Total War Rome: Destroy Carthage David Gibbins 2013-09-03 How far would you go for Rome? Carthage, 146 BC. This is the story of Fabius Petronius Secundus – Roman legionary and centurion – and of his general Scipio Aemilianus, and his rise to power: from his first battle against the Macedonians, that seals the fate of Alexander the Great's Empire, to total war in North Africa and the Siege of Carthage. Scipio's success brings him admiration and respect, but also attracts greed and jealousy – for the closest allies can become the bitterest of enemies. And then there is the dark horse, Julia, of the Caesar family – in love with Scipio but betrothed to his rival Paullus – who causes a vicious feud. Ultimately for Scipio it will come down to one question: how much is he prepared to sacrifice for his vision of Rome? Inspired by Total War: Rome II, from the bestselling Total War computer strategy game series, Destroy Carthage is the first in an epic series of novels. Not only the tale of one man's fate, it is also a journey to the core of Roman times, through a world of extraordinary military tactics and political intrigue that Rome's warriors and citizens used to cheat death.

Rome Versus Carthage Christa Steinby 2014-10-30 The epic struggle between Carthage and Rome, two of the superpowers of the ancient world, is most famous for land battles in Italy, on the Iberian peninsula and in North Africa. But warfare at sea, which played a vital role in the First and Second Punic Wars, rarely receives the attention it deserves. And it is the monumental clashes of the Carthaginian and Roman fleets in the Mediterranean that are the focus of Christa Steinby's absorbing study. She exploits new evidence, including the latest archaeological discoveries, and she looks afresh at the ancient sources and quotes extensively from them. In particular she shows how the Romans' seafaring tradition and their skill, determination and resourcefulness eventually gave them a decisive advantage. In doing so, she overturns the myths

and misunderstandings that have tend to distort our understanding of Roman naval warfare.

Swords Against Carthage Friedrich Donauer 1932-02

The Sword of Attila David Gibbins 2015-01-27 AD 439: The Roman Empire is on the brink of collapse. With terrifying speed a Vandal army has swept through the Roman provinces of Spain and North Africa, conquering Carthage and threatening Roman control of the Mediterranean. But a far greater threat lies to the east, a barbarian force born in the harsh steppelands of central Asia, warriors of unparalleled savagery who will sweep all before them in their thirst for conquest - the army of Attila the Hun. For a small group of Roman soldiers and a mysterious British monk, the only defense is to rise above the corruption and weakness of the Roman emperors and hark back to the glory days of the army centuries before, to find strength in history. Led by Flavius, a young tribune, and his trusty centurion Macrobius, they fight a last-ditch battle against the Vandals in North Africa before falling back to Rome, where they regroup and prepare for the onslaught to come. Flavius learns that the British monk who had fled with them from Carthage is more than he seems, and he is drawn into a shady world of intelligence and intrigue under the aegis of Flavius' uncle Aetius, commander-in-chief of the Roman armies in the west, the man who alone has the power to rally Rome and her allies and save the western empire from annihilation. Aetius is desperate to buy time until his army is strong enough to confront the Huns on the field of battle, and meanwhile will do anything to undermine their strength. Together they devise a plan of astonishing audacity that will take Flavius and Macrobius across the frontier and far up the river Danube to the heart of darkness itself, to the stronghold of the most feared warrior-emperor the world has ever known – and into alliance with the emperor's daughter, a warrior-princess who has sworn vengeance against her father for the death of her mother. In the showdown to come, in the greatest battle the Romans have ever fought, victory will go to those who can hold high the most potent symbol of war ever wrought by man - the sacred sword of Attila.

Confessions Emile The Social Contract De Laclous: Dangerous Liaisons Stendhal

A Short History of Carthage Charles Rollin 2018-03-10 Sicily would naturally be the place in which Carthage would first seek to establish a foreign dominion. At its nearest point it was not more than fifty miles distant; its soil was fertile, its climate temperate; it was rich in several valuable articles of commerce. We have seen that, in the treaty which was made with Rome about the end of the sixth century B.C., the Carthaginians claimed part of the island as their own. It is probable that this part was then less than it had been. For more than two hundred years the Greeks had been spreading their settlements over the country; and the Greeks were the great rivals of the Phoenicians. If they were not as keen traders - and trade was certainly held in less estimation in Athens, and even in Corinth, than it was in Tyre and Carthage - they were as bold and skillful as sailors, and far more ready than their rivals to fight for what they had got or for what they wanted. The earliest Greek colony in Sicily was Naxos, on the east coast, founded by settlers from Euboea in 735. Other Greek cities sought room for their surplus population in the same field; and some of the colonies founded fresh settlements of their own. The latest of them was Agrigentum on the south coast, which owed its origin to Gela, itself a colony of Cretans and Rhodians. As the Greeks thus spread westward the Carthaginians retired before them, till their dominions were probably reduced to little more than a few trading ports on the western coast of the island. As long, indeed, as they could trade with the new comers they seemed to be satisfied. They kept up, for the most part, friendly relations with their rivals, allowing even the right of intermarriage to some at least of their cities.

Carthage and Her Remains : Being an Account of the Excavations and Researches on the Site of the Phoenician Metropolis in Africa, and Other Adjacent Places
Nathan Davis 1861

Pride of Carthage David Anthony Durham 2006-01-03 This epic retelling of the legendary Carthaginian military leader's assault on the Roman empire begins in Ancient Spain, where Hannibal Barca sets out with tens of thousands of soldiers and 30 elephants. After conquering the Roman city of Saguntum, Hannibal wages his campaign through the outposts of the empire, shrewdly befriendng peoples disillusioned by Rome and, with dazzling tactics, outwitting the opponents who believe the land route he has chosen is impossible. Yet Hannibal's armies must take brutal losses as they pass through the Pyrenees mountains, forge the Rhone river, and make a winter crossing of the Alps before descending to the great tests at Cannae and Rome itself. David Anthony Durham draws a brilliant and complex Hannibal out of the scant historical record—sharp, sure-footed, as nimble among rivals as on the battlefield, yet one who misses his family and longs to see his son grow to manhood. Whether portraying the deliberations of a general or the calculations of a common soldier, vast multilayered scenes of battle or moments of introspection when loss seems imminent, Durham brings

The Ancient History of the Egyptians, Carthaginians ... The Third Edition, Corrected Charles Rollin 1749

Daughter of Carthage, Son of Rome Kate Q. Johnson 2021-04-23 Italy, 218 BC. War rages between Rome and Carthage, the two greatest civilizations in the Mediterranean. Elissa Mago is a young Carthaginian aristocrat escaping an unwanted marriage and an unforgiving father. She's captured by Marcus Gracchus, a centurion in the legions of the Roman Republic—and a man who has begun to question his allegiance to Rome's treacherous leaders. Forced to march with his legion across Italy, Elissa struggles to reconcile her loyalty to Carthage with her growing attraction to the brave and conflicted centurion. Even as battle between their people draws near, Marcus is captivated by Elissa's beauty and defiance. But what is he willing to lose to find something truly worth fighting for? And when war finally engulfs them, will Elissa yield her heart in time to choose where she belongs? As Carthage is destroyed in a struggle that will reverberate through history, they'll learn if love can conquer even the most fated of endings.

later King Masinissa during the Second Punic War between Rome and Carthage. Masinissa's involvement in the war was substantial, even pivotal, and he is still revered today across North Africa as the founding father of the Amazigh/Berber people. The story begins in 213 BC in Carthage, which has been Masinissa's home for several years. He has fallen in love with Sophonisba, the beautiful daughter of one of the most senior Carthaginian generals. The two make promises to one another before Masinissa embarks west to enter the war as the commander of a substantial cavalry division. In terms of the wider world, Rome and Carthage – the most powerful nations of the time – have been at war for five years, ever since Hannibal crossed the Alpine passes and inflicted catastrophic and crippling defeats on the Roman armies at the battles of Trebia, Lake Trasimene and, most devastatingly, at Cannae, where an army of nearly 90,000 Romans was completely destroyed. The main theatres of war at this moment are the Roman siege of the Greek city of Syracuse in Sicily – which is being innovatively and belligerently defended, not least by the philosopher and scientist Archimedes – and the war in Iberia, which Masinissa is about to join with his Numidian forces.

The Military Policy and Institutions of the British Empire Sir Charles William Pasley 1914

Carthage Dexter Hoyos 2020-12-31 Carthage tells the life story of the city, both as one of the Mediterranean's great seafaring powers before 146 BC, and after its refounding in the first century BC. It provides a comprehensive history of the city and its unique culture, and offers students an insight into Rome's greatest enemy. Hoyos explores the history of Carthage from its foundation, traditionally claimed to have been by political exiles from Phoenicia in 813 BC, through to its final desertion in AD 698 at the hands of fresh eastern arrivals, the Arabs. In these 1500 years, Carthage had two distinct lives, separated by a hundred-year silence. In the first and most famous life, the city traded and warred on equal terms with Greeks and then with Rome, which ultimately led to Rome utterly destroying the city after the Third Punic War. A second Carthage, Roman in form, was founded by Julius Caesar in 44 BC and flourished, both as a centre for Christianity and as capital of the Vandal kingdom, until the seventh-century expansion of the Umayyad Caliphate. Carthage is a comprehensive study of this fascinating city across 15 centuries that provides a fascinating insight into Punic history and culture for students and scholars of Carthaginian, Roman, and Late Antique history. Written in an accessible style, this volume is also suitable for the general reader.

Carthage's Other Wars Dexter Hoyos 2019-12-19 "A very good read . . . and a reminder that the Romans were hardly the only imperialist warmongers of the ancient world." –StrategyPage Carthage was the western Mediterranean's first superpower, long before Rome, and her military history was powerful, eventful, and checkered even before her "Punic Wars" against Rome. Although characterized in the surviving sources and modern studies as a predominantly mercantile state, Carthage fought many wars, both aggressive and defensive, before and in

between the contests with the Roman parvenus. The Greek states of Sicily, above all Syracuse under its tyrants Dionysius the Great and then Agathocles, were her most resolute opponents, but in North Africa itself, in Sardinia, and later on in Spain she won—and sometimes lost—major wars. This is the first full-length study dedicated to these other wars that furthered Carthage's interests for over half a millennium. Based firmly and analytically on ancient sources, it also offers the insight that Carthage, though usually considered a naval power, did more fighting on land than at sea—and with more success. Includes illustrations

Hannibal's Last Battle Brian Todd Carey 2007-10-18 A “crisply written, well researched . . . superb piece of scholarship about one of the most dramatic and decisive battles in the ancient world” (Journal of Military History). At Zama (in what is now Tunisia) in 202 BC, the armies of two great empires clashed: the Romans under Scipio Africanus and Carthaginians, led by Hannibal. Scipio's forces would win a decisive, bloody victory that forever shifted the balance of power in the ancient world. Thereafter, Rome became the dominant civilization of the Mediterranean. Here, Brian Todd Carey recounts that battle and the grueling war that led up to it. He offers fascinating insight into the Carthaginian and Roman methods of waging war, their military organizations, equipment, and the tactics the armies employed. He also delivers an in-depth critical assessment of the contrasting qualities and leadership styles of Hannibal and Scipio, the two most celebrated commanders of their age. With vivid prose and detailed maps of the terrains of the time, Hannibal's Last Battle is an essential text for fans of military history and students of the classical period.

The book is based firmly and analytically on the ancient sources, and among many insights is that Carthage, though usually considered a naval power, did more fighting on land than at sea and with more success.

The Sword of Carthage Vaughn Heppner 2017-05-07 For centuries, Carthage has ruled a sprawling maritime empire. Now, a Roman armada sails from Sicily, landing four legions onto Africa. The legionaries are hard-bitten veterans, men of middle height, with powerful chests and shoulders and bronzed faces. They carry javelins, short keen swords and heavy shields. Consul Regulus leads them. His goal is more than victory, but the end of an ancient empire... In 256 B.C., the Carthaginian Empire is a seething, buckling realm of barbaric warriors, unstable generals and baffled seamen. At this pivotal moment, a young Hamilcar Barca thrusts himself forward. He befriends a canny Spartan mercenary and learns the intricacies of elephant warfare. Now, in a last, desperate battle, he faces the man who slew his brother, the conquering Roman who fights like a raving wolf. **THE SWORD OF CARTHAGE** is the recreation of a historical campaign of bitter savagery, filled with dust, sweat and the roar of battle, written by bestselling author Vaughn Heppner.

The Fall of Carthage Adrian Goldsworthy 2012-08-30 The struggle between Rome and Carthage in the Punic Wars was arguably the greatest and most desperate conflict of antiquity. The forces involved and the casualties suffered by both sides were far greater than in any wars fought before the modern era, while the eventual outcome had far-reaching consequences for the history of the Western World, namely the ascendancy of Rome. An epic of war and battle, this is also the story of famous generals and leaders: Hannibal, Fabius Maximus, Scipio Africanus, and his grandson Scipio Aemilianus, who would finally bring down the walls of Carthage.
