**Naamah** Sarah Blake 2020-04-07 "A dreamy and transgressive feminist retelling of the Great Flood from the perspective of Noah's wife as she wrestles with the mysterious metaphysics of womanhood at the end of the world." —O, The Oprah Magazine With the coming of the Great Flood—the mother of all disasters—only one family was spared, drifting on an endless sea, waiting for the waters to subside. We know the story of Noah, moved by divine vision to launch their escape. Now, in a work of astounding invention, acclaimed writer Sarah Blake reclaims the story of his wife, Naamah, the matriarch who kept

them alive. Here is the woman torn between faith and fury, lending her strength to her sons and their wives, caring for an unruly menagerie of restless creatures, silently mourning the lover she left behind. Here is the woman escaping into the unreceded waters, where a seductive angel tempts her to join a strange and haunted world. Here is the woman tormented by dreams and questions of her own—questions of service and self-determination, of history and memory, of the kindness or cruelty of fate. In fresh and modern language, Blake revisits the story of the Ark that rescued life on earth, and rediscovers the agonizing burdens endured by the woman at the heart of the story. Naamah is a parable for our time: a provocative fable of body, spirit, and resilience.

*Born a Crime* Trevor Noah 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

**The Night She Disappeared** Lisa Jewell 2021-09-07 From the #1 New York Times bestselling author of *Then She Was Gone* comes “her best thriller yet” (Harlan Coben, New York Times bestselling author) about a young couple’s disappearance on a gorgeous summer night, and the mother who will never give up trying to find them. On a beautiful summer night in a charming English suburb, a young woman and her boyfriend disappear after partying at the massive country estate of a new college friend. One year later, a writer moves into a cottage on the edge of the woods that border the same estate. Known locally as the Dark Place, the dense forest is the writer’s favorite place for long walks and it’s on one such walk that she stumbles upon a mysterious note that simply reads, “DIG HERE.” Could this be a clue towards what has happened to the missing young couple? And what exactly is buried in this haunted ground? “Utterly gripping with richly drawn, hugely compelling characters, this is a first-class thriller with heart” (Lucy Foley, New York Times bestselling author) that will keep you on the edge of your seat.

*Romantic Rocks, Aesthetic Geology* Noah Heringman 2004 Why are rocks and landforms so prominent in British Romantic poetry? Why, for example, does Shelley choose a mountain as the locus of a “voice . . . to repeal / large codes of fraud and woe”? Why does a cliff, in the boat-stealing episode of Wordsworth’s *Prelude*, chastise the young thief? Why is petrification, or “stonifying,” in Blake’s coinage, the ultimate figure of dehumanization? Noah Heringman maintains that British literary culture was fundamentally shaped by many of the same forces that created geology as a science in the period 1770–1820. He shows that landscape aesthetics—the verbal and social idiom of landscape gardening, natural history, the scenic tour, and other forms of outdoor “improvement”—provided a shared vernacular for geology and Romanticism in their formative stages. *Romantic Rocks, Aesthetic Geology* reexamines a wide range of eighteenth- and nineteenth-century poetry to discover its relationship to a broad cultural consensus on the nature and value of rocks and landforms. Equally interested in the initial surge of curiosity about the

earth and the ensuing process of specialization, Heringman contributes to a new understanding of literature as a key forum for the modern reorganization of knowledge.

Moses Levy of Florida C. S. Monaco 2005-12-01 Moses Elias Levy (1782–1854) was one of the antebellum South's most influential and interesting Jewish citizens. Only recently, however, have historians begun to appreciate his role as a social activist. C. S. Monaco discovered Levy's Plan for the Abolition of Slavery in the late 1990s, and now, in the first full-scale biography of Levy, Monaco completes the picture of his life and work. Long known only as the father of David L. Yulee, the first Jew elected to the U.S. Senate, Levy appears here in all his many, sometimes contradictory roles: abolitionist and slave owner, utopian colonizer and former arms-dealer, religious reformer and biblical conservative. Each aspect of Levy's life and character comes into sharp relief as Monaco follows him from his affluent upbringing in a Sephardic Jewish household in Morocco—where his father was a courtier to the sultan—through his career as a successful merchant shipper, to his radical reform activities in Florida. With his many residences abroad—in Morocco, Gibraltar, Danish Virgin Islands, Puerto Rico, Cuba, Curacao, England—Levy virtually epitomized the Atlantic world, and Monaco escorts readers from country to country, considering Levy's accomplishments in each. The sole Jewish voice during the British abolitionist crusade, Levy was so extraordinary in his activism in London that some Protestants believed he heralded the millennium. In his search for equilibrium between Enlightenment thinking and pre-modern religion, Levy founded the United States' first Jewish communitarian settlement in the wilds of the East Florida frontier. As one of the region's largest landowners, he also reintroduced sugarcane as a viable crop, organized the first Florida development corporation, helped establish the earliest free public school, and served as the territory's first education commissioner. In *Moses Levy of Florida*, C. S. Monaco offers a radical reappraisal of this complex and formerly underestimated figure, bringing to light for the first time the full and fascinating extent of his remarkable contributions to nineteenth-century America.

**Akin** Emma Donoghue 2019-09-10 This "soul stirring" novel by the New York Times bestselling author of *Room* (O Magazine) is one of the New York Post's best books of the year. Noah Selvaggio is a retired chemistry professor and widower living on the Upper West Side, but born in the South of France. He is days away from his first visit back to Nice since he was a child, bringing with him a handful of puzzling photos he's discovered from his mother's wartime years. But he receives a call from social services: Noah is the closest available relative of an eleven-year-old great-nephew he's never met, who urgently needs someone to look after him. Out of a feeling of obligation, Noah agrees to take Michael along on his trip. Much has changed in this famously charming seaside mecca, still haunted by memories of the Nazi occupation. The unlikely duo, suffering from jet lag and culture shock, bicker about everything from steak frites to screen time. But Noah gradually comes to appreciate the boy's truculent wit, and Michael's ease with tech and sharp eye help Noah unearth troubling details about their family's past. Both come to grasp the risks people in all eras have run for their loved ones, and find they are more akin than they knew. "What begins as a larky story of unlikely male bonding turns into an off-center but far richer novel about the unheralded, imperfect heroism of two women." -- New York Times

Where the Truth Lies Anna Bailey 2021-08-03 A teenaged girl's disappearance brings her community's

most devastating secrets to light in this “compelling and nuanced psychological thriller suffused with small town prejudice and dark family secrets” (Paula Hawkins, New York Times bestselling author) that is perfect for fans of Megan Miranda and Celeste Ng. The town of Whistling Ridge guards its secrets. When seventeen-year-old Abigail Blake disappears after a party, her best friend Emma is left with questions no one else can answer. The police initially believe Abi ran away, but Emma doesn’t believe that her friend would leave without her, and when disturbing evidence is discovered nearby, the festering secrets and longstanding resentment of both Abigail’s family and the people of Whistling Ridge begin to surface with devastating consequences. Among those secrets: Abi’s older brother’s passionate, dangerous love for a handsome Romanian immigrant who has recently made his home in the town’s trailer park; her younger brother’s feeling that he knows information he should tell the police, if only he could put it into words; her father’s mercurial rages and her mother’s silence. Then there is the rest of Whistling Ridge, where a charismatic preacher advocates for God with language that mirrors violence, all under the sway of the powerful businessman who rules the town. But Abi has secrets of her own, and the closer Emma grows to unraveling them, the further she feels from her friend. And in a tinderbox of small-town rage, all it will take is just one spark—the truth of what really happened that night—to change their community forever in this “intricate and compelling thriller, beautifully nuanced and wonderfully claustrophobic” (S.J. Watson, New York Times bestselling author).

The Vignes twin sisters will always be identical. But after growing up together in a small, southern black community and running away at age sixteen, it's not just the shape of their daily lives that is different as adults, it's everything: their families, their communities, their racial identities. Many years later, one sister lives with her black daughter in the same southern town she once tried to escape. The other secretly passes for white, and her white husband knows nothing of her past. Still, even separated by so many miles and just as many lies, the fates of the twins remain intertwined. What will happen to the next generation, when their own daughters' storylines intersect? Weaving together multiple strands and generations of this family, from the Deep South to California, from the 1950s to the 1990s, Brit Bennett produces a story that is at once a riveting, emotional family story and a brilliant exploration of the American history of passing. Looking well beyond issues of race, *The Vanishing Half* considers the lasting influence of the past as it shapes a person's decisions, desires, and expectations, and explores some of the multiple reasons and realms in which people sometimes feel pulled to live as something other than their origins. As with her New York Times-bestselling debut *The Mothers*, Brit Bennett offers an engrossing page-turner about family and relationships that is immersive and provocative, compassionate and wise.

**Common Sense** Noah Lemos 2004-08-23 In this 2004 book, Noah Lemos presents a strong defense of the common sense tradition, the view that we may take as data for philosophical inquiry many of the things we ordinarily think we know. He discusses the main features of that tradition as expounded by Thomas Reid, G. E. Moore and Roderick Chisholm. For a long time common sense philosophers have been subject to two main objections: that they fail to give any non-circular argument for the reliability of

memory and perception; and that they pick out instances of knowledge without knowing a criterion for knowledge. Lemos defends the appeal to what we ordinarily think we know in both epistemology and ethics and thus rejects the charge that common sense is dogmatic, unphilosophical or question-begging. Written in a clear and engaging style, this book will appeal to students and philosophers in epistemology and ethics.

**Men We Reaped** Jesmyn Ward 2013-01-01 '...And then we heard the rain falling, and that was the drops of blood falling; and when we came to get the crops, it was dead men that we reaped.' Harriet TubmanIn five years, Jesmyn Ward lost five men in her life, to drugs, accidents, suicide, and the bad luck that can follow people who live in poverty, particularly black men. Dealing with these losses, one after another, made Jesmyn ask the question: why? And as she began to write about the experience of living through all the dying, she realized the truth--and it took her breath away. Her brother and her friends all died because of who they were and where they were from, because they lived with a history of racism and economic struggle that fostered drug addiction and the dissolution of family and relationships. Jesmyn says the answer was so obvious she felt stupid for not seeing it. But it nagged at her until she knew she had to write about her community, to write their stories and her own. Jesmyn grew up in poverty in rural Mississippi. She writes powerfully about the pressures this brings, on the men who can do no right and the women who stand in for family in a society where the men are often absent. She bravely tells her story, revisiting the agonizing losses of her only brother and her friends. As the sole member of her family to leave home and pursue high education, she writes about this parallel American universe with the objectivity distance provides and the intimacy of utter familiarity.

**Community Colleges As Incubators of Innovation** Rebecca A. Corbin 2019 While community colleges have traditionally focused on providing students with opportunities to gain credentials for employment, the increasingly important question is: Are they preparing students for the looming dynamic, disruptive, and entrepreneurial environments ahead? This book addresses the urgent need for community colleges to prioritize entrepreneurship education both to remain relevant in a changing economy and to give graduate students the flexible and interdisciplinary mindsets needed for the future of society. It argues that entrepreneurial education should be offered broadly to a wide range of students, and across all disciplines; defines the key constructs for achieving this objective; and describes how to create entrepreneurial learning environments. The expert contributors, with the support of the National Association for Community College Entrepreneurship (NACCE), start from the premise that community colleges are uniquely positioned to lead entrepreneurial initiatives through both internally-generated curriculum design and through collaboration with the local entrepreneurial community to build bridges between the classroom to the community which in turn can offer models of implementation and constitute a network or support system for students. Community colleges can become incubators of innovation, a magnet for talent, and provide the impetus for development strategies that their communities have not begun to realize. As the chapters make clear, developing an entrepreneurial program itself requires an entrepreneurial mindset that transcends any lack of resources, requiring a

spirit of imagination and resourcefulness. This book takes the reader on a journey through the steps needed to build a meaningful, relevant, and sustainable entrepreneurship program, covering program development, curriculum design, appropriate pedagogical approaches, and community engagement.
