Can't We Talk about Something More Pleasant? Roz Chast 2014-05-06 #1 New York Times Bestseller 2014 NATIONAL BOOK AWARD FINALIST In her first memoir, New Yorker cartoonist Roz Chast brings her signature wit to the topic of aging parents. Spanning the last several years of their lives and told through four-color cartoons, family photos, and documents, and a narrative as rife with laughs as it is with tears, Chast's memoir is both comfort and comic relief for anyone experiencing the life-altering loss of elderly parents. When it came to her elderly mother and father, Roz held to the practices of denial, avoidance, and distraction. But when Elizabeth Chast climbed a ladder to locate an old souvenir from the "crazy closet"-with predictable results-the tools that had served Roz well through her parents' seventies, eighties, and into their early nineties could no longer be deployed. While the particulars are Chast-ian in their idiosyncrasies-an anxious father who had relied heavily on his wife for stability as he slipped into dementia and a former assistant principal mother whose overbearing personality had sidelined Roz for decades-the themes are universal: adult children accepting a parental role; aging and unstable parents leaving a family home for an institution; dealing with uncomfortable physical intimacies; managing logistics; and hiring strangers to provide the most personal care. An amazing portrait of two lives at their end and an only child coping as best she can, *Can't We Talk about Something More Pleasant* will show the full range of Roz Chast's talent as cartoonist and storyteller.

Totally Awesome Andrew Farago 2016-10-18 "Totally Awesome! The Greatest Cartoons of the Eighties" is the ultimate guide to 80s cartoon nostalgia, featuring the art, toys, and inside story behind icons like He-Man, the Teenage Mutant Ninja Turtles, G.I. Joe, and the Thundercats. It was the best of times; it was the worst of times. But for a generation of fans, it was truly, truly the most outrageous of times. The last decade for both a thriving schedule of network Saturday morning cartoons and a full complement of weekday syndicated programming, the 1980s saw a television animation boom like no era before or since. The offerings ran the gamut from the blatantly commercial ("He-Man and the Masters of the Universe," created after restrictions on children's broadcasting were altered to allow programming based directly on merchandise) to the surprisingly unmarketable ("Jem," canceled despite its popularity due to its failure to sell fashion dolls) to the utterly inexplicable ("The New Adventures of Mighty Mouse," helmed by underground animation legend Ralph Bakshi and future Ren and Stimpy creator John Kricfalusi). Andrew Farago, author of "The Looney Tunes Treasury" and "Teenage Mutant Ninja Turtles: The Ultimate Visual History," is the curator of San Francisco's Cartoon Art Museum. As a respected cartoon historian and a child of the eighties himself, he provides an inside look at the history of the most popular cartoons of the eighties, as told by the writers, animators, voice actors, and other creative talents who brought life to some of the most enduring animation of the decade, along with some of the era's forgotten classics (and not-so-classics). Farago and a host of animation legends will provide an in-depth look at the most popular cartoons of the 1980s, from the first pitch meeting to the final episode. Featured cartoons will include: "He-Man and the Masters of the Universe" "G.I. Joe: A Real American Hero" "Dungeons & Dragons" "Transformers" "Jem" "The Real Ghostbusters" "Garfield and Friends" "The New Adventures of Mighty Mouse" "Jim Henson's Muppet Babies" "Disney's DuckTales" "Spider-Man and His Amazing Friends" "Teenage Mutant Ninja Turtles" "Thundercats" "Robotech" "M.A.S.K." "Voltron: Defender of the Universe" "Superman" Sidebars will explore trends in eighties animation, including adventures in licensing, celebrity-driven programs, second-generation characters, justly forgotten shows, and other totally radical cartoons! The book will be illustrated with the very best art from these iconic cartoons, including rare and never-before-seen sketches, cels, and storyboards."

Funny Ladies Liza Donnelly 2010-03-05 A renowned cartoonist with the "New Yorker" for more than 20 years delivers a wonderful, in-depth celebration of the women cartoonists who have graced the pages of the famous magazine from the Roaring Twenties to the present day. Illustrations.

The New Yorker 75th Anniversary Cartoon Collection Robert Mankoff 1999-11 If you like inexpensive restaurants where the main course is Beluga caviar, radio stations that play nothing but your favorite hits, and airlines that automatically upgrade you to first class and never lose your luggage, forget it. There's no such thing. But here's a dream that actually comes true: The New Yorker 75th Anniversary Cartoon Collection, the biggest and funniest collection of New Yorker cartoons ever assembled. From the unforgettable classics to contemporary favorites, this drawing gallery of comic genius spans nearly the entire 20th century! This satisfyingly bulky volume brings together the best of every New Yorker reader's favorite feature of his or her favorite magazine. Edited and introduced by New Yorker cartoon editor and

no-slouch-himself cartoonist Bob ("How about never -- is never good for you?") Mankoff, The New Yorker 75th Anniversary Cartoon Collection is a riotous panorama of three-quarters of a century of life, love, business, society, and human nature as seen by the most gifted comic artists on the planet -- Peter Arno, Charles Addams, Mary Petty, Roz Chast, William Steig, Jack Ziegler, and many more. Besides reminding us of how fresh the old favorites remain, The New Yorker 75th Anniversary Cartoon Collection unearths page after page of long-forgotten gems that startle us with their perspicacious commentary on the ever-changing world around us and the neverchanging ways we react to it, cope with it, and stumble (or, occasionally, triumph) over it. The New Yorker 75th Anniversary Cartoon Collection is too thick to be Scotch-taped to the refrigerator or pinned on the bulletin board, but every one of these on-the-nose cartoons yields an insight that stays sharp -- and stays funny -- every time. The New Yorker's cartoons and its cartoonists are one of the great treasures of the century. Trusting their keen eye for the idiosyncrasies of people and the caprices of culture, we know we can rely on them to make us laugh, over and over again, as they reveal what we are really thinking about -- usually before we realize it ourselves.

The Art of Controversy Victor S Navasky 2013-04-09 A lavishly illustrated, witty, and original look at the awesome power of the political cartoon throughout history to enrage, provoke, and amuse. As a former editor of The New York Times Magazine and the longtime editor of The Nation, Victor S. Navasky knows just how transformative—and incendiary—cartoons can be. Here Navasky guides readers through some of the greatest cartoons ever created, including those by George Grosz, David Levine, Herblock, Honoré Daumier, and Ralph Steadman. He recounts how cartoonists and caricaturists have been censored, threatened, incarcerated, and even murdered for their art, and asks what makes this art form, too often dismissed as trivial, so uniquely poised to affect our minds and our hearts. Drawing on his own encounters with would-be censors, interviews with cartoonists, and historical archives from cartoon museums across the globe, Navasky examines the political cartoon as both art and polemic over the centuries. We see afresh images most celebrated for their artistic merit (Picasso's *Guernica*, Goya's "Duendecitos"), images that provoked outrage (the 2008 Barry Blitt New Yorker cover, which depicted the Obamas as a Muslim and a Black Power militant fist-bumping in the Oval Office), and those that have dictated public discourse (Herblock's defining portraits of McCarthyism, the Nazi periodical *Der Stürmer's* anti-Semitic caricatures). Navasky ties together these and other superlative genre examples to reveal how political cartoons have been not only capturing the zeitgeist throughout history but shaping it as well—and how the most powerful cartoons retain the ability to shock, gall, and inspire long after their creation. Here Victor S. Navasky brilliantly illuminates the true power of one of our most enduringly vital forms of artistic expression.

Have I Got a Cartoon for You! Bob Mankoff 2019-09-15 Bob Mankoff grew up Jewish in Queens, NY in the 1950s and 1960s. As a kid, he visited the Borscht Belt and reveled in the hilarious performances of some of the best Jewish comedians such as Jerry Lewis, Buddy Hackett, and Rodney Dangerfield, among others. These early experiences helped shape Mankoff's view of life and led him to become a creative master practitioner of humor and cartoons. He started his career unexpectedly by quitting a Ph.D. program in experimental psychology at The City University of New York in 1974 and submitting his cartoons to the New Yorker. Three years and over 2,000 cartoons later, he finally made the magazine and has since published over 950 cartoons. He has devoted his life to discovering just what makes us laugh and seeks every outlet to do so, from developing The New Yorker's web presence to founding The Cartoon Bank, a business devoted to licensing cartoons for use in newsletters, textbooks, magazines and other media. In this new book, *Have I Got a Cartoon for You!* this successful cartoonist, speaker and author, presents his favorite Jewish cartoons. In his foreword to this entertaining collection, Mankoff shows how his Jewish heritage helped him to become a successful cartoonist, examines the place of cartoons in the vibrant history of Jewish humor, and plumbs Jewish thought, wisdom and shtik for humorous insights. Mankoff has written: "I always think that it's strange that the Jews, The People of the Book, eventually became much better known as The People of the Joke. Strange because laughter in the Old Testament is not a good thing: When God laughs, you're toast. If you say, 'Stop me if you've heard this one, ' he does for good." A major influence on his cartoons about religion derives from Jewish culture's disputatiousness, the questioning everything just for the hell of it and then the questioning of the questioning to be even more annoying. He recalls: "When, I was first dating my wife, who is not Jewish, we once were having what I thought was an ordinary conversation and she said, 'Why are you arguing with me?' I replied, 'I'm not arguing, I'm Jewish.' I thought that was clever. She didn't. Some humor scholars claim this stems from the practice in the Talmud of pilpul, which Leo Rosten has described as 'unproductive hair-splitting that is employed not so much to radiate clarity ... as to display one's own cleverness.' I go along with that except I like to think that some clarity and cleverness are not mutually exclusive. Anyway, that's my aim in cartoons like these. Now, am I worried that these jokes will bring His wrath down upon me down with a bolt from the blue. Not really, but every time there's a thunderstorm, I hide in the cellar."

Comic Book Lettering Richard Starkings 2003

Pulp Empire Paul S. Hirsch 2021-07-12 "Paul Hirsch's revelatory book opens the archives to show the complex relationships between comic books and American foreign relations in the mid-twentieth century. Scourged and repressed on the one hand, yet co-opted and deployed as propaganda on the other, violent, sexist comic books were both vital expressions of American freedom and upsetting depictions of the American id. Hirsch draws on previously classified material and newly available personal records to weave together the perspectives of government officials, comic-book publishers and creators, and people in other countries who found themselves on the receiving end of American culture"--

[A Wealth of Pigeons](#) Steve Martin 2020-11-17 #1 NEW YORK TIMES BESTSELLER • WASHINGTON POST BESTSELLER • WALL STREET JOURNAL BESTSELLER • LOS ANGELES TIMES BESTSELLER "I've always looked upon cartooning as comedy's last frontier. I have done stand-up, sketches, movies, monologues, awards show introductions, sound bites, blurbs, talk show appearances, and tweets, but the idea of a one-panel image with or without a caption mystified me. I felt like, yeah, sometimes I'm funny, but there are these other weird freaks who are actually funny. You can understand that I was deeply suspicious of these people who are actually funny." So writes the multitalented comedian Steve Martin in his introduction to *A Wealth of Pigeons: A Cartoon Collection*. In order to venture into this lauded territory of cartooning, he partnered with the heralded New Yorker cartoonist Harry Bliss. Steve shared caption and cartoon ideas, Harry provided impeccable artwork, and together they created this collection of humorous cartoons and comic strips, with amusing commentary about their collaboration throughout. The result: this gorgeous, funny, singular book, perfect to give as a gift or to buy for yourself.

What's So Funny? David Sipress 2022-03-08 From a longtime New Yorker staff cartoonist, an evocative family memoir, a love letter to New York City, and a delightful exploration of the origins of creativity—richly interleaved with the author's witty, beloved cartoons A wry and brilliantly observed portrait of the budding young cartoonist and his Upper West Side Jewish family in the age of JFK and Sputnik. Sipress, a dreamer and obsessive drawer, goes hazy when it comes to the ceaselessly imparted lessons-on-life from his father, the meticulous, upwardly mobile proprietor of Revere Jewelers, and in the face of the angsty expectations of his migraine-prone mother. With self-deprecation, wit, and artistry, Sipress paints his hapless place in his indelibly dysfunctional family, from the time he was tricked by his unreliable older sister into rocketing his pet turtle out his twelfth-floor bedroom window, to the moment he walks away from a Harvard PhD program in Russian history to begin his journey as a professional cartoonist. In What's So Funny?—reminiscent of the masterly, humane recall of Roger Angell and the brainy humor of Roz Chast—Sipress's cartoons appear with spot-on precision, inducing delightful Aha moments in answer to the perennial question aimed at cartoonists: Where do you get your ideas?
