alice Bach 2013-10-31 *Women in the Hebrew Bible* presents the first one-volume overview covering the interpretation of women's place in man's world within the Hebrew Bible or Old Testament. Written by the major scholars in the field of biblical studies and literary theory, these essays examine attitudes toward women and their status in ancient Near Eastern societies, focusing on the Israelite society portrayed by the Hebrew Bible.

An Introduction to Language and Linguistics Ralph Fasold 2006-03-06 This accessible

textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.
