*Slavery by Another Name* Douglas A. Blackmon 2012-10-04 A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

*The Mis-education of the Negro* Carter Godwin Woodson 1933 Woodson's classic work of criticism explores how the education received by blacks has failed to give them an appreciation of themselves as a race and their contributions to history. Woodson puts forward a program that calls for the educated to learn about their past and serve the black community. (Education/Teaching)

**The Souls of Black Folk by William Edward Burghardt Du Bois Illustrated Edition**

William Edward Burghardt Du Bois 2021-05-04 *The Souls of Black Folk* is a classic work of American literature by W. E. B. Du Bois. It is a seminal work in the history of sociology, and a cornerstone of African-American literary history. To develop this groundbreaking work, Du Bois drew from his own experiences as an African-American in the American society. Outside of its notable relevance in African-American history, *The Souls of Black Folk* also holds an important place in social science as one of the early works in the field of sociology.

**Black Boy [Seventy-fifth Anniversary Edition]** Richard Wright 2020-02-18 A special 75th anniversary edition of Richard Wright's powerful and unforgettable memoir, with a new foreword by John Edgar Wideman and an afterword by Malcolm Wright, the author's grandson. When it exploded onto the literary scene in 1945, *Black Boy* was both praised and condemned. Orville Prescott of the *New York Times* wrote that "if enough such books are written, if enough millions of people read them maybe, someday, in the fullness of time, there will be a greater understanding and a more true democracy." Yet from 1975 to 1978, *Black Boy* was banned in schools throughout the United States for "obscenity" and "instigating hatred between the races." Wright's once controversial, now celebrated autobiography measures the raw brutality of the Jim Crow South against the sheer desperate will it took to survive as a Black boy. Enduring poverty, hunger, fear, abuse, and hatred while growing up in the woods of Mississippi, Wright lied, stole, and raged at those around him—whites indifferent, pitying, or cruel and Blacks resentful of anyone trying to rise above their circumstances. Desperate for a different way of life, he headed north, eventually arriving in Chicago, where he forged a new path and began his career as a writer. At the end of *Black Boy*, Wright sits poised with pencil in hand, determined to "hurl words into this darkness and wait for an echo." Seventy-five years later, his words continue to reverberate. "To read *Black Boy* is to stare into the heart of darkness," John Edgar Wideman writes in his foreword. "Not the dark heart Conrad searched for in Congo jungles but the beating heart I bear." One of the great American memoirs, Wright's account is a poignant record of struggle and endurance—a seminal literary work that illuminates our own time.

The Autobiography of an Ex-Colored Man James Weldon Johnson 2021-01-26 A gifted musician's decision to navigate society as a white man causes an internal debate about anti-blackness and the explicit nature of intent versus impact. James Weldon Johnson presents a distinct conflict driven by a person's desires and overwhelming fear. *The Autobiography of an Ex-Colored Man* follows the story of an unnamed narrator and his unique experience as a fair-skinned Black person. As a child, he is initially unaware of his race, but his mother soon clarifies their family's ancestry. The young man's ability to pass for white allows him to negate the harsh and discriminatory treatment most Black people face. This leads to a series of events that significantly shape the way he views his place in society. James Weldon Johnson delivers a captivating tale of identity politics in the U.S. and abroad. The main character is living a life of omission that provides public gain at a personal cost. This story maintains its relevance as a critical examination of race in society. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Autobiography of an Ex-Colored Man* is both modern and readable.

**Defending Slavery: Proslavery Thought in the Old South** Paul Finkelman  
2019-11-22 This new edition of *Defending Slavery: Proslavery Thought in the Old South* introduces the vast number of ways in which educated Southern thinkers

and theorists defended the institution of slavery. This book collects and explores the elaborately detailed pro-slavery arguments rooted in religion, law, politics, science, and economics. In his introduction, now updated to include the relationship between early Christianity and slavery, Paul Finkelman discusses how early world societies legitimized slavery, the distinction between Northern and Southern ideas about slavery, and how the ideology of the American Revolution prompted the need for a defense of slavery. The rich collection of documents allows for a thorough examination of these ideas through poems, images, speeches, correspondences, and essays. This edition features two new documents that highlight women's voices and the role of women in the movement to defend slavery plus a visual document that demonstrates how the notion of black inferiority and separateness was defended through the science of the time. Document headnotes and a chronology, plus updated questions for consideration and selected bibliography help students engage with the documents to understand the minds of those who defended slavery. Available in print and e-book formats.

**White Women, Black Men** Martha Hodes 2014-07-01 This book is the first to explore the history of a powerful category of illicit sex in America's past: liaisons between Southern white women and black men. Martha Hodes tells a series of stories about such liaisons in the years before the Civil War, explores the complex ways in which white Southerners tolerated them in the slave South, and shows how and why these responses changed with emancipation. Hodes provides details of the wedding of a white servant-woman and a slave man in 1681, an antebellum rape accusation that uncovered a relationship between an unmarried white woman and a slave, and a divorce plea from a white farmer based on an adulterous affair between his wife and a neighborhood slave. Drawing on sources that include courtroom testimony, legislative petitions, pardon pleas, and congressional testimony, she presents the voices of the authorities, eyewitnesses, and the transgressors themselves—and these voices seem to say that in the slave South, whites were not overwhelmingly concerned about such liaisons, beyond the racial and legal status of the children that were produced. Only with the advent of black freedom did the issue move beyond neighborhood dramas and into the arena of politics, becoming a much more serious taboo than it had ever been before. Hodes gives vivid examples of the violence that followed the upheaval of war, when black men and white women were targeted by the Ku Klux Klan and unprecedented white rage and terrorism against such liaisons began to erupt. An era of terror and lynchings was inaugurated,

and the legacy of these sexual politics lingered well into the twentieth century.

**The Cambridge Companion to the African American Slave Narrative** Audrey Fisch 2007-05-31 The slave narrative has become a crucial genre within African American literary studies and an invaluable record of the experience and history of slavery in the United States. This Companion examines the slave narrative's relation to British and American abolitionism, Anglo-American literary traditions such as autobiography and sentimental literature, and the larger African American literary tradition. Special attention is paid to leading exponents of the genre such as Olaudah Equiano, Frederick Douglass and Harriet Jacobs, as well as many other, less well known examples. Further essays explore the rediscovery of the slave narrative and its subsequent critical reception, as well as the uses to which the genre is put by modern authors such as Toni Morrison. With its chronology and guide to further reading, the Companion provides both an easy entry point for students new to the subject and comprehensive coverage and original insights for scholars in the field.

**Uncle Tom's Cabin** Harriet Beecher Stowe 2009-01-01 It is the best known book about American slavery, and was so incendiary upon its first publication in 1852 that it actually ignited the social flames that led to Civil War less than a decade later. What began as a series of sketches for the Cincinnati

abolitionist newspaper The National Era scandalized the North, was banned in the South, and ultimately became the bestselling novel of the 19th century. Today, controversy over this melodramatic tale of the dignified slave Tom, the brutal plantation owner Simon Legree, and Stowe's other vividly drawn characters continues, as modern scholars debate the work's newly appreciated feminist undertones and others decry it as the source of enduring stereotypes about African Americans. As one of the most influential books in U.S. history, it deserves to be read by all students of literature and of the American story. American abolitionist and author HARRIET BEECHER STOWE (1811-1896) was born in Connecticut, daughter of a Congregationalist minister and sister to abolitionist theologian Henry Ward Beecher. She wrote more than two dozen books, both fiction and nonfiction.

The Negro in Business Booker T. Washington 1907

*Three Negro Classics* Booker Taliaferro Washington 1965

The Story of My Life and Work Booker T. Washington 2007-11-01 He is one of the great voices in African-American history: Booker T. Washington rose from a boyhood in shackles in West Virginia—he was eight when the Thirteenth Amendment to the Constitution freed all slaves in 1865—to the status of national hero. In this autobiography of his career, Washington details his struggles as head of the school in Alabama that eventually became Tuskegee University, the honors he received from Harvard University, his many public speeches, and his other professional endeavors. A replica of the 1901 edition, this volume is complete with the original photos and illustrations, and remains an invaluable firsthand document of 19th-century America. American author BOOKER T. WASHINGTON (1856-1915) was born to a white father and black slave mother in Virginia. His Atlanta Address of 1895 brought him great acclaim, and for the rest of his life he remained a respected figure in the African American community. Among his most influential writings is an article for Atlantic Monthly called "The Awakening of the Negro" (1896).

Three African American Classics Frederick Douglass 2021-05-20 "Throughout his long career, Frederick Douglass cut an imposing figure, renowned as an impassioned abolitionist, a fiery writer and newspaper editor. He was a great public speaker, who became a one-man crusade for black liberation." - Robert McCrum, The Guardian. "It is difficult to think of anyone, at any time, who examined the race problem in its many aspects more profoundly, extensively, and subtly than W. E. B. Du Bois." - Stanford Encyclopedia of Philosophy. "I knew that, in a large degree, we were trying an experiment--that of testing whether or not it was possible for Negroes to build up and control the affairs of a large educational institution. I knew that if we failed it would injure the whole race." —Booker T. Washington. Three African American Classics contains three of the most significant works of African American literature by three authors who led vastly different lives. In Narrative of the Life of Frederick

Douglass Frederick Douglass (1818-1895), a runaway slave, describes the horrors and humiliations of slavery, his escape, and his journey to becoming one of America's great statesmen and orators. Booker T. Washington (1856-1915), born into slavery, was freed at the age of nine at the end of the Civil War. Until his first day at school he was known only by the name "Booker," but to be like all the other children, he quickly added "Washington," beginning his non-confrontational approach to self-advancement. *Up from Slavery* describes his childhood as a slave, his dogged pursuit of education, his founding of the Tuskegee Institute, now Tuskegee University, his work promoting educational and business opportunities for former slaves, and as an advisor to several US presidents. The Massachusetts-born, Harvard-educated W. E. B. Du Bois (1868-1963) begins *The Souls of Black Folk* with the prescient phrase: "the problem of the twentieth century is the problem of the colour line." Lyrically and poetically written, *The Souls of Black Folk* is a seminal work in the history of sociology and a cornerstone of African-American literature. It is a profound examination of race in America, drawing on both Du Bois's academic training and his personal experience as an African American in the United States. *The Souls of Black Folk* has been called "the political Bible of the Negro race." This edition is set in an easy to read 11-point font.
