The Curious Incident of the Dog in the Night-Time Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher’s carefully constructed world falls apart when he finds his neighbour’s dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents’ marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher’s mind. And herein lies the key to the brilliance of Mark Haddon’s choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Gardens of the National Trust Stephen Lacey 2005 When the National Trust decided to take on the care of gardens, the aim was that these would be the very best of their kind in England, Wales and Northern Ireland. The Trust now has the finest collection of gardens ever assembled under one ownership - the greatest in number, diversity, historic importance and quality. Taken together they contain the world's most important collection of cultivated plants, distinguished for their beauty, rarity, historical interest and scientific value. First published in 1996, this new edition has been substantially revised to showcase superb new photography, and to introduce recently acquired properties such as Greenway in Devon and the gardens of houses such as Red House in Kent and Tyntesfield in Somerset. Stephen Lacey paints a vivid picture of individual Trust gardens through historical and horticultural perspectives. All the major periods are represented: a knot garden from a 1640 design at Moseley Old Hall in Staffordshire; magnificent eighteenth-century landscapes such as 'Capability' Brown's at Petworth in Sussex; Victorian Gardens like Biddulph Grange in Staffordshire, with its wealth of new plants introduced from all over the world; and the famous plantsmen's gardens of the last century, such as Nymans in Sussex, Sissinghurst Castle in Kent, and Hidcote in Gloucestershire.

Piet Oudolf 'Jinny's genius is to marry a beautiful vision to an extraordinary empathy with the landscape into which that vision will fit, resulting in a pastoral harmony second to none' Victoria, Lady Getty Prolific designer Jinny Blom embraces a wide variety of styles, from large garden spaces to formal walled gardens and contemporary installations. The English Country House Garden Marcus Harpur 2014-10-28 There is something special about the English country house garden: from its quiet verdant lawns to its high yew hedges, this is a style much-desired and copied around the world. The English country house is most often conceived as a private, intimate place, a getaway from working life. A pergola, a sundial, a croquet lawn, a herbaceous border of soft planting; here is a space to wander and relax, to share secrets, and above all to enjoy afternoon tea. But even the most peaceful of gardens also take passion and hard work to create. The English Country House Garden takes a fresh look at the English country house garden, starting with the owners and the stories behind the making of the gardens. Glorious photographs capture the gardens at their finest moments through the seasons, and a sparkling and erudite text presents twenty-five gardens - some grand, some personal, some celebrated, some never-before-photographed - to explore why this garden style has been so very enduring and influential. From the Victorian grandeur of Tyntesfield and Cragside, to the Arts & Crafts simplicity of Rodmarton Manor and Charleston; from Scampston, in the same family since the 17th century, to new gardens by Dan Pearson and Tom Stuart-Smith; and with favourites such as Hidcote and Great Dixter alongside new discoveries, this book will be a delicious treat for garden-lovers.

Paradise and Plenty Mary Keen 2018-12-11 Offering access to a hitherto completely private family garden, this book features seven magnificent gatefolds, ribbon markers, head and tail bands, making it a gift to treasure for all garden lovers. The productive garden at Lord Rothschild's private house, Eythrope in Buckinghamshire, England, is legendary in the garden world for the excellence of the gardening and as a haven for traditional techniques that might otherwise be lost. Under the leadership of the renowned head gardener Sue Dickinson, this garden works on a scale that is now unique, producing, year-round, all the fruit, vegetables, and flowers for a country house where entertaining still happens on a grand scale and where everything is done to the highest standards. This in-depth exploration of the garden opens a window on a garden that has always, until now, been kept intensely private, and a world beyond most gardeners' dreams. But in this book everything shown is useful as well as beautiful. Gregory Long of the New York Botanic Garden points out in his introduction to the book that as more and more people turn to growing their own, books are needed that show the techniques of dedicated cultivation, as well as the results. Many of the techniques used at Eythrope are old and tried, but have fallen out of use almost everywhere else.

Italian Gardens Judith Bernandi 2002 Since the earliest Roman settlements, Italians have been expertly cultivating their land into beautiful and creative displays of nature, where terraces and walkways, plants and flowers, water and statuary are combined to provide a unique and inspiring setting. The Italian garden has greatly evolved throughout the ages, taking on different forms, favoring different plants, and serving different purposes. Early Italian gardens made use of citrus, still regarded as an essential element for its bright fruit and shiny leaves. The ancient art of the topiary was revived in the Renaissance for its drama and elegance, and the refined parterre was developed to spread forth from the great palazzos and provide a dramatic view from their upper stories. Later, in the nineteenth century, the influence of the English garden took hold, with its meandering paths, asymmetrical lakes, and blossoming trees. In *Italian Gardens*, author Judith Wade explores more than five hundred years of this tradition, discussing each of these developments and transporting the reader to thirty-seven of the most captivating gardens of Italy. Eleven regions are visited, from Lombardy and Piedmont in the north, to the island of Sicily in the south. Both small and grandiose, historic and contemporary gardens are featured. Travel with Wade to the aristocratic Villa Favorita in Lugano, where an avenue of cypresses welcomes those who approach; the English-style park of Villa Novare Bertani in Verona, with its seventeenth-century wine cellar; the eighteenth-century Avenue of the Camelias at Lucca's Villa Reale, where the American artist John Singer Sargent painted; and great examples of contemporary Italian landscapes, like La Mortella in Naples, which boasts more than eight hundred species of rare plants. As "living works of art" these changing displays of nature grow and bloom with the seasons. Smell the roses and lavender, feel the light spray of the fountain, and listen to the sound of your footsteps on the pebbles-- each locale is vividly portrayed in words and pictures, bringing the experience of each garden to life.

Claude Monet's Gardens at Giverny 2013-09-03 A spectacular, atmospheric photographic tour of the gardens of Giverny, the subject of Monet's most famous works.

The Artist's Garden Jackie Bennett 2019-10-29 The Artist's Garden will feature up to 20 gardens that have inspired and been home to some of the greatest painters of history. These gardens not only supplied the inspiration for creative works but also illuminate the professional motivation and private life of the artists themselves - from Cezanne's house in the south of France to Childe Hassam at Celia Thaxter's garden off the coast off Maine. Flowers and gardens have often been the first choice for artists looking for a subject. A garden close to the artist's studio is not only convenient for daily material and ideas, but also has the advantage of changing through the seasons and over time. Claude Monet's Giverny was the catalyst for hundreds of great paintings (by Monet and other artists), each one different from the one before. Sometimes a whole village becomes the focus for a colony of artists as at Gerberoy in Picardy and Skagen on the northernmost tip of Denmark. This book is about the real homes and gardens that inspired these great artists - gardens that can still be visited today. The relationship between artist and garden is a complex one. A few artists, including Pierre Bonnard and his neighbour Monet were keen gardeners, as much in love with their plants as their work, while for others like Sorolla in Madrid, his courtyard home was both a sanctuary and a source of ideas.

Hidden Mountain, Secret Garden Anthony Lynn Lilles Std 2012-11 "Hidden Mountain Secret Garden: a theological contemplation on prayer" helps the reader discover the riches of mental prayer in the Catholic Tradition. In fact, the images of the "Hidden Mountain" and the "Secret Garden" are ancient metaphors for contemplative prayer, a kind of prayer that begins and ends in faith. This book is especially for those whose prayer is a search for the loving eyes of One who has conquered death. This kind of prayer beholds the wonder of Christ's living but hidden presence in one's highest thoughts and most noble aspirations as well as in one's instinctual urges and deepest longings. The ecstasy of this kind of prayer extends beyond even the vast unexplored horizons of the human heart and opens to an immensity of such excessive mercy that all else is forgotten -- and only love remains. The whole world needs this love: it is the secret garden, the hidden mountain, the inexhaustible riches only prayer knows and an excess of grace only prayer can make known. This is why Blessed John Paul II told the Church not to be afraid to open wide the doors of our hearts to Christ and it is why He told the young people of the world to be proud to proclaim the Gospel of the Lord. For those brave souls who have faithfully open their hearts to the Lord through this discipline of this kind of prayer, every Christian owes you a debt of gratitude. For those who want to join them, this work encourages you along the way -- for the journey you endeavor is at once the most perilous, the most heart-rending and the most wonderful adventure this world has ever known. "Dr. Anthony Lilles has authored an introduction to prayer that is inspiring and encouraging. For those desiring to pray this is a resource that is full of practical advice - written simply and attractively. This book bears the mark of a man - husband, father and teacher - who is not only imbued with the wisdom of the Saints, but who has also, through his own prayer, learned how all of us can, through prayer, foster faith in and love for Jesus and his Gospel." THOMAS G. WEINANDY, O.F.M., CAP. Executive Director for the Secretariat for Doctrine United States Conference of Catholic Bishops This is a wonderful book. I've taught spiritual theology many years and I wish I had had this text use. In fact, I wish I had written this book. It is scriptural, patristic, historical, theological, mystical, experiential and user friendly. Dr. Lilles takes us through the spiritual journey of prayer, citing Fathers and doctors, saints and even sinners to guide us on our Christian way toward contemplation. Weaving many themes into a harmonious whole, he opens up the life of contemplation for all Christians, our baptismal birthright in a way that is accessible and attractive. This is a book one will read more than once. FR. GILES DIMOCK, O.P., S.T.D University Parish of St. Thomas Aquinas At the University of Virginia In this book we find the real meat of the new evangelization. The church in America will not be renewed by "facts about Jesus" but only through one's choice to let Christ reach the heart and change it from within. It is an ancient message received by only few: Do not be afraid of letting go of what now defines you. Let Christ tell you who you are. Dr. Lilles is one of the ablest guides to lead us through to such a choice. Will I stay with knowledge about Jesus or will I enter the garden of prayer and finally come to know Him!! Do not be afraid to be loved, read this book. DEACON JAMES KEATING, PH.D, Institute for Priestly Formation, Omaha, NE
