Hitting a Straight Lick with a Crooked Stick Zora Neale Hurston 2020-01-14 From “one of the greatest writers of our time” (Toni Morrison)—the author of *Barracoon* and *Their Eyes Were Watching God*—a collection of remarkable stories, including eight “lost” Harlem Renaissance tales now available to a wide audience for the first time. New York Times’ Books to Watch for BuzzFeed’s Most Anticipated Books Newsweek’s Most Anticipated Books Forbes.com’s Most Anticipated Books E!’s Top Books to Read Glamour’s Best Books Essence’s Best Books by Black Authors In 1925, Barnard student Zora Neale Hurston—the sole black student at the college—was living in New York, “desperately striving for a toe-hold on the world.” During this period, she began writing short works that captured the zeitgeist of African American life and transformed her into one of the central figures of the Harlem Renaissance. Nearly a century later, this singular talent is recognized as one of the most influential and revered American artists of the modern period. *Hitting a Straight Lick with a Crooked Stick* is an outstanding collection of stories about love and migration, gender and class, racism and sexism that proudly reflect African American folk culture. Brought together for the first time in one volume, they include eight of Hurston’s “lost” Harlem stories, which were found in forgotten periodicals and archives. These stories challenge conceptions of Hurston as an author of rural fiction and include gems that flash with her biting, satiric humor, as well as more serious tales reflective of the cultural currents of Hurston’s world. All are timeless classics that enrich our understanding and appreciation of this exceptional writer’s voice and her contributions to America’s literary traditions.

Hurston's was an original voice in the first half of the 20th century. As she reflects on her early childhood in an all-black Florida town, and her first experiences in later life feeling "different," Hurston largely focuses on the similarities we all share and on her own self-respect and identity. "Through it all, I remain myself." This short work is part of Applewood's "American Roots" series, tactile mementoes of American passions by some of America's most famous writers and thinkers.

iGen Jean M. Twenge 2017-08-22 As seen in *Time*, *USA TODAY*, *The Atlantic*, *The Wall Street Journal*, and on CBS *This Morning*, BBC, PBS, CNN, and NPR, iGen is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and

careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of iGen just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world.

At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. Zora and Me: The Cursed Ground T. R. Simon 2018-09-11 A powerful fictionalized account of Zora Neale Hurston's childhood adventures explores the idea of collective memory and the lingering effects of slavery. "History ain't in a book, especially when it comes to folks like us. History is in the lives we lived and the stories we tell each other about those lives." When Zora Neale Hurston and her best friend, Carrie Brown, discover that the town mute can speak after all, they think they've uncovered a big secret. But Mr. Polk's silence is just one piece of a larger puzzle that stretches back half a century to the tragic story of an enslaved girl named Lucia. As Zora's curiosity leads a reluctant Carrie deeper into the mystery, the story unfolds through alternating narratives. Lucia's struggle for freedom resonates through the years, threatening the future of America's first incorporated black township — the hometown of author Zora Neale Hurston (1891-1960). In a riveting coming-of-age tale, award-winning author T. R. Simon champions the strength of a people to stand up for justice.

Black is the Body Emily Bernard 2019 "Blackness is an art, not a science. It is a paradox: intangible and visceral; a situation and a story. It is the thread that connects these essays, but its significance as an experience emerges randomly, unpredictably. . . . Race is the story of my life, and therefore black is the body of this book." In these twelve deeply personal, connected essays, Bernard details the experience of growing up black in the south with a family name inherited from a white man, surviving a random stabbing at a New Haven coffee shop, marrying a white man from the North and bringing him home to her family, adopting two children from Ethiopia, and living and teaching in a primarily white New England college town. Each of these essays sets out to discover a new way of talking about race and of telling the truth as the author has lived it. "Black Is the Body is one of the most beautiful, elegant memoirs I've ever read. It's about race, it's about womanhood, it's about friendship, it's about a life of the mind, and also a life of the body. But more than anything, it's about love. I can't praise Emily Bernard enough for what she has created in these pages." --Elizabeth Gilbert WINNER OF THE CHRISTOPHER ISHERWOOD PRIZE FOR AUTOBIOGRAPHICAL PROSE NAMED A BEST BOOK OF THE YEAR BY NPR AND KIRKUS REVIEWS ONE OF MAUREEN CORRIGAN'S 10 UNPUTDOWNABLE READS OF THE YEAR

2018 • “A profound impact on Hurston’s literary legacy.”—New York Times “One of the greatest writers of our time.”—Toni Morrison “Zora Neale Hurston’s genius has once again produced a Maestrapiece.”—Alice Walker A major literary event: a newly published work from the author of the American classic *Their Eyes Were Watching God*, with a foreword from Pulitzer Prize-winning author Alice Walker, brilliantly illuminates the horror and injustices of slavery as it tells the true story of one of the last-known survivors of the Atlantic slave trade—abducted from Africa on the last “Black Cargo” ship to arrive in the United States. In 1927, Zora Neale Hurston went to Plateau, Alabama, just outside Mobile, to interview eighty-six-year-old Cudjo Lewis. Of the millions of men, women, and children transported from Africa to America as slaves, Cudjo was then the only person alive to tell the story of this integral part of the nation’s history. Hurston was there to record Cudjo’s firsthand account of the raid that led to his capture and bondage fifty years after the Atlantic slave trade was outlawed in the United States. In 1931, Hurston returned to Plateau, the African-centric community three miles from Mobile founded by Cudjo and other former slaves from his ship. Spending more than three months there, she talked in depth with Cudjo about the details of his life. During those weeks, the young writer and the elderly formerly enslaved man ate peaches and watermelon that grew in the backyard and talked about Cudjo’s past—memories from his childhood in Africa, the horrors of being captured and held in a barracoon for selection by American slavers, the harrowing experience of the Middle Passage packed with more than 100 other souls aboard the *Clotilda*, and the years he spent in slavery until the end of the Civil War. Based on those interviews, featuring Cudjo’s unique vernacular, and written from Hurston’s perspective with the compassion and singular style that have made her one of the preeminent American authors of the twentieth-century, *Barracoon* masterfully illustrates the tragedy of slavery and of one life forever defined by it. Offering insight into the pernicious legacy that continues to haunt us all, black and white, this poignant and powerful work is an invaluable contribution to our shared history and culture.

English a Changing Medium for Education Constant Leung 2012-07-25 In this volume a range of authors from different international contexts argue that the notion of communicative competence in English, hitherto largely referenced to metropolitan native-speaker norms, has to be expanded to take

account of diverse contexts of use for a variety of purposes. It also discusses the popular belief that language and literacy should simply be regarded as a technical 'skill' which confers universal benefits and that it should be replaced with a social practice view that recognises situated variations and diversity. This volume, we believe, provides a reference point for extended research and practice in these areas that will be of interest to wide range of people engaged in language and literacy education.

Spike Lee Spike Lee 2002 Since his first feature movie, *She's Gotta Have It* (1986), gave him critical and commercial success, Spike Lee has challenged audiences with one controversial film after another, sparking debates about race, sex, American politics and film production, and garnering award nominations along the way. *Spike Lee: Interviews* collects the best interviews and profiles of America's most prominent African American filmmaker. The collection features interviews with such luminaries as Charlie Rose, Elvis Mitchell, Michael Sragow, and actor Delroy Lindo. Lee has made a broad range of movies, including documentaries (*4 Little Girls*), musicals (*School Daze*), crime dramas (*Clockers*), biopics (*Malcolm X*). An early advocate of digital video, he used the technology to film both of his 2000 releases, *The Original Kings of Comedy* and *Bamboozled*. Reactions to *Do the Right Thing* (1989) and *Jungle Fever* (1990) propelled Lee into a constant presence in the public eye as media currency. He directed commercials for Nike, Levi's, and the U.S. Navy, directed music videos, published seven books, and conducted many interviews explaining and clarifying his views. As Lee puts it, "I've been blessed with the opportunity to express the views of black people who otherwise don't have access to power and media. I have to take advantage of that while I'm still bankable." Articulate and deeply passionate, Lee reveals a degree of subtlety and wit that is often lost in sound bites and headlines about him. The range

of his interests is as diverse as the subjects of, and approaches to, his films. Cynthia Fuchs, an associate professor of English at George Mason University, writes film and media reviews for the Philadelphia City Paper and Addicted to Noise.

Calypso Magnolia John Wharton Lowe 2016-02-08 In this far-reaching literary history, John Wharton Lowe remakes the map of American culture by revealing the deep, persistent connections between the ideas and works produced by writers of the American South and the Caribbean. Lowe demonstrates that a tendency to separate literary canons by national and regional boundaries has led critics to ignore deep ties across highly permeable borders. Focusing on writers and literatures from the Deep South and Gulf states in relation to places including Mexico, Haiti, and Cuba, Lowe reconfigures the geography of southern literature as encompassing the "circumCaribbean," a dynamic framework within which to reconsider literary history, genre, and aesthetics. Considering thematic concerns such as race, migration, forced exile, and colonial and postcolonial identity, Lowe contends that southern literature and culture have always transcended the physical and political boundaries of the American South. Lowe uses cross-cultural readings of nineteenth- and twentieth-century writers, including William Faulkner, Martin Delany, Zora Neale Hurston, George Lamming, Cristina Garcia, Edouard Glissant, and Madison Smartt Bell, among many others, to make his argument. These literary figures, Lowe argues, help us uncover new ways of thinking about the shared culture of the South and Caribbean while demonstrating that southern literature has roots even farther south than we realize.
