Blame It on the Brontes Annie Sereno 2022-05-03 She's going to write her own happy ending. English professor Athena Murphy is an authority on the novels of the Brontë sisters. But as they say in academia, publish or perish. To save her job, Athena decides to write a biography of C.L. Garland, the author heating up bestseller lists with spicy retellings of classic literature. Tracking down the reclusive writer and uncovering her secret identity, though, means Athena must return to her small midwestern hometown where Garland—and her ex-boyfriend, Thorne Kent—live. Seeing Thorne again reminds Athena that real life never lives up to fiction. He was the Heathcliff to her Catherine, the Mr. Rochester to her Jane. Not only did their college breakup shatter that illusion, but they also broke each other's hearts again a second time. Now she has to see him nearly every...single...day. The only solution is to find C.L. Garland as

quickly as possible, write the book, and get the heck out of town. As her deadline looms and the list of potential C.L. Garlands dwindles, Athena and Thorne bicker and banter their way back to friendship. Could it really be true that the third time's a charm? Athena and Thorne have a love story only a Brontë could write, and the chance for their own happily-ever-after, but first, they'll need to forgive the mistakes of the past.

The Anomaly Michael Rutger 2018-06-19 INDIANA JONES MEETS THE X-FILES IN THIS "TAKE NO PRISONERS' (PRESTON & CHILD) SURVIVAL THRILLER OF A ROGUE ARCHAEOLOGIST TRAPPED IN A GRAND CANYON CAVE THAT'S A CONSPIRACY THEORY COME TO LIFE. Not all secrets are meant to be found. If Indiana Jones lived in the X-Files era, he might bear at least a passing resemblance to Nolan Moore -- a rogue archaeologist hosting a documentary series derisively dismissed by the "real" experts, but beloved of conspiracy theorists. Nolan sets out to retrace the steps of an explorer from 1909 who claimed to have discovered a mysterious cavern high up in the ancient rock of the Grand Canyon. And, for once, he may have actually found what he seeks. Then the trip takes a nasty turn, and the cave begins turning against them in mysterious ways. Nolan's story becomes one of survival against seemingly impossible odds. The only way out is to answer a series of intriguing questions: What is this strange cave? How has it remained hidden for so long? And what secret does it conceal that made its last visitors attempt to seal it forever?

Spymaster Helen Fry 2021-11-30 The dramatic story of a man who stood at the center of British intelligence operations, the ultimate spymaster of World War Two: Thomas Kendrick Thomas Kendrick (1881–1972) was central to the British Secret Service from its beginnings through to the Second World War. Under the guise of "British Passport Officer," he ran spy networks across Europe, facilitated the escape of Austrian Jews, and later went on to set up the "M Room," a listening operation which elicited information of the same significance and scope as Bletchley Park. Yet the work of Kendrick, and its full significance, remains largely unknown. Helen Fry draws on extensive original research to tell the story of this remarkable British intelligence officer. Kendrick's life sheds light on the development of MI6 itself—he

was one of the few men to serve Britain across three wars, two of which while working for the British Secret Service. Fry explores the private and public sides of Kendrick, revealing him to be the epitome of the "English gent"—easily able to charm those around him and scrupulously secretive.

From sneaking into factories and dumps around the world to visiting textile workers in Haiti and children mining coltan for cell phones in the Congo, Leonard, named one of *Time* magazine’s 100 environmental heroes of 2009, highlights each step of the materials economy and its actual effect on the earth and the people who live near sites like these. When the paintings catch the attention of the wealthy owner of Camp Nightingale, she implores Emma to come back to the newly reopened camp as a painting instructor. Despite her guilt and anxiety—or maybe because of them—Emma agrees to revisit her past. Nightingale looks the same as it did all those years ago, haunted by a midnight-dark lake and familiar faces. Emma is even assigned to the same cabin she slept in as a teenager, although the security camera pointed at her door is a disturbing new addition. As cryptic clues about the camp's origins begin to surface, Emma attempts to find out what really happened to her friends. But her closure could come at a deadly price.
